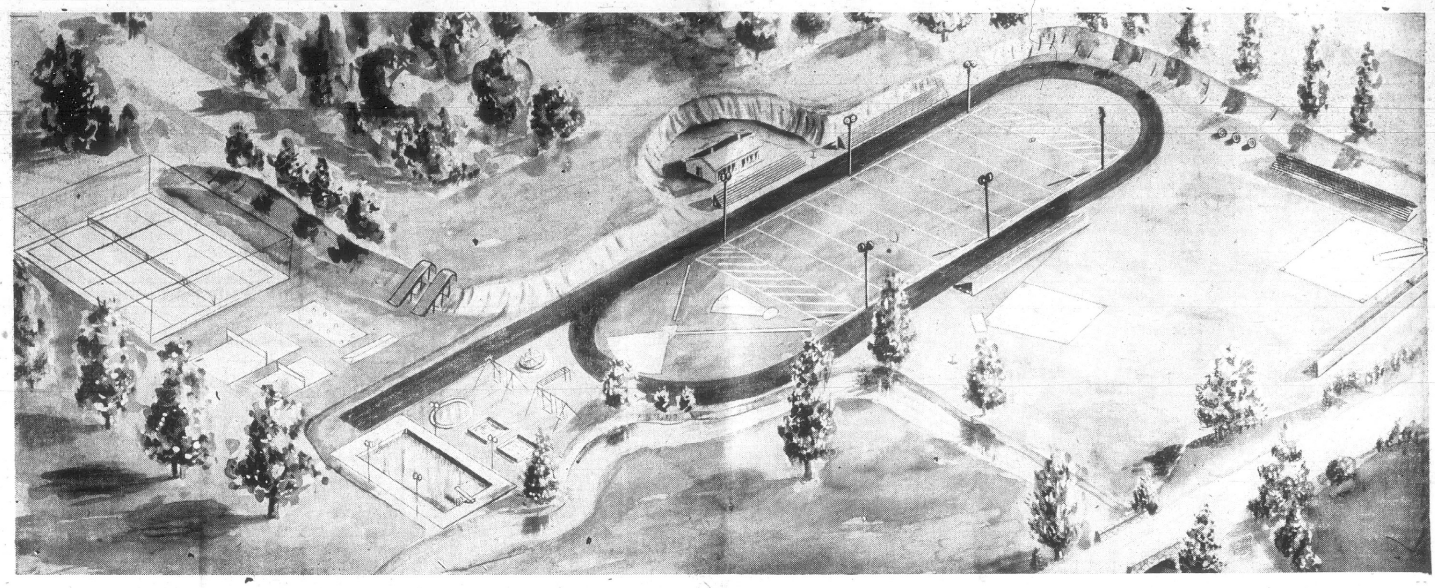
THE TECUMSEH HERALD

NINETY - FIRST YEAR— NUMBER FORTY ONE. TECUMSEH, MICHIGAN, THURSDAY, JULY 10, 1941 FIVE CENT PER COPY.

ARTIST'S CONCEPTION OF TECUMSEH'S NEW RECREATION CENTER



The picture above, reproduced from an artist's drawing, shows how Tecumseh's new recreation center will appear when it is completed. Located in a natural amphitheatre, just north of the high school, the eight-acre plot, when developed, experts say, will be one of the finest play parks in Southern Michigan. Not only will the recreation center afford a place for school children to play, it also will be a spot where adults may join in healthful out-of-door recreation both in winter and summer, it was pointed out.

Those in charge of the campain that is to be launched next week Tuesday, to raise $13,000 for the park's improvement, declare that when the cetner is finished it will appear quite similar to the artist's picture. There will be a lighted field for football and softball, tennis courts, track, a spot for archery and room enough for any other games that might be organized. During the winter it is planned to have a lighted skating rink, tobogganing and hockey games for young and old.

The field will be under the direction of a board of control, made up of local residents, named by the board of education.

One Day's Pay, So the Kids Can Play Is Slogan for $13,000 Field Drive

With the slogan, "One Day's Pay, So The Kids Can Play," Tecumseh's drive for $13,000 in cash to assure completion of its new athletic field and recreation center will be officially launched at a booster meetig, to the held on Tuesday evening, July 15, at 8 o'clock in the gymnasium of the high school. Karl M. Schneider, general chairman of the drive for funds, who throughout the campaign will be known as "Chief Tecumseh," today announced that ten other Indian chiefs, representing every walk of life in the community, will assist him in the campaign, with as many as 100 "workers and braves" from their respective "tribes."

These "chiefs" include: Chief Sitting Bull, H. H. Hanna; Chief Medicine Man, Dr. William Britton; Chief Hawk, R. H. Moore; Chief Red Feather, Frederick Dickinson, Jr; Pircess Pocahontas, Mrs. Sam Sisson; Princess Minnehaha, Miss Marion Whelan; Chief Pontiac, Frank K. Smith; Chief Rain-in-the-Face, Al Bagshaw; Chief Sky Talker, Perry M. Hayden; Chief Peacemaker, the Rev. O. V. Robinson.

Chief "Tecumseh" Schneider, in announcing the completed plans for the drive, said: "Never before, in the history of Tecumseh, has there been a more carefully thought through program, guaranteeing the success of such an enterprise. We plan to get in all of the wampum (cash) in three days. There will be no duplication. Each chief and brave will have a definite list of pale faces to call upon. In this way, the unsolicited will know that only one request will be made, directly to the individual

WRITER OF VERSE URGES SUCCESS OF FUND DRIVE

An anonymous writer of poetry, interested in the success of Tecumseh's drive for $13,000 to equip its new recreation center, has written an appeal in verse to local residents, pointing out how easily the funds might be raised if everyone cooperated.

Incorporating the slogan, "A Day's Pay, So The Kids Can Play," the verse reads as follows:

Just one day's pay—that's an easy way
To build a perfect place to play,
A place for any sport you'd name
A dandy field for a football game.
A field for baseball—tennis, too,
And stakes if you care to pitch horseshoe.
There'll be some space for a good bridge table
Some hurdles, too and track, if you're able,
Some benches for the Red Cross knitters
And shady spots for just plain sitters.
There's space for just all kinds of stuff
All that's needed is funds enough
In community life, if you care to invest,
You'll find your life richer—further blessed.
Then, folks, from gramp to the littlest one
Will have a place for their games and fun.

South Evans Pavement Ordered By Council

Paving of South Evans street, from Chicago boulevard to a point at the south line of the council building a distance of approximately half a block, was authorized by the village council, in regular session, Monday evening. When the work will begin, Wade L. Jones, clerk said he could not say, but he indicated that it would be done during the late summer. The pavement will be of cement, he said.

The council also authorized the purchase of four new tires for the rural fire truck, and adopted a resolution, authorizing the closing of North Evans street, between Logan and Chicago, on July 15. This action was taken to permit the laying of a water and sewer main under the pavement.

Current bills against the village were audited and ordered paid and the reports of the several committee and department heads were read and ordered placed on file.

Annual School Meet Monday

TO NAME TWO MEMBERS OF BOARD AND HEAR THE REPORTS OF OFFICERS

The annual meeting of electors of the Tecumseh school district will be held on Monday evening July 14, at 7:30 o'clock in the auditorium of the high school with Perry Satterthwaite, president of the board, presiding.

The terms of two members of the five-member board, Charles F. Patterson, secretary, and Earl Lindsley, treasurer, expire with the approaching meeting, and an election to fill the vacancies will be held. Other members of the board are Dr. Arthur Brown and John Larsen.

W. L. Berkhof, superintendent, will submit a report of the activities of the school year that ended in June, and will forecast the program that is to be followed during the term that starts in September. The board's budget for the operation of the school during the next year will be submitted, as will the report of the secretary, treasurer and librarian.

13 Are Injured In Car Mishaps

TECUMSEH HOSPITAL RECEIVES DOZEN PATIENTS, 10 IN ONE ACCIDENT

At least thirteen persons were injured, some of them seriously, in a series of week-end accidents in this vicinity, over the long Fourth of July holiday.

Ten persons were brought to Tecumseh Hospital early Friday morning by state police and three ambulances, the result of a head on crash on US-112, Three other persons were hurt in accidents in other pjarts of the country.

Mrs. Sarah Ann Holt of Otsego is a patient at Tecumseh hospital for serious head and face injuries received in an automobile accident near the Towers on US 112 early Monday morning when cars driven by Woodron Hale of Detroit and John D. Mathews of South Bend, Ind., collided head on. Mrs. Holt was a passenger in the Hale car. Mr. and Mrs. Hale and two daughters all were treated for minor injurise by a Clinton physician. Mr. Mathews is being held at the county jail on a charge of driving while under the influence of liquor According to state police, he was driving west without lights on the left side of the highway.

Mrs. J. H. Chambers of Dearborn was brought to the hospital early Monday morning and treated for chest injuries and broken ribs received in an automobilt accident near Cambridge. She later was removed to her home.

Miss Sue Parsley of Detroit was treated at the hospital Friday morning for cuts and bruises, after the car in which she was riding with Lee Horn, also of Detroit collided head-on in the Irish Hills with one driven by Kenneth Johnston of Saline. She returned home Saturday. Mr. Horn was given a

Extension Subscriptions

During the closing days of the Babyland Revue, many people who gave a subscription to the sponsor of some particular baby earlier in the contest now will pay a further subscription for the same baby in order to better that tot's chances for success in the final count.

These additional payments are called "extensions." They are particularly valuable because they count considerably more votes than would be the case if they were first payments. In other words, the "extension" subscription counts the difference between the number of "regular" votes allowed on the original payment and the number that would have been allowed if the total term had been paid in at one time.

For example:

(a) Subscriber gave sponsor a subscription for one year at some previous time, now gives same sponsor an additional one-year subscription. This "extension" counts 10,000 "regular" votes!

(b) Two additional years on original payment for one year would count 25,000 "regular" votes!

(c) Three additional years on original payment for one year would count 45,000 "regular" votes!

(d) Four additional years on original payment for one year would count 70,000 "regular" votes!

And, of course, these extension subscriptions also would count in making up "clubs of ten" just the same as any other subscriptions, and thus earn their share of the 45,000 club bonus, also.

Study the big possibilities on "extension" subscriptions. Every sponsor has many enthusiastic boosters who, having subscribed some time ago, now will extend their subscriptions for another one to four years. These extension subscriptions count big—while you are out afted new ones, don't overlook the golden opportunity offered by extensions. You can get a lot of them, if you try!

It Is "Now or Never" In Race For Cash Awards, Loving Cup

Contest to End at 2:00 P. M. July 22; Candidates Closely Bunched and Last Minute Efforts Certain to Decide Outcome

The third and final phase of the Babyland Revue is under way—and an extremely thrilling period it will be between now and 2:00 o'clock Tuesday afternoon, July 22, when the contest ends and the judges gather to make the final count.

To all who have followed the course of the Babyland Revue it must be apparent that these final 12 days will tell the story. Earlier in the race some of the sponsors might have put on speed and piled up a lead for their babies that would make them hard to catch—but the fact remains they did not!

Consequently the next 12 days embracing as they do a third and vote-pyamiding bonus offer, most certainly will decide the indentity of the tot to carry off top prize of $125 in cash, the beautiful lifetime loving cup and the title of "Personality Baby."

Final Bonus Offer

In today's issue, announcement is made of the third and final vote bonus offer:

On every "club" or accumulation of subscriptions adding up to 10 years, 45,000 extra votes will be allowed! This bonus is in addition to the "regular" votes. Under its terms, 10 yearly subscriptions counting both regular and bonus votes will yield a total of 95,000 votes. Five of these clubs will count 475,000 votes. Ten of them will count 950,000 votes. And these totals are for clubs composed entirely of yearly subscriptions; if some of them are for more than a year the totals will be even greater. Now, while the contest is in its final stage it is time to think in terms of clubs and nothing smaller!

Sealed Ballot Box

The blind, sealed ballot box under which the Babyland Revue runs during its final two weeks has been installed in the United Savings Bank. Throughout the last bonus period, no subscriptions will be accepted from contestants by the Baby Editor; all subscription collections will be deposited directly into the ballot box by the sponsors themselves. Thus, complete fairness to all will be assured and strict impartiality will be the rule. Exact procedure to use in making deposits in the ballot box are explained elsewhere in this issue.

It's Up to You

And now, this final word to sponsors:

There are just 12 days to go and it's anybody's victory. Nobody has a lead worth talking about. Anybody can win. YOU CAN WIN! But conversation won't do it. Wishing won't do it. Effort WILL do it. Don't waste a minute—get out and get busy right now—keep busy up until the final bell—success will come to your candidate if you will do your part!

And to the Public

This is your last opportunity to

GIVE LIBERALLY

Next Tuesday evening, a corps of workers numbering 100 or more will begin the solicitation of funds necessary to complete Tecumseh's new recreation center—a natural amphitheatre just north of the high school building—a project that has been needed here for many years.

Already, the committee has announced, unsolicited gifts amount to about $2,500, and it is altogether likely that this figure will be stepped-up to $3,000 before the drive actually gets under way. This will mean that there remains to be subscribed some $10,000 if the campaign is to be a success.

Tecumseh has never failed in any civic enterprise, and it will not fail in this one. True, $10,000 is considerable money, but to a community the size of Tecumseh it represents approximately $3 per capita, or an amount less than the town's estimated daily payroll of $12,000.

"Give a Day's Pay. So the Kids Can Play," s the slogan that has been adopted by the campaigners who are giving of their time wholeheartedly that Tecumseh may boast of a modern, up-to-date recreation spot.

Don't disappoint them—don't disappoint the children who will use the park this year, next year and for years to come. We need a playground. There's no argument.

Give and give liberally. You will be well repaid when you see the hours, days and years of enjoyment that will come to those who use it.

WHO ARE YOU?

Being a citizen in a democracy is a full time job. In other forms of government, the citizenry make up the background, appearing only in mob scenes to cheer on the rulers of the nation.

But there is no room for part time citizens in our form of government. Our government is us—what we make it. Ours is the fault if the wheels of government do not run smoothly, for the laws we made are the roadbed, and the men we elected are the machine.

Are you a part time citizen? Do you fulfill all your duties as a voter—or do you just show up at election time to cast your vote without due consideration of the full qualifications, record and principles of all candidates?

Are you a part time citizen? Do you obey the laws you have had a hand in making—or is your only thought when you break what seems like an inconsequential little law that if you get away with it, it's all right?

Are you a part time citizen? Do you evince interest in all issues or only in those problems which concern you — and then object when other groups do the same and infringe on your prerogatives? Only as citizens work for the common good of all can democracy progress.

Are you a part time citizen? Do you lend an ear to alien subversive elements who tell you how much better conditions are or would be for you were there a different form of government? Do you thoughtlessly pass on these tales without checking on their accuracy or considering their source?

Are you a part time citizen? Do you stand up for democracy or do you condemn its mistakes without consideration for the good it has to offer? Do you stress only its shortcomings and never its long range program which slowly but surely and in spite of stumblings, discriminations and detours is making this country of ours the best in which we live?

Now as never before the United States needs the full time allegiance of all its people. Don't be a part time citizen!

DEFENSE SPENDING CAUSING DOLLARS TO ROLL INTO TREASURY OF MICHIGAN.

By Gene Alleman

LANSING July 10—Headlines of Michigan newspapers continue to reflect the crazyquilt pattern of 1941 history. We are truly living in a fast-moving, almost unpredictable year.

Away in Canada for a week (equivalent to a month in any normal year), we returned home to find a stack of newspapers a foot high in the library. Armed with scissors, we buried ourselves for an evening and finally emerged with clippings about Michigan events which six months ago, would have been regarded as near impossibilities. Here are a few of them:

Ford Motor company, arch foe of the C. I. O., and famed independent among Michigan automobile manufacturers outdoes all rivals with an "all-out" contract providing for uatomotive deduction of C. I. O., dues from Ford company employees and a closed shop.

Here was an event that merited the word "impossibility," if any one event ever could. Furthermore Harry Bennett, who hailed the C. I. O., election as a victory for communists and Governor Van Wagoner, sat down with la bor chieftains as meek as a well-fed lamb. Talk about news!

Governor Murray D. Van Wagoner proposes arbitration of deadlocked industrial disputes and also advocates a 30-day "cooling off" period for application of mediation.

"I think the overwhelming majority of workers and employers realize today the need for halting defense strikes, and will support some workable method of cooperation that calls for equal sacrifices, and that will not make the state supreme over both management and labor."

The governor declared that management and labor must make the choice between the alternatives of "cooperation with the government for defense" and "domination by government for defense."

As this column pointed out on June 5, "Michigan's own arsenal of democracy faces the choice of solving its own problems by voluntary cooperation or of being conscripted by a government that has become temporarily totalitarian in its methods. Either we will volunteer to sacrifice our own liberties, or we will be conscripted by the government to do so."

This sacrifice of the right to strike in national defense industries, as proposed by Governor Van Wagoner, is a significant turn in Michigan labor relations.

If the Michigan goveror had intimated his four-point plan to legislators during the 1941 session, labor leaders would have condemned it with righteous indignation as a "betrayal of labor" and other stereotyped phrases.

Yet this idea of having industrial disputes submitted to arbitration, and a 30-day period established for reaching the arbitration verdict, is accepted by the man on the street as being good common sense in view of the national emergency. We doubt that labor leaders will hail it enthusiastically.

It is another illustration of how fast we are moving in 1941. National defense efforts are mostly in the blueprint stage; the much-needed airplanes and tanks and guns are not rolling off the production line in any sizeable quantities. We face an extreme emergency if the "shooting war," as proposed by Secretary of the Navy Frank Knox, is to start tomorrow or the day after.

The 1941 business boom in Michigan has come to the rescue of the state treasury's bookkeeping deficit incurred during the Murphy administration to finance welfare payments.

Auditor General Vernon J. Brown whose traditional pessimism about fiscal affairs is well known, announced happily that the deficit of close to 30 millions has been cut in half.

As spending mounts ,sales taxes accumulate. Consumption of liquor and beer is bringing additional hundreds of thousands in revenue to the state coffers.

Why? All because of business conditions, inflated conditions, inconditions, inflated by national defense contracts. Between July 1, 1940, and May 31, 1941, Michigan industrial firms were allocated $845,000,000 in defense contracts —a total equal to more than 27 per cent of Michigan's entire income in 1940! Since May 31 the awarding of additional contracts has swelled the grand total to the billion dollar mark.

It was not so long ago that a Michigan governor opposed salary increases for state employees.

Now the minimum monthly wage for state employees has been fixed by the civil service commission at $100 for an additional cost of $2,500,000 a year.

The "impossibility" of a state official opposing payment of a salary increase to himself is also on the 1941 record. Auditor General Brown has declined to approve vouchers which would have added $2,500 a year to his salary and the salaries of other administrative state officials. Why? The state constitution clearly says that salaries of incumbents cannot be increased during their terms, the auditor general holds.

Attorney General Herbert K. Rushton, also a beneficiary, rivalld Solomon with an opinion that since Brown wouldn't honor the vouchers until the state supreme court ordered him to do so, any opinion from him would be futile. The governor cracked to the effect that there was always some guy like Brown in every crowd. We hope so.

Hot weather errors are hereby corrected:

Our reference to oil production in Michigan should have been in millions, not billions. We, too, are getting dizzy from Washington's spending.

The French population in Canada is three millions out of eleven millions, although the French form three-fourths of the population of the province of Quebec.

CHRISTIAN SCIENCE CHURCHE

"Sacrament" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, July 13.

The Golden Text (John 13:34,35) is: "A new commandment I give unto you, That ye love one another as I have loved you, that ye also love one another. By this shall all men know that ye are my disciples if ye have love one to another."

Among the Bible citations is this passage (Luke 22:19,20): "And he took bread, and gave thanks, and brake it, and gave unto them, saying, This is my body which is given for you; this do in remembrance of me. Likewise also the cup after supper, saying, This cup is the new testament in my blood, which is shed for you."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.25): "His true flesh and blood were his life; and they truly eat his flesh and drink his blood, who partake of that divine Life."

ONE DAY'S PAY

Continued from Page One

and not through the club or society to which he or she may belong. This is a civic project, and we are interested that each and every resident take an individual interest in the enterprise."

Early interest in the new recreation center, members of the committee in charge of the campaign said, bespeaks the success of the three-day drive for the $13,000 goal. Already, it was said, unsolicited funds, including a $500 gift announced last week from the Tecumseh Products Union, now total approximately $2,500. This means that a little more than $10,000 must be raised to assure the "over-the-top" signal.

"At the meeting next Tuesday evening, at which time workers will receive a complete outline of the drive, Chairman Schneider will point out the necessity of personally contacting every individual here to assure the drive's success.

"Tecumseh, of course, has a payroll approximating $12,000 daily and, if everyone did as we have suggested—give a day's pay—the campaign would be over in a few hours. However, "a member of the committee pointed out, "there will be some who will not be reached, others who will feel that they cannot give such an amount.

"It will, therefore, be necessary for some of Tecumseh's residents to give more generously—those who can afford to do so—to assure success. After all, the playground and recreation center, like the community hospital, in a civic affair, something that each of us will enjoy. It deserves our support, unstintingly."

Exceptional interest among membe rs of graduating classes of Tecumseh High School already has been recorded, and it is believed that generous gifts from alumni members will be forthcoming.

"Let not a chief or a worker fail to be at the meeting next Tuesday evening," Chief Tecumseh said. "It will be informal; there will be a discussional meeting, and then ice cream and cake will be served. The cost of the refreshments has been contributed by a member of the committee.

Final Dash Underway---Babyland Revue to End July 22

Beautiful Loving Cup and "Pot of Gold" Are Waiting For Hustlers In Tot Contest

Away they go on the third and final lap!

With the finish line only 12 days away, candidates in the Babyland Revue are heading down the home stretch; and there is excitement aplenty as the final hour draws near.

The Babyland Revue will END at 2 p. m., July 22, shortly thereafter the judges will meet to make the final count, and then the winner of the loving cup and $125 in cash, as well as winners of the nine additional awards, will be declared.

Who will win? Who can win? Well, there is not much to indicate the identity of the champion at present for the race is very close as the last lap starts and there is little to choose between the various leading candidates. However it is the nature of any contest that most of the votes are gathered during the closing days when interest is high and the participants really exert themselves. The next 12 days undoubtedly will determine the winners, and those candidates who get out and really hustle for subscriptions are the ones who will win!

The sealed ballot box is now in effect and will continue until the close of the contest. It is located in the United Savings Bank, Tecumseh. As stated in last week's issue, publication of relative positions of the candidates is omitted today, in order to make the windup fair and impartial to all, and to impose no handicaps, psychological or otherwise, on anybody.

However we will say this; that while vote margins separating most of the candidates continue to be small, there have been some shifts in the relative positions since last week. There is no question that at present, the final outcome is in doubt; and will be decided by sponsors' efforts during the final days. This applies not only to the first and second prizes, but to the ENTIRE list of ten awards.

Several of the sponsors already have been in for their vote checkups preparatory to depositing these votes in the sealed ballot box. Others have not yet done so, and this privilege will be extended until 8 p. m., Saturday night.

Warning! All sponsors must appear at the Babyland Revue office for this checkup, and must put their own votes in the ballot box themselves. This cannot be done for them. Failure to appear for the checkup will automatically disqualify the candidate, so be sure to drop in at Babyland Revue headquarters before 8:00 Saturday night if you have not already done so! Also, after receiving this vote checkup, sponsors must remain active in the contest to the finish, and as proof of activity must turn in at least some subscriptions during the final two weeks, in order to be eligible for a prize or commission.

CLASS A—THE HONOR ROLL

(Consisting of names of babies, alphabetically arranged and not according to relative vote standings, whose vote totals have reached or passed 200,000 mark. Any candidate in this class can logically be expected to win the big prize. Margins of votes separating the entire group are so small there is little to choose between them at present.)

MEEK, MATTIE A. MEEK, JOHN SANDERS, THEODORE V. CANRIGHT, THEODORE V. CANWRIGHT and ELIHU L. CLARK, or their unknown heirs, devisees, legatees and assigns,
Defendants.

At a session of said court held at the courthouse in the City of Adrian, in said county, on the Twenty-third day of May, A. D. 1941.

PRESENT: Hon. G. Arthur Rathbun, Circuit Judge.

On reading and filing the bill of complaint in said cause and the affidavit of William C. Becker attached thereto, from which it satisfactorily appears to the court that the defendants above named, or their unknown heirs, devisees, legatees and assigns, are proper and necessary parties defendant in the above entitled cause, and,

It further appearing that after diligent search and inquiry it can not be ascertained, and it is not known whether or not said defendants are living or dead, or where any of them may reside if living, and if dead, whether they have personal representatives or heirs living or where they or some of them may reside, and further that the present whereabouts of said defendants are unknown, and that the names of the persons who are included therein without being named, but who are embraced therein under the title of unknown heirs, devisees, legatees and assigns, cannot be ascertained after diligent search and inquiry,

On motion of Henry R. Jewett, attorney for Plaintiff, it is ordered that said defendants and their unknown heirs, devisees, legatees and assigns, cause their appearance to be entered in this cause within three months from the date of this order, and in default thereof that said bill of complaint be taken as confessed by the said defendants, their unknown heirs devisees, legatees and assigns.

It is further ordered that within forty days Plaintiff cause a copy of this order to be published in the Tecumseh Herald, a newspaper printed, published and circulated in said county, such publication to be continued therein once in each week for six weeks in succession,

G. Arthur Rathbun,
Circuit Judge.

Countersigned:
Alice M. Welch,
Dep. Clerk of Circuit Court.

2 years	15,000
3 years	30,000
4 years	50,000
5 years	75,000

PLUS

45,000 EXTRA VOTES ON EACH "CLUB OF TEN"

Just 12 More Days

BABYLAND REVUE ENDS 2 P. M. JULY 22

The Babyland Revue is on its last lap. Just 12 days remain before the polls are closed, the ballots counted, and the prizes awarded. The contest will END at 2 p. m., Tuesday, July 22.

These last 12 days will be BY FAR the BIGGEST period of the contest. So widespread has interest in the Babyland Revue become all over the area and with such close and spirited competition between the various contenders it cannot be any other way.

Sponsors, the period between now and 2 p. m., July 22 is the period in which you win or lose.

You CAN win if YOU WILL—and it is STRICTLY UP TO YOU.

Subscriptions, both new and renewal, are lying all around you! There are plenty of votes to be had! The entire local area is yours to be worked, and there is territory outside of this area, too!

Intensive effort—GOOD, HARD WORK—during the next 12 days will win for ANY candidate in the lit, regardless of that candidate's present vote standing. Failure to work during these final 12 days will certainly LOSE for ANY candidate.

How To Proceed With The Sealed Ballot Box

In order to assure complete fairness to all contestants and to preclude any possibility of favoritism, the last two weeks of the Babyland Revue will be conducted under the sealed ballot box. This ballot box now is located in the United Savings Bank, Tecumseh and will remain there until the committee of judges takes possession of it to make the final count.

Method of prcedure under the sealed box is simple:

First — come to The Babyland Revue office for a checkup of your votes up to and including the end of the second bonus which expired last Tuesday night. Following the checkup, these first and second bonus period votes will be turned over to you, the sponsor. Then you will enclose these votes in an envelope, seal it, write your baby's name plainly on the outside, and deposit it in the sealed ballot box.

Second—For all subscriptions obtained during the final two weeks, you will make out stubs exactly as before. However, you will not turn these in to the Baby Editor. Instead you will enclose these stubs in envelopes with the stubs, seal each envelop write your baby's name on the outside, and deposit in the sealed ballot box.

It is not necessary to use a separate envelope for each subcription, of course. The best way is to use an envelope for each "Club of 10." And it is best not to wait until the last minute to make your entire deposit, but to put your clubs in the box as you get them. In this way there will be no possibility of losing or misplacing any of your records.

BE SURE your extension subscriptions are properly marked. If uncertain about this, be sure to ask.

Marjorie Drouillard Is Bride of Guy Phillips

Miss Marjorie Drouillard, only daughter of Mr. and Mrs. Marshall Drouillard, of Holloway, became the bride of Guy Phipps, son of Mr. ad Mrs. Harry Phipps of Adrian, at 2:30 o'clock Saturday afternoon, in a single ring ceremony performed by the Rev. Fr. Leo Healey, in the rectory of St. Mary's church in Adrian.

The bride was lovely in a gown of white silk marquisette, fashioned with short puff sleeves, square neckline, wide lace bodice and a floor length skirt. Her shoulder-length veil was caught to her hair in a halo of orange blossoms. She carried a shower bouquet of white roses and gypsophila. They were attended by Mr. and Mrs. Otto Mominee of Toledo, O., cousins of the bride. Mrs. Mominee was gowned in pink silk georgette with a short lace jacket and a hat of grosgrain ribbons with a circular veil.

The bride's mother chose a blue print redingote dress and Mrs. Phipps, the groom's mother wore sheer blue, both with white accessories, and each wore a corsage of pink rosebuds.

A two course dinner was served at 6 o'clock in the home of the bride's parents which had been attractively decorated. White streamers were suspended from a white wedding bell in the center of the dining room. The table was centered with a pink and white wedding cake topped with a minature bride and groom, a gift of the bride's cousin, Mrs. Ted Goletz. A reception was held later, in the home of the bride's aunt and uncle, Mr. and Mrs. Harold Miller of Bent Oak Ave, Adrian.

Ice cream and cake were served from a table decorated with lighted tapers and centered with a three tiered wedding cake, to 75 relatives and friends. The hostess was assisted in serving by the Misses Mildred and Anna Marie Brosamer, and Doris Auldene, and Kathryn Drouillard cousins of the bride Mr. and Mrs. Phipps left later, on a short wedding trip to points in Ohio and on their return will make their home, for the present with the bride's parents.

Both Mr. and Mrs. Phipps graduated from Adrian High School in 1939 and he is now employed in Adrian. Guests attended the wedding from Toledo, Detroit, Tecumseh, Brooklyn and Holloway.

RODGERS - WEITZMAN

Miss Marian Rodgers, daughter of Mr. and Mrs. George Rodgers of Blissfield, formerly of Tecumseh, and Karl Weitzman of Lakewood, O., were married Thursday evening at the Episcopal rectory in Adrian by Rev. James M. Horton. The attendats were Miss Jacqueline Rodgers, sister of the bride, and Arthur W. Sherman of Lakewood, Ohio.

Mr. and Mrs. Weitzman left on a trip through the upper Peninsula and on their return will make their home in Adrian where he is employed.

Among those who attended tre ceremony were Mr. and Mrs. Geo. Rodgers, Mrs. John Hamilton, Mr. and Mrs. Karl Luegee, Fred Rodgers and Alfred File, all of Blissfield Mr. and Mrs. Herbert F. Weitzman, Paul Weitzman, Mr. and Mrs. Nelson Zuber, and Warren Baughman, all of Cleveland; and Mrs. William Stren and Miss Phyllis Stren of Adrian.

ILLINOIS PICNIC

The annual picnic of Illinois folk now in Lenawee county will be held next Sunday at State Park, Wamplers Lake. Dr. T. Rentschler, president of the club, said today that the "famous raw-fried Illinois chicken" will be a feature of the picnic, and that any ex-Sucker is welcome to attend.

PRESTERIAN LEAGUE

The Presbyterian League will hold its annual picnic Tuesday evening, July 15, at 6:30 at the Lentz Grove at Wampler's Lake Members and guests are to take their own table service sandwiches and a dish of food to pass.

Howard A. Matthews Weds Detroit Woman

Mrs. Jessie Umbarger of Detroit and Howard W. Matthews of Tecumseh, were married Saturday evening in the Baptist church parlors by the Rev. O. V. Robinson in the presence of 50 relatives and friends. They were unattended and the bride was given in marriage by her brother Harry Lucas of Detroit. Preceding the ceremony Miss Margaret Ash sang "O Promise Me" and Mrs. E. H. McConnell played several numbers including the wedding March from Lohengrin. The guests were received by the bride's daughter and husband, Mr. and Mrs. Robert McCoy and the grooms niece and husband Mr. and Mds. A. G. Kempf all of Detroit.

Following the ceremony a reception was held and refreshments were served the guests seated at small tables centered with sweet peas and light tapers by Mrs. Fred Sheldon, Mrs. I. W. Boltz, Mr. and Mrs. Dean Van Valkenburg, Mr. and Mrs. Leon Van Valkenburg and Mr. and Mrs. Floyd Bryan.

Mr. and Mrs. Matthews left on a trip and on their return will reside on west Logan street.

FRANKLIN GARDEN CLUB VISITS WAMPLERS LAKE

The Franklin Garden Club met Tuesday afternoon with Mrs. Anna Van Vleet at Evans Lake. During the business meeting Mrs. Rhoda Kotts was accepted as a member and Mrs. Ella Davis presented a flower arrangement illustrating "Cool Colors." Mrs. Dorothy Baker gave examples of flowers to be planted to insure a continuous bloom in the garden throughout the season. Miss Fern Luce closed the discussions with a short talk on her experience in raising delphinium.

At the close of the meeting the members went to Wamplers Lake where swimming and games were enjoyed returning later to Mrs. Van Fleet's for a potluck supper.

Stage Is Set For Whirlwind Finish Tuesday

K. M. Schneider Dies Suddenly

HEART ATTACK FATAL TO PROMINENT BUSINESS MAN, CIVIC LEADER

Karl M. Schneider, well known local business man, prominent civic leader and former village president died suddenly of a heart attack about 3 o'clock, Tuesday morning at his home on West Chicago Blvd. Mr. and Mrs. Schneider had been to their cottage at Evans lake and came into town on Tuesday evening to attend the school board meeting. Mr. Schneider, not feeling well went to see his doctor and later to his home.

Mr. Schneider was a son of the late Louis B. and Margaret Smith Schneider and was born in Adrian June 29, 1897. He spent most of his life in Tecumseh, graduating from the local high school in 1914. He later attended Michigan State College in East Lansing and Michigan State Normal College in Ypsilanti. In December 1922 he was married to Miss Gertrude C. Rankin of Shelby at that time a teacher in the local schools.

Mr. Schneider was owner and manager of Tecumseh Finance Co., for the past 13 years and was secretary of the Michigan Finance Association. He served as village president from 1938 until 1941 and was a former member of the village council. He was also a vestryman of St. Peters Episcopal church, a past commander of Underwood-Orr Post, American Legion, past Chef de Guerre of the 40 and 8, past president of Tecumseh Rotary Club and a member of the Masonic Lodge. He served as secretary and treasurer of the Schneider Bros Garage Inc., from 1922 till 1928; was a former president of the H. Brewer and Co., and had been a director of the United Savings Bank since 1933.

Besides Mrs. Schneider he leaves a son Karl R., a daughter Ruth C., and a brother, Louis S., all of Tecumseh. His father has been dead a number of years and his mother's death occurred in March of this year.

A military funeral will be held this afternoon at 2 o'clock with services at St. Peter's Episcopal church, Rev. E. R. A. Green of Sault Ste Marie, officiating. Burial will be in Brookside cemetery. Stores and business places will be closed during the service.

Mrs. Eliza Kerr Dies, Burial In Brookside

Mrs. Eliza Kerr, aged 85 years widow of the late Robert Kerr, died early Monday at the home of her son Raynor Kerr southeast of town, where she had made her home since the death of her husband six years ago. She was a member of the Presbyterian church in Tecumseh.

Besides the son Raynor, she leaves two daughters Mrs. Maggie Frost of Tecumseh and Mrs. Jennie Boyce of Waterport, N. Y., ten grand children and two great grand children.

Funeral services were held Wednesday at the Niblack Funeral Home in Britton. Rev. Edward Escolme officiated and burial was in Brookside cemetery here.

INFANT SON DIES

David Michael infant son of Mr. and Mrs. Wade Hendershot died Monday evening at University hospital in Ann Arbor where he had been taken earlier in the day. The child, who was born June 5, was taken ill Sunday afternoon.

Survivors are the parents and one brother Charles, his grandparents Mr. and Mrs. R. R. Hendershot and Mr. and Mrs E E Hoyt of Clinton, and a great grand mother Mrs E. A. Hoyt of Remus.

Funeral services will be held at 2 o'clock Friday afternoon, at the Collins Funeral Home.

Rev. W. H. Skentelbury of Clinton will officiate and burial will be in Ridgeway cemetery.

HITS LAMP POST; DRAWS $50 FINE

The lamp post at the east end of Chicago Boulevard was wrecked Saturday when it was struck by a car driven by Walter Baker of Adrian who was later arrested and booked at the county pail for drunk driving. When arranged before Justice Clyde Barber he paid a fine of $50 and costs of $9.45.

NUTRITION MEETING

Leaders and members of Lenawee County nutrition clubs will meet Thursday afternoon, July 24, at the Methodist church in Adrian when Latest Methods of Canning will be demonstrated by Miss Olga Ludwick of East Lansing. All extension club members are welcome to attend.

VILLAGE TAXES

Beginning July 8, and every Tuesday and Friday through the month of July, I will be at the United Savings Bank for the collection of village taxes.

Dundee Girl Is Bride Of Corp. Maurice Tuckey

Announcement is being made of the marriage of Miss Mary Viles, daughter of Mr. and Mrs. Lawrence Viles of Dundee, and Corporal Maurice Tuckey son of Mr. and Mrs. Harry V. Tuckey of Tecumseh, which took place July 3, at Rollo, Mo. where Mr. Tuckey is stationed at Fort Leonard Wood. Miss Rita Hutting of Dundee and Private Edwin Vandercook of Lulu also stationed at Ft. Wood, were their attendants.

Mrs. Tuckey returned here last week and after a few days visit with the groom's parents returned to Dundee where she is employed in a store. Mr. Tuckey graduated from Tecumseh high school and had been employed in the Red and White stores in Tecumseh and Dundee until April when he was called to service with the National Guard.

Fund Drive Is Delayed A Week

CAMPAIGN FOR RECREATION CENTER TO BE LAUNCHED HERE ON JULY 23RD.

Owing to the death of Karl M. Schneider, general chairman of the campaign to raise $13,000 for the improvement of Tecumseh's new Recreation Center, the drive which was scheduled to start last Tuesday evening with a mass meeting of workers at the high school has been postponed until Tuesday evening, July 22, at 8 p. m., in the same location. At that time all workers connected with the fund-raising campaign will meet and formulate further plans for the drive, which will be launched on July 23 and will be completed before the end of next week. A successor to Mr. Schneider as general chairman has not yet been chosen.

"Mr. Schneider had complete charge of the campaign to raise the funds," C. M. Brown, chairman of the Recreational Control Board said today, "and he had worked out one of the most complete and far reaching programs for the raising of money every attempted in Tecumseh. Mr. Schneider had given the project his undivided attention for several weeks, and it had been studied by him and other civic leaders for several years. The success of the campaign was one of his greatest desires.

"The committee has pledged itself to carry the program to a successful conclusion, in deference to Mr. Schneider's capable leadership, and the generous community response during the campaign will be a testimonial of appreciation for Mr. Schneider's long service as a tireless, civic-minded community builder."

Already more than $2,500 of the $13,000 fund has been subscribed and additional volunteer subscriptions are arriving daily, members of the committee said.

CLUB PICNIC

The Shawnee Republican Women's Club will hold a picnic Wednesday, July 23, at Mrs. Elmer Green's cottage, No. 460, on the east side of Sand Lake. Dinner will be at 12:30. Those attending are to bring sandwiches, dishes and silver and a dish of food to pass. Those having cars or desiring transportation are to communicate with Mrs. Glenn Van Denbergh, chairman of transportation.

PROGRAM CANCELLED

In deference to the memory of the late Karl M. Schneider, the regular program of the Rotary club at the parish house of St. Peter's church was cancelled. Tuesday noon, the session adjourning immediately following the luncheon. Mr. Schneider who died suddenly Tuesday morning, was a past president of the club.

$55,000 School Budget For '41

TOUBORG AND LINDSLEY ELECTED; C. F. PATTERSON NOT CANDIDATE

It will cost approximately $55,210 to operate the public schools here during the year 1941-42, according to a budget submitted to the board of education, previous to the annual district meeting here last Monday evening. Last year, according to figures submitted, expenditures amounted to $59,497, the school year ending with a cash balance on hand of $3,028.53.

It was pointed out that $5,000 of the money spent during the past year by the school was used in connection with the purchase and improvement of the new Recreation Center, making the new budget estimate approximately $1,000 higher than expenditures during the year that ended in June.

Some 80 persons attended the annual meeting on Monday evening and elected Jens K. Touberg and Earl Lindsley as members of the board, Mr. Touriborg succeeds Charles F. Patterson, whose term had expired and who had served for 31 years as a board member. Mr. Patterson was not a candidate for reelection. Mr. Lindsley, who is treasurer of the board was re-elected. Other members of the board are P. C. Satterthwaite, president, Dr. Arthur Brown and John Larson. Mr. Patterson was given a rising vote of thanks for his long and faithful service as a trustee.

Mr. Larson, a member of the board brought up for discussion the cost of operating the public library, which annually amounts to $1,200 to $1,500, and a committee made up of Fay Whelan, Mrs. Robert H. Moore and H. H Hanna was named to investigate the advisability of continuing to pay the cost of such operation out of school district funds. A report from the committee will be received by the board at some future time.

W. L Berkhof, superintendent, said today that he believed that the school would experience but little financial difficulty in its operation during the next year. State assistance, which last year amounted to over $35,000, will be some $2,000 higher this year, and operating overhead, he said, will be held to a minimum.

FISHERMAN DROWNED

Eldred Cavanau, 38 year old Lincoln Park resident, drowned in Wamplers Lake about 10:30 yesterday morning, when he fell from a fishing boat off the south shore of the lake. He was alone in the boat. The body was recovered in about seven and a half feet of water. Cavanau and his wife and child were camping at the lake.

OVEN EXPLODES

Mrs. Ruth Dwyer who is employed at the Cozy Cafe, suffered painful burns on her face and arms last Wednesday evening when a gas oven in the kitchen exploded.

Prizes Offered In Babyland Revue

First — Engraved silver loving cup and $125.00 in cash.
Second — $75.00 in cash.
Third — $50.00 in cash.
Fourth — $30.00 in cash.
Fifth — $25.00 in cash.
Sixth — $15.00 in cash.
Seventh — $10.00 in cash.
Eighth, ninth, tenth — three prizes of $5.00 each.
After the first ten prizes have been awarded, all other contestants whose sponsors have remained active to the end of the contest but fail to win an award will receive a 10 per cent cash commission. There will be no losers!

Extension Subscriptions

During the closing days of the Babyland Revue, many people who gave a subscription to the sponsor of some particular baby earlier in the contest now will pay a further subscription for the same baby in order to better that tot's chances for success in the final count.

These additional payments are called "extensions." They are particularly valuable because they count considerably more votes than would be the case if they were first payments. In other words, the "extension" subscription counts the difference between the number of "regular" votes allowed on the original payment and the number that would have been alowed if the total term had been paid in at one time.

For example:

(a) Subscriber gave sponsor a subscription for one year at some previous time, now gives same sponsor an additional one-year subscription. This "extension" counts 10,000 "regular" votes!

(b) Two additional years on original payment for one year would count 25,000 "regular" votes!

(c) Three additional years on original payment for one year would count 45,000 "regular" votes!

(d) Four additional years on original payment for one year would count 70,000 "regular" votes!

And, of course, these extension subscriptions also would count in making up "clubs of ten" just the same as any other subscriptions, and thus earn their share of the 45,000 club bonus, also.

Study the big possibilities on "extension" subscriptions. Every sponsor has many enthusiastic boosters who, having subscribed some time ago, now will extend their subscriptions for another one to four years. These extension subscriptions count big—while you are out after new ones, don't overlook the golden opportunity offered by extensions. You can get a lot for them, if you try!

Rev. E. Thomas Rodda Is New St. Peter's Rector

The Rev. E. Thomas Rodda, rector of St. John's Episcopal Church at Sandusky, Michigan, has accepted a call to the rectorship of St. Peter's Episcopal church in Tecumseh, entering upon his new duties about September 1, according to an announcement today by Lester C. Rogers, senior warden of the church.

The Rev. Mr. Rodda succeeds the Rev Edward R. A Green, who resigned as of July 1, to become rector of a church at Sault Ste. Marie About two weeks ago he delivered a sermon in the local church and was invited at that time to accept the rectorship.

Mr. and Mrs. Rodda and their son, aged two years, will be in Tecumseh, early in August on a brief visit, preparatory to moving here later in the month. Mrs. Rodda is a daughter of the late Rev. C. C Kemp, a former rector of St Peter's.

During the remainder of July and through August 17, services at St. Peter's will be conducted each Sunday morning at 9:30 by Chester Mixer, a lay reader from Adrian College. During the last two weeks in August no services will be held Mr. Rogers said.

Village Gives $923 To U. S. O.

$700 QUOTA FAR EXCEEDED; CHECK IS SENT TO NEW YORK OFFICES

Mrs. Jenny Law Hardy, treasurer of the local unit for the United Service Organizations, sent a check today to the national headquarters in New York City for $923.73, as Tecumseh's gift.

Glenn VanDenbergh who audited the accounts without charge, reported a total in gifts of $936.31 given by 446 persons. This is an average for the village of Tecumseh of about $2.10. The quota suggested by the county committee was $700, and Tecumseh went over the top $236.31 or nearly 34 per cent.

The national headquarters permitted local committees to deduct for such expenses as postage, telephone, office work, and other incidentals, but the committee took care of these expenses personally. Among the many who gave voluntary service, Miss Mary Bell deserves special thanks for her typewriting.

The committee and Perry Hayden, chairman, expressed thanks to all who gave so generously and regretted that inadvertently a few donors were called on by more than one solicitor.

Mrs. Hardy received a elter from National U. S. O., Headquarters in New York City complimenting Tecumseh on the "splendid cooperation and the inspiring record (the town made)". It is believed that few towns in the country will have operated on such a low cost of over head. In the case of Tecumseh it cost only $12.58 to collect $936.31 or about 1.3 per cent. This was due in some measure to the fact that much advertising material was furnished by the Adrian city unit without charge.

The local U. S. O., committee voted at first to hold a balance in the treasury, but because it was apparent that funds were needed in New York, the full amount has been mailed.

Funeral on Tuesday For William L. Dove

Funeral services were held at Belding Funeral Home Tuesday for William L. Dove a former resident, who died suddenly and quietly Sunday at his home in Adrian. Mr. Dove had been in his usual health and had planned to go fishing when stricken.

Deceased was born at Newburg on March 25, 1869 and was a son of the late William and Elizabeth Scott Dove. On March 25, 1890, he was married to Miss Jessie L. Nottingham of Raisin Valley who survives. Mr. Dove had lived in this vicinity for many years and the last 15 years had made his home in Adrian where he was employed by the water board.

Besides the widow he leaves two sons Bart and Seaton Dove, both of Adrian, one sister Mrs. Will Derby of Tecumseh, one brother Arthur Dove of Tipton, and four grand children.

Rev. J. W. Greenwood of Adrian officiated at the funeral service and burial was made in Brookside cemetery.

Auto Injuries Fatal To Two

RAY SHARP KILLED ON MONDAY; JULY 4 CRASH VICTIM DIES IN HOSPITAL

Two men are dead and half dozen others received treatment at Tecumseh hospital during the past week, the result of automobile accidents in this vicinity.

Ray Sharp aged 30 years was instantly killed about 12:30 Monday morning, when his car turned over on a curve on M-52 near the Aebersold farm, about two miles north of Tecumseh. The body was found 100 feet from the car.

Mr. Sharp was reported as being in Tecumseh after 11 o'clock. He later went to Clinton and was returning when the accident occurred. He had been employed in Tecumseh until recently when he went to Adrian where he made his home with an uncle Vern Sharp.

Survivors are his father Earl Sharp of Liberty Center, O., two brothers, Roy, a twin, of Tecumseh and Wayne of Liberty Center; sisters, Mrs. Luella Mohler of Adrian, Mrs. Roljie Rhodes of Delta, O., and Bonnie of Liberty Center.

The body was brought to the Belding Funeral Home where services were held Wednesday afternoon. The body was taken to Neapolis, O., for burial.

Frank Metcalf, aged 81 years a retired contractor from South Bend Ind., died Sunday night at Tecumseh hospital from injuries received July 4 in an auto accident east of Clinton in which 10 persons were injured. Mr. Metcalf suffered a broken arm a broken leg and a fractured skull.

His survivors are a daughter Mrs. Muriel Hammel of Fenton, who is also a patient in the hospital for injuries received in the same accident; and one son Don Metcalf of South Bend Ind.

The body was removed to the Collins Funeral Home until Monday night when it was taken to South Bend where the funeral and burial were held Wednesday.

Misses Betty Mae Taylor and Geraldine Stahl, both of Clinton, were brought to Tecumseh hospital Saturday morning, after their car had tipped over in loose gravel on the Clinton-Manchester road. Both suffered minor injuries and have returned to their homes.

Joseph Powell of Detroit and William Gladow of Clinton were treated for minor injuries at Tecumseh hospital Sunday evening after the car in which they were riding with Huston Jackson of Detroit collided with a car driven by John Gagalis of Ann Arbor. The accident occurred on US-112 about three miles east of Clinton. The Jackson car left the road, went across a farm yard and struck a tree. Mr. Powell was a patient at the hospital also on July 4, after an accident on US-112.

Mr. Jackson was given a summons for reckless driving and is to appear before Justice Lang in Saline.

Mrs. Anna F. Jedele, 82, Formerly of Clinton, Dies

Mrs. Anna F. Jedele, aged 82 years a resident of Clinton until two years ago, died Friday morning at the home of her son Eugene Jedele in Norvell after several months illness. Mrs. Jedele was a member of the Lutheran church in Manchester.

Survivors are four sons George of Cleveland, William of Clinton, Charles of Detroit and Eugene of Norwell, two daughters, Mrs. Bertha Crook of Bradenton, Fla., and Mrs. Alma Gehrke of Detroit; two sisters Mrs. Emma Hauenstein of Ann Arbor and Mrs. Charles Altenhern of Manchester.

Funeral services were held Sunday at the home in Norvell and later at the Emanuel Lutheran church in Manchester. Rev. H. S. Van Raene officiated and bearers were Godfrey Jedele and Lawrence Bross of Manchester, Clarence Harrer of Saline, Frank Burns of Jackson, Fred Hauenstein and Nottingham of Raisin Valley who survives. Mr. Dove had lived in this vicinity for many years and the last 15 years had made his home in Adrian where he was employed by the water board.

Besides the widow he leaves two sons Bart and Seaton Dove, both of Adrian, one sister Mrs. Will Derby of Tecumseh, one brother Arthur Dove of Tipton, and four grand children.

Rev. J. W. Greenwood of Adrian officiated at the funeral service and burial was made in Brookside cemetery.

No classifications or relative positions are available for publication this week, of course, as all subscriptions are now being put directly into ballot box and there is no check or information of any kind on the progress being made by the various candidates since July 8. Opening of the ballot box shortly after the end of the contest at two o'clock next Tuesday afternoon will tell the story!

Racing toward the finish line with the speed of time itself, the Babyland Revue is the center of attention today

Approximately four and one-half days remain in which sponsors may put on a winning burst of speed to carry their candidates over the top. At two o'clock next Tuesday afternoon, the curtain will fall—the contest will end—and then it will be a matter of waiting for the judges to add up the votes and determine the winners.

Little can be said at the present stage of the contest except this: The best finishers always are the biggest winners. This will be particularly true in the present instance, because a considerable number of candidates went into the last lap very evenly matched, and there wasn't a candidate in the entire list who could not with well directed efforts on the part of sponsors rise to the top before the final bell.

Undoubtedly, the big prize as well as other major awards will be won during the final days. It could not be any other way!

Last Minute Suggestions

The Babyland Revue closes at 2 p. m., Tuesday, July 22. Don't be late.

Don't wait until the last minute to prepare your deposits for the sealed ballot box. Bring all your preparations up to date not later than next Monday evening; this will leave you free to go out and do additional work Tuesday forenoon, with only the stubs from this last-minute work to prepare for the ballot box on the final day. Remember, the margin of victory is certain to be less than the number of votes allowed on the subscripions any sponsor could collect in this final day.

Be sure to note the fact on your stub when any subscription is an "extension". Write "extension on one year" or "extension on two years," etc., as the case may be, at the top of the subscription stub. If you are not sure on this point, ask about it. This responsibil ity is yours; if not otherwise marked, all subscriptions will be treated as straight subscriptions by the judges.

Watch your clubs. During the last period, each accumulation of subscriptions adding up to 10 years is a club, and earns 45,000 extra bonus votes in addition to the regular count. For example, if a club is composed of 10 yearly subscriptions, it will earn 50,000 regular votes plus a bonus of 45,000, or a total of 95,000 votes. Don't be satisfied with just one or two of these clubs—get several!

WHAT ARE WE DEFENDING

There's a lot of talk these days about "defense." In fact, it seems sometimes as if it were the only thing people are talking about. And millions of Americans are busy in actual defense work—the men in uniform—the thousands in defense production.

But did you ever stop to think what it is we are preparing to defend against the dangers that beset the world today?

Our country, of course! The seaports and airports—the factories of Detroit and Cleveland—the cornfields of Iowa—the oil fields of Texas.

But defense of our material resources isn't all. We're preparing to defend our kind of civilization. That's where the women of the nation come in. A good many thousands of them are working in plants and factories these days. But their biggest job is to help defend what we call the American Way of Life, which assures us the right to say what we please, as we please, when we please . . . to go to the church of our choice. . . . the right to elect the men and women who govern us and, finally, the right to produce and do business according to the principles of free enterprise.

It was our system of free private enterprise that enabled us to develop this vast continent and build up in less than 200 years the highest standard of living the world has ever known. It is the same adaptable system that is enabling us now to build armaments at a much higher rate of speed than they did in the countries of regimented economy . . . and this same free private enterprise will enable us to adjust ourselves, with the least possible disturbance, to the post-war period when we can turn once more to the production of peace-time commodities and lift our standard of living still higher.

Actually, our way of life—with its basic freedoms of worship, of speech, press and assembly, of representative democracy and free private enterprise — will be more difficult to protect in the days to come than our towering cities and our rich countryside To defend it we must mobilize not only our military and industrial power but our state of mind . . . our faith in this heritage of freedom which has been handed down to us from our ancestors who fought for it . . . our determination to keep it at all costs. And that is where we women have our biggest part to play. They are natural morale-builders in our homes and in our communities. If women have implicit faith in the American Way of Life, and talk and act that faith, then this government "of the people, by the people for the people shall not perish from the earth."

"DON'TS" FOR CHURCHGOERS

Don't visit; worship.

Don't stare blankly while others sing, read and pray. Join in.

Don't wait for an introduction. Introduce yourself.

Don't dodge the preacher; show yourself friendly.

Don't dodge the collection plate. Contribute what you are able.

Don't stop in the end of the pew. Move over.

Don't hurry away. Speak and be spoken to.

Don't monopolize your hymnbook. Be neighborly.

Don't stay away from church because of company; bring them with you.

Don't criticize. Remember to think of your own faults.

Don't stay away from church because the church is not perfect. How lonesome you would be in a perfect church.—Selected.

Don't envy the fellow who is fat when he laughs heartily. So much of him seems to be having a good time.

"Life" will be the subject of the Lesson-Sermon in all Christian Science churhches throughout the world on Sunday, July 20

The Golden Text (Psalms 42-8) is: "The Lord will command his loving kindness in the daytime and in the night his song shall be with me, and my prayer unto God of my life."

Among the Bible citations is this passage (Lamentations 5:19): "Thou, O Lord, remainest for ever; thy throne from geenration to generation."

Correlative passages to be read from the Christian Sicence textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.289): "Because Life is God, Life must be eternal, self-existent. Life is God. Life must be eternal, self existent. Life is the everlasting I AM, the Being who was and is and shall be, whom nothing can erase."

NOW A 5-DAY WEEK FOR A&P EMPLOYES THROUGHOUT THE NATION

Stores Will Be Open Six Days A Week As Usual
But No Employe Will Work More Than Five Days

Two months ago this company tried the experiment in a few eastern states of a five-day work week for our retail store employes. Now we are able to announce that we have adopted the five-day week as our national policy.

● This, we believe, constitutes the first five-day week and the shortest general working hours of any major retail food establishment.

● This shorter work week will be in effect before Labor Day in A&P food stores in thousands of communities throughout the country. It will be extended as far and as fast as possible. Frankly, however, we must recognize that in a few states and a number of cities the introduction of this policy may be delayed or even prevented by state or local labor regulations or local agreements.

● A&P food store employes affected by this policy will work only five days a week although stores will be open six days a week as usual. Their weekly salaries will not be reduced by their shorter work week. Our policy is to continually improve working conditions and salaries as evidenced by the fact that during the past year alone we have been able to make actual wage increases and to pay added compensation to our employes in an amount totaling more than $4,000,000.

● Many people are utterly astounded at the new low prices for quality foods in A&P Super Markets. They are getting so much more and better food for the same money, that they wonder how we can do it. Frankly, it is simply because A&P Super Markets represent a new, more efficient, more economical way of distributing food to the public.

● This new, shorter week is still further evidence that the tremendous savings you can now make in buying groceries, meats and fresh fruits and vegetables in the great, new A&P Super Markets are made possible by savings through efficiency and that no part of these savings comes out of the wages of our employes.

For many years it has been a source of pride to us that we have been able generally to maintain the highest average wage scale and the shortest general working hours in a field where long hours have been traditional. Since we first cut the work week eight hours in 1916, there has been a long record of further reduction in hours, increases in wages and vacation schedules.

Because our new low prices have resulted in increased patronage, we have been able to further reduce our operating expenses and increase our efficiency and still further improve the working conditions of our employes.

At the same time thousands of families will testify that they buy their foods today at lower average prices in A&P Super Markets than in any group of stores in the highly competitive retail food field. Today, when you spend a dollar in one of our stores, more of that dollar actually purchases food and less of it goes to cover distribution costs and profits than ever before in the history of the food business.

There is no conflict between low prices and good working conditions. We have achieved both by constantly improving methods of bringing food from producer to consumer, cutting out waste and unnecessary handling operations along the distribution route.

The new A&P Super Markets have made possible savings so astounding that we would not have believed them possible five years ago. This year we are paying the highest wages for the shortest work week in the history of the food business and yet our customers throughout the country will save more than $50,000,000 on the food they buy as compared to the lowest prices we could charge on the basis of our own operating expense only five years ago.

We are more than ever conscious, in these unusual times, of an obligation to make every possible contribution to the American standard of living. We know that we are making it possible for the average family to buy more good food for the same money, or to buy the same quantity of food for less money.

We are happy to tell you that you can enjoy these savings with the knowledge that the people who serve you in our retail stores are sharing more than ever before in these good things. This means a better standard of living for you and for those who serve you.

This plan will necessitate slight adjustments in store hours which will be announced locally. We respectfully ask our customers for their cooperation and assistance in making this new schedule a success.

BABYLAND REVUE

Continued from Page One

Accompany your subscription stubs with cash or checks to cover. Put the stubs, together with the correct amount of cash, in an envelope, seal it, and drop it in the ballot box. The ballot box is located in the United Savings Bank, Tecumseh. It is best to use a separate envelope for each of your clubs. Be sure to write your baby's name on the outside of each envelope you deposit.

Details of the Final Count

A committee of judges, composed of three representative local citizens, will meet at the bank and take possession of the ballot box shortly after the close of the contest Tuesday. They will then proceed to break open the box, make the final count, and determine the winners.

Results of the final count, will be published in Thursday's issue of the Herald and a bulletin announcing the winners will be posted on the window of the bank late Tuesday afternoon.

How the Prizes Will Be Awarded

Winners of the awards will not be required to be present at the close of the count.

Checks covering all cash prizes and commissions will be mailed out to the winners on Thursday afternoon.

Delivery of the loving cup will be delayed a few days until the engravers can inscribe it with the winner's name and accompanying legend.

AND NOW—GOOD LUCK TO ALL, AND MAY THE BEST CAMPAIGNERS WIN!

Bi-Partisan State Government Goes Into A Dizzy Tail-Spin

LANSING July 17—Michigan's much ballyhooed bi-partisan government has gone plumb into a dizzy tail-spin.

And if you as the celebrated "man of the street", are getting a wee bit confused as to what it is all about, have hope and take cheer. Maybe it isn't yourself but the times whi ch seem out of kilter—what with Wendell L. Willkie urging the United States to establish an American military "outpost" in Scotland or Ireland and with President Franklin D. Roosevelt moving American troops into the Europeon war zone via Iceland all for national defense.

The capital situation is something like this:

Our Democratic governor vetoed 31 acts of the Republican legislature. The Republicans tried unsuccessfully to over-ride the governor's vetoes. Although it may be possible for the senate to do so in the case of 13 acts by concurring in action taken last week by the house.

And so, in open retaliation, the Republicans voted to recess 90 days until October 9. This technically (unless the supreme court would rule otherwise) prolongs the 1941 legislature session.

The underlying cause of the Republican rebellion was the governor's veto of the famed Senate bill No. 1, known as the ranch banking act which would forbid chain systems of banks throughout Michigan.

Michigan's state constitution requires a two-third vote by the legislature to enact any measure pertaining to banks, and the anti bank chain bill had to mount this hurdle before it could arrive at the governor's desk.

With a clear-cut majority of the legislature in favor of the measure, the governor's veto aroused the Michigan Bankers Association to "all-out" war. Bankers in hundreds of small towns, fearful that a spread of chain banking would ultimately undermine their independence, brought pressure on upstate legislators whether Republican or Democrat. Enough pledges to override the veto where obtained by the state association.

But Governor Van Wagoner had his own ideas. When the legislature convened for the final session prior to scheduled adjournment, Republicans discovered that the executive office had exacted a promise of cooperation from enough Democratic legislators—pledge or no pledge—to stymie their well-laid plans.

Just to show their fettle, members of the house over-rode 13 of the governor's vetoes. However, the Senate Republicans majority was less certain and in the only test vote there the Republicans fell short of a two-thirds margin necessary to over-ride a veto of an act to expend state police powers in handling of riots and labor disputes.

A legal complication arose in the fact that the legislature previously had agreed by resolution to adjourn at noon Wednesday, July 9.

Attorney General Herbert J. Rushton, a Republican, tried to be helpful with an informal opinion that the house should suspend rules, rescind acceptance of a date set by the senate for sine die adjournment, and substitute a recess instead.

When Lieut. Governor Frank Murphy announced at 12:30 p. m., that "The Senate is adjourned", Republicans quickly squelched his decision. Byron L. Ballard, the governor's legal advisor, thus opined: "It is our contention and belief that the legislature is not legally in session. There is not much use discussing actions which have no legal force."

All of which was interesting, but merely muddled the muddle a bit more.

A factor in the legislative situation is the popularity of Melville B. McPherson, state tax commission chairman, with upstate Republican legislators.

McPherson, always a staunch advocate of "home rule" as against centralized state control, has been the friend of small town law-makers in their effort to retain (or get back) state aid for local governments.

He has been a candidate for governor in competition with the late Frank Fitzgerald and later with Luren D. Dickinson, but he always has managed to keep in the good graces of the administration in power. However, McPherson's term will expire in September, and he knows that he cannot be re-appointed.

Under the state act setting up the centralizing tax collection system, the position of tax director is to be filled by the civil service commission and the act states that the commission must select a man who has had years of experience in tax matters. McPherson is one of the few persons in Michigan who could qualify. Another individual is Louis Nimms, now director of the state sales tax administration and former state administrator of federal public works.

However, the 90 day recess, just ordered by the legislature, will tie the governor's hands in appointing McPherson's successor, and McPherson thus is likely to continue to draw his state checks each month and to remain at Lansing as the unofficial spokesman of rural interests.

Whether public reaction will be favorable or unfavorable to the legislative muddle was a topic of discussion among Republican elective officials, several of whom were apprehensive that the voters will not take well to it.

For example, here are some of the complications:

If the federal government decides not to continue matching old age pensions until Public Act No. 186 takes effect (90 days after final adjournment) the recess would cost the state approximately $5,000,000 in federal aid.

The state revenue department cannot be established until January.

The anti-sabotage law will not go into effect until January.

Milk prices also cannot be fixed by the new milk marketing act; farmers may be deprived of these benefits for another 90 days.

On the other hand, Republican legislators point out the international situation is rapidly becoming critical; that there has been much press comment on the possibility of a special session to consider financial matters and that all in all, the legislature should not adjourn during such an emergency.

Whatever your verdict may be, the fact still remains; Michigan's bi-partisan government is a myth. The political feud is on at Lansing.

STATE BOARD POINTS OUT DANGERS OF SMALLPOX

In six months, Michigan has had more cases of smallpox reported than in the whole of last year, says the State Health Department. For 1940, the year's total was 76; from January through June of this year, 90 acses were reported.

"Smallpox is unnecessary, since vaccination prevents it," says Dr. H. Allen Moyer, state health commissioner. "Yet since everyone is born susceptable to smallpox, there is the problem every yera of protecting 100,000 new babies in Michigan, and of renewing protection for school children and others.

"Babies should be vaccinated at six months, but we no longer say that vaccination gives protection for life. Its protective power falls off during the years. Vaccination should be repeated the first time when the youngster enters school, and some health departments have carried on vaccination programs so thoroughly that nine out of ten school children are protected against smallpox."

In the modern vaccination, the skin is not cut or broken, and the vaccination mark is about the size of a small pea. When the vaccination is repeated, there is no new mark if immunity is still present.

Whenever an outbreak of smallpox occurs, as it has recently in Port Huron, there is a rush of men, women and children to be vaccinated. In Port Huron, the city health officer engaged three physicians to help him in vaccination clinics at all the city's schools, and several thousand children and adults were vaccinated. Industrial workers were vaccinated by plant physicians, helping to check the outbreak and preventing loss of time in defense and other factory work.

$132 SUBSCRIBED

The sum of $132 was raised in the recent drive for cancer control held in the county. Nearly half of the amount was given by the County Nurses Association; the remainder from various contributions and benefit parties. Mrs. Guy T. Pocklington, county chairman is one of three women in the state to receive special recognition for holding that position for five consecutive years.

Illuminated Paint To Be Used on Highway

"Illuminated" paint for no passing zones is making its first appearance on Michigan's highways, it was announced this week by State Highway Commissioner G. Donald Kennedy.

"By the use of glass bead paint," the Commissioner explained, "it is possible to obtain a much greater reflectability than with ordinary paint."

Kennedy stated the "reflector paint" is being placed on centerlines on US-16 between Lansing and Detroit, and that US-10 and US-112 would be the next routes to be so treated.

"If the paint proves satisfactory on these three highways," Kennedy said, "it will gradually replace that now being used on other highways throughout the state."

It was pointed out that the glass bead paint, which has proved highly successful on the Pennsylvania turnpike, is not only more visible at night because of light being reflected from the glass beads, but also could be seen more clearly than ordinary paint in the daylight.

The paint, bright yellow in color, is applied in the customary manner. A container for the small glass beads, which compare in size to granulated sugar, is installed on the paint spreader; this permits the beads to be spread on the wet paint, providing reflectability not present with ordinary road markings.

According to reports received by the state highway department, the new paint has approximately three times the wearing quality of ordinary paint; and while somewhat more expensive to apply, its durability is expected to make it no more costly than that now used.

WINDSTORM COMPANY MADE FINE RECORD

The July meeting of the directors of the Windstorm Insurance Co., of this city was held at their offices last week. They were pleased to learn that the company had paid since the November 11 storm, 30,474 adjusted losses, amounting to $1,190 ,755.20 and still had a cash balance of $368,366.81! Over $1,000,000 of that loss was due to the November storm. Judging by past experience, the large cash balance will be more than sufficient to meet all demands until the new assessment of 15 cents on the $100 shall be collected. The only unpaid claims are for a small number of recent losses which have not yet been adjusted.

The 30,474 claims are more in number than the total for the first 37 years of the company's history. Every one was paid as soon as the loss was adjusted. For a company to do that and still have a cash balance of over $368,000 is very creditable. Every policy holder must be pleased with, and proud of, that record. It proves that the officers and directors have wisely managed the company's business.

The directors unanimously voted last week to levy the usual 15 cent assessment next fall on the nearly $460,000,000 insurance carried by the company. They are confident that this assessment and the large cash balance will more than provide for losses during the following year. It will be good news to the company's 1125,000 patrons that the assessment rate will not be increased. The officers and directors with more than sixty years of company history to guide them, are confident that that assessment will be ample.

Public Health Service Offered In 65 Counties

Two health departments established in Washtenaw and Kalamazoo counties July 1 have increased to 65 the total of counties in Michigan having full time public health services. This leaves only 18 counties without such protection.

"In both cases, the new health units will have for immediate attention problems connected with national defense activities," says Dr. H. Allen Moyer, State Health Commissioner. "Added health responsibilities in Kalamazoo county are due chiefly to the big Army camp at Fort Custer and in Washtenaw county to important industrial expansion, especially the Ford airplane program at Ypsilanti.

"Kalamazoo's health department will be the first city-county unit in Michigan," Dr. Moyer pointed out. "In several instances in the state, full time city and county units are operating independently. The Kalamazoo city-county unit will be the only one to have a single director and services equally available to city and county residents. The director of the city-county unit will be Dr. I. W. Brown, former Kalamazoo city health officer who has just returned from a year's study in public health."

The new unit in Washtenaw county was authorized May 13 by the board of supervisors but a director has not yet been chosen.

The two new units in Kalamazoo and Washtenaw counties bring to three the number established in the last six months. A department was established in Shiawassee county January 1. In the last five years, 13 full time county or district departments have been established. In the northern part of the state, two, three and even four counties have joined to establish a department.

The first county health department in the state was established in 1927 in Oakland county. The large expansion in health units began when the Children's Fund of Michigan in 1929 and the W. K. Kellogg Foundation in 1931 gave financial assistance to establish and maintain county and district full time health services.

LOCAL A & P STORE JOINS IN STAMP SALE

Frank M. Rice, local A & P manager, today reaffirmed his support of Uncle Sam's National Defense Program and announced Defense Savings Stamps in 10c and 25c denominations are on sale at his store, 120 E. Chicago Blvd.

Managers of some 350 other A & P stores in the state also are participating in the federal government's drive for funds to help defray defense expenses, and their newspaper advertisements and store displays focus attention of consumers on the program, Mr. Rice said.

It was explained all are currently engaged in an intensive A & P national campaign to stimulate increased consumption of vitamin-bearing fruits and vegetables in a move to help bolster the federal Food Defense Program for improving national diet and health standards.

Extension Courses Are Offered For Nurses

Extension (refresher) courses for graduate registered nurses are being started throughout the State of Michigan. Nursing arts classes will be taught by registered nurses. Special lectures on phychiatry, communicable diseases, nutrition, materia medica, and obstetrics will be given by specialists.

Nurses who have been registered in some state, who are in good health and are willing to help in this national emergency are urged to take advantage of the opportunities offered in this program. This program is sponsored by the Michigan State Nurses Association and is paid for by funds allocated by the State Board of Control for Vocational Education and by a grant to the Michigan State Nurses Association by the W. K. Kellogg Foundation of Battle Creek. Wayne University, University of Michigan, and hospitals with schools of nursing are co-operating in this state wide program.

Mrs. Thelma Brewington is the coordinator of the program for the state. Her office is at 212 Capitol Savings and Loan Building, Lansing, Michigan. Requests for application blanks for class enrollment are being received at the above address, and information locally may be obtained from Miss Gertrude Spaulding superintendent of Tecumseh Hospital.

It Won't Be Long Now!

Hands are speeding swiftly around the clock! The sands of time are running low! Only four and one-half more days and then the "Babyland Revue" will come to a stirring climax!

Who will win? Who can win? The answer lies in the sealed ballot box, and time alone will tell.

One thing, however, is certain. When the contest went into the ballot box a week ago, the race was close and keen The margins of votes separating nearly a dozen candidates were small indeed, and treading on the heels of these candidates were others so close behind they could easily bridge the gap and attain leadership.

The "Babyland Revue" will end next Tuesday afternoon at two o'clock. Shortly thereafter the winners of honors and hundreds of dollars in cash will be determined by a final count of votes.

Sponsors, make these next four and one-half days big! Spend every possible moment in getting every possible subscription. Forget the side issues. Hew to the line. Get busy now—keep busy right up to the last minute—THAT'S THE WAY TO WIN!

FOUR AND ONE-HALF MORE DAYS... MAKE THEM COUNT!

A. & P. Adopts 5-Day Policy

SHORTER WORK HOUR PLAN; TRIED OUT IN EAST, WILL BE EXTENDED THROUGHOUT ORGANIZATION

DETROIT, July 17.—John A. Hartford, president of the Great Atlantic and Pacific Tea Company today announced the adoption of the five-day work week for retail store employes as the company's national policy.

The five-day 48 hour week, first in the history of the retail food business, was introduced on an experimental basis in A. & P. stores in a few eastern states two months ago. Hartford said and will now be extended throughout the entire A & P organization "as far and as fast" as possible.

"Frankly, however, we must recognize," Hartford said, "that in a few states and some cities the introduction of this shorter work week may be delayed or even prevented by state and local labor regulations and local agreements."

In Detroit, John Toolin, president of the Central Western Division, said that the shorter week will be in effect before Labor Day in A & P food stores in hundreds of communities throughout this area. He pointed out that the pay of employes affected by this policy will remain the same as for the six-day week and although employes will work only five days a week, stores will continue to service customers six days as usual.

"The new schedule is the latest step in the company's traditional policy of creating and maintaining for its employes the highest wages, shortest general hours and best working conditions in the industry," Toolin said. "During the past 25 years A & P has repeatedly broken with the traditional dawn to dusk working schedule of the food business, and since 1916 we have been able to reduce our store employes' work week by 34.2 per cent, or a total of 25 hours."

"These improved working conditions have never been achieved at the cost of increased prices to our customers or lower returns to our suppliers. They are the employes' share of the general reduction in operating expenses resulting from the consistently increasing efficiency of our method of distribution.

"The A & P's annual report to stockholders, issued last month, reveals that there is no conflict between low prices and good working conditions. It shows that our customers are currently enjoying the lowest retail prices in realation to our costs in the history of the grocery industry; that during 1940 our growers and shippers received 13 per cent more of the consumer's food dollar than they did in 1937; and that we were still able last year to give our employes actual wage increases and added compensation totaling more than $4,000,000."

Mr. Toolin pointed out that the new A & P schedule is in sharp contrast with the latest figures for working hours in the food industry, contained in a survey made a year ago by a group of Washington, D. C., labor unions which revealed that the average working hours for retail employes in individual grocery stores in that city were 63 1-2 hours and for food chain store employes 54 hours.

Gary LeRoy Van Valkenburg is another Babyland Revue candidate who has announced his intention to turn the last period of the contest to good account, and pile up an imposing and winning total of votes during the final week. Gary LeRoy is the handsome and genial four and one-half months old son of Mr. and Mrs. Roger Van Valkenburg, RFD No. 1 Adrian. Grand parents are Mr. and Mrs. Leon Van Valkenburg, RFD No. 1 Tecumseh, and Mr. and Mrs. Roy Benedict, RFD No. 3 Adrian. Great grandparents are Mrs. Grace Benedict, RFD No. 3 Adrian, and Milo Hart, RFD No. 1 Adrian.

The title of this snapshot might well be "In the Good Old Summer Time," and in the picture the title role is played by Mary Louise Kotts, three and one-half year old daughter of Mr. and Mrs. Ned Kotts, RFD No. 1 Tecumseh. Mary Louise has blue eyes, blonde hair, and she's a charming and capable Babyland Revue candidate who plans to finish the contest with a last minute rush of prize winning votes. Grandparents of this tot are Mrs. A. Kotts, RFD No. 1 Tecumseh, and Mrs. Jennie Brown of Tecumseh.

Collier Studio photo

Well up in the voting list and coming down the last lap with every prospect for a winning finish is this sweet and pretty tot. Her name is Phyllis Joanne Craig, and she is the two and one-half months old daughter of Mr. and Mrs. Harold Craig, RFD No. 1 Britton. Phyllis Joanne is a great favorite in her neighborhood, and she has a lot of boosters who are cheering her on to a successful outcome in her final drive for votes.

Drive Thermometer Hits $4,000 As Recreation Campaign Begins

OVER 30 PER CENT OF NEEDED FUNDS SUBSCRIBED ON OPENING DAY.

With nearly three days to go, Tecumseh's drive for $13,000 for the improvement of its new Community Recreation Center—a natural amphitheatre immediately north of the high school— is more than 30 per cent subscribed, Wade L. Jones, chairman of solicitation campaign, declared this morning.

"We're going over the top, and I think we'll do it by Saturday night," was Mr. Jones' prediction. "The public is enthusiastic, parents realize that we need a community recreation center, they want to assist.

"We've had hundreds of dollars subscribed without solicitation, and now that we are asking for 'a day's pay so the Kids can play' there will be but few in Tecumseh who will not dig down in their pockets to make the campaign a success."

The actual job of soliciting funds started yesterday morning, some 10 hours after the close of a pep meeting at the high school, addressed by Judson J. Hyanes, director of athletics at Western State College, Kalamazoo. Mr. Hyanes, a veteran coach, instructor and world war director of recreational activities at Camp Custer, stirred the 100 workers with a 30-minute talk, Tuesday evening.

"Your town is to be congratulated," Mr. Hyanes told the assembly, "for its foresightedness, its ambition, its desire to do something for its youth.

"In what is known as your area you have thousands of youths who have reached the age of 16 years or more, for whom you have made an investment, as parents, of more than $1,000 each. Isn't it worth your time, your money, to see to it that these young men and women are given an opportunity to enjoy supervised recreation rather than depend upon the public resorts, motor cars and idle time to lead them down the road to delinquency—the most expensive of all social ills known to society."

Hyanes also pointed out the advantages of the recreational center to adults of the community—a spot where they may play softball, tennis, horseshoes and other games —and of the possibilities of night softball, football and tennis, on lighted fields at night.

Communities, he declared, are rapidly realizing that they must have recreational centers if they are to keep their youth happy; that they must have spots where men and women can relax and play after a day's work has been done.

Other speakers at the meeting included John Larsen, a member of the school board, who has been active in the recreational program. W. L. Berkhof, superintendent of schools. The Rev. Edward Escolme, who pointed out the advantage of such a center for the holding of public religious meetings "Bill" Leonhardson, a graduate of 1941. C. O. Butler, a member of the drive campaign. C. M. Brown, general chairman of the Recreation Center and L W. Larsen and Geo. Isaacson, co-chairmen with Mr. Jones. Robert Moore and William Bruce also demonstrated the new method of solicitation with a short dialogue.

Mr. Jones and the two co-chairmen of the drive succeed the late Karl M. Schneider, who died suddenly, last week Tuesday. Mr. Schneider had complete plans for the solicitation work, and the campaign originally was scheduled to start a week earlier, but was postponed because of his death. At Tuesday's meeting, Mr. Jones paid tribute to Mr. Schneider's memory, and the assembly stood for a few moments in silence.

The job of raising the $13,000 fund is in the hands of a group of 103 solicitors, headed by nine captains. Cards, bearing the names of all residents, were distributed at Tuesday's meeting and it is the work of the solicitors to call on each resident in quest of finances.

"The success of this campaign, the realization of a recreational center such as is planned, a spot not only where the children may play but where the grown-ups of the community may spend their time at plays, pageants, religious meetings, etc., will give Tecumseh a distinct edge over almost any other community of a like size in Southern Michigan," Mr. Jones declared.

"This Recreation Center is not merely an athletic field; its not a place for high school sports alone; its not merely a place to play games, its a place where both young and old may relax—a place that will bring Tecumseh and Lenawee county pride, privileges, and enjoyment.

"You may be asked to give a few dollars. Give them cheerfully, gladly. And in a year, when you ride past the park, or participate in some of its activities, you'll feel that its a part of you, that you had something to do with its inception. It's giving that makes a fellow happy; its cheerful giving that makes this world a better place in which to live.

"Tecumseh, for generations, has had an eviable reputation for giving whole-heartedly. She'll not fail in this enterprise."

Checks toward the Center's improvement should be made payable to the Tecumseh Educational Association, the name under which the enterprise has been incorporated as a non-profit organization Contributions may be legally deducted from income, Mr. Jones declared.

Buttons printed in red with the word "Booster" and bearing a picture of an Indian head are being given to all persons who subscribe to the campaign.

A large thermometer, indicating the progress of the drive, has been installed in front of the offices of the Tecumseh Finance Company.

Aid Of Youth Asked In Drive

SCHOOL-WIDE CAMPAIGN TO BE CONDUCTED EARLY IN SEPTEMBER.

The youth of Tecumseh—boys and girls alike—will be given an opportunity to participate financially in the building of Tecumseh's new Community Recreation Center, and as a result, will be asked to contribute to the fund when school reconvences here in September it was announced today.

W. L. Brkhof, superintendent, will have charge of that section of the drive, and the school will be organized in classes, and an effort made to raise additional funds for equipment, it was declared.

"This is not an attempt to get another donation from the mothers and fathers, but rather an appeal to the boys and girls to assist by making a financial contribution," a member of the committee said today. "We'd like to have them start now, saving a few nickles and dimes from their allowance, the money they earn caring for children, carrying papers and doing odd jobs. Then, when school opens in the fall, they will be able to make their contribution, as did their parents."

"Bill" Leonardson, speaking at the Center's pep meeting, Tuesday evening, launched the idea for youth participation. Leonardson declared that "he knew that the youth of the community appreciates what the adults are doing," and expressed the opinion that the serious boys and girls would be glad to contribute.

Scrap Aluminum Drive Locally

WILL BE CONDUCTED HERE ON SATURDAY BY THE BOY SCOUTS.

The people of Tecumseh are being asked to contribute wornout aluminum for national defense purposes on Saturday, July 26, in a drive that is sponsored locally by Mayor J Floyd Elliott and the village council, with the assistance of Boy Scouts. All contributions will be placed in a bin, near the corner of Evans street and Chicago boulevard, later to be shipped to Detroit or Lansing.

"Similar collections are being made in other sections of the county and State," Mayor Elliott said, "and I want this community to do its share to help overcome the temporary shortage of aluminum which is interfering with American defense production.

"Locally, the Boy Scouts are aiding in the drive, and we will finish our work here on Satruday. I am, therefore, officially requesting that every resident who has worn-out or discarded aluminum pots or pans percolators, etc., to place them on their front porches not later than 10 a. m., on Saturday morning, that they may be collected by the boys. If residents will co-operate in this way it will eliminate the need for the ringing of door bells, and assist greatly in speeding up the work."

The mayor also requested the display of the American flag here, Saturday.

It was pointed out that no one will make a profit on the transaction. After the aluminum has been collected from every home in every community it will be placed in the warehouses of waste material dealers designated by the office of Production Management, and then sent to the smelters. The smelters will pay a fixed price for the aluminum and send their checks in payment to the nearest Federal Reserve Bank.

Housewives are warned not to contribute aluminum articles which will have to be replaced by new articles, lest another shortage in some other material develop. Battered pie pans, leaky kettles, discarded radio parts, broken vacuum cleaners, old pots and like are wanted, and needed urgently.

State officals expect Michigan to make a huge contribution, for this is the first statewide opportunity for everyone to help in the defense effort and make a public demonstration of the universal desire to be of service to the United States in this emergency.

Reward Offered for Cemetery Prowlers

Wade L. Jones, village clerk, said today that the village council had posted a $25 reward for information leading to the arrest and conviction of the person or persons guilty of damage to lots and markers in Brookside Cemetery. The ordinance provides a penalty of $100 fine or 90 days in jail, or both, for the offenders.

According to the clerk, the cemetery sexton has found that some persons have made it a practice to drive through the cemetery at night at a high rate of speed, their cars leaving the roadway and knocking down markers and damaging lots. Not only has the offense been committed once, but several times, he said.

Mr. Jones declared that the council is determined to end the practice, and intends to prosecute any person found guilty of the offense.

Herald's Baby Revue History

WINNERS NAMED BY JUDGES; FINE SPIRIT OF FRIENDLINESS EXHIBITED

The Tecumseh Herald's "Babyland Revue" is history. The votes are counted. The final count of ballots, as certified by the committee of judges, appears elsewhere in today's issue and tells the story in detail.

It was an exciting moment Tuesday afternoon when the clock ticked away the final minutes of the contest, and the judges took possession of the sealed ballot box preparatory to making the final count. An unusually large number of babies had been entered and throughout the course of the Babyland Revue interest in the progress of the various little candidates had been running high. Consequently, the results were awaited with keen interest not only by the parents themselves, but also by a legion of friends who had joined the ranks of baby fans.

With the announcement of the final count, congratulations and commendation became the order of the day. Highest praise naturally went to those who captured the highest awards, but there was plenty left over for everybody. Every baby whose sponsor remained active to the finish was a winner, because every active contestant, with one exception, received either a cash prize or cash commission in return for their efforts.

Congregatulations also were in order for the fine spirit of friendliness and good sportsmanship exhibited on e very hand.

The Tecumseh Herald takes pride in the success of the Babyland Revue, which has been pronounced the most worthwhile and interesting newspaper feature yet to be introduced in this territory. As was predicted in these columns we have proved to the world that the finest, healthiest, and most attractive babies to be found anywhere live right here in the Tecumseh area. The enrolling of babies from every section of The Herald territory, and the subsequent publication of pictures of many of these little folks, has enabled us to pay a deserved tribute to the citizens of tomorrow and thus give a needed emphasis to the subject of childhood and the American home.

Through the interest aroused by the Babyland Revue and the efforts of the candidates' sponsors several hundred new subscribers were added to The Herald's family of readers, and to those The Herald extends a word of welcome and the hope they will find their new acquaintance with this newspaper both pleasant and profitable.

The Herald also wishes to thank J. L. Coller, Tecumseh photographer, who did a grand job of posing and photographing the babies for publication. His assistance has been invaluable, and he deserves sincerest praise. Thanks are also extended to the capable committee of judges who made the final count and declared the winners.

In short, to all those who participated and in any way, either directly, contributed to the success of the Babyland Revue, The Herald says a hearty "Thank you."

Garden Club Members Visit Van Hoosen Farm

Tecumseh Garden Club members and several guests made a trip to the 400-acre Van Hoosen-Jones farm near Rochester Friday, where they enjoyed a picnic luncheon and a tour of the farm and gardens in place of the regular July meeting.

Mrs. Alice Van Hoosen Jones and daughters Sarah were the hostesses and took them through the home, a part of which is more than 100 years old, some of the flooring having belonged to a room in which the first Masonic lodge of Michigan met. The rooms are furnished with rare antiques and treasurers brought by members of the family from China and other countries.

Mrs. R K Anderson, conducted a brief business meeting, and after a report on the subject by Mrs. Ralph Helzerman, it was voted to continue the Sunday morning tray bouquetes at Tecumseh hospital throughout the year. Mrs. R S Moore introduced the subject of the eralication of rag weed, which was a most successful project of the club a year ago. The president appointed the civic committee to plan the campaign for this season. Mrs. R W Herrick is chairman of this committee and other members are Mrs. Glenn Van Denbergh Mrs. C. C. Ruppel, Mrs. O. W. Laidlaw & Mrs. W L Jones. Mrs. Frank Buck was appointed to act with this committee and Mrs. Neil Freeman is to meet with them in an advisory capacity.

Among he guests were Mrs. Clifford Kirkpatrick of Adrian, Mrs. H M. Schovel and Sand Lake, Mrs. Grant Nablo of Detroit and Mrs. Percy Cadmus, Mrs. Harold Sisson Mrs. Anna Haughn and Mrs. Lyman Curtiss of Tecumseh.

The next meeting is to be held at the Pulver cottage at Sand lake with Mrs. B J Pulver, Mrs. Lewis Lent, Mrs. R S Moore, Mrs. Robert Moore Jr., and Mrs J M Mulvany as hostesses. The program subject will be rock gardens and papers will be read by Mrs. Donald F. Wright and Mrs. F C Hanna. A potluck luncheon will precede the program.

THE SECRET OF LIFE

What is the real secret of life—the secret of living with one's self and in that inner circle of clam and quiet through which the winds of worry cannot penetrate and which t he storms of discontent cannot shake?

Van Dyke phrased it once as "to have known happiness and never to be afraid of sorrow." If you stop to think it through, that is a charm which any one of us may have. For handiness is not dependent upon material prosperity. Think over the happinesses you have had. How do you remember them? By some possession—or by a snatch of well remembered music the afterglow of a summer sunset—or a hillside white with snow and girdled by black pines, the scent of flowers or of fresh cut grass, a longed for lunch, a quiet companionship—an hour of peace Aren't those the things that spell happiness? Remembered happiness is a jewel whose value grows with the years—but like pearls they must be worn to live.

Guard your happiness by enjoying it to the utmost. Live happily, rejoicing in all of beauty, joy or contentment that comes your way. Do not discolor your happiness with brooding on sorrow to come. And when it does, as it comes to all don't be afraid. Sorrow bravely met is not an enemy but a friend — end a quiet peace for remembered joys. Sorrow is the shading that emphasizes the reality of happiness. If we will face it with courage—sorrow is never greater than we can bear.

Today there are among us many sorrowing hearts. As the war clouds loom closer and the headlines grow darker and larger—the dread of sorrow enters many a home where happiness always dwelt. Youth resents this unseen specter, and those older ones who remember the past too often fear sorrow so deeply, they wrap its grey cloak around before the chill hour arrives. They overlook the years of happiness in fear of sorrow.

The evening prayer which Stevenson wrote for his household in Samoa belongs to us all these days. It was used there when his nearing death would have saddened a lesser spirit and it breathes the comfort of faith we need today.

"We beseech Thee, Lord, to behold us with favour, folk of many families and nations, gathered together in the peace of this roof. Be patient still; suffer us awhile longer to endure and if it may be, help us to do better. Bless to us our extraordinary mercies. Be with our friends. Be wit h ourselves. Go with each of us to rest. If any awake, temper to them the dark hours of watching; and when the day returns to us call us up with morning faces and with morning hearts—eager to labour—eager to be happy if happiness shall be our portion—and if the day be marked for sorrow—strong to endure it."

SELL DEFENSE STAMPS

Thirty-two thousand rural mail carriers are now acting as agents in the sale of Defense Savings Stamps, postal officials have informed the Treasury Department. Demand for the stamps in sparsely settled districts caused the Post Office Department to authorize the carriers to act as salesmen.

The stamps range in value from ten cents to five dollars. Purchasers are given albums in which they can be mounted. When filled the albums may be exchanged for Defense Savings Bonds.

Post Office officials recalled that rural mail carriers acted in similar capacities in 1917 and 1918 selling War Savings Stamps.

This wreck was caused by windstorm April 19, 1941. Total loss was about $5,000 which was promptly paid by this old insurance company. The property was located on section 5, Marion township, Livingston county, and belonged to F. O. VanGilder and Grace Hanson.

WINDSTORM LOSS WITHOUT WINDSTORM INSURANCE IS TRAGEDY

Quite a few people neglect having their property adequately insured against windstorm damage and then when a windstorm comes they lose. Don't be one of those. Be wise. Our service is within your reach and will cost you very little.

This company had about 29,000 claims from the big storm of November, 1940, and all claims are paid in full without borrowing money or making an extra assessment. The splendid financial position of this company and its 56 years of experience give to its policyholders full assurance of sure protection.

If these 29,000 claimants had been without windstorm insurance, they would have lost about $1,200,000.00.

Michigan Mirror

Non-Partisan News Letter

By Gene Alleman

LANSING, July 24—J. Lee Barrett, Detroit's convention go getter and Southeastern Michigan Tourist Association executive, tells this story:

A month or so ago he was appointed by Governor Murray D. Van Wagoner to be vice-chairman of a historical festival to be held next Friday, Saturday, and Sunday at Mackinac Island with Ondians living in tepees along the beaches.

Now, "J.L.B. takes his responsibilities seriously. And when a clubwoman visited his office last week and inquired solicitously for the "low-down" as to what the festival "was all about," the tail an stately Mr. Barrett closed the office door and replied in a confidential low voice:

"This fact hasn't been announced yet, but the truth of the matter is that Governor Van Wagoner is getting weary of things in general and has decided to give the state back to the Indians."

All of which merely illustrates, if any moral is needed, that we Americans haven't lost our sense of humor. "Yoo hoo" may yet save the nation!

An Asset to Defense

In the course of our occasional travels about Michigan we have been deeply impressed, time and again, with two things: (1) Michigan's varied resources such as copper, iron, salt oil, gas, coal and timber, all vital to our present national defense (2) Michigan's tremendous recereational resources diet. Avoid excessive smoking laxation.

All of us recognize, as a matter of course, the urgent need of copper and iron and other products to our present re-armament effort.

But a good case might be made that many of us do not appreciate sufficiently the importance of recreation and relaxation to defense.

Hunting and Fishing

At the recent convention of the American Medical Association, Dr. Edgar V. Allen, chief of the medicine section of the Mayo Clinic, warned industrial managers and workers of inefficiency due to nervous and physical strain. A paraphrased condensation of Dr. Allen's suggestions follows:

"Eat temperately, fast occasionally and eliminate fats from the diet. Avoid excessive smoking. Develop a hobby—digging a dahlia bed, or any other that affords relaxation.

"Try hunting and fishing as a diversion. Play golf, but for recreation and not for low score. Stay in bed an occasional morning. Organize work insofar as possible on a five-day week and eight-hour day. Seek spiritual stimulation."

Most Favored State

And so, while we realize soberly the pressing call for more tanks more airplanes and more guns, we can well remind ourselves that Michigan should utilize in year-round style its thousands of lakes and its many parks and forests if it is to achieve maximum potentialities as an "arsenal of democracy."

Just because they are commonplace, don't overlook these facts:

Michigan is the most favored state in the north temperate zone. Its climate is thoroughly air-conditioned and thermostatically controlled by the waters of the Great Lakes—Erie, Huron, Superior and Michigan. (Every school child knows that the lakes absorb heat from air warmer than themselves and also warm colder winds.)

Our growing season for food crops is from about April 25 to October 22, longer and more moderate than that in the average northen state.

3,177 Miles of Coast

Our coast line is 3,177 miles long an astounding fact in itself.

The Au Sable, nationally famous as a trout stream, has a drop of 600 feet.

Rivers of the Upper Pensinsula tumble boisterously over many scenic waterfalls in their wild haste to reach the lakes.

The Porcuping mountain area, near Ontonagon and Ironwood, contains the largest tract of virgin hardwood forest remaining in the United States. (And do you know that House Bill 3793 and Senate Bill 1131 at Washington would ment ownership and would ensure logging on a selective, sustained preserve this forest under governyield basis?)

Whn the last glacial retreat occurred some 10,000 to 35,000 years ago (so the geologists insist), the ice sheets left us with more than 5,000 lakes. Most of these lakes possess sand beaches, an incidental matter that has been worth millions of dollars to Michigan.

The Keweenaw peninsula, north of Houghton, is a volcanic formation. Scattered remnants of Archean rock, the oldest earth rocks known, have been found in the Upper Peninsula.

Forest Wonders

A tree is a tree, but this was news to us:

In all of Europe there are only 80 species of trees; Michigan has 85 species indigenous to Michigan soil! Michigan's forest, shrub and herbal growth has been called the greatest of its kind in the entire temperate zone.

Wild flowers grow here in great profusion.

More widely known are these fishing and hunting facts: More than 500,000 persons are licensed to fish in Michigan annually; we lead the nation in number of hunting licenses, the annual bag of deer alone being about 40,000.

Bear are fairly numerous in both the Upper Peninsula and in northern sections of the Lower Peninsula. Tell that to your out-state skeptics!

Scenic Route To Be Extended

PLAN IS NOW UNDER CONSIDERATION OF HIGHWAY DEPARTMENT

Extension of the Mackinaw scenic shortway route north of Midland, together with a request that the route be designated by number, is being considered today by State Highway Commissioner G. Donald Kennedy.

Meeting with a delegation of 15 members of the Mackinaw Scenic Shortway Route Association, Kennedy stated it would be impossible for the state to take over county roads now a part of the route.

The Commissioner explained, however, that it was possible the route could be designated by number all the way from the Ohio line instead of by the present "M" signs that have been erected by the association.

Said Kennedy:

"To do this, it would first be necessary to decide upon a number that would meet with the approval of all the counties involved and obtain their cooperation in the plan."

Relative to extension of the route Kennedy suggested that state highway department road engineers be permitted to study the proposed route and submit their recommendations. He explained that possible improvement of M-47, requested by the association, hinged on extent of demands by the War Department for access highways.

"At present" the Commissioner explained "all Federal funds must be spent on our military network. As soon as Congress acts on the $287,000,000 highway appropriation bill now under consideration, we will be in a position to go ahead with plans on our regular construction program."

Heading the delegation, representing Lenawee, Jackson, Ingham and Shiawassee counties, were Perry Northrup, Grass Lake, President of the Association; Carl F. Cooper, Grass Lake, Secretary-Treasurer; James Lock, Perry, Vice-President; and Mayor J. E. Ellis, Sr., of Owosso.

Kennedy was advised that more than 400 signs designating the route, located between US-23 and US-2 7 had been erected by the association during the last three years.

Members of the association claim it is one of the most beautiful scenic inland highways in the state and serves resort territory not available from other trunkline routes.

Obituary

MRS. ELIZA KERR

Mrs. Eliza Lowry Kerr, youngest of seven children of James and Eliza Loury was born in County Autrim, Ireland, December 22, 1855, and passed away July 14, 1941, at the home of her son Raynor Kerr in Raisin township. She came to America in 1871 and on March 20, 1890, was married to Mr. Kerr. They made their home in Macon township for 46 years until the death of her husband January 24, 1936. Since that time she had made her home with her son. She was a member of the Presbyterian church from the time of her arrival in America.

Survivors are one son Raynor of Tecumseh, two daughters Mrs. Maggie Frost of Tecumseh and Mrs. Jennie Boyce of Waterport, N. Y., 10 grand children and two great grandchildren.

Funeral services were held July 16 at the Niblack Funeral Home in Britton. Rev. Edward Escolme officiated and burial was in Brookside cemetery in Tecumseh.

Let's not worry too much about what the world is coming to. It may run into a detour any minute.

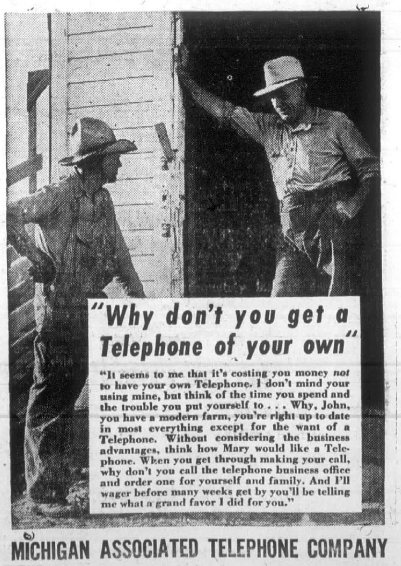
WADE L. JONES,

Village Clerk.



"Why don't you get a Telephone of your own"

"It seems to me that it's costing you money *not* to have your own Telephone. I don't mind your using mine, but think of the time you spend and the trouble you put yourself to . . . Why, John, you have a modern farm, you're right up to date in most everything except for the want of a Telephone. Without considering the business advantages, think how Mary would like a Telephone. When you get through making your call, why don't you call the telephone business office and order one for yourself and family. And I'll wager before many weeks get by you'll be telling me what a grand favor I did for you."

"Truth" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, July 27.

The Golden Text (Psalms 117:1-2) is: "O praise the Lord, all ye nations: ... For his merciful kindness is great toward us: and the truth of the Lord endureth for ever."

Among the Bible citations is this passage (Psalm 33:4,5): "For the word of the Lord is right; and all his works are done in truth. He loveth righteousness and judgement: the earth is full of the goodness of the Lord."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.466): "Truth is immortal; error is mortal. Truth is limitless; error is non-intelligent. Moreover, Truth is real, and error is unreal."

INDIAN LORE

It may be "old stuff" also to you —but maybe news to your guests —that Longfellow's "Hiawatha" was based on the habits, customs and songs of the Chippewas who dwelled in Michigan.

Thousands of copper hammers have been found in and about primitive copper mining pits in the Upper Peninsula, proof that the Indians utilized this metal many centuries ago.

Descendants of these same Indian affairs, there were 4,530 Indians in the state for the year ending June 30, 1939. Collectively they own some 13,000 acres of land.

Michigan Indians were transformed from an agricultural to a nomadic hunting people by the European demand for furs. Thus, Fort Mackinac was established to guard the Northwest's fur trade; John Jacob Astor founded the American Fur company with headquarters on Mackinac Island, (The original building is there today).

These facts a few out of many hundreds, may present a new light on Michigan's recreational resources which you will find everywhere.

As a patriotic remedy for the war jitters, we prescribe the Michigan official motto:

"If you seek a delightful peninsula, look about you."

Wonder what ever became of the old-fashioned boy who could play a Jews' harp?

Remember the time when more automobile drivers than pedestrians were seen under automobiles.

Enough aluminum for 6,000 coffee percolators is needed in making a modern bombing plane.

Industrial research has developed a new synthetic rubber compound which "welds" fibers together, greatly adding to the life of the resulting fabrics.

The growth of the aircraft industry in the United States has been tenfold in the past 30 months, compared with a sevenfold increase in the shipbuilding industry during the entire World War.

DEFENSE on the farm begins with GOOD BUILDINGS

Today, as never before in the history of the nation, its citizens are defense minded.

And, as in years gone by when this Nation was involved in other wars, its citizens look to the farm as the "first line" of home defense. They look to the farm for food, so necessary for public health; to the farm for the security of the Army and the Navy.

And the wise farmer is defense-minded, too. He s preparing to meet this emergency by keeping his property in good condition, his buildings in repair.

To the farmers in this trading area we say, don't neglect your farm buildings. Repair them this summer and fall, have them in condition to withstand the weather

For complete farm repair service—lumber, cement, roofing materials and hardware—call on us. We are always at your service.

ANNUAL SCHOOL MEETING DISTRICT NO. 7.
Tecumseh, Mich.
July 14th, 1941.

Meeting was called to order by President P. C. Satterthwaite at 7:40 o'clock P. M.

The minutes of the last annual meeting were read and approved.

The secretarys, the treasurer's and Librarian's reports were read on motion adopted.

Supt. Berkhof read quite a complete report of the school work, its activities, and accomplishments during the past year.

The meeting then proceeded to fill the vacancies caused by the expiration of the terms of office of P. Patterson and L. E. Lindsley. The president appointed Lillard Brown and Charles Mensing as tellers and called for nominations to fill the vacancy caused by the expiration of the term of office of Trustee Patterson The name of C. K. Touborg was placed in nomination. There being no other nominations the tellers were instructed to cast the unanimous vote of the meeting for Mr. Touborg to be trustee of the District for the ensuing three years. The name of L. E. Lindsley was placed in nomination to succeed himself as Trustee of the District. There being no other nominations the tellers were instructed to cast the unanimous ballot of the meeting for L. E. Lindsley as trustee of the District for the ensuing three years.

There was a discussion as to the financing of the Tecumseh Public Library from the district's funds, now that a High School library has been installed and in operation. The president appointed a committee of three to investigate into the school districts responsibility in acquiring the present Library Building—the committee to consist of H. H. Hanna, Fay Whelan and Mrs. R. H. Moore.

Meeting adjourned.

C. F. Patterson, Sec'y.

Young Tells Of Camp Life

FORMER TEACHER HERE, NOW AT FORT CUSTER, WRITES ABOUT ARMY.

Jon Young, a former instructor in Tecumseh high school, now a selectee at Fort Custer, Battle Creek, in a letter to The Herald, tells of a soldier's life in the Army.

Mr. Young's letter follows:

My dear friends:

Knowing that many of you have sons, relatives or friends in the army, I have decided to write and tell you something about life at Fort Custer.

At the outset I must confess that any knowledge of the Fort is very limited because I am still a very green "Rookie." But even a Rookie has much to learn the first few days and a host of impressions are soon gathered.

Despite the fact that the average selectee seeks to adjust his mind and affairs to meet an entirely new life, the first few days present a series of situations that are bewildering, to say the least. Just as any new environment or job, the army has a course of "the ropes" that you must learn. For instance: you may not be told to get up at 5:30 every morning, but you soon learn. You soon discover the lights go out at nine o'clock and you must be in bed when they have bed check at 11 o'clock. You discover that K. P. is the bane of every soldier's existence and that the canteen closes at 10 p. m. You discover that too many questions are definitely out of order, that every cigarette butt must be picked up the following morning; and the military police will give you an escort back to camp if you try to leave on Saturday before noon.

Upon first arriving at Fort Custer, the buildings all look alike and you feel as though the Army is really getting your number. After being thoroughly inspected at the induction center, leaving your finger prints and having every missing tooth recorded by number, you have yet to have your intelligence tested by counting blacks and working problems. This is followed by an interview that almost makes you feel important. However, your ego is bounced to fall when they tell you that for 13 weeks you must undergo a period of basic military training.

(And by the time you have swished the mop and flourished the broom as many times as I have you feel that the number hanging around your neck is of some sinister connection).

Many people ask about our quarters and the food.

When the selectee arrives at the Fort he is taken to the Reception Center where he is outfitted and classified. Here he remains about three days. From here he is shipped to a camp that becomes his permanent quarters.

All soldiers are housed in barracks. The barracks here house 63 men. At the Reception Center there are about 20 barracks and many more are under construction. The cots are clean and comfortable. The latrives are clean and there is always hot water. When one reads a history of the U. S. Army he realizes that clean sheets and pillow cases, plenty of towels are a luxury indeed.

The army is noted for its cleanliness, every morning we make our cots and mop out the entire barracks.

Every soldier likes to hear the call Chow. It doesn't take the lines long to form in front of the mess hall. The Reception Center has two large mess halls.

From what I had heard before entering the Army, I didn't expect much as fa ras food was concerned but I was pleasantly surprised Evidently there has been an improvement.

The meals are substantial and well balanced. Let me tell you what we have today. Breakfast: bacon, french toast, cereal (generally oat meal), fruit, milk and coffee (I can't say much for the coffee.) Lunch (really dinner) roast beef, mashed potatoes and gravy, soup, beans, lettuce salad a pickle, bread and butter, apple pie and lemonade. Supper! Corned beef and cabbage, potatoes, carrots, bread, chocolate pduding, iced tea. Not bad eh!

In the evening you can wander up to the Canteen and buy just about everything from 3.2 beer to underwear.

Well, perhaps this will give you a glimpse into army life.

In my next letter I want to tell you something about the army's interest in your health, the service club, the meaning of Pitt Detail, the miseries of K. P. and some interesting personalities.

Yours for American Democracy,
Private Jon Young.

State Issues Dog Warning

DON'T SHOOT THE DOG THAT BITES YOU, BUT TIE HIM UP.

If you have a mad dog scare these hot summer days, don't shoot the dog that bites you but tie him up. Then you quite likely won't have to have Pasteur treatments, says Michigan Department of Health.

"Tieing up a suspected dog is a sure way of finding whether or not Pasteur treatments are called for, since the dog if mad dies within ten days," says Dr. H. Allen Moyer, State Health Commissioner. "As long as the dog lives, there is no need for Pasteur treatments for anyone it has bitten, unless the bites are about the head and face. In that case, treatments should be started immediately, but stopped if the dog remains normal for ten days. Starting treatments at once for face bites is a necessary precaution, since the virus if present in the dog's saliva can reach the brain along a pathway of nerves that is very short.

"When dogs are shot or when they cannot be found after biting someone, the physician will feel that Pasteur treatments are necessary, since no one can be sure that the dog was not rabid. That's why so much more rabies vaccine is used in Michigan than would be needed to treat persons actually bitten by mad dogs. The unnecessary treatments are an expense, a discomfort and there is even a slight possibility of vaccine reaction.

"In recent months, dog heads found positive for rabies on laboratory examinations have averaged one a day—but the number of persons starting Pasteur treatment has been at least ten a day and sometimes is 25 or more a day.

"Hot weather will mean more dog bites, although not necessarily more rabid dogs. For that reason, it is particularly important to avoid unnecessary Pasteur treatments. For peace of mind and for better protection, tie up the biting dog and don't rush into treatments unless the bites are about the face."

Dog heads found positive for rabies are more numerous now than at the end of the 47 county quarantine which ran from April into September last year, but the total of 30 in April and 28 in May is less than a third of the number found each month before the quarantine was established jointly by the Departments of Health and of Agriculture. In addition, an unknown number of dogs lie of rabies without confirmation of the infection by laboratory examination.

So far in 1941, the Department of Agriculture has established quarantines in seven areas at the request of local authorities, each for 60 days. The areas follow: one township in Washtenaw county, five townships in Berrien, three in Clinton, three in Eaton, four in Ingham, and the whole counties of Saginaw and St. Clair.

LEARNING ABOUT WAR

Special to The Tecumseh Herald

FORT BENNING, GA., July 24—Second Lt. David O. Laidlaw, son of Mr. and Mrs. O W Laidlaw of Tecumseh, Michigan, is learning about lightning-war with the Second Armored Division here.

Just graduated from Michigan State College, Lieutenant Laidlaw is being taught to drive the vehicles and shoot the weapons of armored warfare. He will complete the four-week course here in time to take part in mid August manuevers in Louisiana. He is assigned to the 82nd Reconnaissance Battalion for a year of active duty from the organized reserves.

Mr. and Mrs. Laidlaw live at 1238 Third Avenue, Columbus, Ga.

IN MEMORIAM

He took life with a lusty
stride;
He spread his good deeds
far and wide;
He believed that men should
be strong and free,
That family and work and
community
Should be served with an
earnest will.

It wasn't enough to just
provide,
Or simply ride a successful
tide.
He gave his time to a worthy
cause
He helped to keep and
improve the laws.

The man passes on, but not
his deeds,
It's the man who gives, that
the world needs.
His spirit remains to
remind us all
To give of our best
be it great or small.

Written in memory of Karl Schneider who left us July 15, 1941.

NINETY - FIRST YEAR— NUMBER FORTY FOUR | TECUMSEH, MICHIGAN, THURSDAY, JULY 31, 1941 | FIVE CENTS PER COPY.

Athletic Fund Is Near $7,000

LESS THAN 20 PER CENT OF LIKELY CONTRIBUTORS AS YET CONTACTED

With less than twenty per cent of the likely contributors to the Tecumseh Recreation Center fund yet contacted, Wade L. Jones, general chairman of the campaign to raise $13,000 for the field's improvement, said today that the drive was more than half way over the top.

The weather has been hot, in fact so hot that some of the solicitors have not worked as rapidly as they would have ordinarily and it is for that reason that the drive is progressing rather slowly," Mr. Jones said. "However, when you consider that only one-fifth of the persons who are likely contributors to the fund have been approached I believe that we have made a good showing, and that we will reach our goal."

Mr. Jones said that he had asked all team captains—there are nine of them—to report to him tonight on the progress they have made this week. The fund total this morning, he said is near the $7,000 mark.

"There's real interest in the campaign, even the children are taking part in the drive to make it successful," Jones said. "Monday two little girls, one eight, the other ten, came to my office with 40 nickles. It was their allowance, they said, and they wanted to become "Boosters" by contributing it.

"Another lad, 12 years old, who carries papers, and who earned a dollar last week, made his contribution. I could go on endlessly and tell you of similar cases. Two men from Adrian, they don't even live here, donated $5 each, just to be 'Boosters' and many other men and boys, who find it difficult to give money, are donating their time, working at he field.

"You just can't beat this spirit of cooperation," he continued. "The field is needed here and the pubic recognizes the fact. Everyone is putting his shoulder to the wheel to make the campaign a success and without doubt we'll have reached our goal in another week or 10 days."

Perry Hayden, chairman for committee soliciting funds from out of town alumni for the Recreation Center reports enthusiasm is running high for the project.

Among interesting letters received was the following excerpt from Asenath B. Hosner of Detroit: "I am sure Tecumseh will go over the top. She always has in every thing she ever undertook."

Then Miss Hosner continued, "I remember how everybody put their shoulder to the wheel to keep the library going before the school board took it over."

Miss Hazel Zimmerman of San Francisco, Leroy Van Winkle of Detroit, and Leon Temple of Toledo, are among the many former Tecumseh residents who have pledged to support the drive.

It is hoped that every alumni will "Give his or her day's pay so the kids can play" Mr. Hayden said.

Grading of the natural amphitheatre just north of the high school is practically completed, and the sowing of grass was started Tuesday. Yesterday, Albert Bashaw and Dr. William Britton returned from Kalamazoo, where they dismantled an over-head sprinkling system, which they purchased at junk price. The sprinkler is to be set up here and used as a permanent fixture.

James E. Vallie Dies After Long Illness

Jas. E Vallie, aged 41 years died Tuesday night at Tecumseh hospital, where he had been a patient since July 15. Mr Vallie whose home was five miles north east of Britton had been ill for some time.

He leaves the widow and five children all at home also two half brothers and six half sisters in Canada.

The funeral will be held Friday afternoon at 2:30 at the Niblack Funeral Home in Britton.

WED IN DEFIANCE

Father and Son United by Radio After Anxious Hour In Windy City

Little did Perry Hayden think when he took his 11-year-old son, Billy, on a business trip to Chicago Monday night, that he would have to use the resources of the National Broadcasting Corporation to locate him.

Billy was left in the Merchandise Mart Building, the largest office building in the world. Father Hayden was supposed to meet his son at 2:30, but was delayed by a business conference. When he did go to the office where Billy was supposed to be waiting, he was not to be found. As the minutes passed by, Father Hayden became a little anxious. The hour of departure for leaving on the Detroit Arrow was rapidly approaching.

Apparently one of the officials of the National Broadcasting Corporation saw an anxious look in Father Hayden's face, and he offered his services. Suspecting that Billy might be in the studio of the N.B.C. watching a program, this official went into the studio stopped the program and asked if Billy Hayden of Tecumseh, Michigan, was in the studio. Billy was there and was called to themicrophone.

"Are you very good at mechanical things?" the announcer asked son William.

"Not very," replied Billy.

"Well your father wants you to make a train," was the reply which was heard by many Tecumseh residents about four o'clock in the afternoon.

A few seconds later father and son were reunited, and shrotly after safely aboard the fast moving Wabash Arrow for Detroit. Thus happily ended the first business trip of the fourth generation of Haydens to the Windy City.

Resolutions Adopted in Death of K. M. Schneider

Resolutions in the death of Karl M. Schneider, former president and charter member of the Tecumseh Rotary Club, were adopted by that organization, at its regular noon-day luncheon meeting Tuesday at S. Peters Episcopal parish house.

The resolutions, drafted by a committee made up of John M. Thompson, B. B. Bull and spread upon the club's records follow:

"WHEREAS, Death has removed from this world our loyal friend and associate, Karl M. Schneider the Tecumseh Rotary Club, which he served enthusiastically from the date of its inception until the time of his death, has unanimously adopted the following resolutions:

RESOLVED, that we sincerely deplore the death of Karl M. Schneider, whom we shall miss from our meetings and councils and whom we shall always continue to miss. As a member of the Club, which he had also served as President, he was active, consistent, cheerful and courteous, giving unstintingly of his time and effort for those things which enlarged and improved the Club. No worthy cause was too difficult for him to recommend and undertake.

"We shall remember him always in every walk of life with gratitude that we were permitted to know and associate with him intimately Be it further

"RESOLVED, that to his bereaved family we extend our full sympathy in their great, irreparable loss, and that we transmit to them a copy of these resolutions.

EIGHT NEW HOMES ANNOUNCED BY MOORE'S

The building of eight new homes two of them in Indian Acres subdivision here were announced today by Robert H. Moore, of R S Moore & son Co., lumber dealers.

Basements already have been dug in Indian Acres for homes for Bert Tate and Walter Morden, Jr. Four new houses are under way in the Adrian Development Company's subdivision east of Birdsall, and Russell Havens and William Deiss are building homes on the Raisin Valley road, east of the Raisin Valley church.

TO SHOW U. S. MOVIE

An interesting feature for farmers in this vicinity will be shown at the Strand theatre, Wednesday and Thursday, August 7 and 8, in connection with its regular program The film is a release of the U. S. Department of Agriculture, and deals with the control of tuberculosis among hogs, cattle and poultry. The picture shows how the disease is contracted and spreads, and remedies that may be taken to halt the practice.

INJURED IN FALL

Lawrence Bourdo of Doster was brought to Tecumseh hospital Sunday for injuries received when thrown from a horse at the O'Neil Riding Stables.

Air Conditioning Unit Is Given to Hospital

Gift of an air conditioning unit to Tecumseh Hospital, by the Tecumseh Products Company, was announced today by Dr. H H Hammle, chief of staff.

The new unit completely air conditions the hospital operating room, making it possible to control the temperature within a degree, regardless of weather conditions.

"The new unit is one of the finest things in the hospital," Dr. Hammel said in making the announcement "Heretofore, it has been terribly hot in the opperating room for the patient, the doctors and the nudses. Now, regardless of the weather, the temperature is always comfortable."

Complete air conditioning of the hospital is not practical, Dr. Hammel said, declaring that it had been tried in other cities and found to be without advantage.

525 Pounds of Aluminum Given for Defense, Here

Five hundred and twenty-five pounds of old aluminum was contributed by Tecumseh residents last Saturday, when this community joined with the state and the nation in a defense drive to aid the munitions industry. The aluminum is being stored by the village and will be turned over to be County Road Commission, later to be taken to Detroit or Lansing.

The local drive was under the sponsorship of the village government, and Boy Scouts and Cub Scouts, assisted by trucks from the Hayden Milling Company, made the local collection. Old pots and pans, percolators, in fact almost every kitchen article made from aluminum, was in the collection.

Tecumseh received word yesterday that a similar drive was conducted in Britton last Saturday, and 26 pounds of aluminum were contributed by residents there.

Dawn Patrol To Be Here Sunday

50 TO 100 PLANES AND PILOTS EXPECTED AT TECUMSEH AIRPORT

The Dawn Patrol, an organization of Michigan and Ohio pilots, will visit Tecumseh for the second time within three years, next Sunday morning, the first of the ships arriving about 7:30 a. m., at the airport on M-32, just north of the village limits. Between 50 and 100 ships, their pilots and passengers are expected.

A breakfast will be served in the hangar to the visiting aviators, and at 9:30 prizes will be distributed. The local visit is sponsored by the Tecumseh Chamber of Commerce and the Tecumseh Airport Association.

The Dawn Patrol is made up of aviators from all sections of Michigan and Ohio, who weekly make a flight to some city or town that is the home of a member of the organization. During the morning hours Sunday, there will be considerable flying and in the afternoon passengers will be available for those who desire to see Tecumseh and vicinity from the air.

The first visit of the Dawn Patrol here attracted several hundreds of persons to the airport and Sunday's visit is expected to bring crowds. The public was warned today by police not to park their cars on the airport property.

Gets Furlough For Threshing

OWNER OF FARM THRESHING MACHINE HOME FROM CAMP TO AID FARMERS

Warren L. Puffer, Clare W. Beevers, Edward A. Brazee and Guy J. Allison of Tecumseh have been ordered to report for induction into the army August 5, and will leave Monday evening for Detroit with the Lenawee contingent.

The group of 34 includes Robert L. McHenney and Roy E. Meyers of Clinton; Douglas A. Palmer, Bernard E Tucker, A. Prielipp and Jesus Marie Segovia of Britton, from this vicinity.

The August quota for the county was originally 36 but was since raised to 44.

Alfred Graves of Onsted who was ordered to report has enlisted in the air corps and Bernard Tucker of Britton was called to replace him.

Frank Linn Weaver of Clinton will leave August 12 for Stronach Camp in Manistee county as a conscientious objector, the third in the county. Francis Stutesman of Blissfield, also in this classification, was given occupational deferment. Two others, enrolled previously, were sent to camp in June.

Pvt. John B. Prochaska, 29, whose home is east of Holloway, and who was inducted into army service April 21 and sent to Fort Sheridan, Ill., has been granted a 30-day furlough during the threshing season.

Mr. Prochaska owns and operates two threshing machines which have previously been hired by Monroe and Lenawee county farmers, who depend largely on the machines to do their threshing. So in order to get their grain harvested a petition was circulated and signed by 57 farmers, asking for the furlough.

OVERCOME BY HEAT

Frank Greenwald of Toledo was treated at Tecumseh hospital, Monday, after having been overcome by the heat while in this vicinity.

Break In Heat Wave Forecast

99 DEGREE TEMPERATURE REGISTERED SUNDAY; 40 DEAD IN STATE

The eight-day heat wave that has held all of Michigan and the greater part of the nation in its grip, is due to break today, weathermen forecast as the barometer began to fall and cooling winds from the northwest began to blow, Wednesday afternoon.

Although Adrian boasted last Sunday as the hottest spot in the state, with the temperature of 103 degrees, government thermometers here showed that the highest temperatures reached on Sunday and Monday were 99, with the lowest on Tuesday evening, 72. Yesterday the mercury climbed to 95 at noon but at 3 o'clock it had fallen to 91 and continued to skid downward during the night.

High temperature records were broken throughout the country during the past week, and Michigan's death list reached more than 40 yesterday, while nationally some 300 deaths attributed to the heat were recorded.

A light rainfall here on Tuesday brought a few minutes of relief and Tuesday night, rain in other sections caused the mercury to dip slightly about midnight. Weathermen said that temperature readings throughout the state were breaking. Detroit reporting a mid-afternoon temperature of 86 while up-state at Traverse City, normally cool, readings of 100 were recorded.

Cool masses of air from North Dakota and Minnesota are moving eastward, weathermen said, promising definite relief in this locality today or Friday.

Henry Ford, 78 Sees New World

POST WAR DEPRESSION UNNECESSARY IF COMPETITION IS NOT THROTTLED HE SAYS

Special to The Herald

Dearborn, Mich. July 29th.—Yesterday July 30th, was the 78th birthday anniversary of Henry Ford.

Accompanied by Mrs. Ford he spent the day en voyage abroad one of his great lake freighters. When, in talking recently with newspapermen about the great moments and events of his long and amazing career, he was asked what, to him, was the greatest event of all, he replied without a second's hestitation:

"Why it was meeting and marrying Mrs. Ford. If anyone thinks I've done anything much in life, they should remember that my wife has been a great helpre. I don't believe I would have got far without her. She has always believed in me and backed me up in whatever I've undertaken. I've always called her 'the Great Believer.'"

So far as his interest in life, business and planning for the future is concerned, Mr. Ford is as active today as he ever was. His mind is literally filled with new projects for future development.

At present, apart from national defense, probably his first industrial interest is in research and ex-

Football Mothers' Club Gives $71 To Aid Fund

At a meeting of the Football Mothers' Club, Monday evening, July 28, in the basement of the public library, it was announced that twenty-two complete new uniforms had been ordered by the school board for the football squad of the coming season The objective the club had in view when it promoted its football banquet last fall thus having been realized, a portion of its members voted to donate its remaining bank balance of $71 toward the Recreation Center Fund: ($4.00 had already been contributed to the Dish Fund) it also voted to keep its membership open so that members of exquad members may continue their membership and "boosters" may join.

"The Football Mothers' Club shares the town's pride in the new Recreation Center, as a whole and is gratified with the generous cash response," it was said today. It is ready to fall in line with any project that will insure the completion of the gridiron in time for the 1941 squad's enjoyment. Many of these boys are volunteering their services, picking rocks, raking and assisting in any odd-job capacity to which they are directed. Other public-spirited men and boys are doing likewise and the services of volunteers will continue to be acceptable. But those who can give cash in lieu of work will continue to give till it hurts, it is hoped, in order that those who broil in the sun now may feel that their labor is not unlimited nor lose faith in Tecumseh's ability to back them up before it's too late for them to benefit directly.

"If our squad has to see the field lying useless while they trek back and forth to the old one, it will take more than dollars to square ourselves. Give your dollars now lest our kids lose faith!"

John Mull Injured In Downtown Mishap

John Mull suffeged severe bruises and shock, Tuesday night about 9 o'clock when he was struck by a car while crossing Chicago Blvd, just west of the four corners. The car, was driven by James Seeburger of Blissfield who was unable to avoid the accident.

Mr. Mull was removed to Tecumseh hospital and last night was resting as comfortably as could be expected.

Fire Damages Larsen Home

CAUSE OF BLAZE THAT STARTED ON SECOND FLOOR IS UNKNOWN

Fire, the origin of which has not been determined, did damage estimated at $6,000 or more at the home of L. W. Larsen in the Turner subdivision, early last evening.

The blaze was discovered about 6:20 when children at the C M. Brown residence, next door, saw smoke coming from the roof. A call was sent immediately to the fire department and neighbors attempted to control the fire with the aid of water from a gardenhose.

The fire started on the second floor or in the attic of the new dwelling, occupied by the family about five months.

The Larsen family was not at home. Mr. Larsen, his son, Robert, and brother, Harold, left the house about 5:40 for Adrian, and were on the golf course of the Country Club, when they were ntotified of the blaze. Mrs. Larsen returned from Detroit just as the fire department was making the run to her home.

Mr. Larsen said last night that he had no idea as to the cause of the fire. He declared that when they left there was no sign of fire or smoke. The headway which the fire gained in some 35 minutes caused many to believe thta it might have been smouldering in a partition or in the attic for considerable time.

The greatest loss due to fire, smoke and water was on the second floor, although there was heavy water damage on the first floor, both to the building and its contents.

Friends Plan Picnic In Adrian Friday

The Christian Endeavor Union of the Adrian Quartedly Meeting of the Friends Church will hold a picnic at the Riverside Park in Adrian, on Friday afternoon. The recreational features will begin at 3 p. m. with the basket lunch at the pavilion near the flagpole at 6:00 p m.

Defense Stamp Sale Lags Here

INDUSTRIAL COMMITTEE CHAIRMAN URGES GREATER COOPERATION

With Defense Stamp and Bond purchases in Tecumseh thus far computed at less than $2.40 per capita, or a total during the past three months of slightly less than $8,000, Ray W. Herrick, president of the Tecumseh Products Company and chairman of the Defense Savings Program's industrial committee here, today called upon the community to join in an educational campaign that will "give Tecumseh district leadership among other communities in the county" in the sale of the "security of America's future."

"I don't believe that the public is informed on the defense stamp and bond program," was Mr. Herrick's comment. "I can't believe that Tecumseh is lagging in this important phase of the country's defense plan.

"There isn't a better investment that a man or a family can make. Defense bonds and stamps are as good as the money in your pocket. They should be a part of your savings account, the money you are laying away for the rainy day. And, too, it is your patriotic duty to buy them, because you are helping yourself and your neighbor to fight Hitler and his Axis partners.

"In our plant we are recommending that our employees set up an individual and systematic plan of saving by purchasing defense stamps regularly. These can be traded to the government for interest-bearing bonds that over a 10-year period will yield a fair rate, and besides, afford a financial cushion in the time of need.

"I'm old enough to remember the World War No. 1, and I know what happened when the war was over and the period of readjustment came. It took months for industry to find itself—to shift from a war program to a peacetime production—and many men were temporarily out of work. It is not at all unlikely that a similar thing will occur at the end of this war. If it does, the man who has been wise and who has invested systematically in defense bonds, will have a nest-egg upon which to rely.

"I cannot say too much for the purchase of these stamps and bonds. I believe in the program 100 per cent and believe it first because it is a patriotic duty. Secondly, I believe it is a safe and sound investment."

Mr. Herrick pointed out that defense stamps may be purchased in denominations ranging from 10 cents to $5, at any postoffice. Bonds, ranging upward from $18.75 may be purchased from any bank or postoffice. Stamps may be converted into cash at any time after purchase at any postoffice, and bonds may be redeemed for cash after they are 60 days old.

The Products company's president's remarks followed closely on the heels of a meeting of Defense Savings Committee members in the Tecumseh Bank here, Monday evening, at which time a program of education for the community was outlined. The meeting was called by Frank K. Smith, executive chairman of the local Defense committee, and was attended by about $5 persons. Plans were made for the sale of stamps in several local stores, and a program that will interest school children will be launched early in Septer. Mr. Herrick, Perry Satterthwaite and Mrs. Sam Sesson were named as an educational committee, to promotae the sales.

"I believe that we should become Defense Stamp and Bond conscious," Mr. Herrick continued. "We are engaged in this fight for the duration, and our government needs our assistance. Let's talk defense stamps and bonds wherever we go, let's each of us become

Rag Weed Eradication Campaign Is Launched

A campaign for the eradication of ragweed will again be conducted by Tecumseh Garden Club, beginning Monday, August 4, and continuing through Friday, August 8. Children from all sections of Tecumseh are asked to participate in this campaign. They will be paid 4c a bushel for the pulled weed, delivered at the old Athletic Park on Patterson Street and prizes of $1 and 74 for the two largest amounts will also be awarded. Members of the civic committee of the club will be on hand at the park each evening from 6:30 to 7:30 o'clock to check over and pay for the amounts delivered.

Mrs. T W Fetterman is chairman of the committee which is in charge of the project this year. Mrs C C Ruppel will take charge at the park Monday evening; Mrs. Wade L Jones, Tuesday evening; Mrs O W Laladlaw, Wednesday evening, Mrs Herick Thursday evening and Mrs Glenn VanDenbergh, Friday evening.

This was a most successful project of the club last year, 199 bushels of the pulled weed being delivered to the chairman, Mrs Neil Pearson, and destroyed. The children will find quantities of ragweed in vacant lots, alleys and in many gardens.

A JOB TO DO

With the realignment of powers in Europe there has arisen among many of our people a sense of confusion, fostered and augmented wherever possible by those who are trying to divide the nation, and who wish to veil the real issue involved. If we listened to them we should believe that we were forced to take either the road to the left or the road to the right.

This is not the case. It is not a choice between the pagen bestiality of the Nazi-Fascist regimes and the godless bestiality of the Communist overlords. The blood guilt lies on both and the foulness of their deeds offends the nostrils of Americans in equal degree.

As a people we learned our lesson in the era of zang wars. We know that we cannot sit idly by and let two mobs kill each other off, while we go on rocking serenely and saying, "Good riddance to bad rubbish." We have got to get up and clear out both canes, and common sense tells us that we have to begin with the one whose gun is pointing our way.

The policies of our government have not changed overnight. We still as a nation are against all of the totalitarian ideologies which enslave human beings and make a mockery of all the principles we revere. But we are a practical people, and we have to tackle jobs in the order of their immediately. We know that our present task is to rearm speedily and well, to rush aid to Britain in this her God given hour of opportunity before Armageddon, and to prepare for the worst while we earnestly pray for the best.

While we use this providential minute of respite before the storm to strengthen the bulwarks of our defense, we must not bum to false concessions or be led astray in false judgements. Through the trying hours ahead, while the rain of epithets — "Nazi" — "Red" — "Nazi" — "Red" — falls upon our ears, we must stand firm, looking beyond the scaremonger to the shadowy figure prompting him. If we keep in mind that these miscreants now so bitterly assailing each other were brothers in blood such a short time ago, united in their task of scutting the ship of democracy, we can see them in the proper perspective and go on as individuals, as a people, and as a nation doing the task we know we have to do. This is still America. This is still our democracy. The principles upon which still America This is still our democracy. The principles upon which our nation was governed have not been changed by the new line-up in Europe.

"Go to your work and be strong, halting not in your ways. Baulking the end half-won for an instant doit of praise. Stand to your work and be wise,—certain of sword and pen. Who are neither children nor Gods, but men in a world of men!"

LET FREEDOM RING!

Buy Defense Savings Stamps and Bonds

Echoing and re-echoing through all the turmoil of today, the clear, loud ringing of our Liberty Bell is a symbol of all that we Americans have to live for! Staunch, sturdy—from the beam from which it is suspended, to the gong that strikes out its message, our Liberty Bell signals to a waiting world of oppressed peoples that though the struggle be long and hard, the call of Liberty will again ring out around the world . . . as it still rings out for every American.

There was a distinct need for unity in the hard-fought years of 1775 to 1789. There is a need for unity now. Just as then, every American is in the service of his country; the man who serves on land or sea, in uniform; the man who keeps faith in business; the worker who produces goods so vital to the successful fulfillment of our present task. Now, as then, the spirit of the people united marches on . . .

Here in Tecumseh, we have never lost sight of these principles. We are a united community, loyal to our task. We are a determined people recognized leaders in a county that boasts its wealth in worldly goods as first in the State of Michigan.

How did we acquire this wealth, this freedom, this right to speak, write and worship according to the dictates of our conscience? Too often we accept these privileges we call liberty as God-given birthrights. We forget those dark days from 1775 to 1789 when our forefathers gave of their life's blood that we, their children, might live and prosper under a government "of, by and for the people."

Today this nation is engaged in doing a job equal if not greater than it did in the 70's. Our government—we the people—have made it our job to forever crush the tyrants of Europe; to liberate millions of men women and children who are oppressed. Hitler and his Axis partners have openly declared it their business to end our freedom; to forever silence our Liberty Bell; to number us among those who will feel the steel heel of the despot; to make us slaves to a war-crazed mind who knows no God.

It now becomes our duty to make a sacrifice if we are to continue to enjoy "life, liberty and the pursuit of happiness." In the training camps, millions of men are giving of their time—of the best years of their lives—willingly. The wheels of industry are turning from a peace-time production to the manufacture of munitions. In a short few weeks or months our very lives will and must take on an atmosphere of "liberty regardless of price."

To carry on this fight for freedom we must unite not only our physical, moral and industrial strength, we must unite our financial strength. We must give liberally of this world's goods—loan them to our government if we are to succeed.

Today, in Tecumseh and throughout the State and the Nation our government is calling upon us to buy stamps and bonds, to join wholeheartedly in a Defense Savings Program. It is America's way of financing this fight against oppression; the American way to find the billions needed for National Defense.

The United States is today, as it always has been, the best investment in the world. When you buy these stamps or bonds you are not giving your money to your government, you are loaning it to yourself. You are helping to finance a program that will assure you, your wife and your family of continued freedom. It is your way of taking a direct part in building the defense of our country.

To date Tecumseh has invested less than $8,000 of its money in Defense Savings Stamps and Bonds. The per capita average in this village thus far is less than $2.50. It is not enough.

Tecumseh should, within the next year, purchase $100,000 worth of this security. Every family should systematically join in this program of saving for the future. Regular amounts should be invested from each pay check. Children should be educated to save their pennies for Defense Stamps. Those who have idle funds should set them to work for Defense by investing in bonds.

It is our considered judgment that bonds and stamps will do two things for the purchasers. They will furnish our government with necessary funds with which to finance the Defense Program, and they will furnish the owners with a "defense program" in the form of available cash in the days that will come when the wheels of industry must turn from munitions to peace-time production—that period of readjustment that follows every war.

As an investment in America; as an investment in security for yourself and your family at some future time, we say buy Stamps and Bonds. They are as valuable as the money you carry in your pocket. They are your best insurance of continued freedom and security.

a sales committee. Stamps and bonds are our best investment in continued security, now and after the war is over."

Mr. Smith addressed the regular noon-day luncheon of the Rotary club at St. Peter's parish house, Tuesday noon, explaining the bond and stamp sale program.

"Our government is not forcing us to buy these securities," Mr. Smith pointed out, "it is asking for our cooperation. The United States is the best investment in the world, and there is no better security—not even the cash in your pocket."

Mr. Smith urged the systematic buying of both stamps and bonds, and declared that the regular saving of a few pennies daily through the purchase of stamps would mak possible the buying of a $50 bond annually.

Defense stamps may be purchased at the postoffice and at several of the local stores. They are in denominations of from 10 cents to $5. They may be pasted in a stamp book and later redeemed for interest-bearing bonds. A $25 defense bond, maturing in 10 years, may be purchased for $18.75. Larger bonds are in the same proportion.

"Let's put Tecumseh at the head of the stamp and bond sale in Lenawee county," was Smith's plea. Tecumseh has never failed in any worth-while program. It will not fail now."

Smith pointed out that defense stamps are the equivelant of cash, and can be redeemed for cash at the postoffice at any time. Bonds after they are 60 days old, may be redeemed for cash, at the treasury in Washington. All bonds are registered, and cannot be transferred. They may not be used as coll ateral and cannot be sold at a discount. They cannot be redeemed for cash at any place other than the government treasury, and cash will be available in about 10 days after bonds have been surrendered.

HENRY FORD 78

Continued from Page One

periment to develope industrial uses for wheat.

Nearly every farmer in the United States can or does raise wheat. If ways can be found to use this grain in industry, in huge volume the American farmer's market will be immensely expanded, more money will flow to him and his family, making increased prosperity for everybody.

Rising usually at 6 o'clock or earlier, Mr. Ford spends the first hours of his day in outdoor exercise, usually in walking or bicycling about his Dearborn estate.

Nine o'clock generally finds him in or about the Ford Engineering Laboratories at Dearborn, getting in touch with any new developments that may have arisen overnight and with whatever is scheduled, beyond routine for development in his industry during the day.

This done he starts out on a daily tour which may take him to one or all of a score of places scattered about southeastern Michigan and covering usually from 50 to 100, and, sometimes, as much as 200 miles.

One o'clock usually finds him back at the engineering laboratories, where at a large, round table he has lunch with from six to a dozen of the executives of the Ford Motor Company.

He sees few callers, these days—his life is too busy, often with the gigantic operations in national defense which the Ford Motor Company is now engaged. Those he does see are generally received soon after lunch.

This over, he is away again to carry out something he wishes done in Greenfield Village, or to inspect some project within the Rouge, or any one of a dozen other plants; or for a trip to one of the Ford youth camps, or a visit to one of his farms, or for another of his almost daily contacts with the largest airplane production plant in the world which the Ford Motor Company is building at Willow Run, 14 miles southeast of Dearborn.

An interviewer who wished to get some of Mr. Ford's views on life and what's going on in the world from the vantage point of his 78th birthday anniversary, started off with a comment on the European war.

"Let's not talk about war," said Mr. Ford. "I've always hated war. I never hated it more than I do today. The people of the world are waking up. They're coming to see that the sole cause of wars is human greed. It's the munition-makers who foster and promote wars because of the tremendous profits wars bring them. There's about 100 of them. They not only foment wars, but they're so greedy they try to kill every kind of competition. If we could educate them properly, they would make more money and turn their industries to building up the country."

"You, then, don't agree with people who think that, because there always have been wars, there always will be?"

"Not for a minute," Mr. Ford replied. "I believe that, right now, a new world is being born—a very different world."

"Different in what way."

"Contrary to what appears on the surface, this war is bringing the people of the world together as never before. It touches every race and people on earth. The radio and the airplane are bringing communication and transportation such as has never been before. Every race and people is getting to know more about other races and peoples. They're beginning to see that you can't build anything permanent on hate. The world is learning tolerance as never before. It is beginning to see that there is a need on earth or every race."

Even as he talked Mr. Ford reached into an inside pocket of his coat and brought out a printed card.

"Here," he said, "is something that Tennyson wrote in 'Locksley Hall' about a hundred years ago."

And then he read:

"For I dipt into the uture, ar as human eye could see,
Saw the Vision o the world, and all the wonder that would be;
Saw the heavens ill with commerce, argosies of magic sails,
Pilots of the purple twilight, dropping down with costly bales;
Heard the heavens fill with shouting, and there dain'd a ghastly dew
From the nations' airy navies grappling in the central blue;
Far along the world-wide whisper of the southwind rushing warm,
With the standards of the peoples plunging thdo' the thunderstorm;
Till the war-drum throbb'd no longer, and the battle-flags were furl'd
In the Parliament of man, the Federation of the World.'"

Mr. Ford stopped reading and, looking up, said earnestly:

"We're right on the verge of that, right now,—a federation of the whole world. There'll be more tolerance in the world because there'll be more understanding."

"Will the new world, as you see it, be tolerant to the Jew?"

"Yes. There's a need for the Jew in the world and it's bound to be recognized. Among the Jews are some of our ablest financers and greatest merchants. They understand trade. They know that all prosperity is based on the ability of the farmer to buy. For that reason, they have helped to keep the price of wheat at $1 or better. The average price for more than 60 years has been $1.02. And they know the value and function of competition. They recognize it as the one thing that will keep a business from getting slovenly."

"Besides being more tolerant, how else will the new world be different?"

"It will hold opportunities in kind and number such as the world has never seen before. What's happening in the world right now is like the Spring beaking up the Winter's ice. The new world is forging up foun below. And it will be filled with opportunity for everybody who can stop looking backward, face about and go forward. Why a peson even 90 yeads old, if he or she will face forward can start at scratch and make a great success."

'Along what lines?' the newspaperman asked.

"Well, for one thing—and I hate to say it," Mr. Ford replied, "it seems that wars are necessary to teach us lessons we seem unable to learn any other way. With so much of our metals being wasted in war, industry everywhere is forced to seek other materials for production of non-war commodities.

"One of the greatest changes in the new world will be the turning of industry, in its search for materials, from the forest and the mine to the farm. Literally tens of thousands of articles and manufacturing parts now made from metals will be made plastically from materials grown on the farm. This new plastics industry will, literally, give employment to millions of people on farms and in factories.

"For years we've been making things out of soybean plastic. We'll soon have a complete plastic automobile body. But we wish to go a great deal farther in developing an industrial market for the products of the American farm. Now we're developing a plastic based on wheat. Most every farmer in the United States grows some wheat. It's wrong to burn it as some are now doing. Every particle of it can be used in industry.

"We've found more than 20 different elements in wheat, all of which can be used industrially. For example, wheat contains much starch. We use 30 tons of starch a day in making cores for castings.

"Another field that will see tremendous expansion in the new world," Mr. Ford continued, "is aviation. All that we see today is but a beginning. The airplane factories of the future will alone give employment to millions. The airports and accessory industries will employ millions more."

"Then you don't believe the completion of the national defense program will be followed by a depression?" Mr. Ford was asked.

"No! Not if competition remains active. There are a lot of people in the United States who are trying to throttle competition. They'll stop at nothing to accomplish their ends—foment strikes, urge restrictive laws or anything else calculated to wreck competition. But America should never forget that competition is the life-blood of industry, trade and social and commercial progress. For monopoly means stagnation, stagnation means unemployment and mass unemployment means industrial, commercial and social decay. America's strength and power in the world today was built on competition and a thdottling of competition will just as surely bring its decline."

SOMETHING'S MISSING

The guide was conducting a tourist party through the automobile plant. He stopped by the assembly line. "Do you know what would happen if that man over there ever missed a day at work?" he asked the members of the party.

"No; what would happen?" spoke up one.

"Twenty-two hundred and sixty-one cars would go out of the factory without springs."

"Say, mister," said an interesde onlooker, "that fellow's been off a lot, hasn't he?"

You don't need to take MIDNIGHT RIDES WHEN YOUR HOME IS INSULATED!

This is the weather when the family with an insulated home really appreciates its advantages.

Cool upstairs bedrooms—cool in everyroom in the house—that's the advantage of modern insulation.

Burning ummer sun that penetrates house roof and walls stops when it reaches the insulating materials that science has produced to protect home owners from the heat. As a result, room temperatures of five, ten and twelve degrees lower than in uninsulated homes make life more enjoyable.

Insulation also has its advantages in the winter. It is then that it pays for itself. Tests have proven that heat losses conserved in two or three years will pay the cost of insulating the average home.

RIDGEWAY SCHOOL REPORT
RIDGEWAY, MICCHIGAN
July 14, 1941.

The annual school meeting of School District No. 1 Fractional Ridgeway Township, Lenawee County, was held at the school building on the above date.

The meeting was called to order by the president, and the minutes of the last annual meeting were read and approved.

The secretary's report was read, and a motion was made and carried that the report be accepted, and placed on file.

The treasurer's report was read, and a motion was made and carried that the report be accepted and placed on file.

There being nothing under old business, the new business of electing two trustees was taken up. A motion was made and supported that the chair appoint two tellers for the election. Harvey Hindes and Vern Thomas were appointed.

The first was the election of a trustee to succeed Clifford Southard whose term of office expired. The ballot was cast and Clifford Southard, receiving a majority of the votes cast, was declared elected trustee for a term of three years.

The next was the election of a trustee to succeed Carl Brown who resigned. The ballot was cast and Mrs. Glenn Jones, receiving a majority of the votes cast, was declared elected trustee for a term of two years.

A ballot was cast to determine whether the district should pay the primary money, for the year 1941-1942, on pupils of Ridgeway District 1 fr. of the eleventh and twelfth grades who are attending high school in other districts. The result of the ballot was 16 yeas and 7 nays.

A motion was made and supported to adjourn.

CHRISTIAN SCIENCE CHURCH

"Love" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, August 3.

The Golden Text (Zephaniah 3:17) is: "The Lord thy God in the midst of thee is mighty; he will save, he will rejoice over thee with joy; he will rest in his love, he will joy over thee with singing."

Among the Bible citations is this passage (Psalms 5:8,12): "Lead me, O Lord, in thy righteousness because of mine enemies; make thy way straight before my face. For thou, Lord will bless her righteous; with favour wilt thou compass him as with a shield."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.454): "Love inspires, illumines, consecrates, and leads the way. Right motives give pinions to thought, and strength and freedom to speech and action."

ILLITERATE GATHERING

The ambitious wife of a millionaire gave a big dinner party. Her husband, who had made his money as the inventor of a patent rat poison, was silent during the dinner.

As the ladies left the room, his wife found an opportunity to whisper to ask him: "Why on earth don't you talk?"

"Talk?" he replied. "Why, what's the use of it? Not a single person here knows anything about rats or rat poison."

Liquor For Soldiers Opposed By Women

Forty members of the Shawnee Republican Women's Club from Tecumseh, Franklin, Macon, Ridgeway, Clinton and Raisin enjoyed a picnic at the cotage of Mrs. Elmer Green at Sand Lake last Wednesday.

After a pot luck dinner, Mrs. Florence Howe gave a report on the State Meeting at Lansing, in which it was stressed that the two-party System must be kept alive, in order to avoid a one-party Government, which means Totalitarianism. Mrs. Clarence Fisher reported that there is a bill before the Senate committee to place liquor in the soldiers recreation camps.

A committee consisting of Mrs. Burt Clans, Mrs. Clarence Fisher and Mrs Hoyt Whitman was appointed to get data on this, and they were empowered to voice the club's objection to this bill.

A letter was read from Miss Marion Martin, assistant chairman of the Republican National Committee, stating that in the new tax bill husbands and wives will be compelled o file one join income ax return and urging all women o oppose his bill. The club delegated Mrs. Jenney Hardy to let our representatves know that the club opposes this measure.

Mrs. Grace Moore gave an interesting lecture on her trip to Guatemala, with an exhibit of dresses embroideries, jewelry, the use of which she explained, and which was listened to with great interest and many questions were asked. A rising vote of thanks was given to Mrs. Moore, and also to Mrs. Elmer Green for their charming hospitality.

Mrs Hardy announced that the next meeting, the first of the new year will take place Wednesday afternoon October 8, in the parlor of the Methodist church, Tecumseh an outside speaker will be secured

You don't have to go into the back yard and whisper over the fence if you have a message that's really worth delivering.

Canada's Million-Dollar-Babies An Indirect Benefit To Michigan

By Gene Allenman

LANSING July 31—Five little girls—Yvonne, Marie, Annette Cecile and Emilie—are Canada's greatest tourist attraction.

They are also an indirect benefite to Michigan.

This latter fact dawned up us rather belatedly after we had returned from a week's escorted tour of Ontario scenic points with American editors from seven other states. For this reason Michigan has a peculiar interest in the world famous quints of Callendar.

The vogue for "circle tours" is chiefly responsible. The modern automobile gypsy, possessed with a passion for mileage, has revolutionized traveling customs. What our ancestors would regard as an "expedition," fraught with numerous uncertainties and tribulations, is today regarded as little eles than a week-end jaunt.

Good highways and dependable automobiles make it possible for Michigan people to swing around to North Bay, neighboring city to Callendar, Ontario, by way of Sault Ste. Marie, Michigan. Likewise American tourists who go to Callendar from Niagara Falls or Detroit find it worth-while in varied sightseeing thrills to return home by way of Sault Ste. Marie and the lower peninsula.

TOWN THE QUINTS BUILT

Until a country doctor, Dr. Alan Roy Dafoe, brought the five little girls into the world just seven years ago last May, North Bay was a mere trading center in north Ontario; Callendar was just another spot on the map.

As every newspaper editor well knows, we are interested in ourselves more so than anything else.

Every mother and every father who visit Callendar and who see Ontario's five little sweethearts have a personal interest in these children. Instead of having French names, the quintuplets might have been given other names—if, for example, they had been born in YOUR town.

Like finding a gold mine or striking a rich oil field, Mother Nature chose a cross-road corner by the name of Corbeil, just outside the village of Callendar, for Canada's No. 1 tourist magnet. Douglas Oliver who heads the Ontario Travel and Publicity bureau estimates that approximately 250,000 persons traveled to Callendar last year to see the quints.

MILLION DOLLAR BABIES

By courtesy of Keith Munro, business manager of the quints, our party was accorded the rare privilege of a private showing of the Dionnes, the fifth since their birth, and a meeting with Dr. Dafoe.

The girls live in a cottage-like house surrounded with a tall steel fence and guarded constantly by watchmen. Other members of the family reside outside, but they have access to the cottage at all times.

From 10 to 10:30 a. m., and from 3 to 3:30 p. m. each day the children go outside to romp while visitors watch them from small glass windows in a four-sided wall that encloses the playground. Cameras are forbidden, as the King Features syndicate and the Newspaper Enterprise Association have exclusive rights for all photographs From revenues of tourist admissions and their contacts, the quintuplets now have approximatley $7,000,000 in investments.

They not only look like a million, but they're actually worth it!

THEY SING IN FRENCH

The five little girls, each dressed identically in blue even to their hair ribbons, emerged from the cottage, accompanied by two nurses.

Dr. Dafoe was asked to identify them. He smiled and declined.

"I frequently get them mixed up myself," he said.

However, the Quints themselves came to the rescue each bowing demurely and announcing her name. Natural and unspolled, the children sang a number of French songs, executed an old-fashioned dance and rendered "Oh Canada."

They concluded with "There'll Always Be an England" but after singing two lines they became a bit confused on the words and finally gave it up. It was then that H. A. MacLennan of Hamilton, president of the Hotel Association of Canada, put us "on the spot" by suggesting that we play the accompaniment on a miniature foot-organ.

We had heard the song only twie e before, but arose to the occasion gallantly as best we could. And thus it was that a Michigan newspaperman became the first person to accompany the French-speaking Quints of Canada in singing a British song.

CANADIAN CONTRASTS

Sale of beer and wine by the glass is restricted in Ontario to licensed hotels, and this government action has been a blessing to the tourist industry.

In all towns, large and small, you will find splendid, modern hotels Room rates are reasonable. Food prices are about the same as they are in Michigan. The Royal York, the dominion's largest hotel, is owned and operated by the Canadian Pacific railroad, while Ottawa's famous Chateau Laurier is operated by the Canadian National Railroad, a government-owned agency. Canada accepts public ownership of its largest hotels as a mattter of fact.

Because of long distances, highway development has been slow. Yet the roads are kept up in good condition. However, Canada today does not have a transcontinental route.

Gasoline and oil restrictions limit purchases from 7 a. m. to 7 p. m. and none at all on Sundays No passports are required at theborder, only personal identification and an automobile license card being necessary.

TRAVEL BOOM IS ON

From a recent visit into Northern Michigan and the Upper Peninsula, we are convinced that the travel season this year has almost reached the proportion of a "boom."

While the demand for cottages in some sections is not up to expectation the hotels and overnight cabins are doing a thriving business.

Traverse City for example is having a record year. Its 1941 Cherry Festival, nearly rained and frozen out by November weather, attracted a tremendous throng. Petoskey and Harbor Springs merchants are happy. Mackinac Island and Sault Ste. Marie are receiving throngs.

Tourist towns along Route 27 from Lansing to Mackinaw City are enjoying a marked increase in business over last year. Upper Peninsula's cool climate is pulling thousands to resorts from Ironwood to Menominee and St. Ignace.

Warm weather and general prosperity are partly responsible. Another reason is a conviction of many persons that this summer may be the last one in a good many years when they can do exactly as they wish.

Secretary of the Interior Harold Ickes continues to fret about the probability of gasoline rations. Two weeks ago the Association of American Railroads requested roads in the Southeast to eliminate all excursions in order to facilitate troop movements. Compulsory deductions for defense saving bonds, plus a stiff federal tax on middle-class incomes, would put a serious crimp into 1942 vacations. And so it goes. Result: Increased travel this summer.

R N A PARTY

Mrs. H. V. Tuckey entertained the Royal Neighbors at a card party Thursday afternoon in her home on North Ottawa street. Four tables were filled for games and prizes won by Mrs. E. C. Topps, Mrs. Jack Preston and Mrs. Harold Moon and Mrs Otto Baaske. Mrs. Rose Service will entertain the group next Thursday.

FATHER DIES

Mrs. Earl Kuder of Macon has received word of the death of her father Albert Wait which occurred Saturday, July 19, in Lake Charles La., after a months serious illness from heart trouble. Mr Waite was 86 years of age. He was a former resident near Macon but had lived for many years with two daughters Mrs. Kate McCarey and Miss Mina Waite in Lake Charles.

THANK YOU!

To all those who gave me their Herald coupons and subscriptions and helped to win first place for our son Earl Duaine, in the recent Babyland Revue, I wish to extend my sincere thanks.

Mrs. Dow Bilby.

THE TECUMSEH HERALD

NINETY-FIRST YEAR— NUMBER FORTY FIVE | TECUMSEH, MICHIGAN, THURSDAY, AUGUST 7, 1941 | FIVE CENTS PER COPY.

Fire Fans Are Given Warning

FOLLOWING OF TRUCKS, OBSTRUCTING AT FIRES MUST BE STOPPED

Tecumseh fire fans, scores of them who make it a practice of following fire apparatus when it leaves the downtown area, and as a result hamper firemen in their activities, must halt the practice or be prepared to pay fines and costs in justice courts, J. Floyd Elliott, village president, said today in a public statement.

"We've issued warnings before, asked the people to cooperate, but it has little effect," Mr. Elliott said. "Now we are through fooling. We intend to teach the public that we mean business and I am convinced that they will realize that we are not merely talking when a few of them are taken into court and fined.

"Following fire apparatus to fires and then crowding cars so near the scene of the blaze that it is impossible for us to make hose connections, has caused public criticism of the department, if we can't get cooperation by asking for it kindly, then we intend to use the law and demand it."

Mr. Elliott pointed out that firemen have narrowly escaped injury recently by fire-excited motorists, attempting to drive their cars past tr ucks or at times when men were dashing for hydrant connections.

Mr. Elliott's statement as village president follows.

"As President of the Village Council, I have received many complaints during the past few weeks from the Chief of the Tecumseh Fire Department to the effect that motorists are obstructing the work of the Department by following Fire Apparatus to and from fires.

"As a member of the Tecumseh Fire Department, I know that the Chief of the Department is correct in making such complaints.

"It now becomes my duty, as President of the Village, to issue a warning to motorists regarding this practice, and to advise the Public that in the future offending motorists will be given police tickets to report to local Justices of the Peace, and I sincerely hope that the Justices will impose heavy fines and assess necessary costs in all such cases.

"We have issued warnings before regarding this practice, but they have not been heeded. As a result, our Fire Department has been hampered in its work, and has been criticized severely. Motorists not only have followed too closely behind Fire Apparatus, they have blocked streets within a few feet of the scene of a fire and have made it next to impossible for Firemen to lay hose lines from nearby hydrants.

"It was only a short time ago that a Fireman narrowly escaped being run down by an offending motorist when he jumped from the rear of a Fire Truck with a lead of hose, preparatory to making a hydrant connection.

"As President of the Village, I am taking this means of advising the public that the Tecumseh Fire Department is through issuing warnings in this connection. I have instructed Police to be on hand at every fire and to issue summons in eve ry instance where there is a violation. I am determined that the hampering of the activities of the Fire Department by thoughtless, careless motorists must end.

"In the future, if you follow the department to a fire and obstruct its work, and as a result receive a Police Ticket, blame no one but yourself. You have been warned, you have been given your chance."

DON'T START FIRES

B. B. Moon, local fire chief, issued a warning today to local residents against the starting of outside fires during the extremely dry weather.

"Residents should use extreme caution," he said. "Fires at this season of the year spread rapidly, and oftimes what is at first a pile of burning papers soon will have ignited a field of grass, a nearby building or house."

The department already this week has answered calls to extinguish two grass fires.

2,000 On Hand Here To Greet The Dawn Patrol

More than 2,000 persons were at Tecumseh Airport on Sunday to welcome the Dawn Patrol, an organization of Michigan and Ohio pilots on their second visit to Tecumseh.

Perfect weather greeted the flyers, the first ships arriving soon after 6:45, and at 9 o'clock, in Dr. H. H. Hammel's hanger at the field, a breakfast was served to the nearly 100 flyers and their guests by the Tecumseh Airport Association. Pilots were here from many Michigan and Ohio cities, and five ships, flying in formation, came from Adrian. This group was headed by Ken Morey, father of the Dawn Patrol in the United States.

The Dawn Patrol was organized three years ago, and includes not only men but women pilots. During the summer, the Patrol visits some Michigan or Ohio airport each Sunday. There have been no accidents. Next Sunday, the Patrol will visit Jackson.

A. L. Foreman Funeral Friday

NATIONALLY KNOWN MILK-CRATE MANUFACTURER DIES SUDDENLY

Amos L. Foreman, aged 70 years, nationally known manufacturer of milk bottle crates for more than 35 years, died suddenly of a heart attack at his home on West Chicago boulevard, Tuesday evening. About an hour before his death, Mr. Foreman had returned from Detroit, where he conferred with business friends and associates.

Known to dairymen the nation over as "the milk crate man," Mr. Foreman entered the manufacturing business some 35 years ago in Baltimore, Md., where he was president of the firm of Foreman Systems, Inc., manufacturing milk bottle crates and milk bottle washing machines. Later, he operated plants in York, and Erie, Pa., Chicago, Ill., Los Angeles, Calif., and Detroit. Before coming to Tecumseh, some three years ago, he was associated with the Buhl Stamping Company, in Detroit.

Upon coming to Tecumseh Mr. Foreman moved machinery and equipment here for the manufacture of milk bottle crates, and the plant, known as the Foreman Corporation, operated for several months. Recently, Mr. Foreman had effected plans for the reopening of the plant in the near future.

Mr. Foreman was born in Strausburg, Pa., May 16, 1871. He is survived by the widow, Bessie M. Foreman; also several nieces and nephews, residing in the east.

Funeral services will be held Friday afternoon at 2:30 o'clock at the Collins Funeral Home, N. Union Street. The Rev. R. F. Hildebrand will officiate and burial will be in Brookside Cemetery.

Miss Ethyl Gallaway Weds Roger Richards

Miss Ethyl Gallaway, daughter of Mr. and Mrs. Lawrence Gallaway, and Roger Richards, son of Mr. and Mrs. Harrison Richards of Adrian were married Saturday afternoon at the Martha-Mary Chapel in Macon, Rev. Harry Green of the Raisin Center Friends Church performing the ceremony. Misses Phyllis and Ruth Gallaway, attended their sister as maid of honor and bides maid, Clyde Harlatt and Keith Mathney attended Mr. Richards, and Dorman Richards and Richard Gallaway were ushers.

Preceding the ceremony Earl Tank of Dearborn presented a fifteen minute organ recital and Roberta Gallaway sang "Because" and "I Love You Truly." Mr. Tank also played the Wedding March from Lohengrin.

Following the wedding a reception was held at the home of the brides parents.

The bride is a graduate of Britton high school and is employed as organist at the Martha-Mary Chapel in Macon. The groom is a graduate of Adrian high school and is employed in that city where they will make their home.

FRED GREENFIELD DIES

Fred Greenfield, a brother of Hardy Greenfield of Tecumseh died Saturday night of a heart attack at his home in Adrian after a long period of failing health.

Mr. Greenfield, who was 63 years of age, was born in Ridgeway and was a farmer until his health failed six years ago. He was a Spanish War veteran.

Survivors are the widow, one son Guy of Adrian; two brothers Frank of Deerfield and Hardy of Tecumseh.

The funeral and burial were held in Adrian Tuesday.

SEMINARY REUNION

A reunion of former students and teachers of the Raisin Valley Seminary will be held Friday August 8, at the Raisin Valley Friends church grounds. Basket dinner, business meeting and program are the order of the day.

TECUMSEH PICNIC

The annual picnic of Tecumseh business men and their employees will be held at Pleasant Lake near Manchester, next week Thursday afternoon.

Lutherans To Celebrate Here

ANNUAL MISSION FESTIVAL AND ANNIVERSARY HERE ON SUNDAY.

The Grace Evangelical Lutheran Mission will celebrate its third anniversary in Tecumseh on Sunday August 10, at the same time celebrating the annual Mission Festival.

Three services will be held one at 10:30 a. m., with Rev. P. Heyn of Detroit as the guest speaker, one at 3 p. m., with Rev. C. Schmelzer of Riga the speaker; and another at 8 p. m., when Rev. T. Sauer of Wayne will speak. The Wintersteen Sisters of Tecumseh will sing at all of these services.

The first Lutheran service was held in Tecumseh on August 14, 1938, in the Braun building on East Chicago Boulevard and was conducted by Rev. A. G. Wacker of Ann Arbor. Rev. R. W. Schoele was ordained and installed as the first pastor at that time. The Sunday school was organized in the fall of that year. The men of the church also remodeled the basement of the building that fall.

A year later because of the rapid increase in the congregation, plans were made for a new church and the site of the present church was purchased. In March 1940 the Braun building was so badly damaged by fire it could not be used for services or living quarters and work began on the remodeling of the house on the new property for the minister's home. In August of the same year plans for the new church were approved and work began immediately. The dedication services were held on December 1.

The church membership is now around the 100 mark and the Sunday school around 60.

Mrs. Robert Stephenson, a Former Resident, Dies

Mrs. Robert D. Stephenson, a former resident of Tecumseh passed away at her farm home north of Marion last Wednesday, July 30. She was 68 years of age. Mrs. Stephenson formerly Bessie Belle Carson, daughter of the late John and Elizabeth Carson, and was born in Tecumseh, December 21, 1882. She spent her early life here and was a life long member of the Presbyterian church. On June 27, 1906 she was united in marriage to Robert D. Stephenson of Adrian. They spent the first few years of their married life in and around Tecumseh and in May 1913 moved to Marion where they have since resided.

She leaves to mourn their loss her husband, three daughters Mrs. Doris Brinks, Mrs. Gladys Vander Pol and Miss Ann Stephenson, all of Marion; three sons John Stephenson of Detroit, Dale of Savanna, Ill., and Norman at home; one brother Andrew Carson of Tecumseh a grand daughter Vivian Vander Pol and a grand son Bruce Brinks. One daughter died in infancy.

Moon Chosen As Fire Chief

CECIL ALDERDYCE FIRST ASSISTANT; MOON SUCCEEDS MOMINEE.

The village council, in regular session Monday evening, confirmed the appointment of Burnell B. Moon as chief of the Tecumseh fire department, succeeding W. W. Mominee, who tendered his resignation. Mr. Moon was first assistant under Mr. Mominee, and and to fill that vacancy, the council confirmed the appointment of Cecil Alderdyce. Mr. Mominee, it was said, will remain as a member of the department.

The council spent a busy four hours, disposing of the business that had accumulated since its meeting two weeks ago. Current bills were audited and ordered paid. The purchase of 500 feet of fire hose was authorized. The paving of South Ottawa street, a distance of 186 feet south of Chicago boulevard was approved.

The council is bringing together the cost of the paving of South Evans street, a distance of 186 feet south of Chicago boulevard, which was completed last week and opened to traffic. The council is of the opinion that the work was accomplished at considerable less cost than had a contractor been given the job. All work on the project was done by the local street department.

The collection of taxes here without penalty was extended to September 5, by a council resolution.

The next meeting of the official village family will be on Tuesday evening, September 3, the first Monday in the month being Labor Day.

First Aid Training Course Is Offered

Lenawee County Red Cross is offering a course in first aid training to be held in Deerfield every Tuesday evening for eight weeks, under the instruction of S. L. St. Clair, certified Red Cross instructor.

The course is conducted for both men and women and upon completion of the course each person accredited in first aid will have received at least 24 hours of practical instruction and will have demonstrated by class performance his ability to care for various types of injuries. This training is given not to replace the services of a physician, but so that the right thing may be done until medical help may be obtained.

This will be the last standard course offered before the instructors course and persons taking the latter course must have a standard course certificate.

Anyone interested in enrolling for these classes is to notify Mrs. Henry C. King, county Red Cross chairman, at 810 Michigan Avenue, Adrian.

Alba J. Case, 89, Dies After Long Illness

Alba J. Case, aged 89 years a resident of Lenawee county for many years, died Saturday at Bixby hospital, Adrian, where he had been a patient for several weeks. He had made his home for some time with his daughter in Onsted.

Survivors are the daughter Mrs. Ethel May Dowling and two grand daughters Jane and Dorothy Dowling of Onsted; a grand son Guy W. Case and two great grandsons of Saginaw. Mrs. Case and one son Guy L., preceded him in death.

The funeral and burial were held in Adrian Tuesday.

3 TONS OF ALUMINUM DONATED BY RESIDENTS

The drive for aluminum in Lenawee County has so far netted about 6,000 pounds and an appeal is being made to all housewives to again go over their kitchen utensils and give all damaged or unnecessary pieces. The time for collection will be extended through this week and the aluminum collected will be taken to Lansing early next week by state highway trucks.

Tecumseh collected 562 pounds: Britton, 135; Clinton 230; Hudson, 1930; Blissfield 460; Deerfield, 330; Morenci, 250; Adrian 2137.

HONOR NEWLY WEDS

Members of the Tecumseh Grange gave a party last Wednesday evening for Mr. and Mrs. Howard Matthews, recently married, at their home on West Logan street. The honored couple were presented with a gift and refreshments were served. Fifty members and guests attended.

BROTHER WEDS

Miss Ethelyn Garlinghouse has received word of the marriage of her brother Dr. Arnet J. Garlinghouse of Charlotte and Dr. Maude Williams of Northampton, Mass., which took place yesterday, August 5, in Northampton. They will make their home is Charlotte.

S. W. V. PICNIC SUNDAY

Palmer Gray Camp, Spanish War Veterans and Auxiliary will hold a picnic Sunday August 10, at the home of Mr. and Mrs. Clare Beland and Oscar Hall west of the village limits. Dinner at 1 o'clock.

Car Rolls Into Pool; Youth Escapes Injury

George Underwood, Jr., narrowly escaped drowning, Monday evening at the gravel pit swimming pool, off the Adrian street road. He parked his car and started for the pool. The machine followed. George ran and jumped into the car to stop it and his foot became caught in the door. The car plunged into the pool. George climbed out through the window under two feet of water and was rescued by nearby persons. The car was removed from the pool by a wrecker.

Girl, 3, Is Drowned At Vineyard Lake

Linda Louise Sevenson, three year old daughter of Mr. and Mrs. James Sevenson of Detroit, drowned Thursday afternoon at Vineyard Lake where the family were spending their vacation.

The child was floating on an inner tube in shallow water and Mrs. Sevenson left her for a few moments and went into the cottage. When she returned the child had disappeared. No one saw her fall from the tube. Billy Atkinson 12 years old, also of Detroit, located the body, and an inhalator was used for some time without result.

The body was removed to the funeral home in Brooklyn and later to Detroit.

The parents and two other children survive.

Fire Department Busy; Four Fires, Three Days

The fire department was called to East Cummins street Sunday last before noon to extinguish a grass fire. On Monday afternoon a grass fire near Tecumseh Products Co., was extinguished and about mid night Monday they were called to put out a fire in a Sunoco gasoline truck on West Chicago Blvd. This blaze was due to defective wiring and slight damage resulted.

Tuesday about 5:30 they were called to the home of Walter Pfaus on West Shawnee street where a blaze had started from grease in an electric oven which boiled over while roasting meat. The damage was mostly due to smoke and amounted to at least $75

The department is requesting residents to refrain from building out side fires of any kind during the extremely dry weather.

EXELBY AND UNDERWOOD REUNION IN BRITTON

The 45th annual reunion of the Exelby-Underwood families was held at the Britton park Sunday August 3 with 74 present. At 1:30 a potluck dinner was served. Donald Exelby president, presided over the business meeting. The secretary's report was read and approved. Five births, four marriages and one death were reported.

These officers for 1942 were elected: president, Gerald Benedict; vice president, Grace Simmons; secretary and treasurer Thelma Younglove; corresponding secretary, Alice Price. It was moved and supported that the vice president automatically become president for the following year. It was decided to hold the next reunion at the same place the first Sunday in August 1942. Since several families had 100 per cent attendance the bouquet which was to have been presented to the family having the best attendance was sent to Audrey Underwood who is confined to her bed.

The president appointed the following committees: general arrangements, Mr. and Mrs. Fay Wiggins. Mr. and Mrs. Clarence Exelby and Mr. and Mrs. Walter Swick; table, Mr. and Mrs. Glen Gripton, Mr. and Mrs. Robert Mayfield, Mr. and Mrs. Ivan Mc Carbery; entertainment Mr. and Mrs. Ralph Younglove , Mr. and Mrs. Donald Exelby, Mr. and Mrs. Elmer Eberhardt.

Later in the day ice cream and cake were served.

SORENSON-CRITTENDEN

At 4 o'clock Saturday afternoon August 2, Imogene Crittenden spoke her nuptial vows to C. Paul Sorensen at an informal wedding at Martha-Mary Chapel, Macon in the presence of their immediate families and friends. The Rev. Rial E. Simons of the Methodist church officiated at the ceremony.

The bride is the daughter of Mr. and Mrs. John Crittenden of near Macon and Mr. Sorensen's parents are Mr. and Mrs. Carl Sorensen of Detroit. The bride was attended by Mrs. Harriet Collins and Robert Bertolotti was the groom's best man. The organist, Earl Tank of Dearborn, supervisor of music of Macon schools played "Oh, Promise Me" and "My Song of Love" while the company took their assigned places and at the close of the ceremony he played "The Wedding Song."

Following a reception for thirty-five relatives and friends at the home of Mr. and Mrs. John Crittenden, Mr. and Mrs. Sorensen left for Detroit where a reception was held at the home of Mr. and Mrs. Carl Sorensen. The honored couple were the recipients of many attractive and useful gifts at both receptions. Mr. and Mrs. Sorensen will make their home in Detroit where he is employed.

Fund Drive Is Nearing $8,500

ATHLETIC FIELD SEEDED AND SPRINKLER SYSTEM IN OPERATION

The drive for $13,000 for the building of Tecumseh's new Recreation Center—the natural amphitheatre just north of the high school building recently purchased by the school board—is nearing the $8,500 mark. Wade L. Jones, general chairman of the campaign, said this morning.

"We should hit $8,500 or more today," was Mr. Jones comment. "There are a number of solicitors who have not yet turned in their pledges and I know that some of them have received substantial subscriptions."

A meeting of the nine team captains in Mr. Jones' office last night at which fany pledge cards were turned in, sent the fund total to near the $8,500 mark.

The section of the field to be used as the football gridiron has been seeded and on Tuesday a new overhead sprinkling system, installed by Albert Bagshaw and Dr. William Britton was placed in operation. The system is large enough to sprinkle the entire gridiron. Water for the sprinkling is being donated by the village.

The small pipe used in the sprinkling system was obtained by Mr. Bagshaw and Dr. Britton in Kalamazoo and purchased at a junk price. Large four inch pipe for mains was loaned to the Center by Maynard Mulvany.

"The system, as it is now in operation, would have cost us about $1,500 had it not been for our good luck in Kalamazoo and Mr. Mulvany's contribution," Bagshaw said. "As it is, we have less than $130 in the system."

Gifts from Tecumseh high school alumni ranging as high as $50 to the Recreation Center were announced today by Perry Hayden, chairman of the Alumni drive. He said he felt there were scores of unreported gifts being sent in to the some forty different members of his committee, the response was encouraging, and the following donors have been reported:

Mae Morrisson Warner 1899, of Detroit; Anna Bailey Barnes, 1889, of Bristol, Conn., Arcilla Waring, 1922, of Detroit; Violet Boyd Maynard, 1919, of Adrian; Willis Finch, Class of 1892, Bird in hand, Penna; Eula Swartz Hardcastle, Brooklyn, Class of 1919, Marion Phelps, Class of 1896, Marshall, Mich., Wilda Henry, Class of 1931, Franklin, Penna. Also Alice Barber Hanna, Class of 1935, St. Joseph; Berford Barber, Class of 1930, Lansing, Mich., Frank Keeney, Class of 96, Chicago; Lavery Smith Class of 96, Adrian; Charles D. Hurry, Class 96, Montclair N. J., Julia Gilmore, Class 96, Ridgeway; Kittie Bowers, Class 96, Adrian.

H. C. Wilson, 112 Jefferson St. Blissfield, of the class of 1873, probably the oldest living alumnus, wrote an encouraging letter, expressing his interest in the project.

Judging from the large number of letters being returned to Mr. Hayden, because of wrong addresses, out of town alumni are urged to write Hayden in the event their invitation to donate does not come by mail.

Members of the Control Board of the Center are optimistic about the drive and believe that the public generally realizes that it is possible, over a period of years, to make the field self-liquidating by its use for pageants, public entertainments, concerts, meetings, etc. They pointed out that similar projects in Chesaning, Lowell and other towns have been highly successful and are paying annual dividends.

It also was pointed out that the field will return dividends to the High School Athletic Association in increased gate receipts this year at evening football games. Heretofore, because there was no lighted field, grid games were played in the afternoon and attendance was small. Night games on lighted fields in other towns have increased attendance three and four hundred per cent.

There is considerable agitation locally for the staging of a pageant at the Center late this fall, and a committee is now investigating this proposal. It is believed that a pageant would attract hundreds of people to Tecumseh, as did the one that was staged at the Centennial Celebration some years ago.

WE DEFEND THIS TRUTH

What are we arming to defend? What is it that we Americans hold so precious that we are willing to accept great material and physical sacrifices if need be to make sure that it is not destroyed?

Not just the good land we have here or the wealth of useful goods and products that private enterprise has spread among the people of this country. Much as we value these, a better answer than that is needed. And Roy W. Moore, noted industrial leader, recently provided a sound definition of the heritage we intend to defend. Addressing the Commercial Law League of America, Mr. Moore described our American way in the following words:

"It is the way of liberty. It is the right of a man to think his own thoughts through, and to express them decently in print or by word of mouth. It is the right of assembly and petition. It is the right of protection against tyranny of ukase and edict as opposed to the due process of responsible law. It is the right to choose that device of relations with the Almighty spirit of Life which best will nurture the individual's spirit. It is the right to choose those officers of governance who must truly represent the will and the conscience of the people, and to hold them to the responsibility of representation."

"And it is the right of the individual to engage in any decent occupation of his choice, and to follow it where he wishes, and to reap as his reward such returns as are in decency earned by his skill, his ability, his energy, and his effort."

The words are moving because the force they describe is eloquent too. Needing clear definitions of where we stand in the difficult world of today, we can all find in the above words a goodly part of that larger truth in which all Americans believe.

a Sound INVESTMENT

ask your BANKER!

Keeping your property in repair—whether it be on the farm or in the city—is a sound investment, a safe risk.

Your banker will tell you the necessity of keeping property "in shape." He'll tell you that property that is neglected depreciates rapidly. That the salesability of such property is greatly lessened. That the price such neglected property will bring is far below its improved value.

Don't neglect your property. A new roof, a new porch, a new foundation. Perhaps the addition of a sun porch, the remodeling of an attic, making one or two more sleeping rooms—all of these improvements make your home more liveable.

And Mr. Farmer: Don't neglect your barns and other out buildings. They are important—they are part of your investment. Now is the time to improve.

Michigan Mirror

Non-Partisan News Letter

LANSING Aug. 7—As a holiday from pressing problems, meritorous and deserving as they may be we present a medley of Michigan news oddities, gleamed from home town newspapers and guaranteed positively not to solve a single thing!

Hamburger Train

Bill Brooks of Birmingham warns his customers at the door, "This is not a professional restaurant." After your order is taken, Bill disappears into the kitchen. On the U-shape counter are two miniature railroad tracks. The first thing you know, a whirring sound commences and from a tunnel emerges a shaft of light followed by a locomotive and two flat cars.

The train stops in front of you. You grab your hamburger from a flat car. The train backs up and disappears into the kitchen.

Gay Nineties Epidemic

Future historians may record Michigan's summer as an era of "gay nineties" masquerades, a psychological escape from headline jitters.

Dexter citizens July 3 celebrated a centennial. Men grew beards. Women wore bustles. The famous De-Witt Clinton train of 1831 was brought to Dexter. Result: A village of 1100 persons visited by 60,000 persons.

Perry township, Shiawassee county, held a centennial pageant July 25 and 26 with covered wagons, old-time costumes, broad rimmed hats.

Lawton held a "Gay Nineties" party July 26. Fifty business men grew beards and mustaches. Girls became "belles".

Mackinac Island July 24-26 relived history of 1820 with a pageant. Governor Van Wagoner, as a territorial governor, wore a top hat.

Reclaiming the Desert

In Newaygo county is a 1,000-acre phenomenon, known as Big Prairie desert. Here is its story:

Back in 1852 a group of settlers —James Barton, Alexander Dalziel, William Barton and Benjamin F. Olney—located on a tract of prairie land in four townships.

Because it was a prairie, the land was all under the plow the first year. The surface seemed to be a dark loam. It required little labor to put it under cultivation. Many fine farm buildings were erected.

Late in the '30s sand began to tear up the beautiful farms, cover fences, undermine buildings. Farmers gradually vacated their lands.

Today an estimated 1,000 acres is a lifeless desert. Not a blade of grass can be seen.

Only the farm of the late Judge Barton was spared.

Today the Manistee National Forest Service is planting pine seedlings, installing snow fences to check the sand.

Wild Life Notes

Art Moote and Ted Ingalls, both of Munising, parked their car near Cusino and started walking down a trail. A half-mile away they came suddenly upon two bear cubs, each one about 90 pounds in weight.

Art and Ted then heard a growl. Behind them was the mother bear.

Wholly unarmed, the men started running.

"That is a good deer and rabbit country," related Art afterwards. "We caught up to and passed a dozen of the critters getting away from that bear."

Mrs. William E. Mori, North Caton, Ohio, went fishing for trout in Lake Superior off Munising. Her catch: A 35-pound, 2 ounce trout; 41 1-2 inches long.

Pop Bottle Starts Fire

From Three Rivers comes this tale:

Fire destroyed the straw stack of Elmer Fuller near Covey Lake.

The blaze is believed to have been started when intense heat rays of the sun focused through a pop bottle.

Roller Skating Fad

"The roller skating fad, which flourished about 40 or more years ago, has struck the country again and is becoming a rage," notes Frank M. Weber, country editor at Atlanta, up in Montmorency county.

"Lewiston and Hillman have both had skating rinks for some time, and now Atlanta will furnish a place for you to break your neck if you want to."

Open air motion pictures is another small town vogue. Lester M. Rogers, country publisher at Camden (Hillsdale county) reports:

"It is estimated that 700 people attended the street pictures Wednesday evening. There were seats for 500. Many bring their own chairs and others sit in their cars while many use the standing room."

Girls Run Own Farm

The red-headed Williams sisters —Arlene, Hazel and Belle—have run their own farm of 120 acres near Quincy since their father, Frank Williams, died in 1930.

Last year they raised 1,000 leghorn chickens. They paint and repair their farm buildings.

Hazel teaches school in the winter.

Asked how she likes farming, Arlene said: "I'd rather do it than anything else in the world!"

Catch A Dog

Fishing on Six Mile lake near East Jordan, Mr. and Mrs. Berkert caught a three-pound bass on the first cast; a two pound bass on the eleventh cast.

Suddenly the wind started, and a bad storm threatened. The Berkerts started for shore, a half mile away, letting the plug troll behind the boat.

"Look at the beaver following us," exclaimed Mr. Berkert. Just then there was a "strike" on the line.

Scottie dog, "Wags", who had swam the half mile, had been hooked in the leg with the bassplug. "Wags" was promptly rescued.

Waits 43 years

A. V. Brown Spanish-American war veteran of Fennville, encamped in Arkansas for a week before he received his honorable discharge.

Two weeks ago he found an envelop in his mailbox containing a check for $8.40, "In full payment for services in the Spanish-American war." The check was signed by the Adjutant-general of Arkansas and was his wages for that week of service 43 years ago.

Wicked Big City

Jack Kelly's "big tent show", proclaimed to be "Michigan's biggest and best stock company," invaded the tourist town of Charlevoix the other day. Offering competition with the Chicago smart set's summer playhouse, Kelly offered a special matinee on Saturday with "Peck's Bad Boy". He closed Sunday evening "with the big New York society comedy, 'In the Wrong Bed.'".

Furlough for Cherries

Because he was needed home at Onekama near Bear Lake to help pick cherries, Ferris Herkelrath was given a 10-day furlough from the United States army.

SAME THING

A prudish New Orleans woman who dislikes slang was asked at the hotel why her husband hadn't come down to breakfast.

She blushed slightly and replied, "Oh, dear Walter was on a-a-neck last night."

"He was on a what?" her questioner asked quizzically.

"A-a bosom," she explained, blushing to a deep crimson.

"A what?" her tormentor persisted.

She hid her embarrassment behind her napkin and mumbled, "He was on a bust."

Reunions

YOUNGLOVE FAMILY

The 100th anniversary of the Younglove family in this vicinity was celebrated at the 22nd annual reunion of the descendants of George and Harriett Phelps Younglove held last Sunday in the Britton Park. Mr. and Mrs. Younglove and their children, George, Edward, Henry, Lewis, Timothy, Ambrose, Albert, Charlotte, Harriett and Elizabeth moved to Monroe county from Stockbridge, Mass., in 1831.

Walter Jones presided at the business meeting when the following officers were elected: president George Younglove; first vice president, Ralph Younglove; second vice president, Litta Younglove; secretary and treasurer, Thelma Younglove. An entertainment committee composed of David Younglove, Walter Jones Jr., Stacy Younglove, Ethel Jones, Flora Wolf and Nellie Hill was appointed.

It was decided to hold the 1942 reunion in the same place the last Sunday in July. During the afternoon games and contests under the direction of Mr. and Mrs. Walter Jones Jr., and Mrs. Harlan Rehberg were enjoyed. In conclusion ice cream and cake were served.

78 guests were present from Detroit, Monroe, Grape, Scofield, Flat Rock, Dundee, Deerfield, Ecorse, Tipton, Horton, Leslie, Ida, Tecumseh, Maybee, Waltz and Britton.

STONE FAMILY

The Stone family, descendants of Emma and Thomas Stone, held a reunion last Sunday at Vollmer Park near Toledo, with 170 members in attendance, 25 of whom were from this vicinity.

Francis Stone of Tecumseh was elected president for the coming year; Homer Stone of Toledo, vice president; Herbert Stone of Tontogany, secretary and treasurer; Mrs. Nellie Johnson of Toledo, invitation chairman.

WE'RE TRAVEL MINDED

For many years the Canadians were good customers of Michigan. They enjoyed coming to our state. They spent their money here freely.

Today, because of the imperative need for American dollars to help pay for a $1,000,000,000 purchase of American munitions in 1941, Canadians are restricted from travel abroad. They can't subscribe to American newspapers or magazines. No order of the foreign exchange board at Ottawa ever aroused more resentment and disapproval.

And so while Canadians do not visit American resorts, more Americans are visiting Canada this summer than ever before—unless the gasoline restrictions frighten those who are timid. It is a safe bet that Michigan is going to receive a benefit from the world renown of the five little girls at Callendar. While we are selfish about our own resort industry, we generously acclaim Canada's attractions in a neighborly and friendly spirit—especially Yvonne Marie, Annette, Cecile and Emilie.

DIFFERENT STORY

"I always go by the motto, 'If you'd have a thing done well, do it yourself.'"

"Yes; but suppose you want a haircut?"

There may be plenty of ways to make a living without working, but most of them won't work.

Tipton

Mr. and Mrs. Guy Davenport attended the Valentine Reunion Sunday which was held at Leslie, Mich.

Mrs. Mary Sowle spent the week end with her sister and husband Mr. and Mrs. Paul Lentz of Toledo.

Harry Rockey of Cleveland, O., is visiting at the home of Mr. and Mrs. Lester Munger.

Willis Davenport left Sunday for Pine Lake, to attend Conference. He was sent as a delegate to represent the Future Farmers Association from Tecumseh High School.

Glenn Fisher was a Sunday night guest of his mother, Mrs. Irene Fisher.

Maurice and Frances Fisher from Bellevue are visiting their grandmother, Mrs. Irene Fisher.

The Tanda Campfire Girls are having an Ice cream social Thursday evening at the Community Church. Every one is invited.

Mr. and Mrs. Lewis Weaver from Norwell, were Sunday callers of Mrs. Irene Fisher.

Harry Rockey, of Cleveland and Mrs. Mary Sowle of Tipton were dinner guests Monday of Mr. and Mrs. Grant Slater of Blissfield.

TWO GUN PETE

An English youth who landed in a Canadian port and thought it was America, was soon corrected by another traveler who pointed out that Canada was in North America but was not America.

"I dare say you are right," said the first one after a pause. "I haven't seen one gunnster like they show in the cinma."

Follow The Fire Trucks At Your Own Risk

As President of the Village Council, I have received many complaints during the past few weeks from the Chief of the Tecumseh Fire Department to the effect that motorists are obstructing the work of the Department by following Fire Apparatus to and from fires.

As a member of the Tecumseh Fire Department, I know that the Chief of the Department is correct in making such complaints.

It now becomes my duty, as President of the Village, to issue a warning to motorists regarding this practice, and to advise the Public that in the future offending motorists will be given police tickets to report to local Justices of the Peace, and I sincerely hope that the Justices will impose heavy fines and assess necessary costs in all such cases.

We have issued warnings before regarding this practice, but they have not been heeded. As a result, our Fire Department has been hampered in its work, and has been criticized severely. Motorists not only have followed too closely behind Fire Apparatus, they have blocked streets within a few feet of the scene of a fire, and made it next to impossible for Firemen to lay hose lines from nearby hydrants.

It was only a short time ago that a Fireman narrowly escaped being run down by an offending motorist when he jumped from the rear of a Fire Truck with a lead of hose, preparatory to making a hydrant connection.

As President of the Village, I am taking this means of advising the Public that the Terumseh Fire Department is through issuing warnings in this connection. I have instructed Police to be on hand at every fire, and to issue summons in every instance where there is a violation. I am determined that the hampering of the activities of the Fire Department by thoughtless, careless motorists must end.

In the future, if you follow the department to a fire and obstruct its work, and as a result receive a Police Ticket, blame no one but yourself. You have been warned, you have been given your chance.

J. FLOYD ELLIOTT,

President, Village of Tecumseh.

Have you got A Bank Account?

If you haven't, we'd suggest that you open one this week.

There's nothing you can do that will give you greater satisfaction; there's nothing that will give you more security; nothing that will bring greater happiness.

You don't have to "have money" to open a bank account. A few dollars will do the trick, and systematic saving will make the account grow steadily and rapidly.

Come in today. Know the security of a bank account.

CHRISTIAN SCIENCE CHURCH

"Spirit" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, August 10.

The Golden Text (Colossians 5:9) is, "The fruit of the Spirit is in all goodness and righteousness and truth."

Among the Bible citations is this passage (I John 4:12,13): "No man hath seen God at any time. . . Hereby know we that we dwell in him and he in us, because he hath given us of his Spirit."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy include the following (p.334): "Spirit being God, there is but one Spirit, for there can be but one infinite and therefore one God."

Mastering Circumstances

BUSINESS men are constantly called upon to face conditions or circumstances which must be mastered if they are to be successful. To ignore them is to invite defeat and failure. Occasionally one hears it said that religion and business do not mix. This indicates a lack of understanding of what constitutes a successful business enterprise and of what true religion consists. The first three verses of the first Psalm give a recipe for attaining true success in whatever undertaking one may be engaged. Here we read: "Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful. But his delight is in the law of the Lord; and in his law doth he meditate day and night. And he shall be like a tree planted by the rivers of water, that bringeth forth his fruit in his season; his leaf also shall not wither; and whatsoever he doeth shall prosper."

Thus one who would attain true success must not listen to the counsel of those who ignore God's laws and are therefore unqualified to give sound advice. Neither does he seek help of the dishonest and sinful; nor is he found in the company of the boastful and worldly wise. He looks alone to the one source of true wisdom, infinite Mind, God, for guidance in the solution of every problem. Turning to the Bible, which contains the statement of God's law, he finds therein valuable counsel which he puts to practical use in his daily activities. . . .

On page 254 of Science and Health with Key to the Scriptures, Mary Baker Eddy makes a statement which, when understood in its spiritual meaning, relieves one of a false sense of responsibility, with its attendant fear and worry. She says, "When we wait patiently on God and seek Truth righteously, He directs our path." What is it to "wait patiently on God"? Patience is not simply sitting down calmly and waiting for something to turn up, nor is it putting up with evil conditions and grimly bearing them. Patience is really the persistent expectation of good. To seek Truth righteously is to endeavor to learn God's plan and purpose for man. So, when we wait on God, persistently seeking only good, and through prayer endeavor to learn God's plan and purpose, the right human footsteps will surely be made plain to us. And it is not necessary for us to know today the human footsteps which may be necessary for us to take tomorrow.

The business man who is persistently seeking only good for his customers, for his employees, and for himself, and prays understandingly for divine guidance, may be sure that the right way will unfold to him and true success will be his.

The one who is without remunerative employment may feel that the circumstances with which he is faced are beyond his control. While the immediate condition may have been brought about by events or circumstances which he could not foresee or prevent, the mastering of adverse circumstances is to be achieved within his own consciousness, within spiritualized thinking based on a right understanding of God. One may well begin with a clear realization that his real business is to express or reflect God in his every thought and activity. Mrs. Eddy writes (Miscellaneous Writings, p. 307), "God gives you His spiritual ideas, and in turn, they give you daily supplies." The source, then, of all true ideas or thoughts is infinite Mind, God, and as one turns with confidence to Him in fervent prayer for guidance, the right human footsteps will appear. Christ Jesus said (Matthew 6:33), "Seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you." Just before Jesus gave utterance to this profound spiritual admonition he had been speaking of the ordinary human needs for food and clothing, so we may be sure that when we apply this rule intelligently in working out our human problems of employment, business, and supply, every need will be met.

Whatever the conditions or circumstances with which one may seem to be faced, if one seeks first a right understanding of God and of man's spiritual relationship to Him, he may be sure that "whatsoever he doeth shall prosper."—*The Christian Science Monitor.*

THIS BUSINESS OF *Living*

BY SUSAN THAYER

"I MIGHT BE ABLE TO HELP"

She was a pretty little woman brown eyed and brown haired, and she wore a sheer blue dress with a string of white beads around her neck. Not at all the costume I had expected to find an expert factory fore-woman wearing. But then I found that the floor where she and a group of young women assemble precision instruments for tanks and planes and ships was as spotless as a well-kept kitchen and a cool as a breeze-swept living room. The girls themselves were gaily dressed too and as well manicured and waved as girls in offices or schools.

"Why not?" she asked me when I expressed surprise. "Working in a factory doesn't make a girl different, you know. She is just as fond of pretty things and good times as any other girl is."

Then to my astonishment I found that this older woman, who has become a supervisor and holds a position of responsibility and trust in a famous manufacturing plant, is pretty much like the rest of us too, just as eager to "do something useful" in this emergency as those of us who are simply housekeepers.

I went to see her because she is one of the women working on instruments for machines used in the Army and Navy of the United States — machines essential to defense. I wanted to get the story of her career and hear from her direct how it feels to be doing such important work for Uncle Sam. She explained about her work and told me how responsible she feels about it. But then, with eyes shining she went on to tell me about the Red Cross courses she has taken this last year. She spent three evenings a week all last winter getting the training that makes her eligible to be a nurse's aid.

"But why?" I asked. "You couldn't be spared from this important production work."

"No I couldn't. But I might be able to help in some extra way with this training. I'd want to be really useful and know how to give first aid and things like that. I couldn't bear just to sit by and let other people do all the work."

And so it seems that even a woman in the front line of defense production isn't satisfied with her important work, but wants to be ready to play a vital part in any emergency.

With a spirit of service like this among the women of the country in homes and offices and factories, there can be no question of America's ability to survive this crisis with our freedoms as well as our countryside and cities unscathed.

"PAUL REVERE'S HORSE"

Announcement of a thiy new auxiliary engine that will extend the flying range of bombers, now in mass production for the Navy, brought about a brief spurt of interest in its inventer, Charles L. Lawrance. Lawrance has invented other airplane engines in his time which were used to break existing flight records, but he has never sought or received public attention.

The occasion of his latest invention, which will be great service to defense, calls to mind a story told concerning him. Once a wellwisher inquired why Lawrance seldom received credit when others who depended upon his inventions for their success, were wildly acclaimed.

"After all," Lawrance answered humorously, "who ever heard the name of Paul Revere's horse?"

That quiet spirit of service is characteristic of American industrial research. All over our country thousands of research workers and engineers are making their individual contributions to our national security. They served progress in the past. Today they are helping to make sure that the results of that progress are preserved for the American generations that lie ahead.

Often their names are not known or remembered. But the composite result of their efforts is so plain that no one can miss seeing it—American industrial superiority, with its promise of security today and of better living standards tomorrow. Research, the "Paul Revere's horse" that has achieved all this can well be proud of the role it plays.

Franc Gillespie Funeral Friday

LOCAL POSTMISTRESS DIES AT HOME TUESDAY; BURIAL IN BROOKSIDE

Mrs. Franc S. Gillespie, 65, local postmistress, passed away Tuesday afternoon at 1 o'clock at her home on West Pottawatamie street. She had been in poor health for some time but had attended to her duties at the postoffice as usual until Saturday noon.

Mrs. Gillespie was born August 28, 1875, in Monroe county and was the daughter of the late P. C. and Ida M. Snell. The family moved to Tecumseh when she was three years of age and the remainder of her life was spent here. She attended the local schools graduating in 1892. In 1901 she was married to Garland R. Gillespie, local attorney and insurance dealer, who died in 1912. After his death she continued the insurance business for 24 years retiring in 1936 when she was appointed postmistress. She was reappointed in July 1940.

Mrs. Gillespie was a member of the Presbyterian church; a past president and charter member of the Business and Professional Women's Club; a past noble grand and charter member of the Rebekah Lodge; a member of the Tecumseh Chapter Order of the Eastern Star, the Monday Club and Wit and Wisdom Club, the Lenawee County Democratic committee; and the Florence Weld Mission Guild.

Survivors are three daughters Mrs. Arlene Ousterhout and Miss Francis Gillespie of Tecumseh, and Mrs. Geraldine Ford of Mountain Lakes, N. J.; one sister Mrs. Lulu Davis of Ann Arbor; four grand children David and Barbara Ousterhout and Bonnie and Douglas Ford; two nieces, Mrs. Ivaletta Clark of Tecumseh and Mrs. Nyla Keech of Ann Arbor.

The body will lie in state at the Presbyterian church from 12 till 1:30 Friday afternoon, and funeral services will be held at 2:30 with burial in Brookside cemetery.

All business places will be closed from 2:15 until 3:30 during the funeral.

Former Resident Burned To Death In Cabin

Abe Woodbeck, aged 66 years, a resident of Tecumseh for many years, was burned to death Thursday night in his cabin on Bent Oak avenue in Adrian. The fire evidently was caused by the explosion of a kerosene stove and flames enveloped the cabin so quickly that Mr. Woodbeck was unable to escape. His body was found on the floor with a frying pan clutched in one hand. Mr. Woodbeck was a WPA worker employed in Clinton, and neighbors reported seeing him going toward his home earlier in the evening.

He was born in Palmyra and was the son of the late James and Jane Woodbeck. He spent his whole life in Lenawee County leaving Tecumseh several years ago. There are no survivors.

Funeral services were held Saturday afternoon at the Mott Funeral Home in Adrian and burial was in Oakwood cemetery in that city.

MRS. HOLDEN HONORED

Mrs. W. S. Britton, Miss Joan Barritt and Mrs. Chas. Reynolds were joint hostesses at a breakfast given Sunday morning at the Reynolds home in Britton in honor of Mrs. Laine R. Holden. Fifteen guests were seated for breakfast at small tables centered with garden flowers. Mrs. Holden received a shower of gifts. Mrs. Howard Dawson of Detroit, Mrs. Norman Groeschow of Adrian and Mrs. Walter Morden Jr., of Tipton were the guests from out of town.

INFANT DIES

Joyce Mae, three months old daughter of Mr. and Mrs. Otto Kuhlenkamp of Manchester, died Saturday afternoon at Tecumseh hospital where she had been a patient for several days.

The parents, three brothers and a sister all at home, and her grandparents Mr. and Mrs. William Esch of Sharon survive.

Funeral services and burial were held in Manchester Tuesday.

R. N. A. Party

Mrs. Lafayette Stevenson entertained the Royal Neighbors at a card party Thursday afternoon. Four tables were filled for games and prizes awarded to Mrs. John Preston, Mrs. Jennie Hodges, Mrs. C. T. Herring and Mrs. Otto Baaske Refreshments were served in conclusion.

The group will meet next Thursday att he home of Mrs. Rose Service.

MACCABEES TO MEET

The Maccabees will meet Monday evening, August 18, at the home of Mrs. Guy Belding, for a picnic supper at 6 o'clock followed by the regular meeting.

VILLAGE TAXES

I will be at United Savings Bank for collection of village taxes, every Tuesday and Friday during the month of August. Le Roy H. Titley, Village Treasurer. adv

Rag Weed Fight Is Successful

GARDEN CLUB FINDS THAT TOWN HAS LESS THIS YEAR THAN LAST

The Tecumseh Garden Club met Friday afternoon at the Merrie Moore cottage at Sand lake with Mrs. R. S. Moore, Mrs. Robert Moore Jr., Mrs. B. J. Pulver, Mrs. Lewis Lent and Mrs. O W Laidlaw as hostesses. A potluck luncheon was served on the two verandas, one facing the lake and the other, the garden. The tables were laid with runners and plate doilies brought by Mrs. Moore from Mexico and Guatemala and decorated with flowers from the garden.

Mrs. R. K. Anderson, the president, precided at the business meeting and reports of committees were given. It was voted to replace the memorial tree, planted on the school grounds in memory of Miss Martha Caldwell and to place a metal marker on the tree. The resignation of Mrs. Pearl Elliott was received and Mrs. Anna Haughey, whose name was first on the waiting list, was received as a member. Mrs. H. M. Scovel's name was placed on the waiting list, the membership being lifted to 40 persons. Mrs. Ned Baldwin, the secretary read the constitution and by-laws to refresh the minds of the members. Two papers by members were then read. "How and Why Rock Gardens are Built," written by Mrs. D. F. Wright who was unable to be present, was read by Mrs. Frank Buck, and Mrs. E. G. Palmer, Mrs. C. C. Ruppel, Mrs. R. S. Moore, Mrs. Lent and Mrs. Roy Cadmus told of their rock gardens. The other paper, "Rock Garden Plants," was given by Mrs. F. C. Hanna. Later the gardens of Mrs. Moore and Mrs. Lent were visited. Guests at the meeting included Mrs. Louise Moss of Toledo, Mrs. H. M. Scoval, Mrs. L. J. Britton, Mrs. Paul Ammer, Mrs. Harold Wilson and Mrs. Frank K. Smith.

The next meeting will be held at the new home of Mrs. Charles Rynd, near Ann Arbor. Assisting hostesses will be Miss Mary McWilliams, Mrs. A. Heizerman, Mrs. C. C. Ruppel and Mrs. Ella Brown. Mrs. Charles L. Kempf will be in charge of the conservation. Mrs. Robert Moore will read a paper on "Poisonous Weeds" and Mrs. Leon Rosacrans on "Chrysanthemums."

The campaign for the eradication of ragweed, continued last week by the Garden Club, resulted in the delivery and destruction of 104 bushels, 95 bushels less than last year. Many areas, which last year had quantities of the weed, were almost free from it this year. The club is endeavoring to acquaint Tecumseh people with this type of weed, so that they will pull it early in the year from their own gardens and thus, in time, Tecumseh may be free from this obnoxious weed to which hay fever sufferers are susceptible.

Gordon Pearson delivered 47½ bushels of the pulled weed, the largest amount received and he was awarded $1 as first prize besides the 5c per bushel. The second prize went to Duane Louden for 34 bushels. He was given 75c in addition to the amount per bushel. Other children brought in a few bushels each, The dry weather made the pulling of the weed exceedingly difficult this year. Mrs. R. W. Herrick, chairman, and Mrs. O. W. Laidlaw, Mrs. C. C. Ruppel, Mrs. W. L. Jones and Mrs. Glenn VanDenbergh, members of the civic committee of the club, were in charge of the campaign.

GRASS FIRE

The fire department was called to a point near the Fred Dalsher farm in Raisin township, Wednesday afternoon, to extinguish a grass fire that had started in a woods. Farmers succeeded in extinguishing the blaze before the department arrived. There was no damage.

Grass fires near the Quaker Oats Co., plant on Tuesday afternoon and near the Adams farm south of town Friday night were also extinguished by the department.

Village Needs New Fire Truck

COUNCIL HOLDS SPECIAL SESSION, INSTRUCTS CLERK TO SEEK PRICES

The village council, in special session last Monday evening, instructed Wade L. Jones, clerk, to inquire immediately into the cost of replacing the present Tecumseh fire truck with new pumper-type equipment, and to submit the figures to the council, possibly for its regular session, next Monday night. Mr. Jones said today that he had made inquiries of five or six companies furnishing fire equipment, and that he expected to have considerable data for the council at its next meeting.

The council was advised at its session on Monday that the 15-year-old truck now used by the village is viewed by insurance companies as "obsolete equipment," and that it is badly in need of repair. A valve spring in the motor is broken, and the only source of replacement, it was said, is the junk pile.

J. Floyd Elliott, president of the council, told its members that the department was at one time of the opinion that the rural fire truck was in "worse shape" than the village truck, but have changed their minds. Recently, he said, the rural truck has been used to answer village calls, pending needed repairs on the Tecumseh truck.

"I think the matter of a fire truck is something that we should give immediate and prompt consideration," the president said. "We can't delay, because any delay is dangerous."

It is expected that the report to be submitted to the council on Monday will indicate the cost of necessary equipment, its type, etc.

Field Drive Chairman Talks To Rotary Club

C. M. Brown, general chairman of the drive to raise $13,000 for Tecumseh's new Recreation Center was the speaker at the regular noon-day luncheon meeting of the Tecumseh Rotary Club, Tuesday at the parish house of St. Peter's church.

"The drive is progressing rather slowly," Mr. Brown told the club members. "Reports indicate that we have raised a little more than $8,000, and it is hoped that the around-the-block canvass, planned for this week-end, will be highly successful. However, we need the support of the Rotary Club in this enterprise, and we hope that Rotarians will assist us in every way possible."

Mr. Brown spiked a rumor to the effect that the entire $13,000 fund would be spent in improving the Center's football field. He said that thus far only a little more than $130 has been spent on the gridiron, and that the $13,000 fund is to be used for the entire center not a football field alone.

Mr. Brown also pointed out to Rotarians that recreation centers in other communities have been business builders for the entire town, Lowell and Clawsning, with their Show Boat programs, are attracting thousands of people to those villages, The chairman was of the opinion that similar activities here would produce like results.

FUNERAL SERVICES HELD FOR A. L. FOREMAN

Funeral services for A. L. Foreman, were held Friday afternoon at the Collins Funeral Home. Rev. E. F. Hildebrand officiated and pallbearers were Wade L. Jones, Earl L. Wickwire, L. P. Williamson, Faunt Leonardson, Frank K. Smith and Jens K. Touborg. Burial was in Brookside cemetery.

Among those from away who attended were Mr. and Mrs. J. F. Davis of Cleveland, O., J. G. Collison of Greensborough, N. C., Mrs. Charles Rodda of Detroit and Mr. and Mrs. George Mints of Birmingham.

FRANKLIN GARDEN CLUB

The Franklin Garden Club met Tuesday afternoon at the home of Miss Fern Luce. Mrs. Ruth Mattis presided at the business meeting and plans were laid for a flower show to be held in Tipton August 28. The members of the club will display flowers and floral arrangements and ice cream and cake will be served. Mrs. Mattis presented a flower arrangement illustrating monochromatic color harmonies using various shades of purple. Mrs. Rose Elwood passed a bouquet containing many kinds of flowers but no two alike and the members were tested as to their knowledge of flowers. At the close of the meeting a lunch was served by the hostesses, Mrs. Maybelle Taylor, Miss Fern Luce and Mrs. Eva Hunt.

DEPENDABLE CLASS

The Temple Dependable Class of the Methodist church will meet Friday afternoon at 3 o'clock at the home of Miss Lavie Snedecor on West Brown street. The meeting will be followed by a pot luck supper at 6:15 for members and their families and friends.

My office will be open for collections, August 10 to 17 inclusive, while vacationing. M. R. Blanden, M. D. A-14

Two Fire Fans Arrested Pay Fines and Costs

Donald Russell and William Hagadorn, both of Tecumseh, who followed too closely on the heels of firemen when they responded last week to extinguish a grass fire near the Quaker Oats plant, each paid fines and costs of $2, when they were arraigned in Justice Clyde Barber's court.

J. Floyd Elliott, president of the village and a member of the department, has warned motorists not to follow the fire department when it is responding to an alarm, and also not to hamper the work of the department by parking cars too close to the scene of the fire. He declared that police have been instructed to issue tickets for violations.

Ralph Memezeroth of Toledo, paid a $2 fine this week for parking his car in a restricted zone, and A. E. Moran paid a fine and costs of $4 for ruining a stop sign and for speeding. All arraignments were in Justice Barber's court.

John Vedder Dies Suddenly

WAS MOTORMAN ON THE FIRST ELECTRIC CAR OPERATED IN U. S.

John Vedder, aged 85 years, died Thursday night at the home of Mr. and Mrs. Maynard Mulvany, where he had been taken after suffering a heart attack on Wednesday afternoon at the Hotel Chief. He had made his home at the hotel for several years.

Mr. Vedder had spent most of his life in and around Tecumseh, but had been employed in Chicago Benton Harbor and Elkhart, Ind. While in the latter city he was employed as the motorman of the first electric car in the United States.

His only survivors are cousins, Adelbert Vedder, Frank Treat and Elmer Treat of Adrian, Dr. Leroy Treat of Flint, and Mrs. Frank Bates of Dimondale, and a niece, Mrs. A. Hamilton of Chicago, Mrs. Vedder and a daughter preceded him in death.

The funeral was held at Belding Funeral Home Saturday afternoon. Rev. E. F. Hildebrand officiated and bearers were J. M. Mulvany, Elmer Treat of Adrian, Dr. Leroy Treat of Flint, and Frichard, William Hanna, William Spencer and L. B. Wood. Burial was made in Brookside cemetery.

Funeral Here Tuesday For John H. Gray, 80,

Funeral services were held Tuesday at Belding Funeral Home for John H. Gray, aged 80 years, who took his own life with a shot gun, Sunday evening at his home south west of town.

Mr. and Mrs. Raynor Sweet who made their home with her grandfather, Mr. Gray heard the shot as they drove into the yard about 8 o'clock. They discovered the body and immediately called the state police. Mr. Gray had been failing in health the past few weeks, Coroner Paul Mott was called and decided that an inquest was not necessary.

Mr. Gray leaves a daughter Mrs. Ray Lister of Raisin township, a son, Horace Gray of Toledo, a brother, Willard Gray of Raisin and a sister, Mrs. Robert Quackenbush of Tecumseh, also several grand children.

Burial was in Brookside Cemetery.

Spoke Marriage Vows In 1891 That Have Lasted For 50 Years

On August 9, 1891, a quiet wedding was solemnized in Clinton, Michigan, when William Phillips and Esther Martin spoke the vows joining them in a marriage which has lasted for 50 years, The ceremony was performed by the Rev. J. Ward Stone, then pastor of the Clinton Baptist church. They were attended by the bride's sister, Anna now deceased, and George Curry of Tecumseh.

Mrs. Phillips was born April 16, 1868 and was the daughter of John and Emily Martin of Manchester township. Her girl hood was spent in the farm of her parents. She later moved to Clinton where for 16 years she was employed as a weaver at the Clinton Woolen Mills. Mr. Phillips was born near Tecumseh, October 28, 1866 and was the son of Fletcher and Melinda Phillips. He later lived in Brooklyn and Somerset, then settling in Clinton to work in the woolen mills.

For the past 37 years they have resided on their farm four miles south west of Clinton and as early as Friday last, messages of congratulations, gifts and cards from neighbors, friends and relatives poured into the home, which had been decorated throughout with bowls and baskets of gold and yellow flowers in honor of their golden wedding day.

On Sunday, 70 relatives and friends gathered at their home in a joint golden wedding celebration and the Bicentennial reunion.

Mr. Phillips, who has been in poor health the past two years, was able to mingle with the guests and Mrs. Phillips met each one with her every smile. Even the yard and house were filled with well wishers. Both moving and still pictures were taken as a corsage was pinned on Mrs. Phillips gown and a huge basket of 50 golden gladioli was presented to the honored couple. They were a gift from Mrs. William Durant and family of Ypsilanti. This basket graced the center of the table at which the bride and groom of 50 years ago were seated with their near relatives. Pot luck dinner was served in the yard and two large wedding cakes; one in white and one in gold, Mrs. Phillips cut and served the cakes to each guest. As the dinner was brought to a close Mr. and Mrs. Phillips opened their many greeting cards and gifts. They were also presented with a gift of cash from those present.

The affair was arranged by three neices Mrs. Guy Cunningham of Belleville, Mrs. William Durant of Ypsilanti, and Mrs. Robert Caldwell of Battle Creek.

A short business meeting was held following the dinner and new officers were elected for the Blowers-Martin reunion and plans made for the 1942 gathering. Mrs. Guy Cunningham of Belleville was elected president, and George Curry secretary and treasurer for the coming year. The entertainment committee then conducted contests and games with prizes for the winners.

Guests from Battle Creek, Ypsilanti, Belleville, Seneca, Manchester Tecumseh, Clinton, and Tecumseh attended and Mr. and Mrs. Miles Martin of Manchester and George Curry of Tecumseh were the only ones present who had attended the wedding 50 years ago.

Mrs. Comar Tanis, 90, Buried In Kalamazoo

Mrs. Comar Tanis, aged nearly 90 years, died August 4 at the home of her daughter Mrs. Frank Nyland on West Pottawatamie street after a two weeks serious illness although she had been in failing health for some time.

Mrs. Tanis was formerly Elizabeth Van Male and was born in Rochester, N. Y., in Nove mber, 1851. She came to Michigan with her parents in 1854 and settled near Kalamazoo, spending the rest of her life in that vicinity until coming to the home of her daughter Mrs. Nyland. Her husband, Mr. Tanis died nine years ago.

Survivors are two daughters Mrs. Frank Pierce of Kalamazoo and Mrs. Nyland and a son John Tanis of Detroit, also eight grand children.

The body was taken to Kalamazoo where funeral services were held Monday August 4, at the Truesdale Funeral Home, with burial in Kalamazoo cemetery.

Marjorie M. McHenney Bride of J. H. Tonneberger

The wedding of James H. Tonneberger of Tecumseh and Miss Marjorie M. McHenney of Clinton will be solemnized today at noon in the Martha Mary Chapel at Macon. Rev. Roland W. Schiele of the Grace Ev. Lutheran church will read the marriage service and Mr. and Mrs. Donald Blatchford of Clinton will be the attendants, Bonnie Jean Tonneberger of Toledo will act as flower girl and her brother Ronald Dean the ring bearer. Both are cousins of the groom. Gerald Driscoll and Loren Campbell are the ushers.

Preceding the ceremony Earl Tank of Dearborn will present a fifteen minute organ recital and play the Wedding March from Lohengrin and Jack Tonneberger, brother of the groom, will sing "I love You Truly" and "O Promise Me", Mr. Tank will play Tannhausers March as the guests leave the chapel.

The church has been decorated for the occasion with large palms and baskets of mixed garden flowers.

Following the ceremony a reception for 75 guests will be held at the home of the grooms parents Mr. and Mrs. Albert Tonneberger on East Logan street, with Misses Betty Jean Tonneberger, Jean and Dorothy Robach, Collen Thorn and Marjorie Chaffee assisting in sewing.

The brides gown is of white velvaray satin with a dainty all over floral pattern, made princess style with sweet heart neckline, long sleeves and train. She will also wear a finger tip veil and tiara of white satin, and carry a bridal bouquet of white gladioli, asters and gyrophelia tied with white satin ribbon, Mrs. Blatchford will wear pink georgette over satin and carry pink gladioli tied with blue ribbon. The little flower girl will wear blue georgette over satin.

The bride is a pupil of the Macon Ford grade school and a graduate of Clinton high school. Mr. Tonneberger graduated from Military School at Sweetwater, Tenn., in 1938 and is employed by Tecumseh Products Company.

He suffered injuries at the plant August 1 when a unit fell on his left foot and was taken to Tecumseh hospital Sunday with an infection. He will be taken to Macon today for the wedding and returned to the hospital so all plans for a wedding trip have been cancelled.

Mr. and Mrs. Tonneberger will make their home at 201 East Logan street which they have purchased and which is ready for their occupancy.

More than 100 guests from Goshen, N. Y., Detroit, Toledo, Metamora, Adrian, Jonesville, Clinton, Britton, Saline and Tipton will attend the wedding.

Local Women Hurt In Crash

MRS. P. B. HARDY, MRS. LE ROY BRITTON PATIENTS IN HOSPITALS

Mrs. Jenny Law Hardy, wife of Dr. P. B. Hardy of Tecumseh, and Mrs. Le Roy J. Britton, wife of Dr. Britton of Britton, were injured last evening in an automobile accident as they were returning from Devils Lake. The mishap occurred at the school house corner in Onsted, when the car in which they were riding, driven by Mrs. Britton and another machine, collied.

Mrs. Hardy is a patient in Bixby Hospital, Adrian. She suffered a scalp wound and was unconscious for some time. The hospital said early this morning that she was resting comfortably, and that an X-ray examination would be made today.

Mrs. Britton is a patient in Tecumseh Hospital. She suffered severe chest and scalp injuries, and deep lacerations about one of her ears. She is to undergo an X-ray examination today.

HOUSE TRAILERS INCREASE

Twice as many house trailers were registered in Michigan the first five months of this year as were registered during the same period a year ago, reports Secretary of State Harry F. Kelly, 10,634 house trailers were registered in Michigan during the entire year of 1940, and from January 1st to June 30th of this year, 8,459 were registered.

Dealers of house trailers report that the majority of sales being made this year are for utility purposes. The trailers are being moved onto building lots and are being used as homes because of the housing shortage in industrial areas.

2 Day Canvass In Field Drive

HOUSE-TO-HOUSE SOLICITATION TO BOOST ATHLETIC FUND TOTAL

An around-the-block canvass, in an effort to stepup materially the more than $8,000 total thus far subscribed for the improvement of Tecumseh's new Recreation Center was announced today by Wade L. Jones, general chairman of the drive.

"This house-to-house canvass will take place this weekend," Mr. Jones said in making the announcement. "There will be some 36 solicitors, and they will call at every house, so that no one will be overlooked. We are finding that with the first system used many persons were overlooked, due to faulty addresses. In the 'around-the-block' campaign no one should be missed."

Mr. Jones said that the campaign is progressing rather slowly but steadily. Thus far, he said, more than $8,000 of the $13,000 total has been subscribed. There are still many out-of-town firms and individuals to be heard from, and the chairman is confident that the campaign will take a sudden spurt during the next few days.

"There has been a rumor on the street, Mr. Jones said, "to the effect that we plan to spend the entire $13,000 on improving the football field. I don't know who started it, but it is false, regardless. The $13,000 is for the improvement of the entire recreation center, and only a small amount of the money will be used for the gridiron. Thus far, the football field, itself, has cost less than $150."

The football field has been graded and seeded, and an over-head sprinkling system installed. The grass is beginning to show through and it is hoped that it will be in readiness for one of the high school games, late in September.

Gifts for the Recreation Center from graduates of Tecumseh High School living away are coming in steadily. Those that have been handed to Perry Hayden, chairman of the Alumni Committee, since the last issue of the Herald are as follows:

Minnie Smith, Ypsilanti, Class 1910; Laura Gooding Temple, and Leon E. Temple, Class 1899; Floyd Slater, Sharon, Pa., Class of 1901; Emily Gooding Dennison, Cross Wyoming, Class 1894; Lyster

Treasury Gets Scrap Aluminum

SMALL ARMY OF TRUCKS USED TO DELIVER GIFT TO MICHIGAN

A small mechanized army of trucks and crew members was required to deliver the scrap aluminum contributed by Michigan citizens to U. S. Treasury agents, according to Everett DeRyke, executive director of the Michigan Council of Defense, which supervised the collection.

The State Highway Department and county road commissions throughout the state co-operated in the delivery of the aluminum to the Treasury, which will sell it to smelters supplying defense contractors. The money will be used to buy trainer planes for the Army and Navy.

The delivery system, set up by engineers assigned to the task by G. Donald Kennedy, state highway commissioner, reached into every community in the state. First of all, county trucks picked up aluminum from local collection points and hauled it into the yards of the county road commissions. When State trucks, 19 of them, gathered the scrap metal from the county centers and hauled it to seven concentration centers in Detroit, Lansing, Kalamazoo, Grand Rapids, Saginaw, Cadillac and Escanaba, where the Treasury took charge, In some cases, where county yards were near the concentration centers county trucks made the final hauls but the long trips were covered by State trucks. These 19 State trucks covered 1,652 miles in making the final collection.

No attempt was made to estimate the distance traveled by trucks making collections within counties, but it is known that those making hauls to the seven key points covered 868 miles. At least 75 trucks were assigned to the collection by county road commissions.

"The efficency of the collection system contributed greatly to the success of the aluminum-procurement campaign", DeRyke declared. The Council has already adopted a formal resolution conveying its thanks to the State and county road agencies which contributed trucks, men and gasoline to this drive without asking a penny in return. Because we have had to deduct nothing for transportation charges, the net return from Michigan's contribution to the National Scrap Aluminum Fund is certain to be a sizeable one.

"Everyone concerned—and there are far too many deserving credit to be listed as individuals or even by organizations to which they belong—is to be congratulated on a job well done."

Final figures on the amount of aluminum collected are not available as yet.

MULTIPLYING DEFENSE EFFORT

The Office of Production Management announcement that six corporations holding defense supply contracts with the War and Navy Departments have contracted for 31.3 per cent of the total dollar volume of such contracts may perhaps raise in the minds of some folks that old, and tattered specter of the 60 families who are mistakenly supposed to "own" America. At first glance it might apear to be meat for the hungry critics of our industrial system.

But what are the facts? When the need for our gigantic defense effort first appeared the government naturally turned to big corporations, because they were the ones who could handle big jobs most quickly. They had the plant facilities, the managerial skill, the trained labor for the work. They got the contracts because they had the required experie nce.

But even though they have the prime orders, by no means do they do all the work. They handle government business just as they handle their own—what they can't do themselves, they let out to others. And investigation reveals, they are letting out more and more as the urgency of the situation increases.

Few people realize the great amount of sub-contracting that is being done today. For that reason, a recent check made by the Army Navy Munitions Board has considerable interest. According to it, 4,750 direct contractors are using 28,000 sub-contractors and sub-subcontractors—an average of nearly six plants at work on some operation of each order.

A case in point is furnished by a leading manufacturer of airplane motors. From a 69 million dollar contract which it received, this company has sub-let 30 million dollars of work, or approximately 43 per cent of the total. All told, it is using exactly 100 different subcontractors on the job.

Another company with a 17 million dollar machine gun contract has sublet 11 million dollars of it, or 64 per cent of its work.

A manufacturer of aviation and nautical instruments is already buying 350,000 man hours a month from sub-contractors and within a year expects to increase that figure.

Cases like these are typical of the way in which defense effort—and defense spending—are being spread out among companies large and small all over the country. Industry today is sub-contracting to the greatest extent possible for maximum efficiency. In that lies the secret of our rapidly expanding armaments production.

"ALL OUT FOR ECONOMY

If America is facing an "all out" emergency, it's time for every American to act as if it were.

Business as usual is finished for the duration. All right, Americans accept that fact. Instead of business as usual, we shall have armaments as never before.

But if business as usual is outlawed for most of us by the pressure of events, why not for all of us? So far as non-defense government spending is concerned it's still the order of the day. The $3,529,000,000 tax bill now before Congress indicates that while we are "all out" for taxes we are by no means "all out" for economy.

Everyone interested in preserving the American way of life acknowledges the need for huge defense financing. If we are to preserve our freedom, we must have weapons. If we are to have weapons, we must pay for them. However, the same critical state of affairs which calls for an increase in taxes calls also for drastic reductions in non defense spending.

Already emergency defense appropriations total $40,000,000,000 with some $7,000,000,000 more in immediate contemplation. This stupendous expenditure must be financed on top of the greatly increased cost of the non-defense government functions that has occurred in the last few years. Appropriation bills passed for the fiscal year, 1942, actually boost non-defense items by $88,378,352 over 1941.

The time has come for economy. In the present emergency why are politicians still conducting business as usual in the field of government finance?

YOUNG AMERICA IS READY to meet the test
Bright eyed, well spoken, Young America calls on its schools, its parents, its government to best prepare it for future responsibilities.
We feel that we are meeting this responsibility in Tecumseh and its trading area by furnishing building materials, supplies and fuel to the homes where these Young Americans reside.
Our responsibility to this community is very definite. It is a big task, now that materials and supplies are being rapidly taken up by the government's Defense Program.
We are doing our best to be of service. We appreciate your patronage. We will always do our best to meet your requirements.

BEST MAN WINS

An Irishman obtained leave from work to attend a wedding. He returned with two black eyes.

The foreman asked him what had happened.

"When I got there," replied the Irishman, "I saw a fellow all dressed up like a peacock. 'An' who are you?' says I."

"I'm the best man, he says, an' begorra he was too!"

COMPETITION

"How old are you, Sonny?" asked the inquisitive old man of the little boy on the beach.

"Six," came the brisk reply.

"Six," echoed the old man, "and yet you are not as tall as my umbrella."

The boy drew himself up to his full height. "How old is your umbrella?" he asked.

Beauty Spots of Upper Michigan Threatened By Industrial Advance

LANSING August 14—What is going to happen to three waterfalls of the Upper Peninsula?

Here is a question that involves a controversial issue, and like everything else you find many sides to it. It isn't all one-sided by a long shot.

The two Tahquemenon Falls in Luce county are now under state ownership, having been transferred by the federal government to the state conservation department in a swap of timber land.

But many other scenic waterfalls in the Upper Peninsula are owned privately, and two of these—Victoria and Bond falls in Ontonagon county—have been exploited for commercial purposes by private power interests.

Having just returned from a 1,200-mile trip into this fascinating country between Lake Superior and Lake Michigan, we have some first-hand impressions. You may be disturbed by them. We were.

National defense is doing things to this northland region.

Strangely enough, while it has stimulated the greatest tourist season in many decades if not in all history, it is creating a new demand for commercial use of two natural resources—waterfalls and timber—which are conceded to be valuable tourist assets.

Iron and copper ore are imperatively needed for America's defense. Old mines are being re-opened. Wisconsin industrial towns also need electric power.

To meet this existing and prospective demand, the Wisconsin-Michigan Power Company, for example, recently completed building of a dam and reservoir on the Michigamme river near Crystal Falls. It is called the new Way Dam. A new large lake has been created which will add to existing fishing grounds in Iron county.

Below this reservoir the power company is contemplating the building of a hydro-electric plant. A possible site for the dam and plant is the Michigamme Falls, a picturesque scenic spot in a deep narrow gorge through which waters of the Michigamme river roar madly.

Land around the Michigamme Falls has been acquired by the power company.

This utility has also bought land around the Horserace Rapids, another scenic spot on the Paint river and some ten miles or more from Crystal Falls through a blueberry plain. A possible hyro-electric development is in the offing for this location.

You may recall having read about the Victoria Falls on the Ontonagon river which was converted by the Michigan Copper Range Power company into a commercial hydro-electric plant. In order to assure a steady flow of water to the Victoria Dam the utility (formerly an Insull subsidiary) has diverted water from a branch of the Ontonagon river just above Bond falls.

A controversy ensued with the state conservation department which happened to own acreage below Bond falls and consequently had riparian rights. A "gentlemen's agreement", which has not been made into a legal contract, resulted whereby the power company is maintaining a sufficient flow of water over Bond falls to preserve its scenic appeal. Furthermore, the company has even "patched" the face of the falls with concrete, and not one tourist in ten thousand would ever notice it.

It is easy to express snap judgment and say that the power company is to blame.

Actually, if anyone is to be blamed at all, it is probably the indifferent and apathetic citizen who takes little interest in esthetic affairs of this kind. "If he can drive his automobile right to the falls and view it from the car, then he will enthuse," observed a state conservation official of Lansing. "But otherwise, it seems that the average man and woman doesn't care."

The fact remains that the waterways belong to private utilities simply because no one else has been interested enough to induce the state legislature to appropriate funds to acquire the waterfalls for perpetuity of all future citizens.

Is the conservation department to blame? Well, figure it out for yourself.

The department has 55 parks to maintain and administer. Its annual budget is $160,000 or just about $3,000 per park per year.

The department also administers the upkeep of some 4,500,000 acres of forest land in Michigan. Two million acres of this were acquired in the 1938 tax sale.

Obviously with $3,000 to spend on each of its 56 parks in Michigan the conservation department is barely able to maintain the grounds and provide occasional improvements. Unlike other states, Michigan does not charge an admission fee into its public parks, and there is little likelihood that this precedent will be changed by the legislature.

The fault, if any, lies in the apathetic attitude of the average Michigan citizen.

Miner's Falls, near the Pictured Rocks at Munising, can be reached only by going through a cheap hot dog stand at the entrance by the road. You trespass over private land to see the falls, a 70-foot drop of water that is enjoyed by tens of thousands of visitors annually.

Unless enough citizens demand that scenic waterfalls be preserved through public ownership, then you can expect private interests to continue to exploit them for profit. This is not criticism of power companies. After all, they own the land and pay taxes on it.

2 DAY CANVASS

(Continued From Page 1)

Dewey, Washington D. C., Class of 1885 and Rose Hendershot Ougheltree, Pasadena, Calif., Class of 1885.

Members of the Alumni Committee are asked to report gifts immediately to Mr. Hayden. They are also being asked to make an effort to locate the proper addresses of alumni whose letters have been returned.

As evidence that the Tecumseh High School Alumni are taking a genuine interest in the Recreation Center, the following exerpts from letters received recently will be of interest:

Says Lyster H. Dewey, Class of 1885:—"I hope that this recreation center near St. Peter's may call attention to the church, and tend to increase the attendance at its services". He then wrote at some length how the boys in the early eighties arranged for their recreation:—

"In those good old days, we boys arranged for our own recreation. We rented a large vacant lot just east of the O. P. Bills home and paid for it with money that we earned chiefly by sawing and splitting firewood. Your Uncle Will and Edgar Ide went around and solocited the jobs and we all sawed, split and piled wood ta 10c per hour. I still remember the first job I worked on. It was seasoned hickory for Prof. D. A. Hammond, who was then principal of the school. Sawing with a bucksaw is fairly good exercise for certain back muscles. Our entire athletic equipment as nearly as I can remember consisted of one baseball, two bats, and a football. The catcher was without protection of mask or glove. Our football was a form of the Canadian game in which there was no tackling or holding of the ball. Our uniforms were our old clothes. Simple? Yes!, But I am sure we obtained a lot of enjoyment from it.

"The old Globe Mill Pond was our skating rink and swimming (boys only) was in the canal leading down from the Standish Pond.

"Only two or three of the class of 85 are now living, Rose Hendershot was in California the last I knew, and I myself here in Washington where I have been since 1890."

Mr. Dewey was retired at the age of 70 from the Department of Agriculture in 1935, Tecumseh friends will also remember his wife Etta Conkling, who died three years ago.

Emily Hall Rasmussen, Class of 189 4, in sending her contribution said that she kept in touch with Tecumseh through The Tecumseh Herald. She asked for the addresses of the other members of her class.

Floyd Slater, Class of 1901 in sending his "One Days Pay" from Sharon, Penna., expressed to Elona Anderson Barber, to whom he sent his gift, the earnest wish that the project be a success.

Rose Hendershot Ougheltree, Class 1885, writing from Pasadena, California, said: "I think the Recreation Center for Tecumseh will be fine. Every cent will help bring it into being, so I am glad to help the good work go on. Then in typical California style, she humorously added, "I hope you Michiganders are not melting these days. A Michigan cousin wrote me that the heat is intense. Weather here is fine, no extreme heat, so far."

Polio Is Below Average For August In Michigan

Infantile paralysis cases reported in the first week of August have been under average figures, the Michigan Department of Health says, but adds that the course of polio is unpredictable.

"No one can tell in advance how polio may affect a community, nor say what the outcome of a case may be," says Dr. H. Allen Moyer, state health commissioner. "The patient who recovers without paralysis and the one who has a crippling after effect may look just the same at the beginning. The physician must have a chance to see polio early and follow the case day by day. Proper care helps to avoid paralysis, but if it does develop, the crippling effects can be overcome in part by rest and use of splints. For these reasons, the physician should be called for any of the signs which may be the first symptoms of polio—fever, vomiting pain or stiffness of the neck and back."

In July, the number of cases of polio reported was 22, compared with 28 cases in 1940 and a five-year average of 29. No cases were reported in August until the fifth day, whereas last year polio was reported daily through the month and the August total was three times the five year average of 103.

Polio is caused by one of the smallest of the viruses, whose diameter is calculated to be only one two-and-a-half-millionth of an inch. If the virus is ever seen it will be with the aid of some device like the electron microscope. No one is now sure just how the virus is spread. It may get from one person to another like the virus of measles, by way of droplet from the nose and mouth in breathing, or like the germ of typhoid, through food and water. This uncertainty as to manner of spread makes control more difficult than for many other communicable diseases.

QUICK GASOLINE REFUNDS

The three-day service on the issuance of gasoline tax refunds established by the secretary of state recently is still being maintained even through the seasonal peak in agricultural operations, according to a report from secretary of State Harry F. Kelly.

On June sixteenth a record high for daily receipts of gas refund applications was made when the department received a total of 1,655 applications. The last check for this list of applicants was mailed from Lansing on June 19th.

The "speed-up" in the issuance of farmers' gasoline tax refunds is due to a change in the procedure established by Kelly last February. Since that date refund checks are mailed to owners direct from the office of the Secretary of State within a three-day period except when refund claims are not in proper order and an investigation of the claims has to be made.

CHRISTIAN SCIENCE CHURCH

"Soul" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, August 17.

The Golden Text (Psalms 103:1) is: "Bless the Lord, O my soul: and all that is within me, bless his holy name."

Among the Bible citations is this passage (Matthew 16:26): "For what is a man profited, if he shall gain the whole world, and lose his own soul? or what shall a man give in exchange for his soul?"

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.9): "Dost thou love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind? This command includes much, even the surrender of all merely material sensation, affection and worship."

Follow The Fire Trucks At Your Own Risk

As President of the Village Council, I have received many complaints during the past few weeks from the Chief of the Tecumseh Fire Department to the effect that motorists are obstructing the work of the Department by following Fire Apparatus to and from fires.

As a member of the Tecumseh Fire Department, I know that the Chief of the Department is correct in making such complaints.

It now becomes my duty, as President of the Village, to issue a warning to motorists regarding this practice, and to advise the Public that in the future offending motorists will be given police tickets to report to local Justices of the Peace, and I sincerely hope that the Justices will impose heavy fines and assess necessary costs in all such cases.

We have issued warnings before regarding this practice, but they have not been heeded. As a result, our Fire Department has been hampered in its work, and has been criticized severely. Motorists not only have followed too closely behind Fire Apparatus, they have blocked streets within a few feet of the scene of a fire, and made it next to impossible for Firemen to lay hose lines from nearby hydrants.

It was only a short time ago that a Fireman narrowly escaped being run down by an offending motorist when he jumped from the rear of a Fire Truck with a lead of hose, preparatory to making a hydrant connection.

As President of the Village, I am taking this means of advising the Public that the Terumseh Fire Department is through issuing warnings in this connection. I have instructed Police to be on hand at every fire, and to issue summons in every instance where there is a violation. I am determined that the hampering of the activities of the Fire Department by thoughtless, careless motorists must end.

In the future, if you follow the department to a fire and obstruct its work, and as a result receive a Police Ticket, blame no one but yourself. You have been warned, you have been given your chance.

J. FLOYD ELLIOTT,

President, Village of Tecumseh.

HELP! HELP!

Three Italian bombers encountered one of our aircraft and were shot down into the sea.

The crew, numbering twelve in all, were picked up by a British battleship and put to bed in the spare top bunks.

Next morning, when the captain inspected them he found they were bruised black and blue.

"Hey, whats happened to these prisoners?" he inquired.

"Well, sir," explained a sailor, "one of them kept saying Spitfire, Spitfire,' in his sleep. And every time he said 'Spitfire' the other eleven bailed out!"

FOOLED AGAIN

The officer of the day stopped a mess orderly as he was carrying a soup kettle out of the kitchen.

"Here, you,' he snapped, "give me a taste of that!"

Obiently he was handed a ladle, and he tasted it.

"Great Scot! Do you call that stuff soup?" he roared.

"No, sir," responded the orderly meekly. "That's dish water."

Reunions

COMFORT REUNION

It would have been an "unquakerly" stretch of imagination for either Aaron Comfort, or his bride Ann Woolston, who came to Michigan in 1840 to set up housekeeping to realize what would happen one hundred years later.

But as the descendants of these two early Quaker settlers met on the spacious law of the Newton Satterthwaite home on North Union street Saturday, August 9, 1941 the hum of an occasional airplane overhead or the swift passing of a streamlined automobile were only two evidences that a century had passed.

A glance at the roster of those present, including Alice Satterthwaite Wood from Berkley, California, and her son Frederick Wood from the Massachusetts Institute of Technology at Boston was still further evidence that time and space had been annihilated. But when heads were bowed while Elwood Comfort led in prayer, all present knew that it was to the God of their forefathers, "The Same Yesterday, Today and Tomorrow."

Others present from out of town were Dr. Mary Swan of Chicago, Martha Comfort of Battle Creek, the Dann Birdsall family and Elwood Comfort family of Albion, Jean Comfort and brother William Comfort and wife of Detroit, Mr. and Mrs. Fred Comfort and Leroy Comfort and family from Adrian, Geneva Satterthwaite of Ann Arbor. Among those present from Tecumseh were J. Newton Satterthwaite Beth, and Perry Satterthwaite, Mr. and Mrs. Harold Naser and family, Charles Patterson, Fred Swan, Mrs. Malinda Comfort, Ralph Comfort and family, Mr. and Mrs. Perry Hayden and family.

Leroy Comfort of Adrian was chosen secretary to make arrangements for the next reunion to be held in 1943.

WHELAN BILLINGTON REUNION

The twenty-second annual reunion of the Whelan-Billington families was held August 10, 1941, at Ocean Beach, Clarks Lake, with fifty one members present from Hebart Ind., Tecumseh, Tipton, Brooklyn and Jackson. Others joined the group after the pot luck dinner was served.

The business meeting was called to order by the secretary, Marion E. Whelan,

Election of officers resulted in the re-election of Donald Whelan as president; George Allen vice president; and Marion Whelan, secretary-treasurer. No committees were appointed in the absence of the president. A vote of thanks were given to Bonnie Ingham for selecting the place of this meeting. No new place was suggested for another year, and this was left to the committee. Resolutions were given for Addie Bunting, who departed this life in March 1941, at Jackson. Births reported were Betty Ann Mattis, daughter of George and Elgise Mattis of Tipton on June 22; Linda Louise Whelan, daughter of Lyle and Alice Whelan of Tipton; Leon Ivan Hunt, son of Ivan and Ellileen Allen Hunt of Saginaw, and Bonita Sue Locumski of Onsted.

Marriages: Virginia Allen, daughter of Earl and Alice Allen of Tipton to Kenneth Abbott, son of Walter Abbott of Tecumseh June 1941; and Creta Patterson to Jimmy LaBounty of Tecumseh.

Entertainment for the young folks under the direction of Irene Wiener and Marion Whelan, was followed by swimming. At the close of a visiting period, the families retired to their homes.

PINCHPENNY

McPherson's condition was critical and his wife, much against her will, was obliged to leave him for a short time. As she looked down at his shrunken form, her hard face softened and the tears welled from her eyes. Pulling herself together with an effort she put on her old bonnet and returned to the bed to say good-by. "Now remember, Angus, no extravagance. If yer feel yourself going, blow out the light."

RIGHT THIS WAY

There were three stores in a row On a certain day the man on one end put up asign, "Fire Sale." The man on the other end put up a sign. "Bankruptcy Sale." The man in the middle thought a while and then came out with a sign, "Main Entrance."

State Police Defense Need

OLANDER WORKS OUR 12-MONTH BUILDING PROGRAM; SEVEN SITES ARE PICKED

Building needs for the next 12 months under the Michigan State Police defense program are outlined in recommendations to the state building department by Commissioner Oscar G. Olander this week, at Lansing.

"Seven new posts and 100 additional men are required to plug dangerous open spots on the state police map," Commissioner Olander said in the report covering last week's inspection trip.

The additional manpower was provided by the legislature. The seven additional buildings, which would bring the number of state police stations in the state to 50, would be constructed by federal and state funds under the necessity of defense urgency.

Of the scores of applications of communities throughout the state for posts, Commissioner Olander scanned his recommendations to the pattern of state police needs under the national defense responsibilities of his organization. All seven proposed posts are spotted in localities important in the state's war supply program.

Standard buildings such as are now located at 42 points in the state, are asked. Three are the so-called Type 3 suitable for eight officers. The additional four are known as 2-A and would serve from 15 to 20 officers each.

The larger posts are proposed for Bridgeport, Grand Blanc, Pontiac and in the vicinity of Warren. The smaller posts would be located at Hart, Wayland, and Clinton.

The Grand Blanc post would replace the present Flint post, which occupies a rented building inside the city. It would serve the Flint area where numerous vital defense plants are located and also operate to reduce the heavy accident toll on US-10, in the Flint-Grand Blanc section.

Location of a post on the outskirts of Pontiac fills in a trooper position in an important defense area. The post would be located on M-58, the highway cutoff around Pontiac.

The post in the vicinity of Warren would be located on M-53 at the southern edge of Macomb county near the new Chrysler arsenal plant.

The Bridgeport post covers the Saginaw-Flint industrial district and is also picked to fit into a clean-up of heavy traffic casualties on US-10 and US-23.

The Hart post will be on US-31 in the Grand Haven and Muskegon area, both now participating heavily in the defense manufacturing program.

The Wayland Post is a replacement in the section from which Michigan military uniforms are coming in increasingly vast numbers. There is a post at Clinton at present, occupying offices in the city hall. The recommendation of Commissioner Olander calls for shifting this post to its own standard building.

Posts designated as Type 2-A are 34ft. by 66ft. and cost in the neighborhood of $30,000 each. They provide three offices and a six car garage. They house, normally, 10 men, but may be made the headquarters for a detachment of from 15 to 20 men.

The smaller posts are 28 by 39 ft. and cost approximately $16,000 each. They provide two offices and a two-car garage. They are used normally for six men but can accommodate eight troopers.

Both types are of the design of Adrian N. Langlus, state police architects of the building program that in the past two or three years has made the Michigan State Police the best housed police organization in the world.

The buildings are all of fire-resisting construction with exteriors of face brick and Indiana buff limestone.

With the Michigan National Guard in federal service and the Michigan State Police the state's first line of home defense, the necessary financial grants from the federal government through the WPA administration is expected to win early approval. Michigan authorities have already recognized participation in the program to the extent of the sponsor's share, the legislature having appropriated $55,000 to finance construction of posts during the current fiscal year.

Pilot Fatigue Drivers Worry

WARNING ISSUED TO MOTORISTS WHO INTEND TO VISIT MOUNTAINS

A timely warning to Michigan motorists who plan to drive through the western states during the August vacation season is sounded by Secretary of State Harry F. Kelly.

Following is the complete context of Kelly's warning: "It has been definitely established that so-called "pilot fatigue", which affects the heart and normal reactions of aviators flying in high altitudes also affects motorists driving through the high altitude western states.

"Not only is the motorist slowed mentally, but his physical reactions are greatly slowed up once he starts into the high country. He becomes drugged so to speak; he labors under the false impression that he is still as competent on the controls of his car as he was when he started out. Feeling sleepy he opens the window to get some cool mountain air, but the sleepiness only increases. Unless the motorist is aware of the cause of his peculiar reactions and stops for a sleep, he courts disaster.

"Harold H. H. Clark, captain of the Wyoming State Patrol, reports that 129 Eastern state tourists lost their lives in that state because of failure to heed the sleep signals. Captain Clark reports that it is no common thing to see a motorist with a clear highway ahead of him suddenly swerve into the ditch. Interviews with hundreds of such victims conducted by Captain Clark bring this response, "I don't exactly know what happened. I was driving along at sixty and suddenly I found myself in the ditch."

"Statistics show that 67 per cent of the people killed on the highways in the high altitude area states, were from states closer to sea level, with California leading the parade. Competent tests show that a person who has driven 300 miles into this high country and then given the reaction test is 52 per cent lower in reaction than the native westerner who has driven the same number of miles.

"The following rules for driving through the western states will serve Michigan vacationists well:

1. Do not drive more than 400 miles in any one day.
2. Do not drive unless you have at least 8 hours sleep.
3. When you feel drowsy do not open the window for fresh air. Get off the highway and take a sleep for a few hours. Then stop at the next town for a real rest.
4. Under no circumstances drive after having had even one drink.
5. Eat plenty of fruits and drink plenty of liquids— (not spirituous liquids).
6. Obey the laws of the state of which you are a visitor. Secretary of State Kelly suggests that this warning not be taken lightly and recommends that Michigan motorists who plan to go west consult their pastors for verification of the dangers of Pilot Fatigue.

Defense Roads Need In State

MICHIGAN HIGHWAY DEPARTMENT READY FOR $5,000,000 PROGRAM

LANSING — Michigan's state highway department, geared to defense needs, was ready this week to go into action on a $5,000,000 improvement program to meet War Department requirements.

Action in speeding preparations for start of the state-wide program was taken by State Highway Commissioner G. Donald Kennedy following passage by Congress of the huge $320,000,000 defense highway act.

"According to present information," Kennedy said, "Federal funds for military highways will be available within the next 30 days."

The Commissioner revealed that in anticipation of passage of the defense act, the state highway department had conserved its funds so that it would be possible to take immediate advantage of the full share allotted this state.

Information received by the state highway department disclosed that Michigan would receive $3,837,000 of the $125,000,000 earmarked for strategic network improvements. Projects will be financed on a 75-25 per cent basis, with the Federal government providing the larger amount. By adding the state's share of cost, this will make possible a $5,000,000 improvement program for Michigan.

Said Kennedy:

"It is significant to note that, with certain exceptions, the military network includes a large part of the principal mileage on the trunkline system. Due to this fact improvements to the military network will also benefit our regular trunkline routes, and will include projects that would eventually be demanded by the constantly increasing traffic over these highways."

Because of the vital part Michigan is playing in the national defense program, the state is also expected to fare exceptionally well when appropriations are made for construction of access highways to army camps, airbases and defense industries. The defense highway act provides $150,000,000 for this type of construction.

Kennedy stated there were at least 12 key areas throughout the state where access highway construction is urgently needed. Heading th list are the Detroit crosstown limited-access highway, additions to Fort Custer Drive, and a proposed super-highway to serve the Ford bomber plant now being constructed at Ypsilanti.

MOUSE OR MAN?

The young man brought his car to a stop in front of the theater. He turned to the girl seated at his side.

"Well, honey," he said, "I've got ten bucks. What shall we do: Get a marriage license and settle down —or go in and see this show?"

The girl appeared undecided. Sh got out of the car and studied the attraction advertised in front of the theater. Finally she returned to her boy friend.

"No Mickey Mouse," she sighed. "Let's get married!"

Nation's Smallest Wheat Field Averages 100 Bushels to Acre

What was probably the smallest wheat field in the United States, made what was probably one of the best showings, so far as yield was concerned.

The field, which was about four feet by eight feet, and contained twelve rows of wheat, each with 36 kernals, was planted on land owned by Henry Ford, a few rods east of the Hayden Mill, on M-50 just east of the village of Tecumseh.

The seed certified Bald Rock wheat grown by C. D. Finkbeiner of Saline, was planted on a piece of ground that had never grown a crop of anything but quack grass within the memory of those living today.

The occasion of the planting of the wheat was a sermon preached in the Tecumseh Friends Church, Sunday morning September 22, 1940, in which the minister took the text taken from the 12th chapter of John "Except a corn of wheat fall into the ground and die, it abideth alone: but if it die it bringeth forth much fruit." Perry Hayden, who heard this particular message, and was in the milling business in Tecumseh, thought it would be an interesting project to plant one kernal and see what would happen if the progeny each year were replanted for six years. Lacking enough faith to wait one whole year for the corp from one kernal it was decided to plant a symbolic inch. School teacher House of the Macon Ford School constructed a tin measure exactly one cubic inch in dimension, and Wheat Farmer Finkbeiner supplied the wheat which was planted on Ford's land, amidst a galaxy of agricultural bigwigs of Lenawee county and Michigan last September. Ralph Comfort took colored movies of the event, which some 100 persons participated.

The wheat was cut July 8, 1941, and the grain was finally threshed with a carpet beater in a flour bag, and the chaff blown out by power furnished from the lungs of the Hayden family. After including the 379 kernals of wheat picked up by Mrs. Hayden from under the dining room table, the total crop was listed as 19,305 kernals, Excluding 1,305 kernals as being too light to be of much value, the 360 larvae planted last fall showed a 50 fold gain.

Perry Hayden, who is an ardent exponent of tithing, says that five cubic inches, or 1,800 kernals will be given the Tecumseh Friends church and the remaining 45 cubic inches replanted this coming month.

It is estimated that at the end of six years of reproduction, if just a fifteen fold gain is attained for the next five years, that this one tiny cubic inch of wheat, even with the tithe taken out each year for the Lord, will give the Hayden Flour Mills around 10,000 bushels of wheat. Mr. Hayden estimated if it were possible to continue the experiment for 11 years, on the basis of an increase of fifteen fold annually, that this tiny cubic inch of wheat would exceed the largest wheat crop of the entire nation. He says it would amount to 1,447,363,245 bushels. And the tithe from that would have enough cash value to build 15,000 churches, each costing $10,000, providing the wheat had a value during the six years of $1.00 per bushel.

Mr. Hayden's wheat marketing card, signed by Earl E. Scott dated July 9, is No. 1254371, so his operations have governmental "sanction".

Had an acre of wheat, with two bushels of this same seed, attained the same yield, it would have amounted to 100 bushels per acre.

Miss Pauline Powell Complimented at Shower

Complimenting Miss Pauline Powell, and her approaching marriage to Raynor Van Valkenburg, Mrs. Earl Bugbee and daughter Myrna entertained at a miscellaneous shower Monday evening. Games and contests were enjoyed and prizes awarded to Mary Jane Hayden, Helen Russell and Pauline Powell, who in turn presented them to the bride to be. Miss Powell was ushered from the room and returning dressed in rain coat and rubbers prepared for a "shower," she found a large blue umbrella containing many useful gifts, suspended from the chandelier. A color scheme of blue and white was carried out in the arrangements for the entire party.

Refreshments were served at small tables covered with small sprinkling cans filled with flowers. Miss Helen Russell of Adrian assisted the hostesses in serving. The table for the honor guest was centered with two large bride's cakes.

Guests were Mrs. O. M. Powell and daughters, Pauline, Kathleen and Josephine, Patricia Osburn, Mrs. Harold Kempf, Margaret Robinson, Florence Beevers, Mrs. Donald Parrott, Mrs. Herbert Hoag, Phyllis French, Lois Anderson, Jean Collins, Beulah Truesdale, Helen Teske, Mary Jane Hayden and Joyce Sallows of Tecumseh, Donald Lee and Elaine Ann Faust, Mrs. Andy Johns and Mrs. Darby Cramer of Adrian, Mrs. Clarence Damon of Macon, Helen Claus of Tipton, Doris Ackersold, Mary Lou Boyd, Marilyn Selders, Mrs. P. L. Van Valkenburg and grand daughters Beverly and Barbara of Blissington's Corners and Mary Lou Turnbull of Detroit.

Mrs. Dean Van Valkenburg was hostess at a kitchen shower for Miss Powell on Saturday evening. She read an original poem as she presented each of the 25 guests after which games were enjoyed and refreshments served.

Mrs. Roger Van Valkenburg also entertained at a kitchen shower for Miss Powell earlier in the week at her home in Fairfield, with 15 youngg ladies as guests.

The wedding will take place tonight at 8 o'clock at the Friends church.

Rowland Farrar, Wife Observe Anniversary

A group of more than 100 relatives and friends assembled at the home of Mr. and Mrs. Rowland Farrar in Cone, Friday evening, August 15, to help them celebrate their silver wedding anniversary. Mr. and Mrs. Farrar have spent their entire married life in Cone where he has been employed in the capacity of agent and telegraph operator for the Wabash Railway for more than a quarter of a century.

The evening was spent socially and Ray Williams presented special musical selections on his electric guitar. Pot luck luncheon featured two wedding cakes, one, four tired with silver ornaments with roses and silver leaves and a silver wreath inscribed with the figures 25. All covered with a miniature bride and groom. The other was a wedding cake trimmed with yellow roses and inscribed 25th anniversary.

Mr. and Mrs. Farrar received a large number of gifts in addition to a silver offering of $30. All wished them the best of luck and expressed the hope that they might attend their golden wedding celebration in their new home which is nearing completion and which they will occupy about October 1.

Guests attended from Detroit, Toledo, Ann Arbor, Milan, Dundee, Britton, Rea, Dearborn and Charleston, W. Va.

Tecumseh Buys New Fire Truck

TECUMSEH PRODUCTS COMPANY PAYS HALF OF COST OF APPARATUS

The village council, in regular session Monday evening, authorized the purchase of a new pumper-type fire truck for Tecumseh, and the contract was awarded to the General Fire Truck Corporation of Detroit and Burial Motor Sales, Tecumseh, the net cost to be $3,400.

Simultaneously, it was announced that Ray W. Herrick, president of the Tecumseh Products Company, had agreed to defray one-half of the cost of the purchase of the new apparatus, bringing the village's share of the expense of the new equipment to $1,700.

Interviewed regarding his interest in the new fire fighting apparatus here, Mr. Herrick issued this statement:

"The Tecumseh Products Company is vitally interested in Tecumseh, in its homes, its business and industrial areas, the welfare of its citizens and its environment.

"We have a large investment here, and naturally we want to see good fire fighting apparatus ready for service at an instant's notice. However, we feel, and have felt for some time, that the present equipment is obsolete and inadequate to fight successfully even a serious house fire.

"The protection of our home is just as important as the protection of our industrial plants. When a man invests his money in a home or a making payments on a home he's interested in its protection. We are likewise interested in the citizens who are making Tecumseh a greater city by building and enlarging their homes and we are interested sufficiently to spend our money to help the village with the purchase of the new fire truck.

"We feel now, and we always have felt a keen obligation to Tecumseh and its residents. If we can be of service to this community we're happy. It is a real pleasure for us to make this small gift for the benefit of the community generally."

The new fire fighting equipment will be mounted on a Ford chasis with a Mercury motor, and will be capable of pumping 500 gallons of water per minute. The new truck will replace the present village truck, now 15 years old and badly in need of repair.

The new truck will be delivered to Tecumseh in about 60 days, it was said. It will then be tested by fire insurance underwriters, and given their final endorsement before accepted officially by the village.

Clinton Resident Dies After Long Illness

John Finkbeiner, aged 55 years, died Friday night at his home east of Clinton after a long illness.

He leaves his widow, Clara; one daughter, Mrs. Donald O'Hara of Clinton, two sons Milton at Camp Livingston, La., and Orville, at home; three brothers Sebastian, George and Gottlieb, all of Saline; two sisters, Mrs. G. Banknecht of Saline and Mrs. Roy Fischer of Ann Arbor, also two grand children.

D. L. NOLAN DIES; A FORMER RESIDENT

D. L. Nolan a former resident of Tecumseh and employee of the Quaker Oats Co., died Thursday night at the home of his son, Matthew Nolan in Battle Creek where he had made his home for some time. Mrs. Nolan died 10 years ago. While here the family lived on South Oneida street in the home now occupied by Marvin Watkins and family.

Funeral services were held Monday morning at St. Phillips Catholic church in Battle Creek.

Services Held For Mrs. Hardy

PROMINENT REPUBLICAN, WORLD WIDE TRAVELLER DIES FROM AUTO INJURIES

Mrs. Jenny Law Hardy, wife of Dr. P. B. Hardy, widely known in Republican circles throughout the state, died early Friday morning in Bixby hospital, Adrian, the result of injuries suffered last Wednesday evening in an automobile accident in Onsted.

Mrs. Hardy, who was 71 years of age, was born September 20, 1869, in Melbourne, Australia, and was the daughter of the late William and Eliza Hanck Law. She attended private schools in Australia Germany, Italy and Switzerland and the Academy of Fine Arts in Naples. Mrs. Hardy was a descendant of Bishop Law of Carlyle whose son Edmund was the defender of Warren Hastings, lord chief justice of England. Edmund Law was elevated to the peerage as Earl of Ellenborough and later was governor of India, Her father William Law was secretary to John Bright England's famous single taxer. He founded the oldest wholesale seed business in Australia and was the first to export eucalyptus to California. Her mother was a descendant of Andreas Count of Hauck, who became a Protestant and fled from Silesia to Bavaria in 1616. Her grand father was a minister in the Lutheran church and records show that 17 other relatives were either active or retired ministers.

Mrs. Hardy and Dr. Hardy were married in 1900 in London, England She was a world wide traveler and was once a member of the Alpine Mountain Climbing club in Tyrol. She was the first woman to climb Mount Earnslow in New Zealand and also had climbed mountains in Bavaria, Switzerland and Dalmatia.

Dr. and Mrs. Hardy were both interested in the Indians of the Southwest which they visited several times and Mrs. Hardy had brought home a collection of Indian relics and curios which she had often exhibited.

After her marriage to Dr. Hardy and their return to Michigan she became interested in woman suffrage and was vice president of the Michigan Equal Suffrage Association. She had served for three terms as a member of the Republican state central committee and was an accomplished public speaker.

Mrs. Hardy was a member of Tecumseh Monday Club and Tecumseh Grange, a past president of the local W. C. T. U., and organizer of the Shawnee Republican Woman's club. She recently organized a club in Carleton which was named the Jenny Law Hardy Republican club She was also a member of the Twentieth Century club in Detroit, the Austral Salen in Melbourne, and an honorary life member of Societa Dante Alighieri in Rome. She was the founder of this society in Melbourne.

Although foreign born and foreign educated her keenness of patriotism for the United States of America was equal to any, and excelled many American born citizens of the United States.

Besides her husband she leaves two step sons, Major Clarence W. Hardy, chief of the U. S. medical corps at Camp Lee, Va., and Harold D. Hardy of Andover, N. Y.

Funeral services were held Sunday afternoon at the Belding Funeral Home Rev. E. M. McGehee officiated and bearers were Messrs. John R. Thompson, Glenn Van Denbergh, D. F. Wright, William Swick, Leon F. Rosacrans and R. S. Moore. Burial was in Ridgeway cemetery.

Members of the Tecumseh Grange and the Shawnee Republican Womans club attended in a body and local physicians and their wives were seated in a group. Among those from away who attended the funeral were Major and Mrs. C. W. Hardy of Camp Lee, Va., Donald Hardy of Andover, N. Y., Prof. and Mrs. Edward D. Hardy of Elmira N. Y., Mrs M. F. Livermore of Brazil Ind., Raymond Hardy of Almond, N. Y., Dr. Alberta Wilson Server of Lexington, Ky., Dr. and Mrs. E. C Peabody and daughter of Marshall, Dr and Mrs. Burton J. Jones of Monroe, Mrs. C. H. Bramble of Lansing and many others from the surrounding towns.

Beasley of Britton, Milo Potter of Dundee, Homer Wassam of Temperance, Mrs. Martha Sweaney of Morenci, Mrs. Audrey Filley of Michigan Center, Mrs. Ethel Wood of Rives Junction, A. C. Mauer of Monroe, Edson Porter of Blissfield and Mrs. Paul Totten wife of the postmaster at Brooklyn.

Work Advancing At Center Park

SOLICITATION FOR FUNDS IS SLOW, BUT COMMITTEE IS CONFIDENT

While Wade L. Jones and his committee are struggling in an effort to step-up the $8,000 total thus far subscribed in Tecumseh's $13,000 campaign for the equipment of its new public Recreation Center, which from the natural amphitheatre near the high school building today were to the effect that work there is progressing normally, that the seed planted on the gridiron is "doing nicely," and that the next step will be a conference this week-end to discuss the purchase of lights and other equipment for the field.

"The drive is moving slowly," Mr Jones said, "simply because many of the solicitors are not at work, I have received telephne calls and contributions from several people who have informed me that they have not been called upon to give. I would like to make it plain that anyone who has not been called upon by a solicitor, and who desires to give should advise my office. I'll see to it that a solicitor calls within 24 hours, or I'll call myself. I know that this drive is going to be successful, but there is still work to be done by everybody."

Mr. Jones urged solicitors to call upon their prospects immediately or turn their prospect cards over to his office, that they may be reassigned. He said that the fund total had grown a few hundred dollars during the past week, but not sufficiently to satisfy the committee's desires.

Gifts for the Recreation Center from out of town high school alumni are still coming in and those reported this week by Perry Hayden alumni chairman are as follows:

Williard Hunt, Class '01, Tipton; Charles Burns, of Detroit; Joseph Satterthwaite, "18—Ankara, Turkey; Doris Hoag Perkins "23, Ann Arbor; Martha Comfort, "23, Battle Creek; Karlyle Kay, "26, Dundee; Harry Osgood, "97, Adrian; Viola Craig, "28, Toledo, O.; Lena Mapes Goodlock, "19, Clayton; Burton Garlinghouse, "16, Akron, O.; and Elwood Comfort, "13, Albion.

Fred McNair, who graduated in 1889, and is now a mining engineer located at Beardsville, Colorado, wrote August 12 that he was planning on visiting friends in Tecumseh this week end, and would be glad to do what he could for the project.

Members of the alumni committee who have gifts or replies are urged to report them immediately to Mr. Hayden. Many letters are being returned for lack of proper addresses, but it is hoped that before the alumni reunion next year that a completely revised and corrected mailing list of addresses may be ready for use.

One interesting letter inclosing a cash contribution mentioned that a "farmer's wage per day wasn't very large, when they own their own farm," But this one individual with eight mouths to feed from an 80 acre farm, was glad to contribute.

MRS. ELIZABETH MEYERS BURIED IN DEERFIELD

Mrs. Elizabeth Meyers, aged 77 years, died early Saturday in Madison township where she had spent the past four years. Mrs. Meyers, who was formerly Elizabeth Stelzer, was at one time a resident of Tecumseh, coming here from Deerfield.

A sister Mrs. Harry DeBar of Plymouth is her only survivor. Mr. Meyers died a few years ago.

Funeral services were held Tuesday morning at St. Alphonsus Catholic church in Deerfield. Rev. Fr. George H. Kerby officiated and burial was in the parish cemetery.

SPECIAL MEETING

A special meeting of Tecumseh Grange will be held tonight and all members are requested to be present. Important business will be transacted.

School Opens September 3rd

PROGRAM OF ENROLLMENT AND OTHER NECESSARY DETAILS OUTLINED BY SUPERINTENDENT

The new school year for children of Tecumseh will commence on Wednesday, morning, September 3, at nine o'clock.

Following the opening the same time schedule which was in effect last year will be observed. The morning session for all children attending at the Central Building will begin at 8:15. The elementary grades in this building will be dismissed at 11:30 for the noon recess and the junior and senior high school classes will be dismissed at 11:45. The afternoon session for the same groups will begin at one o'clock and the dismissal times will be 3:30 for the elementary grades and 4 o'clock for the junior and senior high school classes. The school day for the children at the branch buildings will extend from 8:45 in the morning to 3:15 in the afternoon with the period from 11:15 to 12:45 for the noon recess.

Children in grades one and two living east of Evans street and all third grade children should enroll at the East Branch building where two rooms will again be used under the direction of Miss Joan Borgards and Mrs. Ethel Truesdale.

The West Branch building will again house the kindergarten under the direction of Mrs. Dorothy Updyke, a section of the first grade under the direction of Mrs. Mary Wolf and a section of the second grade with Miss Bernice Palmer in charge. Parents living west of Evans street are requested to enroll their children for these grades at the West Branch building.

Children in grades four, five and six must enroll at the Central Building Teachers in charge will be Miss Elizabeth Cole, fourth grade; Mrs. Cora Pfaus, fifth grade; Miss Gladys Starr, combination fifth and sixth grade; and Miss Bernice Parker, sixth grade.

Junior and senior high school students will meet in the high school assembly room to receive initial instructions regarding enrollment procedure. The classes will then be broken into groups under the directin of counsellors who will asssist the students in their grade children program problems. Rural pupils who desire to enroll in the high school before the opening day will have the privilege of doing so in the office of the high school principal on Friday and Saturday morning, August 29 and 30. Such advance enrollment is not, however, necessary.

Two new teachers have been employed for the coming school year, Miss Louise Van Dommelen of Holland, Michigan, and Miss Bernice Parker Miss Van Dommelen a graduate of the Michigan State College College, will serve as physical education instructor and Miss Parker will teach a section of the sixth grade. Miss Parker holds an A. B. degree from Greenley, Colorado, and has had extensive experience in grade school work at Pueblo, Colorado.

Other teachers who will again serve in the Tecumseh public school are: Mrs. Ayesha Laidlaw, home economics; Miss Ann Service English and languages; Miss Jane Elliott, junior high school English and speech; Miss Sarah Humparey, music and art; C. R. Dustin, principal of the high school; Alvin Brazee, junior high school mathematics; Aden Mead, social science; Jon Young, English and social science; Paul Johnson, science and mathematics; George Parsons, agriculture and science; Fred Raizk, industrial arts and physical education director; Neville Hart, commercial and coaching; and Clare Camburn, instrumental music Mrs. Helen Sager will again serve as secretary to Superintendent, W. L. Berkhof.

Parents are urged to enroll their children promptly in order to avoid delays which often prove costly to the child. It is also advisable that parents consult with the book dealers before purchasing text books for their children in view of the fact that a few changes in texts have been deemed necessary to provide up to date teaching material.

Teachers and administrative officrs of the school once more invite the same splendid cooperation on the part of the parents and community which has been enjoyed in the past to insure another successful school year.

The initial teachers meeting of the Tecumseh staff will be held in the high school building at 3:00 p. m. Tuesday afternoon, September 2. Policies for the coming schol year and organizational matters will be discussed.

Following the regular business meeting the teachers will adjourn to the Berkhof residence where supper will be served with Mrs. and Mr. Berkhof as hostess and host.

PAVING STARTED

The paving of South Ottawa street for a distance of 186 feet south of Chicago boulevard was begun this week. The work is being done by the local street department and when completed will give an approach to the boulevard similar to the one completed 10 years ago on South Evans street.

THE VOICE OF SILENCE

Silence may be far more eloquent than speech. It may shout more loudly than a strident voice. It may be more expressive than the most grandiloquent oratory. It may damn by the omission of praise—or it may grant consent to the most nefarious of acts.

The Psalmist said: "These things hast thou done, and I kept silence; thou thoughtest that I was altogether such as one as Thyself."

If we keep silent when we see a wrong committed; we give consent to it and we become an accessory after the fact. "Speech may be silver and silence golden" — but when silence abets a wrong, its gold is as dross.

"There is a time to keep silence, and a time to speak" — and now when the world is torn by cruelties and hatreds, when the forces of evil are let loose, is the time for speech.

The silence of the German people while Hitler rose to power and committed his first acts of cruelty condemns them. The silence of the Communists and their friends when the Soviet first thrust out its tentacles to enslave neighboring nations condemns them.

If we are silent in the face of evil, we, too, are condemned. This is not a situation through which we can sit on the side lines. If we believe in the principles laid down in our own Constitution and above all in those statements of freedom given utterance in the Bill of Rights, we cannot keep silent.

All over America the voices are rising. Party lines are forgotten, differences of opinion and real grievances are being laid aside, as the country becomes one in stating its real stand for right and for the four great freedoms. It is not a matter of taking sides with one country against another. It is the coming to the defense of right against wrong, of justice against injustice, of liberty against oppression, of religion against paganism, of the sanctity of the individual against the supremacy of the State.

Now is the time to speak out for those principles of equality and freedom for all which are the cornerstone of our liberty. Let not the thunders of silence condemn us!

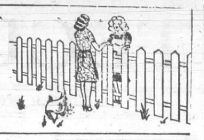
THIS BUSINESS OF Living

BY SUSAN THAYER



THIS AMAZING LAND

This is the time of year to discover America, as a good many thousand vacationists are doing right now. Those who live in cities have taken to the woods and the mountains and the sea shore. And those who live in rural districts are wandering around New York and Chicago seeing for themselves the skyscrapers they've read so much about. Easterners are going West. Westerners are coming East and everyone is finding out what an immense, varied and beautiful land this is.

Each section of the United States has its local color and traditions. New England with its colonial history and neat white houses is one thing. The South with its old plantations and trees draped in Spanish moss is another. California with its fabulous orchards and amazing new industries is as different from the Middle West as can be, and the great Pacific North West is still another kind of country.

But along with these differences and local characteristics is a great basic similarity. A person from one section of the United States is immediately at home in another section. For one thing our industrial system serves the country as a whole so that the same breakfast foods and cosmetics and automobiles are sold in Maine as in California. The same magazines are read in Florida and Oregon. The same radio programs are listened to in 48 different states. More important still, the same ideals of freedom and the dignity of the common man hold sway throughout the length and breadth of this great land.

This country was settled by men and women who wanted greater freedom and opportunity than they had in the Old World. It was developed by their children and their children's children who were not afraid of taking chances and going out to live on the frontier where no white man had ever lived. It was built up to still greater heights by men who had the vision and audacity to develop mass production methods and so raised the standard of living to unheard of heights. Today it is being strengthened for defense by men and women who believe that the American way of life must be maintained not only for our own sake but for the sake of generations yet to come.

So today as we travel from country to city or from East to West we should be conscious of our common heritage and common destiny as well as of the fascinating variations of this amazing land!

CHRISTIAN SCIENCE CHURCH

"Mind" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, August 24.

The Golden Text (I Corinthians 2:61) is: "Who hath known the mind of the Lord, that he may instruct him?"

Among the Bible citations is this passage (Psalm 147:5): "Great is our Lord, and of great power: his understanding is infinite."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.331): "The Scriptures imply that God is All in all. From this it follows that nothing possesses reality nor existence except the divine Mind and His ideas."

PEACHES
For Canning
Reports from the growers are to the effect that the peach crop this year will be very large, and that prices will be reasonable.
We have made connections and will have home grown peaches as quickly as they are ready. Our prices will be as low as markets will permit.
We advise the canning of peaches this fall, and we are taking orders now for the fruit. The reason for the advise is that growers are of the opinion that next year's peach crop will be short, and that prices will be much higher.

Michigan Mirror

Non-Partisan News Letter

By GENE ALLEMAN

LANSING, Aug. 21—"Woodman, spare that tree!" goes an old sentimental saying.

Despite all the conservation education which Michigan has had in the last generation or two — and surely our state is far ahead of most others in this regard — we still are a long ways solving the forestry problem.

This fact was impressed upon us forcefully during an automobile trip through a selection of the Upper Peninsula which, according to the 1941 state highway map, is "roadless" and apparently impassable.

Two newspaper editors, both lovers of the Michigan outdoors, were our companions, Al H. Weber, Cheboygan, and Oscar Schumann, Grayling, know their outdoors — particularly "Hudson Bay Al" as we affectionately nicknamed Mr. Weber who has visited the Hudson Bay country and was once introduced by Phillip T. Rich of Midland to a New York group by that title. Incidentally, Weber rose to the occasion with long and tall tales of his life there.

It was Schumann's first trip west of Sault Ste. Marie, and it was our first experience in following Lake Superior from Munising to Emerson, all within a few miles of the shore. We spent the night inWeber's log cabin, 36 by 18 feet, located in a stand of virgin white pine.

Selective Cutting

First of many impressions about the forest resources was received on a vist to a logging camp operated by the four Lindahl brothers of Iron River — Harold, Walter, Oscar and Arthur. This camp is near Penelton Creek, some 20 miles from Iron River, and is situated in a 3,000-acre tract of fine timber which the Lindahl brothers have been holding for some time as tax payers.

Because of a recent rise in lumber prices due to national defense needs, the Lindahls now find it profitable to cut their timber. A modern camp has been erected in the woods; lumberjacks work only 40 hours a week, and their food is excellent as we can personally testify.

Is the timber being cut on a selective basis? The answer is: No. The Lindahls are not to blame, for such is the competitive condition in the North, plus the economic handicap of a longer growing season for timber in the South and lower labor costs there. We understood from good authority that the Ford Motor Company at L'Anse cuts in the same manner. Slash or waste timber is left in large amounts.

Scenic Resources

To utilize timber stands for commercial purposes is obviously a necessary and worth-while industry.

Furthermore, the federal and state governments have recognized the public value of preserving large tracts of timber. The map of Michigan is generously "green" in the North.

If the economic future of the Upper Peninsula lies in the development of its tourist resources, and you will find many persons today who preach this gospel, then it must be apparent also that scenic resources should be conserved if not restored for the future welfare of this region.

Let us cite an interesting example.

Automobile Tourist

With the Cheboygan editor as a guide, we explored by automobile through a forestland region of both cut over and virgin timber, all lying just south of Lake Superior between Munising and the Soo.

The modern tourist travels by automobile, for the mostpart. If he goes by train, he usually supplements the trip with side trips by motor.

Consequently what he sees from his automobile — except for lakes and streams — consitutes 90 per cent of his outing enjoyment.

North of Newberry and south of Lake Superior lies a wild timber country. You go through miles of land where stumps of pine trees, three feet from the ground, stand like an army of cemetery tombstones. You traverse through blueberry plains which the Indians burned frequently to provide pruning of plants by fire.

You go through virgin timber, some of which is being logged right to the road's edge and which leaves a desolate wasteland, ugly to behold. Traveling is a slow job, and you are lucky to make 15 miles an hour. Incidentally, we passed automobiles from Detroit and North Dakota, loaded with tourists seeing the sights.

Strips of Timber

To safeguard against this desolating of scenery along tourist-traveled highways, Iron county pioneered in Michigan by acquiring during the early twenties a 446-foot strip of timber along U. S. Route 2 between Crystal Falls and Iron River.

We'll let H. F. Larson, engineer manager of the Iron county road commission, tell the story.

"During the early twenties, a party of us went on a short tour through a section of northern Wisconsin's famous lake region," he explained. "We found it difficult to locate a place to eat our lunch without someone kindly reminding us that we were on private ground and that we would have to move on. Unaccustomed to that sort of treatment, we hoped these conditions would never exist in Upper Michigan. The thought occurred that as soon as the Upper Peninsula was discovered by resorters, lake property would go up by leaps and bounds.

"Thus in the early twenties roadside parks and tables were erected along our highways so people who went motoring could take their lunch and enjoy it.

Virgin Pine Scarce

"This section was at one time covered with a beautiful stand of pine and hardwood. Within a space of 30 years the pine was wiped out and a beginning was made in the cutting of other kinds of timber.

"There are old lumbermen who came here among the early settlers They saw the Menominee Range before the woodman's axe had sounded throughout the forest. It was their belief that the pine would last forever — that it would be impossible ever to cut it all, and that hardwood timber would never have much, if any, value.

"These men lived to see the virgin pine practically exterminated and the so-called hardwoods disappearing at an alarming rate.

"Hence the idea was conceived by Iron county officials acquiring strips of timber 466 feet in width along main highways and thus having a permanent snow fence in the winter and a pleasing scenic view in the summer. Iron county's example was adopted later on by the state highway department.

Historical Markers

"Where ancient Indian trails now cross our main highways, suitable markers have been erected. We have included in Pentoga Park on Chicaungon Lake an old Indian village and cemetery which today is one of our most popular places.

"A marker has been placed where iron ore was first discovered in 1851. (The first recorded discovery of iron ore in this district was made by Harvey Mellen, a U. S. surveyor, who reported August 8, 1851, 'an outcrop of iron ore five feet high on the west face of Stambaugh Hill.' The Caspian Mine in this vicinity has shipped more than 6,000,000 tons of ore since 1903.)

"A suitable monument is to be placed on the site of the first lumber camp near Stager opened up by the K. C. Lumber Company in 1877.

"Since 1918, when we made our first park purchase, we have acquired a total in parks and parkways of 2,500 acres. Probably no other factor all through the depression has contributed more enjoyment and pleasure in helping people keep troubles off their hands by the use of our county parks."

State Highway Policy

The practice of acquiring timber along tourist roads has been followed diligently by the state highway department. Furthermore, thousands of pine trees have been planted in some sections along state routes by the Civilian Conservation Corps.

Yet this policy has been only introduced in a small way for obvious reasons, chiefly the cost involved. County governments could follow suit.

It's something worth thinking about. If the public was awakened to its need and demanded positive action, such a dream could readily become a delightful reality.

"Sh-h-h! Dad's surprising Mom with a TELEPHONE"

"And will she be pleased! I know, for Mom has wanted a Telephone for a long time. You know, she has missed those talks with her friends and with Grandma. Now, when Dad's out of town, we won't ever be afraid to stay alone. Everybody should have a Telephone."

Half Year Tags Expire Sept. 1

STATE WARNS THAT THEY CANNOT BE USED AFTER MIDNIGHT, AUG. 31

Budd Godwin, branch manager of the Adrian office of the Michigan Secretary of State, today issued a warning to Lenawee county motorists to the effect that half-year license plates will expire at midnight August 31, and that no extension will be granted. There are still thousands of plates to be issued in the county for the full-year term, Mr. Goodwin said.

It is not necessary to turn in old half-year plates, when the full-year plate is secured, Mr. Goodwin pointed out. He did, however, ask that the old half-year tags be destroyed. He warned that Monday, September 1, is a legal holiday, and that his office will be closed all of that day. Other days, except Sundays, the office will be open from 8:30 a. m., to 5 p. m.

To facilitate the handling of the license rush, Mr. Goodwin requested that all applications be made out in advance. Blanks may be secured at his office or from any bank, garage or insurance offices. Trucks and trailers must have a weight registration stub, and duplicate titles must be secured for lost titles.

In the manufacture of Michigan's 1942 auto license plates, approximately 1,000,000 pounds of steel will be conserved for national defense, and at least $60,000 saved the state in production costs, under a new plan announced today by Harry F. Kelly, secretary of state.

In 1942 all motorists will receive one set of plates, instead of 650,000 half-year plate owners receiving two sets, one in March, and one in September under the present system. The half-year plate owner will have exactly the same plate as the full year owner with the exception that on the bottom of the plate will be carried the expiration date which will be 8-31-42.

The 1942 plate will be a trifle smaller as has been previously announced to the press. The reduction in the size alone conserves 287,303 pounds of steel at a saving of $9,911 in manufacturing costs.

The plate for both will have the same color combination, white numerals on a dark green background. This is the first year that the color has been determined not only by the visibility test, but also by conferring with the color stylists of the automobile manufacturers in order to secure a color that will harmonize with the colors of cars.

There is one other change made on the plate. The word "Michigan" will be spelled out in full, rather than as it was carried in the past, with the abbreviation "Mich."

There are, however, other changes in this plate in order to make it structurally a much stronger plate. Michigan has used the same plate for many years, and a problem arose in regard to plates breaking off where they were attached to cars. This weakness has been eliminated, and the 1942 plate is built so sound structurally that without question it should meet all requirements for two years use upon a car. The 1942 plate is a "bonderized" plate so that the paint should meet all tests for the next two years.

When an owner applies for his last half-year license he will not get a new plate, but a steel strip, one and a half inches wide by eleven inches long, bearing the numerals "42" and a serial number. These strips must be attached to the old plates so as to cover the August 31st expiration date, thereby converting the plate into a full year permit.

Thus the owner will have the same license number all year, a substantial amount of steel will be saved for government needs, and the state in addition to effecting a large reduction in manufacturing costs will also conserve other materials such as ink, paint and paper of which large quantities are needed in producing plates, their wrappers, and envelopes.

If this plate will survive a two year test in actual use, and my Motor Vehicle Division has made careful rechecks and are confident that it will, I can see no reason why, if there is a shortage of steel, this plate should not be used for two years by using the strip to turn the "42" plate into a "43" plate in a similar way that the strip is used to turn the half-year plate into a full year plate. This would result in more than $225,000 in savings. Besides this, it would greatly simplify and improve the registration system in Michigan.

My office received word today from the American Association of Motor Vehicle Administrators cautioning all Motor Vehicle Departments that the Office for Emergency Management and the Office of Price Administration and Civilian Supply had issued the following warning:

"Conservation of steel for civilian use is likely to become even more essential in 1942 if the emergency continues and the States are warned that in all probability no sheet steel will be made available for the manufacture of 1943 license tags". Michigan will not have to worry under the present plan about any sheet steel not being available for license tags in 1943.

"Eventually we may use plastics for license plates", said Mr. Kelly. "Little new equipment would be needed in the state's stamping plant, but we must have scientific tests made to determine the exact type of plastics to be used before we can seriously consider this type of plate".

Answering various newspaper articles and inquiries from the public in regard to eliminating the front plate on an automobile to conserve material, Mr. Kelly stated that a survey had been made after conferring with the State Police and the local law enforcing agencies of the State, and he is convinced that their request should be heeded; namely — that front plates should remain on the cars. They insist that the front plate plays a very important part in law enforcing work, as a major part of their plate reading is done by front plate, and enforcement would be materially interfered with, by eliminating the front plate.

The new system of using one plate for both half and full year plates will result in the saving of 822,624 pounds of steel. This, added to the 287,303 pounds will result in over 1,000,000 pounds of steel saving in the 1942 issue. If the same plate is used in "43" by merely using the strip to make it into a "43" plate, this would result in the conserving of 2,300,000 pounds of steel.

Ford Builds Plastic Auto

COMPLETES FIRST PLASTIC BODY AS STEEL GOES ON PRIORITY LIST

DEARBORN, Aug. 21 A plastic motor car body has been completed by Ford Motor Company, confirming long standing rumors that company research engineers were hard at work on a promising new effort to extend still further Henry Ford's program for wider utilization of farm products in industry.

Several hundred of Mr. Ford's fellow townsmen got a first look at the revolutionary new car, a tudor sedan, when it was displayed unexpectedly in Dearborn.

Though it makes its appearance when a steel shortage threatens to cripple the auto industry's non-defense production, Ford officials pointed out that the plastic body is still in an experimental stage and that substitution for the conventional steel body on a production scale is still a long way off.

But the new body comes as no "ersatz" substitution. It climaxes a dozen years of research based on Mr. Ford' long-standing belief that some day he would "grow automobiles from the soil.

The car is designed to take advantage of the peculiar properties of plastics, but in appearance it is not radically different from conventional steel models. There are fewer deep drafts, though the body is as streamlined as its metal counterpart.

The only steel in the entire superstructure of the body is found in the tubular welded frame on which are mounted the 14 plastic panels that make up the unit. The total weight of all the panels is about 250 pounds and the metal frame has a similar weight. In all, the car with plastic body weighs about 2,000 pounds, while a steel unit of comparable size weighs approximately 3,000 pounds.

Though they are only a quarter of an inch thick, the plastic panels have an impact strength 10 times greater than steel, Ford engineers said. An axe blow that pierces steel leaves the plastic scarcely marred.

Composition of the plastic is of ordinary farm crops, which reflects Mr. Ford's intensive effort to integrate industry and agriculture. A typical formula calls for the mixture of synthetic resin with the fibrous material derived from such crops as wheat, flax, raimi, hemp and spruce pulp. The mixture is preformed through a suction device and then molded under 1500 pounds of pressure per square inch.

Mr. Ford said he was confident that plastic bodies can be produced by practical and economical means. He has a ready answer for critics who insist that the plastic car will never be able to compete on a cost basis with the steel car.

"Plastic raw materials may cost a little more," the auto maker admitted, "but we anticipate a considerable saving as the result of fewer fabricating and finishing operations. For example, the relatively simple rear compartment door when made of steel requires no less than seven stamping operations, while only two are required for the same panel made of plastic."

Long a believer that industry and agriculture are natural partners, Mr. Ford is particularly pleased at the new outlet for crops that the plastic body will give the farmer.

Company engineers said that no decision has been made as to what the standard power plant for the new model would be.

Even the windows and the windshield were of plastic, a composition used in the observation stations of modern bomber planes.

LENAWEE COUNTY BUTTER OUTPUT AT PEAK LEVEL

The flush production period of 1941 should go down as one of the most prosperous on record for dairy farmers of Lenawee County. Butter production was at a record level, according to available figures, and paying prices for the ...ere the highest in recent years.

A favorable price structure was maintained in the face of heavy production, by an intensified sales campaign on dairy products by chain and independent distributors and by heavy defense buying.

Reports from the food chain stores, which annually purchase nearly 40 per cent of the butter produced in Michigan, show consumer demand held rather well, despite higher wholesale and retail prices. One chain store, the A & P, which last year bought 9,500,000 pounds of Michigan butter, reports butter sales showed slight gains in areas where defense activity is pronounced.

Maintenance of a narrow spread between producer and consumer prices through efficient mass distribution contributed largely to the success of the June Dairy Month campaign, trade association officials say.

Figures assembled at the Chicago Mercantile Exchange, butter futures trading center, indicate the nation produced more than 600,000,000 pounds of creamery butter from May 1 to August 1, a total never churned before in that period.

Present production trends are such that, unless adverse conditions develop, Michigan should make more than 95,000,000 pounds of butter this year, for a new record. Lenawee County is expected to manufacture 1,700,000 pounds as its share of the state total.

TIGHT-MOUTHED

"But surely you didn't tell him straight out that you love him?"

"No fear—he had to squeeze it out of me."

A man in an insane asylum sat fishing over a flower bed. A visitor wishing to be friendly walked up and said, "How many have you caught today?"

"You're the ninth," replied the fisherman.

THE TECUMSEH HERALD

NINETY-FIRST YEAR— NUMBER FORTY EIGHT | TECUMSEH, MICHIGAN, THURSDAY, AUGUST 28, 1941. | FIVE CENTS PER COPY.

School Ready For Fall Term

BELL TO RING AT 9 A. M. WEDNESDAY, FOR TECUMSEH CHILDREN.

Tecumseh school children—between 600 and 700 of them—will report to their school rooms next Wednesday morning at 9 o'clock, the opening day of the 1941-42 school year.

"Everything is in readiness for the opening day," W. L. Berkhof, superintendent, said this morning, as he completed an inspection of the three buildings, and returned to his office at the high school.

"The session Wednesday morning will, of course, be for organization purposes, but on Thursday we will expect the students to have their books, and be ready for the receipt of regular lesson assignments."

The Herald last week published a list of questions to parents and students regarding the operation of the schools this year, and Mr. Berkhof declared that they were accurate and complete in every detail. He urged parents to follow the instructions closely, thereby avoiding first-day confusion.

Mr. Berkhof has been in his office for several days preparing schedules for the opening day of school. Normally, this would have been on Tuesday instead of Wednesday, but the added day's holiday was granted to give parents and students, away from Tecumseh, time to return to their homes without travelling on the crowded Labor Day.

Mr. Berkhof announced this his first teachers' meeting would be on Tuesday afternoon at 3 o'clock in the high school building. Policies for the coming school year will be discussed, as will organizational matters. Immediately after the meeting the teachers will go to the Berkhof home, where supper will be served.

Miss Pauline Powell Weds R. Van Valkenburg

Miss Pauline Powell, daughter of Mr. and Mrs. O. M. Powell, and Raynor Van Valkenburg, son of Mr. and Mrs. Albert Van Valkenburg, all of Tecumseh, were married Thursday evening at the Friends church, which had been beautifully decorated with flowers, baskets and candelabra for the occasion. The Rev. Edward Escolme read the marriage service. Preceding the ceremony, Mrs. Ralph Comfort presented an organ recital, Herbert Fisher, violinist, played "O Promise Me" and Mr. Comfort sang "I Love you Truly."

The bride, who was given in marriage by her father, was attended by her sister Kathleen as maid of honor, and Roger Van Valkenburg was his brother's best man. John Powell, brother of the bride was ring bearer, carrying the ring on a white satin pillow, and the ushers were William Powell and George Kaltenbach of Toledo, Ronald and Ernest Van Valkenburg. The bride's gown was of Chantilly lace over white satin with seed pearl trimming. She carried white roses and Bible. Her sister wore blue marquisette and carried pink gladiolus and delphinium.

Following the wedding a reception for 60 guests was held at the home of the bride's parents on North Pearl street where refreshments were served by Misses Myrna Bugbee, Lois Anderson, Joyce Sallows and Mary Jane Hayden.

Mr. and Mrs. Van Valkenburg left on a trip to the Smoky Mountains and on their return will make their home here.

Guests at the wedding included Mr. and Mrs. W. C. Kaltenbach and son George and Miss Phyllis Kennedy of Toeldo, Mrs. Lena Wells of Louisville, Ky. Mr. and Mrs. Harry Waldron and daughter Ruth Ann of Howell Mr. and Mrs. Leon Waldron and daughter Patricia adn Mrs. Sarah Feightner of Detroit, Mr. nd Mrs. Percy Van Valkenburg of Adrian and Mr. and Mrs. Roger Van Valkenburg of Fairfield.

CLIFTON PAYNE DIES

Word has been received here of the death of Clifton Payne of Watkins, N. Y., which occurred Monday. He leaves the widow formerly Adah Waldron of Tecumseh, and two sisters Helen and Vina of New York. The funeral and burial will be held today in Watkins.

Mrs. Payne is a sister of Mrs. L. W. Hanford.

ENGAGEMENT ANNOUNCED

Mrs. Clifton Holmes entertained at dinner Thursday evening, August 21, in honor of her husband's birthday, and also announced the engagement of their daughter, Maxine, to Richard Close, son of Mr. and Mrs. Charles Close of Onsted. Fifteen guests were present.

23 Banded Pheasants Released in Lenawee

County Conservation officers have released 23 banded cock pheasants from the state game farm at Lansing, at various points in Lenawee county during the past week.

The conservation department is keeping a record of the birds and the distance they travel after being released, and their chances of surviving the hunting season. If th birds are shot this fall the department asks that the bands be sent to conservation deparment with information as to where the shooting occurred. The band will be returned to the hunter along with the age of the bird and where it was released.

County's Draft Call Is Issued

18 MEN WILL REPORT FOR ARMY DUTY ON SEPTEMBER 17 ,NEXT.

The Lenawee draft board has received a call for 18 men to be inducted into army service in Detroit, September 17. About 70 of the older registrants are ready to leave, and the first 25 of the county's 21 year olds in Class 1-A who registered July 1, were given physical examinations Tuesday morning. If these are not ready the quota will be filled from the older group.

It is expected that the October quota will be between 55 and 60 as the state quota is three times as large as that or September.

A change is then to be made in the method of examining registrants. In and after December registrants will be required to report to army doctors at designated centers for examination, and those passing will return home to await the call to report for induction within 15 to 45 days. They will then report directly to Fort Custer, the reception center for all Michigan men.

David N. Houseman, 58, Britton Resident, Dies

David N. Houseman, aged 58 years, died early Tuesday at his home in Britton. Although in failing health for some time his death came unexpected as he had attended to his work as usual that day. He was a life long resident of Britton and vicinity.

Survivors are the widow, Lydia, one son John P. and a daughter, Mary E., both at home, also one sister, Mrs. Fred Anderson of Tecumseh, and several nieces.

Funeral service will be held Friday afternoon at 2:30 at the Niblock Funeral Home in Britton. Rev. O. E. Priest will officiate and burial will be in Ridgeway cemetery.

GETS NURSES DEGREE

Mr. and Mrs. Ed Leighton and daughters Mary Louise and Jane and Mrs. Dwight Hodges were in Detroit Thursday for the graduation of Miss Maxine Leighton from Mercy College of Nursing.

Miss Leighton was one of 100 nurses to graduate from the school from the Detroit, Ann Arbor and Battle Creek groups. She began her training in Detroit after graduating from Tecumseh high school, then taking two years training at Leila Post Hospital in Battle Creek where she was first honor student. She was a third honor student in the final graduation Thursday.

On August 27 she began her duties as surgical nurse, in charge of the operating room at South Haven hospital, and remained in Detroit for laboratory work until she took her new position.

Others from here who attended the graduation were Mrs. George Wilson, Mrs. Hugh Andrews, Mrs. Raymond Kempf and Miss Margaret Exelby of Britton.

DIES IN MEMPHIS

Roy Drake, a nephew of Martin Frayer of Tecumseh, died last Wednesday night at his home in Memphis, Tenn. He leaves the widow and a daughter Hazel.

The body was brought to the Everett Funeral Home in Adrian where funeral services were held Saturday afternoon. Rev. Paul Shaffer, a brother-in-law officiated and bearers were also brothers-in-law, Percy and Robert Shaffer, Marcus and Elwyn Bailey, William Fidler and Arthur Brown. Burial was in Ridgeway cemetery and relatives from Ann Arbor, Plymouth, Ypsilanti, Deerfield, Tecumseh, Cadmus, Adrian and Clinton attended.

LICENSED TO PRACTICE

James C. Beardsley who recently passed the state bar examination has been admitted by Judge G. Arthur Rathburn to practice law in the Lenawee circuit court. Mr. Beardsley, who graduated from Tecumseh high school in 1933 received his legal training at Vanderbilt University in Nashville, Tenn., and was admitted to the bar in that state.

TO HOLD SHOWER

The congregation of the Baptist church will hold a shower tonight at the home of Mr. and Mrs. Fay Van Valkenburg, for Mr. and Mrs. Raynor Van Valkenburg, recently married.

25 New Houses Here This Year

IS BETTER BUILDING YEAR THAN 1940, R. H. MOORE REPORTS.

Tecumseh will build a total of 25 or more new houses this year, an increase of about 10 over 1940, according to a survey recently completed by Robert H. Moore, of the R. S. Moore & Son Co., lumber dealers.

Thus far this year, six new homes have been built or are under construction in Indian Acres, a new subdivision, and Mr. Moore expects ground to be broken soon for three more. Some 15 houses are under construction at the present time, many of them to be completed so that the families will have Thanksgiving or Christmas dinners in their new homes.

Ernest Topps has broken ground for a new home on North Dunocrat street, Leslie Hoag's house on S. Evans street road is in the framing stage, Nicholas Yenor is building on North Dunocrat street, and Victor Humble in Indian Acres. Bert Tate's home in the new subdivision will be finished in about 30 days and Harry Duncan's house on West Logan street is ready for the framework.

Dwight Hodges house on South Union street is being plastered, and excavations are under way for the homes of Larry Hathaway on West Brown street, and Charles Fay and Paul Clauda in Indian Acres.

In the south part of town, George Bancroft, Walter Kint, Arlie Covell and Kenneth Hand are building new houses, and in the immediate rural area, near Birdsall, nearly half a dozen new homes are in the progress of construction.

In the past four years, Tecumseh has built nearly 100 new homes, the survey shows, but real estate dealers declare that there is a distinct shortage of residential property here, particularly apartments and small houses. Rents have been moving upward steadily during the past year, and several large houses have been remodeled into apartments. Reports from Clinton, Britt on, Holloway and Tipton state that all houses there are filled, and although despite a building boom for some 12 months, is experiencing a distinct housing shortage.

AERONAUTICAL ENGINEER TALKS TO ROTARY CLUB

Glenn D. Angle, consulting aeronautical engineer, formerly of Detroit but who recently opened offices in the Ford building here, was the guest speaker at the regular noon-day luncheon meeting of the Rotary Club, Tuesday at the parish house of St. Peter's Episcopal church.

Mr. Engle, who is the editor of "Aerosphere," an encyclopedia on airplanes and motors, is a recognized authority internationally. He spoke to the club on the history of aviation, and its progress during the past 26 years. His talk was very interesting as well as educational.

BARBER SHOP SOLD

Albert Tonneberger has sold his barber shop on South Evans street to Russell Garnu and Earl Roe. Mr. Garnu has been employed in the shop the past two years. Both young men are from Deerfield and Mr. Roe has been connected with a shop there for the past six years.

Mr. Tonneberger learned the barber trade working for O. G. Hunt back in 1917. He later worked for Charles Jones and in 1930 purchased the Mangus building which was remodeled for he present shop. He has made no plans for the future.

MARRIAGE ANNOUNCED

Mr. and Mrs. Harry T. Rosacrans of Maumee, O., are announcing the marriage of their daughter Ruth Mary, to Arthur Lawrence Bellman of Wayne, Mich., son of Mr. and Mrs. Robert M. Bellman and a former resident of Toledo.

The wedding was held at St. Mark's Episcopal church in Toledo, Saturday morning, August 23, the Rev. George R. Selway, rector of the church officiating.

THOMPSON-LEUTHEUSER

Miss Dorothy Leutheuser, daughter of Mr. and Mrs. Andrew Leutheuser of Somerset and Bernard Thompson of Wheatland, were married Sunday noon at the Iron Creek Baptist Church by the Rev. Alvin Brazee, uncle of the bride. Miss Helen Leutheuser and Neal Brazee attended the couple. After dinner in the Brazee home they left on a short trip and on their return will reside near Somerset.

SERVICES RESUMED

Regular services will be resumed at the Presbyterian church Sunday morning after a two week's vacation. Rev. E. M. McGehee has returned from a trip through the western states and will conduct the services at 11 o'clock. Sunday School will begin at 10 o'clock.

ANNOUNCE ENGAGEMENT

Mr. and Mrs. Wesley Scofield are announcing the engagment of their daughter Iva, to Robert Gabler of Detroit, son of Mr. and Mrs. George Gabler of Tecumseh.

Gets Threshing Done, Goes Back to the Army

Private John V. Prochaska of Holloway who was granted a 30 day furlough to thresh for his neighbors and was later given a two weeks extension, will return next week to his army duties. His two threshing rigs have been operating full time the past six weeks. Mr. Prochaska is a member of the 40th Coast Artillery Brigade at Fort Sheridan, Ill.

New Grid Field Eyed By School

RECREATION CENTER FIELD MAY BE READY FOR CLINTON CONTEST.

The newly seeded gridiron in Tecumseh's new $25,000 Recreation Center, immediately north of the high school, was being eyed today by coaches and players as preparations were completed for the school's 1941 football schedule, opening in Milan on September 19.

The park's gridiron was seeded some three weeks ago, and the grass is now two or three inches high, but there is considerable doubt as to whether or not the turf will be sufficiently matured to withstand the abuse it will receive in a grid game before late in October. There also is the question of lights, now being considered by the Center's committee, but these could be placed in about a week or 10 days.

W. L. Berkhof, superintendent, said yesterday he did not believe that an attempt would be made to use the new field before the Clinton game, October 17. Its use then, he said, will depend entirely upon the condition of the new seeding.

Tecumseh's grid team this year will make its appearance in new suits and equipment, and the first call for organization was issued today by Coach Neville Hart for Saturday, August 30, at 1:30 p. m., at the school. All boys interested in trying out for the team must be on hand. The first practice will be held on Labor Day morning, at 9 o'clock.

The local schedule opens on September 19, Milan at Milan; Sept. 26, Hudson at Tecumseh; October 3, Swanton at Swanton; Oct. 10, Dundee at Dundee; Oct. 17, Clinton at Tecumseh; Oct. 24, Manchester at Tecumseh; Oct. 31, Morenci at Morenci, and Nov. 7, Blissfield at Blissfield.

AID SOCIETY MEETS

MEMORIAL SERVICES

At a special meeting of Tecumseh Grange, held Thursday evening, memorial services for Mrs. Jenny C. Law Hardy were conducted. The Charter was draped in her memory By Mrs. Walter Havriland, Mrs. Eldene Clement and Mrs. Wade Hendershot. During the service Pearl Ash and Mrs. Lyle Grigg rendered vocal numbers.

GLADILOUS FESTIVAL

Ovid's third annual Gladiolus Festival will be held on Saturday, Sunday and Monday, August 30, 31, and September 1st. Thousands of gorgeous Gladioli will be on exhibition in special displays and in large fields.

Other attractions consist of band concerts, flag raising, kiddie parade, special Sunday services, beautiful flower show, pageant, and a gran display of freworks Monday night. The public is cordially invited.

HURT IN ACCIDENT

Burt Southworth who lives near Clinton, was brought to Tecumseh hospital Tuesday night for injuries received in an automobile accident north of Tipton near US-112. Mr. Southworth, who is 70 years of age, was riding with John Forbes of Clinton. The Forbes car went into the ditch and Mr. Southworth suffered cuts and lacerations about the face. He was removed to his home yesterday.

FENDER DAMAGED

A car driven by Robert J. Fick of Petersburg, suffered a damaged left front fender, Wednesday afternoon, in an accident in the downtown district. The Fick car and a car driven by Martin Frayer of Tecumseh, collided as Mr. Frayer attempted to make a "U" turn according to an investigation made by Floyd Woodcox, traffic officer.

Severe Storm Whips County

TREES AND ELECTRICAL WIRES DAMAGED HERE; BARN DESTROYED.

A barn northwest of Clinton was destroyed by fire, and sections of Tecumseh were without electrical service for several minutes, Monday evening, the result of a severe thunder storm that swept this section of the county.

A large barn on the Maurice Martin farm northwest of Clinton was burned to the ground, Monday evening, after being struck by lightning about 6 o'clock. The storm put the telephone line out of commission and the men on the farm were away threshing, so the delay in calling the fire department at Clinton made it impossible to save the building. The loss included 1000 bushels of grain, about 75 tons of hay, a sow and five pigs, two calves and nearly all the farm implements and tools. The loss was estimated at about $4000, and is partly covered by insurance.

The storm swept into Tecumseh on a heavy wind that damaged trees in the western part of the village, and failing limbs tore down electrical wires, causing several minutes of interruption in service in some sections. Boulevard street lights were out the greater part of the night, but there was no interruption of service in the downtown section.

The heavy rain halted traffic for five or ten minutes, and some cars were unable to operate due to water-soaked electrical apparatus. Water ran 10 to 12 inches deep over some parts of West Chicago boulevard before storm sewers emptied sufficiently to carry it away.

Some areas close to Tecumseh reported damage to corn due to hail that fell early in the storm. Hail stones as large as marbles pelted crops and houses, but the damage, it was said, was not serious.

DIES IN HOSPITAL

Miss Albina Chlystek, 21 year old daughter of Mr. and Mrs. Anthony Chlystek, who live near Britton-water Station, died Tuesday at St. Joseph's hospital in Ann Arbor. Only her parents survive.

The funeral will be held Saturday at noon in St. Dominic's Catholic church in Clinton. Rev. Fr. John Ross will officiate and burial will be in St. Dominic's cemetery.

Friends may call at the home to see the body until 11 o'clock Saturday morning.

DRIVER FINED

A sedan driven by Miss Bess Spayde was badly damaged last Thursday noon as she was turning into the driveway of her home on West Chicago boulevard. The car was struck from the rear by a truck driven by Wayne Woodman. Woodman was given a summons by the sheriff's department and in Justice F. C. Hanna's court he was ordered to pay a fine of $5 and costs of $1 for attempting to pass a car on the wrong side.

P. T. A. TO MEET

Bert Temple, a Former Resident, Dies in West

Word has been received here of the death of Bert Temple, a former resident of Tecumseh, which occurred August 22 in a hospital in St. Paul, Minn., where he had been a patient since August 17.

Mr. Temple was a certified public accountant, and a member of the firm of Temple, Brissman & Co. in St. Paul and had been in his office as usual until August 16. He was a son of the late S. W. Temple and wife of Tecumseh. With his bother Leon E. Temple of Toledo, he visited C. F. Patterson and other friends here during the past month.

Besides his brother Leon, he leaves his widow, and two sons, all of St. Paul.

Particulars of the funeral were not learned.

Mrs. August Vollmer Dies at Home in Adrian

Mrs. August Vollmer, a resident of Lenawee county for over 40 years, died Thursday night at her home in Adrian after a long illness. Mrs. Vollmer who was 71 years of age was born in Germany and came to America when 14 years of age. Before moving to Adrian she had lived in the vicinity of Nrth Adrian for a number of years.

She leaves her husband and one daughter Anna of Adrian, two sons Richard of Tipton and Fred of Monroe and several grand children.

Funeral services were held in Adrian Sunday and burial was made in the Tipton cemetery.

14 Diphtheria Carriers Discovered In Blissfield

Two outbreaks of diphtheria such as have occurred in Michigan this month turn the clock back 20 years for health departments, says Dr. H. Allen Moyer, state health commissioner.

"The way diphtheria has struck in the last few days shows that it can still do what it did in the 1920s, when Michigan had a diphtheria rate higher than that of any other state. That was when the State Health Department began to manufacture biologics to prevent diphtheria," Dr. Moyer said.

At Blissfield, where one child died out of seven ill with diphtheria, the State Health Department took throat cultures of 230 men, women and children in the Mexican migrant labor colony where the children lived. Fourteen persons were found to be carrying the diphtheria germs in their throat.

In a smaller outbreak at Saginaw, also in Mexican migrants, one case of diphtheria developed and there was one death. Throat cultures showed eight persons to be germ carriers.

Diphtheria continues as a year to year threat in Michigan because there are unprotected children. Toxoid given to babies and to young children prevents diphtheria and chiefly by the use of toxoid, the state's diphtheria death rate has been brought down under one per 100,000 population whereas in the 1920s when Michigan led all states it was 25 deaths per 100,000.

YOUNG DAUGHTER DIES

Juanita, three year old daughter of Mr. and Mrs. John Curtiss, died last Thursday at Tecumseh hospital where she had been brought the night before for medical treatment.

Besides her parents she leaves three sisters and four brothers and her grandmother Mrs. Charles Covell of Tecumseh. The family lives two miles south of town.

Funeral services were held Saturday afternoon at the Belding Funeral Home and burial was made in Ridgeway cemetery. Rev. P. O. Hawley and Rev. Mr. Weaver of Ridgeway officiated. Hymns were sung by Paul Hawley and bearers were Charles, Donald and Douglas Curtiss and Paul Covell.

Gifts Come In For Park Fund

CAMPAIGN IS PROGRESSING SLOWLY, BUT STEADILY, JONES SAYS.

Slow but steady progress is being made in Tecumseh's campaign for $13,000 with which to prepare and equip the new natural amphitheatre near the high school, transforming it into one of the finest recreation centers in Southern Michigan. This was the statement today of Wade L. Jones, general chairman of the drive, as he opened his morning mail and found several checks from out-of-town residents, interested in the success of the village's newest enterprise.

"The fund hasn't yet hit $9,000, but it is approaching it," was Mr. Jones' statement. "Solicitors are not very speedy with their work, and there are many call-backs, but I am confident that the campaign will go over the top. I received a check this morning from an out-of-town concern for $100, and I have the promise of similar checks. There is keen interest in this field."

The control board's committee in charge of lighting the gridiron in the park made a trip to Chesaning and Owosso during the week end and studied conditions in those towns. Similar parks are being operated very successfully in both places. The committee is now preparing estimates on the cost of lighting the local field, hoping that the grass will be sufficiently firm to warrant the playing of one of Tecumseh's home football games there in October.

Mr. Jones urged that solicitors who have card bearing the names of prospective contributors, upon whom they have not as yet called, to act immediately. He said that he was anxious to push the drive total to a point over the $9,000 mark during the next few days.

"I am confident," Mr. Jones said, "that there are a lot of solicitors who are not working very hard. We are all anxious to make the campaign successful, but we must have their cooperation."

Mrs. A. S. Rogers, 65, Dies at Her Home Here

Mrs. Isabel Rogers, aged 65 years, wife of A. S. Rogers, died about 3:30 this morning at her home on Evans street after several weeks illness. Mrs. Rogers was formerly Isabel Arnold, daughter of Mr. and Mrs. Charles Arnold and was born in Raisin Valley. She had spent her early life in this community and was a member of the Methodist church.

Besides her husband she leaves four daughters, Mrs. Paul Keyser, Mrs. Earl Cordray, Mrs. William Lamson and Mrs. Jospeh Tressler, all of Tecumseh, two sons Arnold at home and Wellington Rogers of Detroit, and five grandchildren.

The body was brought to the Belding Funeral home where funeral services will be held Saturday afternoon at 2 o'clock. Rev. E. F. Hildebrand will officiate and burial will be in Brookside cemetery.

Here's How Farm Crops Figure In Auto Building

The automobile industry is one of the farmer's best customers, according to a report based on the extensive use of farm products by the Ford Motor Company in building cars and trucks.

It is estimated that for each 1,000,000 units it manufactures, Ford needs from the American farmer the following agricultural items:

Cotton—69,300,000 pounds or the annual output of 435,125 acres.

Wool—3,240,000 pounds or the wool from approximately 801,000 sheep.

Wood—112,000,000 board feet or 20,500 acres of forestlands.

Cattle—30,000 head per year to provide 1,500,000 square feet of leather.

Soybeans—600,000 bushels.

Flax—118,000 bushels, equivalent to 17,500 acres.

Tung oil—195,000 gallons.

Hogs—20,000 head, to provide 1,000,000 pounds of lard oil lubricant.

Corn—451,500 bushels, equivalent to 11,280 acres.

Wheat—3,000,000 pounds as flour used in foundry.

Goats—87,500 head, to provide 350,000 pounds of mohair material.

Jute—5,000,000 pounds.

Pine pitch—2,000,000 pounds.

Sugar Cane—enough to provide 2,500,000 gallons of molasses.

Honey bees—83,000,000 bees, to produce 6,000 pounds of beeswax.

Most of the cotton brought to the Ford Rouge plant is used in the form of upholstery cloth and in tire fabric. Wool is used in upholstery and for certain gaskets. The cow plays its part by providing leather upholstery, gasket material and glycerine.

Soybeans have many uses in the Ford industries, due to the pioneering efforts of Henry Ford in trying to find more and better uses for farm products in his plants Chief among them are in the body finishes, moulded electrical parts and as core oil and bond in the foundry. Flax is utilized in paints, core oil, soft soaps and glycerine. Two chief uses for tung oil are in enamels and varnishes and in brake linings.

SLOW UP!

Do you remember the carpet laying examples in your old arithmetic and how you stumbled and puzzled over them until you finally learned that you had to allow something for the stretch?

In solving the problem of living in these days of stress and strain —we are going to have to do just that allow for the stretch.

There is so much to be done, so many ways in which we want to help, that there is danger in overcrowding our lives, taking on too much, in cramming our hours so full, that we make a fetish of being too busy and are so continually haunted by the hands of the clock that we don't do justice to anything we tackle.

Slow up. Plan your time so that there will be enough stretch to your day to take up the delays and unforseen emergencies that will arise, no matter how wisely you plan. Do what you can. See to it that you do it thoroughly and as well as possible, but don't try to do the things you can't. And don't try to crowd everything into one day.

It is conceded that we have not done enough in the past, that we are in arrears on defense and in straightening out our own national, and precious little time in which to do it.

But—we can make haste best by going at an even pace, filling our time to the brim but not to overflowing. Make time by giving up some of the non-essentials, not by adding to a already full schedule.

thinking—for recharging the batteries of your spirit. Each and every one of us is needed in some definite activity for the welfare of this democracy to which we owe allegiance—but we are needed strong in body, clear in mind, and courageous in spirit. And we cannot be these three if we run on nerve alone.

These be perilous times and they may be worse. The strain and stress will continue, unless a miracle happens, and demand of us a hundred percent efficiency. Let us therefore prepare for such a call by coordinating ourselves and conserving our energies, working hard—but all times allowing for the stretch.

Do the best you can and trust in the goodness of Divine Providence for the rest, remembering the words of the Prophet Isaiah "He that believeth shall not make haste."

SYMBOL OF OUR WAY OF LIFE

They had driven like mad the last 20 miles in an attempt to reach the next gasoline station before 7 o'clock. But when they got there the pump was locked and there was a sign saying "No more gas sold until tomorrow morning."

"So—this is the way we're treated in a democratic country. Just because we've gone all-out for defense the government is saying when we may and when we may not buy gasoline. It's an outrage. There was no rationing of gasoline in the countries of Europe until things were really critical."

"Oh yes there was,' her companion reminded her. "They began rationing years ago."

"Well we certainly didn't hear much about it. Of course," she added honestly, "there was the censorship. Perhaps the news didn't get through."

"No, that wasn't the only reason we didn't hear about it," the other woman went on. "There wasn't any particular fuss about rationing gasoline for private cars because there were so few cars. There are something like 130 million people in the United States; 7% of the population of the entire world. But how many of the world's automobiles do you think we have?"

The car driver shook her head. 'I don't know exactly. A lot I suppose."

"We have 72% of them—that's an average of one for every four persons. So when gasoline is rationed it hits most of us. The boy with a 'fivver' parked under the apple trees in the back yard as well as the man with a heated 3-car garage. It's an American institution—the family automobile —a symbol of the opulence and freedom of our way of life which has grown out of our great, free industrial system."

Oh yes, we're likely to make more fuss than the people in Europe about the small inconveniences that defense will mean to us because we're used to so much more. The good things of life have been spread out among more people than in any other land.

But don't mind too much if you have to get along without as much gasoline as you're used to for a little while. There's plenty of it in the ground of this great country, and there's a great system for refining and distributing it. We'll have an abundant supply of it again when this crisis is over—and what's more the right to use it in our own automobiles as we see fit. For the people of our country are determined to defend the American way of life which means freedom of action as well as freedom of speech and religion and of business enterprise that had made us the richest, most powerful nation is the world.

How to Tempt School Appetites

By BEULAH V. GILLASPIE
Director, Sealtest Laboratory Kitchen

Courtesy Sealtest Laboratory Kitchen

IT'S a major problem—giving those youngsters sufficient nourishment during their busy school hours. Young appetites have to be tempted, so that you can be sure the school lunch will be entirely consumed. Here is just one idea—it has appealed to many, many children.

ROLLED DATE AND COTTAGE CHEESE SANDWICHES

½ cup chopped dates
1 cup cottage cheese
Unsliced whole wheat bread
Soft butter

Mix the chopped dates and cottage cheese and if desired add a little salt. Add a little milk or cream if the mixture is dry.) Cut thin lengthwise slices of bread from the loaf and spread with the butter. Spread with the cottage cheese date mixture and roll up like a jelly roll. Wrap in waxed paper. This recipe will make four to six sandwiches.

COTTAGE CHEESE AND EGG SANDWICH

2 hard cooked eggs
1 cup cottage cheese
1 tablespoon mayonnaise
Salt
Unsliced whole wheat bread
Soft butter

Chop the eggs and mix with the cottage cheese and mayonnaise. Season with salt. Cut thin lengthwise slices of bread from the loaf and spread with the butter. Spread with the cottage cheese egg mixture and roll up like a jelly roll. Wrap in waxed paper. This recipe will make four to six sandwiches.

HONEY MILK

2 to 2½ tablespoons honey
Few grains salt
2 cups hot or cold milk

Add the honey and salt to the milk and mix well.

Obedience to Law

We are all familiar with the statement, "When they are at Rome, they do there as they see done." In other words, follow the custom of the land in which you are living. The writer remembers very vividly stepping out of an underground train in a London station and making her way to the street, greatly impeded by the oncoming rush of people. When she reached the street, she realized suddenly what was wrong. She had been holding to the right side of the passage as one does in America, when all the time she should have been keeping to the left. She knew the law, but for the moment forgot to make use of it. Much confusion and discomfort could have been avoided by walking with Londoners while she was in London.

In his letter to the Galatians, Paul writes (5:25), "If we live in the Spirit, let us also walk in the Spirit." . . . The words, "If we live in the Spirit," imply that we actually do live there. Let us then obey the laws of Spirit; let us prove that we are the children of Spirit. God. The opposite of Spirit is matter; therefore we do not live in matter. Why, then, should we fear or obey the so-called laws of matter? Living in the realm of Spirit, we find the way to walk in the Spirit.

To "walk in the Spirit" means to walk in the light of spiritual understanding, to follow the leadings of Truth. It means to avoid human will and let God direct our ways. We need to be receptive to the truth, allow God's plan to unfold in our consciousness, taking one step at a time. Even as the children of Israel were guided by a pillar of cloud by day and of fire by night, so shall we be guided in all our activities. We may be tempted to follow the broad highway of materiality with its false appetites, pleasures, and pains, or to wander away into one of the many intriguing by-ways that lead to sin, disease, unhappiness, and death. If we are wise, we shall stay close to the straight and narrow path, keeping our eyes always on the goal of spiritual understanding, for this path leads to health, holiness, and joy unspeakable. . . .

The law of Spirit is the law of Life. Christ Jesus knew the Mosaic Decalogue, which was divinely revealed to Moses, and obeyed it, as evidenced by his words and works, recorded in the New Testament. When asked which was the greatest of all the commandments, our Master replied (Mark 12:29-31): "The Lord our God is one Lord: and thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind, and with all thy strength: this is the first commandment. And the second is like, namely this, Thou shalt love thy neighbour as thyself. There is none other commandment greater than these."

In referring to the First Commandment, Mary Baker Eddy writes (Science and Health with Key to the Scriptures, p. 340): . . . The divine Principle of the First Commandment bases the Science of being, by which man demonstrates health, holiness, and life eternal. One infinite God, good, unifies men and nations; constitutes the brotherhood of man; ends wars; fulfils the Scripture, 'Love thy neighbor as thyself;' annihilates pagan and Christian idolatry,—whatever is wrong in social, civil, criminal, political, and religious codes; equalizes the sexes; annuls the curse on man, and leaves nothing that can sin, suffer, be punished or destroyed."

To know the "one infinite God, good," is the need of the world today. We must obey the law of Spirit or we shall find ourselves trampled upon by oncoming erroneous beliefs—beliefs of hatred, envy, revenge, poverty, suffering, bloodshed, and violence. It is not enough to know about the law of God. We must understand it and make use of it in all our thinking and living.—*The Christian Science Monitor.*

THERE'S NOTHING MORE AMERICAN THAN ICE CREAM

300 MILLION GALLONS EATEN A YEAR HERE. IN EUROPE IT HAS ALWAYS BEEN A SCARCE LUXURY.

BACK OF ICE CREAM IS THE STORY OF REFRIGERATION, IN WHICH THE U.S. LEADS THE WORLD — MORE THAN 79% OF OUR FAMILIES EQUIPPED. OF MECHANICAL REFRIGERATORS ALONE, ONE HERE FOR EVERY 7 PERSONS. IN CENTRAL EUROPE IT'S ABOUT ONE PER THOUSAND.

THE U.S. HAS THE ONLY SYSTEM OF REFRIGERATED RAILROAD CARS, TRUCKS, AND COMMERCIAL VENDING UNITS. FAST-GROWING, TOO, IS THE NUMBER OF REFRIGERATING LOCKERS, "FOOD BANKS" FOR FARMERS' OWN VEGETABLES AND MEATS.

Thank You!

MR. RAY W. HERRICK

And The

TECUMSEH PRODUCTS COMPANY

In behalf of the residents of the Village of Tecumseh, Michigan, the Village Council takes this opportunity to publicly express its thanks to Mr. Ray W. Herrick and the Tecumseh Products Company for the generous gift of $1,700--one half the cost of a new pumper-type fire truck, to be delivered here within the next 60 days for the protection of Tecumseh's welfare.

The gift from Mr. Herrick and his company came to the village unsolicited. It came at a time when it was sadly needed by the Village Government, because Tecumseh's budget for 1941-42 was not set up to care for the extraordinary expense of such a purchase.

The Village Council recognizes Mr. Herrick's keen observation of governmental affairs, his faithful interest in the welfare of Tecumseh, the desire on the part of his company to be of assistance to the community generally, and of his willingness to be of service wherever service is needed. He displayed these qualities ably in the building of Tecumseh Hospital, some three years ago. His latest contribution is another added service to the residents of Tecumseh.

To Mr. Herrick and to his company, the Village Council, speaking for the residents of Tecumseh, extends its thanks. You have again performed a service to this Village for which we, the Village Council, and all of its residents, are extremely grateful.

Signed,

The Tecumseh Village Council

Continuous Activity

THE majority of mankind have been accustomed to considering employment as a material activity in which they engage for the purpose of "making a living." When this activity is taken away from them for any reason, and the income which they have been receiving and which is considered necessary for maintaining a comfortable home, ceases, then doubt and fear creep in, together with the suggestion that they may be permanently cut off from any activity which will afford a living. This condition of thought is the result of holding the concept of man as material, finite, and limited in activity.

In the first chapter of Genesis it is clearly stated that man was made in the image and likeness of God. Christ Jesus said, "God is a Spirit" (John 4:24); and in the Christian Science textbook, "Science and Health with Key to the Scriptures" (p. 465), Mary Baker Eddy has given Spirit as one of the synonyms for God. Therefore man, His image and likeness, or reflection, must be spiritual. . . . Spiritual man, therefore, is continuously expressing the uninterrupted activity of Life, God, Mind, and constantly manifesting intelligence and wisdom. Jesus had a clear realization of man's relationship to God when he said (John 5:17), "My Father worketh hitherto, and I work."

"Well," one may say, "granted that there is spiritual activity, what bearing has that on my problem? I need some concrete material employment that will bring in the income necessary to meet my human needs." True, we all do, but this can be demonstrated and made manifest in our experience by right, active, spiritual thinking about God and man's relation to God; in other words, by seeking "first the kingdom of God, and his righteousness" (Matthew 6:33), which Jesus said would be followed by the addition of "all these things" that are needful.

In "Miscellaneous Writings" (p. 307) Mrs. Eddy says, "God gives you His spiritual ideas, and in turn, they give you daily supplies." It is our receptivity to these ideas which enables us to express right activity. If we go forth in search of work, understanding that we possess those spiritual qualities which are so much needed in the business world today, and holding uppermost in our thought the desire to give of what we have rather than the wish to get, this spiritual thinking will direct us to those who are in need of what we can give. The Bible promise (Luke 6:38), "Give, and it shall be given unto you; good measure, pressed down, and shaken together, and running over, shall men give into your bosom," is always fulfilled.

Sometimes we may be asked to perform services which we have previously thought were beneath us, but if we perform our present tasks humbly, gratefully, and efficiently, we shall soon find suitable and congenial occupation. . . .

We can all be more active in our expression of thanks for all blessings by being more watchful and alert to seize an opportunity to help others, by doing some little act of kindness, and giving a word of encouragement to some one struggling under a heavier load than we are bearing.

The thought that inactivity is a result of advancing years is one that must be destroyed. Mortal mind may argue that we are beyond the age when we can be of use in business, or, at best, that our opportunities to engage in lucrative employment are limited. Does God manifest failing faculties or other infirmities? No; that is unthinkable. Then man, His image and likeness, cannot be hampered by beliefs of age. . . .

Sometimes we may be tempted to think that we have been wrongfully forced out of our place, to make way for some one else, and resentment and self-pity may try to control us. In the only real universe, the spiritual realm, there is no taking from one to give to another. Each of us has his work to do here and now, and that work is the daily endeavor to demonstrate man's oneness with God and to manifest the abundance of good which God has bestowed upon all of His sons.

NURSERY SCHOOL

Marjorie Boyce

School opened August 4th after being closed during July. Sixteen children have visited us this month—many of them staying over night.

Dorothy Jean Brandt was the first guest of the month. She stayed five days while her parents were in Chicago, Marcia McGehee also spent three days of the same week with us.

Nicky and Christopher Nilsen are with us three mornings each week. They enjoyed a long vacation at Wampler's Lake.

On Monday, August 11th, Margaret and Nicky Touborg came to spend two weeks while their parents were on a trip in the east. They returned home last Sunday.

Louis and Gary Bruce Underwood came August 14th to spend two days.

Dorothy Jean Brandt assisted with the children on two of our busy days.

We were happy to have David and Ferry B. Hardy with us five days of last week. They told us many interesting things about their home in Virginia.

Peter and Eddie Baldwin from Howell spent last Wednesday at school.

Other all day visitors have been Dean Andrews, Sally Jo Rensche, Tommy Baldwin and Sally Brown.

We have some baby cardinals in a nest by our porch. It is interesting to watch the mother bird feed them.

Tommy Baldwin will spend next week-end here.

Obituary

MRS. A. C. AYLESWORTH

Estella Alberta Stitt, only daughter of the late Joseph and Mary Pomery Stitt, was born in Tecumseh, April 24, 1856 and lived within a radius of 20 miles of Tecumseh, all her life, the last 41 years at 610 West Chicago Boulevard She passed away August 19 at Tecumseh hospital from burns received July 28 when a gasoline stove caught fire.

On September 30, 1873, she was married to Albert C. Aylesworth, who died March 24, 1931. To this union were born three children, Mrs. Mary Parks of Howell, Fred of Tecumseh and Lulu DeSpelder, who died June 11, 1938.

Mrs. Aylesworth was of a very active and independent personality and took a great interest in the everyday affairs of life. She was a member of the Presbyterian church, the Welcome class and a birthday club, and was a life member of Tecumseh chapter, Order of the Eastern Star.

Besides her son Fred and daughter, May, she leaves five grandchildren, nine great grandchildren an one great-great-grandson and a large circle of friends, who will miss her kind words and cheery smile.

Funeral services were Saturday afternoon at the residence, with Rev. E. M. McGehee officiating. F. C. Dickinson sang two hymns, and bearers were Earl Updyke, John F Truesdale, Raynor Aylesworth, F. R. DeSpelder of Columbus, Ohio, Lee McCoy of Jackson and Sam Davis of Michigan Center. Burial was in Brookside cemetery.

Among those who attended the funeral were R. F. DeSpelder and daughter of Columbus O., Mrs. May Parks of Howell, Mrs. Mable Bennett, Mrs. Josephine Crane, Margaret Marble and Don Caples of Detroit, Mr. and Mrs. S. G. MAYBE YOU'LL HAVE TO WALK

Considering the discomforting pospects of gasoline rationing that might make enforced pedestrians of motorists, an authoritative article by the noted pediatrist, Harold Kahn, in The American Weekly Magazne with the August 31 issue of The Detroit Sunday Times, is particularly timely. He gives valuable advice about conditioning our pampered feet for the emergency. Be sure to get The Detroit Sunday Times this week and every week. —Adv.

THE TECUMSEH HERALD

NINETY-FIRST YEAR— NUMBER FORTY NINE. TECUMSEH, MICHIGAN, THURSDAY, SEPTEMBER 4, 1941. FIVE CENTS PER COPY.

Fire Fans Hit By Ordinance

MINIMUM FINE OF $10 PROVIDED FOR THOSE WHO TRUCK FIRE TRUCK

Fire fans—and there are hundreds of them in Tecumseh—were struck a "below the belt" blow, Monday evening, when the village council enacted an ordinance providing a minimum fine of $10 and costs for all persons who violate a Tecumseh law which provides that it is unlawful to follow either fire or police apparatus, on official business, at a distance closer than 300 feet. The ordinance, which contains the sharpest teeth of any yet written by the council, was given immediate effect.

To give the new law even greater force, the council also provided that for the first offenders the maximum fine should not exceed $100, or imprisonment in the county jail of not less than 10 days or more than 90 days. Second and subsequent offenses are punishable by a minimum fine of $25 and a maximum of $100, or a minimum jail sentence of not less than 30 days or more than 90 days. The ordinance provides that the justice, in his discretion, may impose either or both the fine and jail sentence upon any offender.

The council was prompted to enact the ordinance because the fire department has complained recently that it has been unable to operate efficiently due to the interference of traffic. Cars have followed the department within a few feet, and have failed to halt with the trucks, and hose and other property has been damaged. Mayor J. Floyd Elliott announced several weeks ago that the practice must halt and in a public announcement he warned motorists of arrest. The new ordinance, however, empowers police to act, and makes it impossible for justices of the peace to impose fines lighter than $10 or $25.

The council also passed another ordinance, defining the word "sidewalk," and providing that cars cannot be parked on sidewalks, or horses or cars driven on sidewalks. The word "sidewalk," according to the ordinance, is defined as a cement walk or a walk of any other material, or of any commonly used by pedestrians and located in the line usually used for sidewalk purposes. This ordinance too, gives immediate effect.

The council extended the time for the collection of taxes, without penalty, from September 5 to September 30.

The street committee was empowered to complete the paving of South Evans street, to and including the intersection of Pottawatamie street. The north half of this block recently was paved.

The contract for the purchase of a new fire truck was amended to read $3,520 instead of $3,400, the additional $120 to be used in the payment for a heavier chassis, and a two-speed rear drive.

The cemetery board of trustees was empowered to purchase, at a price of $200, a triangular parcel of land lying south of Evans Creek and west of Union street, from Christine Urbauer.

Current bills were audited and ordered paid, and reports of committee and department heads were read and placed on file.

Mrs. Harriett D. Ladd, A Former Resident, Dies

Mrs. Harriett D. Ladd, mother of Ira G. Ladd of Britton, formerly of Tecumseh, died Tuesday at her home in Adrian after a short illness. Mrs. Ladd who was the widow of the late Marvin C. Ladd, was 80 years of age and was a daughter of the late Gerson Lmb and wife of Woodstock, Mr. and Mrs. Ladd made their home at Springville for many years, moving from there to Adrian where Mr. Ladd's death occurred in 1919.

Besides her son Ira she leaves a brother, George Lamb, of Cement City and two grand daughters.

The funeral will be held this afternoon at Ewens Funeral Home in Adrian with burial in Oakwood cemetery, Rev. Milton Coleman, pastor of the Adrian Friends church of which she was a member, officiated.

County Holiday Free of Mishaps

TOLL IN NATION, HOWEVER, WAS HIGH; 614 PERSONS KILLED

In one of the busiest Labor Day holidays in the nation's history—a holiday that took 614 lives throughout the nation, 39 of the number in Michigan — Lenawee county escaped without a fatality or a serious highway accident, according to a police survey of hospitals. Trunk line highways in all parts of Lenawee carried traffic that passed all time records, Sheriff Roscoe Scott's office reported, but except for minor traffic mishaps, bent fenders, etc., no serious accident marred the three-day week-end.

The nation over, according to news reports, 614 persons lost their lives in the three-day vacation from work. Of this number 416 died in traffic accidents, 73 were drowned and 125 were killed in other accidents. In Michigan, a total of 39 persons lost their lives, 20 of that number in highway crashes and 15 by drowning. At the Straits of Mackinac, state ferry officers reported 15,785 vehicles transported from the upper peninsula to lower, an estimated increase of 26 per cent over a year ago.

Lenawee's good fortune in escaping the holiday without a serious crash was due in large part, it was pointed out, to the campaign that has been launched by Sheriff Scott in the past few months in an effort to reduce highway mishaps. Constantly, he has his officers patrol the highways, and he has posted hundreds of signs along the trunk line routes, urging safety. His latest sign reads, "70 beats 50 for safety."

State police and county officers were busy in the Irish Hills section of the county and on US-112 over the holiday, and as a result, 22 arraignments in Justice L. J. Van Deuse's court at Clinton kept him from enjoying a Labor Day vacation. Except for one instance, all arraignments were on traffic law charges.

40 Boys Report For Grid Squad

12 LETTERMEN TO MAKE TECUMSEH TOUGH COMPETITION THIS YEAR

If Coach Neville Hart has judged his line-up correctly, Tecumseh High School this year will be "tough competition" for every other team in the Lenawee County League, it was declared today as practice for the opening grid game in Milan, two weeks from tomorrow afternoon, got under way.

Coach Hart held his initial practice meeting on Monday afternoon and 40 boys reported for the squad. Of that number, there are the following lettermen: Ends, Max Green and Malcolm Bagshaw; tackle, John Brown; guards, Allen Brooks and Wayne Jackson; backs, co-captains, Bob Mohr and Bob Wilson, Don Carlson, Dale Carpenter, Karl Schneider, Jack Curtiss and Charles Coffey. Harvey Proctor, who won a letter last year at Manchester, has moved to Tecumseh and is making a bid for a berth in the backfield. Kenneth Will, Ann Arbor high school letter winner, also has moved to Tecumseh and he is out for a job on the line. Bill Brown, who won a letter at Assumption College, Canada, last year, also is making a strong bid for some team position.

Coach Hart also listed this group, some of whom, he declared, will be tough competition for first string positions: Bill Sisson, Alfred Allen, Jack Osburn, Don Smith, Jim O'Neil, Don Winter, Clifford Jackson, Seaman Packard, Jim Spooner and Jim Smith.

"Tecumseh won only two of its games last year because we had a green team, and lacked experience," Coach Hart said. "However, we will make a different showing this year, and we are going to be tough competition for both Blissfield and Manchester, our strongest competitors."

The team this year will appear in new uniforms from tip to toe. The new suits are orange and black, the school colors.

Funeral on Wednesday For Mrs. Nelson Dewey

Mrs. Nelson Dewey, aged 85 years, a former resident of this community, died Sunday morning at her home in Adrian. She had been in poor health the past two years and was confined to her bed about two weeks.

Mrs. Dewey was formerly Josephine E. Schreder, a daughter of the late John and Mary Lupton Schreder, and was born in Ridgeway, August 4, 1856. She spent all her life in Lenawee county and in November 1886 was married to Nelson Dewey also of Tecumseh who survives. They had made their home in Adrian about 15 years. Mrs. Dewey was a member of the Ridgeway Methodist church.

Besides her husband she leaves one daughter Mrs. Henry White of Adrian, a brother George V. Schreder of San Jose, Calif., and a sister, Mrs. Gertrude Palm of Tecumseh, also several nieces and nephews. Her parents and three sisters preceded her in death.

Funeral services were held Wednesday afternoon at the Mott Funeral Home in Adrian and the body was brought to Tecumseh for burial in Brookside cemetery.

MARINE-GANUN

Albert C. Marine, Jr., of Britton and Virginia R. Ganun, daughter of Mr. and Mrs. Cecil Ganun of Blissfield were married Saturday afternoon at St. John's Lutheran church in Capac by the Rev. Bruno Bruchner. They were attended by Mr. and Mrs. Richard Ganun.

Mr. Marine is employed at Tecumseh Products Company and they will make their home in Holloway.

Mrs. Clara Onsted Dies; Was Patient In Hospital

Mrs. Clara Onsted ,wife of Bert A. Onsted, postmaster at Onsted, died Thursday at Tecumseh hospital where she had been a patient the past month. Mrs. Onsted was born in Rome township April 10, 1873, and spent her entire life in that vicinity, and the last 42 years in Onsted.

Besides her husband she leaves two sons Harley of Jackson and Merrill of Onsted, one daughter Mrs. Ray Baldwin of Brighton, a brother Channing Cuer of Onsted, two sisters Mrs. Rex Richards of Chelsea and Mrs. Jeanette Streeter of Vancouver, Wash., also four grand children. One son Adelbert died in 1935.

Funeral services were held Sunday at the Ritter Funeral Home in Onsted. Rev. F. D. Hague officiated and burial was in Onsted cemetery.

Hart Praises New Park Here

POINTS OUT THAT RECREATION CENTER HAS MANY USES IN FUTURE

Neville Hart, football coach at Tecumseh High School and an authority in the athletic field, was loud in his praise of Tecumseh's new $25,000 Recreation Center, when he addressed the regular noon-day luncheon meeting of th Rotary Club, Tuesday at the parish house of St. Peter's Episcopal church.

Declaring that such a center is a necessity in every progressive community, Coach Hart referred to a survey recently completed by an Ohio college, giving the findings in 96 cities and towns where such a Center is in operation. In all of the places, the survey showed, the park is largely used, and it has proved a distinct advantage, not only to the schools and their pupils, but to residents and business men as well. Such centers, the survey showed, are used for public gatherings, religious meetings, community picnics, dramatic and athletic events, sports days, political gatherings, graduation exercises, Easter Egg hunts, May Day parties, and large school functions. In almost every community, the survey continued, the centers have been a business builder for merchants, and the income as the result of athletic events, held on lighted fields, have doubled and re-doubled.

Coach Hart expressed the opinion that once the field was completed and in use, business men here would find that they would benefit as the result of increased crowds to athletic events and other programs held at the park. The coach is very anxious for the installation of lights on the gridiron, believing that gate receipts from night football here will aid in defraying the expense of other improvements.

Wade L. Jones, general chairman of the drive for $13,000 with which to equip the field, said this morning that the fund had passed the $9,000 mark.

"I am certain that there are many in Tecumseh who have not yet been solicited," Mr. Jones said. "It was only yesterday that I received a substantial check from a man who said that no one had asked him to contribute. If there are others who have not been called upon and who desire to give, I wish they would mail their checks or bring the money to my office. We are determined that this campaign will be successful, and we are going over the top before we are through."

"The response from out-of-town graduates of the high school is indeed gratifying," Perry Hayden, chairman of the alumni committee soliciting funds, said. "Nearly every day brings a letter with a gift and a word of appreciation."

Since the last report, gifts have been received from the following T. H. S. Graduates:

Jay Morse, Monroe, class of 1892; Willis R. Harton, Detroit, class of 1892; Oliver Blum, 1917; Marion Jones Groeschow, Adrian, '27; Erma Kyle Wright, Detroit, '01; Isabelle Case Keyser, Jackson, '01; Ivalene Harrison, Detroit, '14; Veva Hardcastle, Florida, '14; Ina Binns Bailey, Clinton, '14; and Wendell Cleveland, Lansing, '21.

Fred McNair of Leadville, Colorado was in town recently, and promised to send a substantial gift upon his return.

OFFICERS ARE NAMED BY EVER READY CLASS

At the meeting of the Ever Ready class of the Baptist church, held last Wednesday at the home of Mrs. John S. Smith, the following officers were elected: Mrs. Bertha Hoag, president; Mrs. B. J. Roberts, vice president; Mrs. A. O. Howard, secretary; Mrs. Myrtle McNeil, treasurer. Pot-luck supper preceded the meeting and husbands of members were guests.

School Opens; 600 Enrolled

SENIOR HIGH IS CROWDED WITH 50 MORE STUDENTS THAN IN 1940

The Tecumseh public schools opened their doors yesterday morning for a half-day session, and enrollment figures at the office of W. L. Berkof, superintendent, indicated one of the heaviest senior high school rosters in Tecumseh's history.

"We are crowded in the upper four grades, ninth through the twelfth," Mr. Berkhof said, "and it is going to necessitate some slight readjustment. However, regular sessions were resumed in all grades this morning, and by Friday we will have everything working smoothly, with the regular lesson assignments."

This year's senior class in the high school numbers 46 students, against 32 a year ago. There are 67 juniors, 73 sophomores and 71 freshmen. The increase is taxing the general assembly room, which also houses the eighth grade, and Mr. Berkhof indicated that seats for some 30 or 40 students would be found in other rooms in the building. The general assembly seats about 310.

Mr. Berkhof said that he had not yet had time to bring together all of the figures from the grade rooms and the East and West Branches, but he declared that the kindergarten enrollment exceeded that of a year ago. This year, 42 are enrolled.

Everything worked smoothly at the school yesterday, the students meeting their teachers and advisors, schedules were filled, and class rooms assigned. Today's session will be given over to the introduction of books, etc., with regular lesson assignments on Friday.

The teachers held their meeting on Tuesday, at the high school followed by a dinner at the home of Mr. and Mrs. Berkhof.

95 Cent Apple Price Pegged by U. S. Market

An opening price of 95 cents per bushel for Wealthy apples of U. S. No. 1 grade, 2 1-2 inches minimum and up, packed per bushel basket, is announced by the Federal Surplus Marketing Administration on purchases this month. Buyers now at Benton Harbor Market for peach harvest will continue there in apple procurements and will also operate from state SMA headquarters in Lansing.

A 95 cents price is also announced on Grimes Golden Apples of 2 1-2 inch minimum and a price of $1 per bushel for Jonathans of 2 1-4 inch minimum. These figures are about 20 to 25 cents above SMA opening prices last season, and represent a satisfying response to grower requests which representative of the Michigan State Apple Commission took to Washington on August 12 and 13.

SMA buying machinery is set up fully a month earlier than last year, so procurement efforts can be concentrated as much as possible during the packing season.

Apples bought under the program will be available for use in the same outlets as are other foodstuffs purchased by the federal SMA. This includes domestic distribution to families on relief and for school lunches, Red Cross shipment to war refugee areas, and transfers to other countries under the Lend-Lease Act. These apple purchases are expected to offset the loss of export markets which before outbreak of the present war absorbed an average of 10 million bushels annually.

To justify this extension of federal buying authority and to raise prevailing apple markets, the State Industry Committee, which is made up entirely of growers, will require affidavits from each applicant SMA purchase shipments that he will not market any of his cull apples as fresh fruit.

BEEVERS-LEE

The 45th annual reunion of the Beevers-Lee families was held August 30 atthe farm home of Mr. and Mrs. Earl C. Beevers, west of Tecumseh. Eighty-nine attended from East Lansing, Bay City, Hillsdale, Detroit, Ypsilanti, Ann Arbor, Milan, Morenci, Fairfield, Adrian, Jasper, Britton, Ridgeway and Tecumseh.

Following the pot-luck dinner these officers were elected: Gladwin Boyd, president; Mrs. Leon Boyd, vice president; Daisy Metz, secretary and treasurer; Erma Wright, historian. Ice cream was served in conclusion.

The 1942 reunion will be held at the farm home of Gladwin Boyd.

VISITING PASTOR

The Rev. L. C. Peter of Bellepl aine, Iowa, will have charge of services at the Grace Evangelical Lutheran church Sunday morning. The Rev. R. W. Scheele, pastor, will preach in Findlay, O., Sunday.

FORMER RESIDENT DIES

Word has been received here of the death of Clarence A. Cotton, a former resident of this community, which occurred recently at his home in Providence, R. I. He was a cousin of Mrs. Edith Cotton Smith.

Lafayette Pocklington Dies In Ridgeway

Lafayette Pocklington, well known resident of Ridgeway, died Sunday night at his home in that village after a long period of failing health.

Mr. Pocklington, who was 82 years of age, was a son of the late George and Tamar Pocklington and was born in Ridgeway, June 5, 1869. He spent the greater part of his life as a farmer in Lenawee county, moving from his farm south of Ridgeway into the village in 1920. On November 26, 1884, he was married to Miss Anna Lace who survives.

Besides the widow he leaves one daughter Estella, now Mrs. Julian Strong of Melvindale; two brothers, Albert of Onsted and Smith of Britton, an uncle William Larkin of Petersburg and several nieces and nephews. A son Kenneth and a half-sister Mary Jane Stark preceded him in death.

Funeral services were held in the home Wednesday afternoon, Rev. F. E. Wilson officiated and burial was in Ridgeway cemetery.

Miss Donna Jeanne Weir Weds Henry Hamilton

Miss Donna Jeanne Weir, daughter of Mr, and Mrs. William J. Weir of Swanton, O., and Henry Hamilton, son of Mr. and Mrs. John Hamilton of Tecumseh, were united in marriage Sunday afternoon at the Methodist church in Swanton. The ceremony was performed in the chapel of the church which was decorated with ferns, gladiolus, hydrangea and candelabra for the occasion. The Rev. B. V. Smith read the double ring service at 3:30. The bride's attendants were Mrs. Evelyn Schuster as matron of honor and Misses Mary Elizabeth Weir and Jean Weir as bridesmaids. Roger Gilespie of Tecumseh was the groom's best man and Owen Curtis of Tecumseh and Warren Schuster were the ushers.

A reception was held at the home of the bride's parents immediately following the ceremony and later Mr. and Mrs. Hamilton left on a trip through the southern states and on their return will reside in an apartment at the home of Mrs. James R. Collins on East Chicago Boulevard. Mr. Hamilton is employed at the East Side Market.

Mrs. Lillie Smith, 77, Buried Here, Sunday

Mrs. Lillie Smith, aged 77 years, widow of the late O. G. Smith, died Friday morning at her home northwest of Tecumseh. Mrs. Smith had been in failing health the past two years. She was formerly Lillie McCollum, a daughter of John and Almira McCollum and was born June 10, 1864, on the farm in Clinton township where she spent her entire life. She was a member of the Tecumseh Methodist church.

Survivors are two sisters, Mrs. John Delano who had lived with Mrs. Smith for some time, and Mrs. Ailene Burger of Lansing, and several cousins.

Funeral services were held Sunday afternoon at the Collins Funeral Home on North Union street. Rev. E. F. Hildebrand officiated and bearers were Earl Updyke, Bertram Updyke, Paul Keyser, Eugene Keyser, Raynor Aylesworth and Henry F. Kempf. Burial was in Brookside cemetery and relatives and friends from Jackson, Adrian, Detroit, Tipton and the surrounding territory attended the service.

MISS MAXINE HOLMES WEDS RICHARD CLOSE

Miss Maxine Holmes, daughter of Clifton Holmes of Tecumseh and Richard Close, son of Mr. and Mrs. Charles Close of Onsted, were married Saturday afternoon at the bride's home on East Pottawatamie street, which was attractively decorated for the occasion with baskets of white gladiolus, palms and candelabra.

The bride was given in marriage by her father and Rev. E. F. Hildebrand read the marriage service in the presence of 30 guests. The couple were attended by Mrs. Marvel Hockin of Jackson and Bert Close of Onsted.

Following the ceremony a dinner was served at the Boston Lunch.

SOCIETY TO MEET

The Woman's Society of Christian Service of the Methodist Church will meet at the home of Mrs. Guy Belding, 211 West Killbuck, this afternoon. The executive committee will meet at 2 o'clock and the general meeting will begin at 2:30 o'clock. Mrs. F. B. O'Brien will have charge of the program.

FOOT CRUSHED

John Jones, son of Mr. and Mrs. Ora Jones of Tipton, was brought to Tecumseh hospital Thursday after crushing his right foot while plowing with a tractor. His foot became caught in the machine.

NOTICE

During my absence from September 7 to September 21, my office will be open for collections and refills. Will be attending post graduate surgical clinics in Chicago.

Revenue Boom May End Soon

PRIORITIES AND CURTAILMENT OF MANUFACTURING MAY CHANGE STATE PICTURE

LANSING, Sept. 4. — Michigan's revenue boom for state spending may soon come to an end.

While state officials are wary about prognostications in these days of over-night defense commands from Washington, the state financial picture is becoming clouded. Here are the reasons:

1. Curtailment of production of automobiles, projected to be 26⅔ per cent for September, October and November and likely to be 50 per cent for the 1942 model year.

2. Curtailment of easy credit. It's 15 to 33 1-3 per cent down for many commodities, if you can get them at all.

3. Curtailment of gasoline consumption. Eastern states have been undergoing an emergency remedy for gasoline shortage(the latter being caused solely by lack of transportation) whereby gasoline stations are open from 7 a. m. until 7 p. m. and a blanket 10 per cent reduction is made in wholesale bulk deliveries. Although the rumor could not be verified, Mid-West dealers including those in Michigan have been advising customers to expect similar restrictions here early in the Fall.

Priorities

4. Curtailment in production of non-defense goods in certain industries which are dependent on supplies essential for national defense.

If the shortage of supply becomes acute—and that stage is rapidly developing—then defense orders will get the right-of-way and non-defense goods must wait.

Such priorities are already causing production delays for many non-defensefene items—such as furniture, refrigerating machines, stokers and so forth.

In a period of unusual prosperity, a seller's market in fact, it is a paradox that fattened pocketbooks cause buy some commodities at any price.

Put them all together, as the old ballad goes, and it spells one thing: LESS TAX REVENUE in the next few months. And that, ladies and gentlemen, could easily give Governor Murray D. Van Wagoner and the state legislature a financial headache of annoying size. We're not forecasting that it will develop. Your guess is as good as ours. It JUST COULD happen!

Automobile Revenue

Take the automobile situation, for example.

Here is something right at home. It vitally affects the welfare of hundreds of thousands of Michigan citizens.

In addition to inflicting temporary unemployment upon some automobile workers, curtailment of automobile production will mean a decrease in sales tax revenue. Recent reports of the sales tax department show that Michigan's state treasury has been receiving about one-fourth of all sales tax revenue from purchase of new automobiles. The 3 per cent levy is bringing around 73 millions annually; one-fourth of that is 18 millions.

Cut automobile sales one-fourth to one-half, and you can figure quickly what it will mean to the state budget — $4,500,000 to $9,000,000 less revenue.

Of course, there is no state sales tax on government orders. When you substitute tanks for automobiles, you substitute a non-productive tax product for one that helps to balance the budget and provide funds for old age pensions, library books and other deserving needs.

Installment

When Uncle Sam decided that we were on the road of getting inflation drung on easy credit, he knocked the props out from the "$1 down, $1 week" type of consumer spending.

Now, if you want to buy a refrigerator, washing machine, electric ironer, stove, air conditioner or radio, and prefer to spend some of your future earnings for immediate use and enjoyment of such commodities, you must plunk down 20 per cent in cash before you sign the contract. The down payment on a furnace, stoker, oil burner or water heater must be 15 per cent.

And everytime someone signs an installment contract, the State of Michigan starts to collect 3 per cent sales tax on the total amount. Easy credit, together with easy money, boosted the sales tax total from 60 to 73 millions in 12 months. Where the tax total had been 46 millions six years ago, it soared to 73 millions in the past fiscal year ending June 30, 1941.

If credit curbs tend to reduce spending, then the immediate affect would be a decline in sales tax revenue. The long-range affect might be something else, merely channeling consumer dollars into other fields. If you can't "afford" refrigerators, washing machines, radios and automobiles from the month's pay check (with respect to the larger down payment) then you may prefer to buy jewelry, clothing, food delicacies, sports equipment and other non-defense

PROTECT THE CHILDREN

Within the next week one million children will be out on the streets and highways on their way to school. Already many of the five thousand rural schools are in operation and by September 8, nearly every schoolhouse in the state will be open. Detroit, with nearly one-third of the school children, opened its classrooms on September 3.

Highway surveys show that normal traffic is up forty per cent. Children are taught in our schools nowadays to be good citizens and to cooperate with the motorists along our highways. They are taught to walk on the left side of the roadway and out of the main beaten track, to cross important intersections with the traffic light, and to observe stop and other caution signs.

Democracy, however, must work both ways. The child walking along the highway has no control over the on-coming or over-taking motor car. The driver must assume his full share of the responsibility with a wide margin of safety in favor of the child. Children between the ages of five and fourteen have shown the best rate of improvement of the pedestrians of any age group, but in spite of this, nearly every day of the year a child is killed somewhere upon our highways.

Every motorist must remember that he is the only one who has any control over the car he is operating. A good rule to follow is to imagine that every child he meets takes up a space of twenty feet on the highway whether the child is on foot or on a bicycle. This will allow for any rapid movement or sudden decision the child may make.

The motorist should remember also that at the beginning of the school year, children are excited. They have their minds on new subjects, new books, and new grades—all of which puts added responsibility on the driver during the opening week of school.

School children of today will be the drivers of tomorrow. Their driving habits, and attitudes will be formed largely by observing the motorists on the highways. Every operator of a motor vehicle can assist in this educational process by being a safe, thinking, and cooperative driver.

CHRISTIAN SCIENCE CHURCH

"Man" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, September 7.

The Golden Text. (I John 3:1) is: "Behold, what manner of love the Father hath bestowed upon us, that we should be called the sons of God."

Among the Bible citations is this passage (Romans 8:16, 17): "The Spirit itself beareth witness with our spirit, that we are the children of god: And if children, then heirs; heirs of God, and joint-heirs with Christ;"

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 336): "Immortal man was and is God's image or idea, even the infinite expression of infinite Mind, and immortal man is coexistent and coeternal with that Mind."

Obituary

MRS. A. S. ROGERS

Isabelle Arnold, eldest daughter of Ada and Charles Arnold, was born May 5, 1876 at the home of her grandfather, Jacob Arnold, in Birdsall, where she spent her early child hood. While still a child, the family moved to Oceana county, where she met Asa Sherman Rogers, whom she later married at Birdsall, October 26, 1899. All of their married life was spent in Lenawee county and to this union was born six children: Ruth Keyser, Bernice Cordray, Margaret Lamson and Gertrude Tressler, all of Tecumseh; Wellington, of Detroit, and Arnold at home, all of whom survive, with one sister, Gertrude who makes her home in California.

She devoted her whole life to her family, always greeting them with a cheery smile and never complaining when the path got rough or poor health kept her in her chair, as it did for the last year. Her death occurred Thursday morning, August 28.

The path ahead looks dark and lonesome now but

Perhaps the one who travels on without us for a while

Is lonesome, too, and glancing back

Will take courage if we smile.

Funeral services were held Saturday, August 30, at the Belding Funeral Home. Rev. E. F. Hilderbrand officiated and bearers were Norman C. McConnell, Roy L. Cadmus, Wilfred G. Waldron and John D. McCall of Tecumseh, Gus Wellnitz and Arthur Daniels of Clinton. Burial was in Brookside cemetery and relatives and friends attended from Holland, Grawn, Hudson, Ann Arbor, Detroit, Ypsilanti, Tipton, Clinton and the surrounding community.

Michigan's 'Main Street' Growing Faster than Broadway In New York

LANSING, September 4.—If you haven't discovered it already, something has happened to Main Street in Michigan during the past few years.

Foremost is the fact that Main Street has been growing faster than Broadway, according to the 1940 census.

The 1930-1940 depression decade marked the first break in 140 years of constant trend toward urbanization of America. For the first time in a century and a half, more folks have been moving into rural and suburban areas than into the cities.

This trend towards small towns and rural areas has been noticeable, for the rate of rural growth has been almost three times as great in urban as in rural regions. More and more city dwellers have been going "to the country" for their homes. Many small towns at the fringe of large cities have boomed during the depression, largely because of this human quest for happiness in a more peaceful and less crowded environment.

Highways, Autos

Rural living has become more urban in character because of the automobile, radio, and motion pictures and the advent of good roads and electricity.

Main street has the same technicolor pictures in its movie houses as Broadway; the price is 25 cents instead of 50 or 75.

Small town girls wear latest Hollywood dresses; they read the same style news in Vogue as their city cousins. And while the small town stores do not carry such a complete line, the prices are "in line" with the customer's pocketbook, and if the merchant is not enterprising enough to tell the customer what he has, then there's always a nearby progressive city with merchants who do, and the V-8 doesn't take long to get you there.

The old livery stable has been replaced by an automobile garage, and if the Reader's Digest is right, small town garages give the customer the most for his money. The corner drugstore has neon lights in the window, and the juke box plays the latest tunes for a nickel. Life isn't so bad.

Empty Houses Scarce

As any Michigan country editor will tell you, empty houses are pretty scarce in small towns.

We'll let Dan Cochrane of the Hartford Daily Sp[illegible] in Van Buren county, tell us his observations about a southwestern Michigan town of 1,694 population.

"This community has more than held its own in the 'battle of small towns.' Each census since 1900 (and before, for that matter) shows that Hartford recorded growth. During the last census period, 1930 to 1940, that growth was substantial, not only in population but in new building construction and new enterprises. Today there is scarcely an empty building, business or residential, in the town.

"True, Hartford at one time had two bakeries, both small compared to the one just closed. It also had a laundry, and if memory serves the writer aright, two laundries operated here for a time. But that was before Hartford had a garage or an oil station. It was before the days of the modern theatre, about the time that the first soda fountain come to town. It was 'way back when' one restaurant instead of four catered to the public's appetite.

"A marjority of towns lost their bakeries, laundries and livery barns before Hartford did. But new enterprises, created by the changing times and affording employment to more people, have taken their places.

"The future of the smaller towns is by no means dark. Indeed, with the persistent trend away from the congested metropolitan areas, which is due in part to transportation facilities, the future of the less populous communities—where life is worth living—is brighter as compared to the cities than at any time in history."

The Hartford editor quotes William H. Berkley, editor at Cassopolis, as saying that the "business readjustment which followed in the wake of the automobile and good roads has robbed the small town of some of its enterprises," but Cochrane makes the point that "it has brought other and newer enterprises and is continuing to bring it newer forms of activity, new residents, new assets. Life in the small town is less drab, less circumscribed than before that 'business readjustment.'

Decentralization

"Problems of Small Business", a monograph prepared for the Temporary National Economic Committee at Washington, hails the development of rural sections as an industrial boom.

American industry is becoming more diffused and diversified. Chicago, for example, has declined as a meat packing center from 35.6 per cent of the national total in 1899 to 18.8 per cent in 1940. Philadelphia's rug and carpet manufacture has slumped from 45.6 per cent to 27.8 per cent, although doubling the number of employees.

The advantages of such industrial diversification—branches being located in various sections of the country—are four-fold, according to the TNEC report: "Saving in freight hauling, less delay in shipping, less dependence of areas upon single types of manufacture, and less violent depressions and less excited prosperities."

Independent Grocers

A surprise in food statistics will be found in the fact that grocery chains reached a turning point in 1932-322 with 36.4 per cent of sales. Since that time the realtive proportion has fallen to 33.1 per cent.

This saturation point prompted managements of food chains to turn toward larger stores, many of them in competition with giant food markets, popularly called "super stores" which have mammoth stocks of goods priced low and heavily advertised to effect quick turnovers.

Competition of grocery chains has led to affiliation of many independent grocers with cooperative chains, sometimes sponsored by wholesalers and sometimes strictly a retailer's cooperative effort. Combination stores handle groceries, meats and vegetables—items which at one time were sold in separate stores.

The old general store type of merchandising, in contrast to specialty shops, is having a significant revival. Consumer cooperatives, by contrast, have not thrived.

Calculations

What the 1940 census means in longrange calculations was the subject of a recent Kiplinger service letter in Washington to its clients. Here are some forecasts:

The number of people between 20 ad 65 years of age increased 13 per cent in the last ten years. Age limits for employees are likely to go up; "fired at forty" may become a forgotten expression.

The bigger the army grows, the more potential fathers will be taken out of circulation. Postponed marriages and smaller families, both due to the depression, are resulting in smaller classes today at public schools. Elementary school enrollments declined one million from 1930 to 1938; that means fewer teachers, as in the case of Cleveland where faculties have been reduced 600.

Figure that out in terms of demand for milk, perambulators, bicycles, toys and other items used by young people. And conversely remember that we will have more oldsters than ever before — more demand for hearing devices, optical lenses, golf clubs, books, and magazines. The undertaker can't lose!

National Defense

The experience of England in moving many defense plants into small communities in order to minimize bombing losses has prompted officials at Washington to advocate a "farming-out" process for our national defense orders.

One of the problems of the present defense situation, which calls for haste in manufacture of munitions, is the efficient utilization of industrial facilities in the small cities and towns of 10,000 population and under. Big business has been getting most of the defense orders. Thurman W. Arnold, assistant U. S. attorney-general, recently declared that the large concerns were not farming out orders to small business as they should because "letting the little fellow in means future competion and lower prices."

This charge has been repeated, in substance, by a number of Washington correspondents. The White House itself has come in for severe criticism. Big business has a ready answer: Small concerns lack equipment, experience and personnel to handle such orders in any quantities. Take your choice.

Peace Economy

Stuart Chase, author of many books on economics, recently pointed out:

"The better the defense program succeeds in shifting arms production to the small town villages, the easier it will be to go back to peace economy."

He believes that the bombing of London will probably result in larger open-air spaces and an actual reduction in the size of the metropolis.

"Pleasanter, smaller cities, better houses, more efficient farms and stores, new machinery in the mills; all these are likely in the future."

Such is a happy prospect, if it can only be realized.

Obituary

DAVID N. HOUSEMAN

David Nicholas Houseman, oldest son of John W. and Sarah Houseman, was born December 26th, 1882 and died August 26th, 1941, aged 58 years and 8 months. He was born near Britton and lived his entire life within a few miles of his birthplace.

On December 17th, 1918 he was married to Miss Lydia Price and to this union was born a son, John Price and a daughter Mary Esther, both now living at home. He is also survived by a sister, Mrs. Mary I. Anderson of Tecumseh, and four nieces, Mrs. Glenn L. Van Vleet and, Miss Lois Anderson of Tecumseh, Mrs. Charles Benedict of Britton and Miss Helen Anderson of Detroit. He was preceded i n death by a brother Grover C. Houseman.

His entire life was spent on the farm and he was a true lover of the soil, taking great pride in the cultivation of his land and in caring for his home and family in which his every interest centered.

David was a respected citizen, a loyal friend and a willing helper ever ready to lend a hand to those in need. He will be greatly missed in the community as well as in the home.

Funeral services were held Friday at 2:30 P. M. in the Niblack Funeral Home at Britton, with Rev. De Remer officiating. The bearers were Grover Wills, Don Wills, Schuyler Easlick, Alois Weisbecker, Carl Henning and Cyrus Smith. Burial was made in Ridgeway cemetery. Friends were present from Detroit, Ann Arbor, Ypsilanti, Adrian, Dundee, Deerfield, Ridgeway and Tecumseh.

Another trouble with the world is too many people make their joys mere incidents and their sorrows great events.

UNIMPRESSED

An English tourist was on his first visit to Niagara falls and a guide was trying to impress him with their magnitude.

Guide—Grand.

The vistior was silent.

Guide—Millions of gallons in a minute!

Tourist—How many in a day?

Guide—Oh, billions and billions.

Tourist (looking at the falls carefully, and then in a very clam voice)—Runs all night, too, I suppose?

SPICES IMPROVE MODERN DISHES

Housewife, Today, Knows Value of Spices Which Men of Old Fought Wars For

SPICES, today, are taken for granted. Neatly arrayed, labeled, and within easy reach, they occupy as essential a space in our modern kitchen, as does the salt, or the kitchen range. No cook can do without them. Yet, because they are so intimate a part of our culinary life, they are out of mind until we reach for them.

In olden times, wars were fought over spices. New countries and new trade routes were discovered because of them. Tributes to Solomon and other mighty monarchs were paid with them.

These peaceful little spices, so neatly filed away in our kitchens were once wrid with deeds of bloodshed. History records entire native populations being massacred by the Portuguese and the Dutch in order that they might maintain their control over spices, and prevent the natives from selling to other countries.

History and Botany

Why, one asks, did spices take so important a part in the making of history? Chiefly because of the fact that food in those early days was often so poor, because of limited transportation and means of storing, that it was only by highly seasoning the food that it could be eaten. Also, because spices were considered indispensable in the sacred oil of the tabernacles — and therefore no matter how rare, or how hazardous to procure, spices must be had in order to keep the altar fires burning.

Botanically, as well as historically, spices offer a most interesting study. Did it ever occur to you that the many kinds of spices which you keep in your kitchen, represent the various portions of their respective plants?

Ginger is the rootstock of its plant; cinnamon is the inner bark of another plant; cloves are the flower-buds; nutmegs are the seeds; black peppercorns are the whole fruits; and sage, thyme, and other herbs make up the entire upper parts of certain plants. Their aroma and their value as spices are contained mainly in their essential oils.

Kitchen Secrets

The housewife or the cook, who reaches for the spice cabinet, only for baking or for some few other uses, is cheating herself of ingredients which would transform her menus from the commonplace to the intriguing. For it is these spices which make all of the difference between an uninteresting dish and one which is unusual and delicious.

When you bake a ham, for example, do you take it from the oven when it is partly cooked, crust it with brown sugar and stud it with cloves? If you do, the sweet and the spice permeate the tender tissues so that when you slice it, smoking hot, and serve it with apple sauce or with pears which have been cooked with cinnamon, you have a meat dish which men of old would have waged war in order to eat.

Do you add cinnamon and a dash of nutmeg to your apple pies so that they emerge from the oven, flaky, sweet, tart and spicy, with a fragrance which tells the world that you've baked apple pie that is apple pie?

If you wonder what makes those gay little German cookies which are frosted with red and green sugar, so brittle and hard to bits, but so easy to eat, something entirely different from any other little cookies in the world—it's anise.

Know spices, and you will know many of the secrets of excellent cooking.

You won't have to hunt hard to find people around who don't believe in law or anything else when it interferes with their own interthe pink of condition, can give her boy friend the blues.

A steam engine is much like a man. The more it blows its whistle the less power it has to turn the wheels.

Revenue Boom

(Continued from Page 1)

articles.

Business Week recently recorded these gains in sales for 1941, compared 1940; Automobiles, 37 per cent; jewelry, 28; household appliances, 23; furniture, 22; building materials, 22; men's clothing, 19; shoes, 19; women's ready-to-wear, 12; drugs, 9, and groceries, 5.

Gasoline Revenue

By constitutional amendment, the state's tax on gasoline must be used for highway building and maintenance.

Hence, the possibility of gasoline rationing does not affect the state budget except as it might curtail the activity of local and state highway departments.

But we're all interested tremendously in good roads. Here are some comparative facts concerning gasoline taxes:

1937	$29,375,00
1938	27,679,000
1939	29,788,000
1940	32,392,000

According to the Michigan Petroleum Industries Committee, gasoline consumption has been running about 15 per cent ahead of last year as shown by collection of taxes. June collection for May consumption was $3,332,000, a revenue gain of $384,000 or 13 per cent. May ran more than 15 per cent. July's consumption, based on collections in August, should reach all-time high. Automobile travel at the Straits of Mackinac, for example, is running far, far ahead of last year.

Priorities

Because such essential commodities as steel, aluminum, copper and silk are being diverted from consumer-good industries, business is in a restrictive phase for the moment. Demand for these commodities is far ahead of existing supply. Hence, the necessity of priorities.

Business indexes have been declining for three consecutive weeks.

It is a temporary period of adjustments ,while the demand for non-durable goods—wool, cotton, and rayon, for example—are hitting new peaks. Department store sales have been as high as 40 per cent ahead of last year.

Automobile financing in May, 1941, was nearly 50 per cent above May, 1940.

It is a novel situation.

State's Finances

Michigan's state budget was predicted on two-year continuation of the defense boom.

It assumed that revenues will be maintained at 1941 levels.

Appropriations made by the legislature and approved by the governor call for an increase of 13 millions during the current year for comparable items in 1939-40. Even on this basis the budget, as originally drafted, contemplated a surplus of $4,500,000 for 1941-42 and $5,100,000 for 1942-43. If revenues were up to expectation, the two-year surplus of $9,000,000 could be used to reduce the deficit, estimated August 1 to be $14,411,000.

Budget Director Leo Nowicki is said to be apprehensive that curtailment of automobiles, an end of easy credit, and the bottleneck in priorities may combine to reduce sals tax revenues and thus throw the budget out of kelter, at least to the extent of not reducing the deficit during boom years.

"The revenue picture looks brighter than it did sometime ago," said Mr. Nowicki, "despite the prospect that we will experience a decline in revenue in the immediate future. Many men are now at work for the first in many years and there is more buying power available."

Payrolls

State payrolls have consistently climbed during both Republican and Democratic administrations, and Michigan so-called bi-partisan government is no exception. Payrolls were $1,428,000 higher for the first six months of 1941 than they were over a similar period during the Fitzgerald-Dickinson regime. Furthermore, new civil service salary scales will add $1,900,000, Thomas J. Wilson, civil service director, is threatening to discharge 2,000 to 2,500 workers, but so far the economy has been confined to newspaper headlines. Old-time observers at Lansing wag their heads and smile.

This is the financial situation at Lansing today. Since the legislature is still technically in session, Republicans may be able to justify further the unparalled adjournment by "coming to the rescue" if and when state tax revenues start skidding.

It could happen.

Ten From Lenawee Named To Tenant Advisory Board

Ten Lenawee county citizens will serve on an advisory council which has just been organized to advise in the operation of the rehabilitation and tenant purchase programs of the United States Department of Agriculture, Jerry H. Mandigo, county supervisor for the Farm Security Administration, announced today.

The advisory council consists of a three-member rural rehabilitation committee, a three-member farm debt adjustment committee, a three member tenant purchase committee and three council members at large who do not serve on any of the committees. The appointments were made by Roswell G. Carr, state director of the Farm Security Administration at Lansing.

Rural rehabilitation committee members are Mrs. Harold Jones of Route No. 4, Adrian, Prim T. Francoeur, farmer and businessman of Adrian, and Earl T. Murphy, farmer, of Britton.

The farm debt adjustment committee is composed of Prim T. Francoeur, T. R. Lassey, farm owner and businessmen of Adrian, and Harold Strayer, farmer, of Morenci.

Tenant Purchase committee members are Charles Pigy, farm owner and businessman of Morenci, Earl T. Murphy, and Milton Wheaton, farmer of Brooklyn.

Louis G. Hall, county agricultural agent, Arthur Allis of the Social Welfare Board and H. F. Johnson of the Adrian Production Credit Association, have been appointed as council members-at-large.

All ten persons were chosen because of their concern for the welfare of small farm operators and their interest in the efforts of the Farm Security Administration to help small farmers overcome the difficulties which stand in the way of their achieving security on the land and a better standard of living Supervisor Mandgo said.

Farm Security makes standard rehabilitation loans to farm familes who are unable to obtain adequate operating credit from any other source. These loans are for five years, at five per cent interest, and are based on sound farm and home management plans which the families work out with the cooperation of the county H. R. Supervisor and home management supervisor. More than 300 farm families in Lenawee county already have been helped by the rehabilitation program.

Services of the debt adjustment committeemen will be available free to all farmers who are involved in debt obligations beyond their capacity to pay. Committeemen will help farm debtors and their creditors come to agreements based on the ability of the farmers to satisfy their debts.

The tenant purchase program helps a limited number of qualified farmers to acquire family-type farms under provisons of the Bankhead Jones farm tenacy act.

In this county five farmers have received tenant purchase loans with which to buy farms of their own. The loans are for 40 years at three per cent interest.

Meetings of the council and of the individual committees will be held at intervals during the year.

Old time fathers accomplished more with their shoulders to the wheel than their grandsons do with their feet on the gas.

RESOLUTIONS

Whereas, The Great Master of the universe has called our sister, Mrs. Jenny Law Hardy, from her earthly labors and her passing is deeply mourned by the Tecumseh Grange, No. 166, and all grange members, and,

Whereas, Sister Hardy was an exceptionally cultured and talented lady and being a faithful and loyal member of the grange, freely used her talents for the advancement of the interests and welfare of the organization, and,

Whereas, Through the generous material aid and active efforts of Sister Hardy and her husband, our fraternal brother, Dr. P. B. Hardy, the erection of our present grange building was made possible, and,

Whereas, The Tecumseh Grange and the whole community have suffered an irreparable loss, Sister Hardy having been identified with many progressive and philanthropic activities, as temperance, woman's suffrage, near east relief and private charity, therefore.

Be It Resolved, That the memory of her life and activities in the grange and the community be an example and incentive to greater loyalty in the grange and in good citizenship for us who remain to carry on, and.

Be It Resolved, That we extend to the bereaved husband, Dr. P. B. Hardy and the family, our sincere and heartfelt sympathy in this hour of trial, and.

Resolved that a copy of these resolutions be forwarded to the State Patron and also the Promoter, and,

Be It Resolved that a copy of these resolutions be forwarded to Dr. P. B. Hardy and the family. (Signed)

A. O. Howard,
Fred S. Sheldon,
Mrs. A. O. Howard,
Mrs. Fred Sheldon,

WHY THE ARMY PREFERS BLONDES

An article... in The American Weekly with the September 7 issue of The Detroit Sunday Times... discloses that the Navy and Weather Bureau need blondes, too, but only when 46,700 feet in the air and, at that, only six strands of their hair are used to talk back from the weather forecasting instruments. Be sure to get The Detroit Sunday Times this week and every week. —Adv.

Another question that has never been answered is whether a woman's shape changes to fit the styles or the styles change to fit her shape.

Park Lights, Seats Bought

COMMITTEE AUTHORIZES INSTALLATION WITHIN TWO OR THREE WEEKS

The immediate installation—within two or three weeks—of flood lights and 1,000 bleacher type seats at Tecumseh's new Recreation Center, a natural amphitheatre immediately north of the high school, was announced today by the board of control. The total expenditure, it was said, will be a little less than $3,000 if the board finds it necessary to meet all of the bills from its treasury.

"This figure may be reduced as much as $1,000," a member of the committee said, "if we receive donations we expect. However, we are not yet in a position to announce these, and we cannot delay longer placing our order for the equipment."

The lighting of the gridiron with 10 high-powered flood lights, it was said, will give Tecumseh one of the finest fields for night football in Lenawee county. The equipment, it was explained, is of the latest design, affording day-light vision for evening games.

The bleacher-type seats will surround the gridiron and will accommodate 1,000 persons. While some believe that this is not enough seating capacity for some of the events to be staged at the park, the committee explained that additional seats may be purchased at a later date, if they are needed.

"No definite announcement has been made as to when the field will be used for a football game here this fall," a member of the committee said, "but we hope to have evrything in readiness for one of the games early in October. The grass on the gridiron is doing nicely, and we are anxious to see the field in use as quickly as possible. This much seems certain, at least one and possibly two game of football will be played there this season. Of course," he continued, "the flood lights can be used this winter for lighting a skating rink, hockey games, tobogganing and any other winter sports."

Wade L. Jones, general chairman of the drive to raise $13,000 for equipping the recreation center—the school district previously spent about $12,000 for the land and preliminary work—said today that the fund now had passed the $9,000 mark.

"There are still several contributors to be heard from, and I am certain that within another week or 10 days we will add $1,000 or more to this figure," Mr. Jones said. "We have sent several letters to individuals and firms who s hould be interested in contributing and we are awaiting replies."

The board of education, in session Tuesday evening, formally accepted a plot of ground about 160 feet square, immediately east of the east slope of the field, recently purchased by the Recreation Center board of control. This plot will furnish additional parking space.

Those interested in the immediate completion of the center pointed out that the park will be one of the most-used spots in Tecumseh when it is finished. A few of the uses, it was said, are: track meets, band concerts, physical education demonstrations, softball, music festivals, Boy Scout pageans, May Day festivals, commencements, school reviews, fraternal order drills, church pageants, Halloween celebrations, community sings, baseball, outdoor movies, boxing exhibitions, class social functions, baccalaureate, winter skating and hockey, political meetings, religious meetings, Easter egg hunts, sunrise church services, Fourth of July celebrations, Christmas parties and scores of others.

A survey of parks now using lighted fields for football shows that gate receipts have increased from 50 to 300 per cent, with from 50 to 100 per cent being the average. It is believed that the Clinton-Tecumseh game, if it can be played on the lighted field, will attract from 1,000 to 1,500 spectators.

S. W. V. AUXILIARY

The Auxiliary of Palmer Gray Camp, Spanish War Veterans, met Monday evening at the home of Mrs. Edith Smith in Adrian. Following the regular business session games were enjoyed and refreshments served.

The October meeting will be held with Mrs. R. R. Van Winkle and Mrs. Naomi Sallows.

AT MINISTERS MEET

Rev. and Mrs. R. T. Hildebrand were in Blissfield Monday for the monthly meeting of the Ministerial Association of the Ann Arbor district. Dr. W. E. Harrison of Ypsilanti presided and Professor House of the speech department of the University of Michigan spoke on the music contests to be conducted by the various churches. Moving pictures of the recent institute at Adrian College completed the program.

During the business session officers were elected for the coming year.

CAR CATCHES FIRE

An automobile owned by Ned Rosacrans and driven by Miss Joan Barritt, was slightly damaged by fire, Sunday about noon, due to a short circuit in the wiring. The fire department answered an alarm to a car near East Logan and Oneida streets, where the car had been stopped. Firemen disconnected the wires leading to the battery and the blaze was extinguished without the aid of chemicals.

Word has been received here of the death of Frank Gorsuch which occurred August 30 in Pettisville, O.

RELIABLE CLASS

Members of the Reliable Class of the Methodist church met Tuesday with Mrs. Clarence Beach and made aprons for the annual church fair.

Local Firemen To Have School

SPECIAL STATE TRAINING IS APPROVED BY BOARD OF EDUCATION

A 12-week training course for Tecumseh firemen, sponsored by the village council and the board of education in cooperation with the Michigan Vocational Education Department at Lansing, was given formal approval by the board of education, in regular session, Tuesday evening. The firemen, at the call of Chief B. B. Moon, will hold an organization meeting on Thursday evening, September 18, and the first "school session" will be held, it is expected, a week later. All meetings will be at the high school and the fire barns.

J. W. Parry of Ann Arbor, state superintendent of public service training, will attend the meeting next week, as will Captain Emmerson of the Monroe fire department, who will be in charge of the subsequent meetings. It was explained that 75 per cent of the cost of the training will be paid for by the state, the remaining 25 per cent locally.

The local fireman will be trained in the importance of a fire department, care and use of fire apparatus, hose, its care and use, forcible entry and minor extinguishment practices, ropes and knots, extinguisher uses, pumper operation, hose connections, the handling of hose, ladder evolutions including special raises and anchoring, ventilation methods and precautions, salvage practices and rescue work, the use of gas masks, inhalators, resuscitators, oxygen etc., and the "fighting of fires in communities before they happen."

Similar schools have been held in other parts of the state, it is explained, with excellent results, and it is considered very timely here, inasmuch as the village expects the delivery of a new pumper type truck within three or four weeks, about which firemen will receive added instruction.

Except for the approval of the school, the board transacted little other business. The report of the second week of school from W. L. Berkhof, superintendent, showed 640 students enrolled, an increase of about 30 over a year ago. Upper grades are crowded, the board was told, creating a seatig problem in the senior high school.

Russell Oren Feight Weds Washington Girl

Russell Oren Feight of Detroit, son of Mr. and Mrs. Oren Feight of Tecumseh and Miss Margaret Zora Pleshe of Washington, D. C., daughter of Mr. and Mrs. Joseph Pleshe, of Chisholm, Minn., were married Saturday, August 30, at the home of the groom's parents, Rev. A. C. Brazer read the marriage service and the attendants were Miss Olga Pleshe of Washington, D. C., a sister of the bride and William Feight of Hillsdale, brother of the groom. A wedding supper was served following the ceremony.

Mrs. Feight was educated in Minnesota and has been employed in the Post Office Department in Washington for five years, Mr. Feight, graduated from Tecumseh high school and also held a government position in Washington for five years. Recently he was transferred to Detroit as an internal revenue agent and they will make their home in that city.

DECISION UPHELD

The Michigan State Supreme Court has confirmed the decision of Circuit Judge G. Arthur Rathbun in the case of Minnie and Anna Helmerdinger vs Clarence Helmerdinger all of Clinton, according to information received here by Glenn L. Williams, attorney for the defendant. The case involved the right of redemption from mortgage foreclosure sale, where the land was advertised in two counties, and was without precedent in Michigan court decisions. The supreme court upheld the decision, which was in favor of the defendant, giving him the right to redeem a part of the land located in Lenawee county, without redeeming the portion in Washtenaw county. Major Bird of Adrian and Frank J. Riley of Blissfield represented the plaintiffs.

PIANO RECITAL

Miss Irene E. Murphy, B. M., will present Miss Ruth Foster, pianist, in a recital at the Methodist church in Adrian this evening. Miss Foster will be assisted by Patty Rogers. Betty Fatchett, Lois Hatt, Joan and Jerry Dickens of Adrian, Joyce Sallows, Mary Wright, Virginia Fogle and Gay Larsen of Tecumseh. Miss Hatt will act as accompanist with Miss Ruth Bailey, violinist. The Tecumseh group will present a two piano ensemble "Marche Lyrique" by Koelling with Misses Sallows and Larsen on first piano and Misses Fogle and Wright, second piano.

Gridders Ready To Meet Milan

ONE SEMESTER RULE KNOCKS SCHOOL OUT OF TWO LIKELY PLAYERS

"If we keep free from injuries, we'll give Milan a run for its money, when we meet the school there next week Friday, September 18, in the first grid game of the season," Coach Neville Hart said today as he prepared to put his squad through the paces; preparatory to the initial battle.

The first bad luck of the season came this week when is was announced that Billy Brown, who last year attended Assumption College in Canada, and Russell Collins, last year in Macon, now students of the school here, would be unable to play, due to the state's one-semester residence ruling. Both boys, it was hoped, would make the team's first line of defense, giving it the equivalent of 14 lettermen.

The Indians are training regularly each day under Coach Hart's supervision, in blocking, tackling and offensive drills. Kicking and passing also have taken on new importance at the field. Bob Mohr has shown flashy form this season in both punting and passing, while Harvey Procter has dazzled those who have been watching the practices with his shifty running and left handed passing.

"We're going to have a few new tricks in the bag for the boys at Milan," Hart declared. "We're not too confident, but we hope to bring home a win for Tecumseh High."

Tecumseh Music Club Discusses Early Writers

Tecumseh Music Club met Tuesday evening at the home of Mrs. John A. Wilson with 24 members present. Year books were distributed and plans for the Community Sing were discussed.

Mrs. Clarence Fisher presented an interesting program on Early American Music. The first music book published in the United States was the Bay Psalm Book, and Old Hundreth or Doxology numbers from this book were sung by the group. Mrs. R. S. Moore sang "My Days Have Been So Wondrous Free" by Francis Hopkins and Mrs. George Parsons rendered a piano number "Waltz" by Pelisser. William Billings was represented by Chester and Boston under the direction of Mrs. Parsons and her Song Singers, Mrs. Perry Hayden, Mrs. Neville Hart, Mrs. Al Helserman and Mrs. Maynard Mulvaney. In closing the group sang "Nearer My God To Thee' and "Faith of Our Fathers," written by Gottleb Graupner, who was called "The Father of Orchestra Music". Mrs. Hart then conducted a rehearsal for Christmas music.

The next meeting will be held September 23 at the home of Mrs. Hart on East Kilbuck street.

Community Singing Parties Announced by Music Club

Sing, Tecumseh, Sing!

The first in a series of song fests or Community Sings, sponsored by the Tecumseh Music Club will be held at the Tecumseh high school from 7:15 to 8:15 p. m. September 24, when the club plans to invite the entire community—to sing old familiar and popular songs. The club has contacted several organizations to further the project and local interested citizens have made the following statements:

"I don't know much about music, but I should thing that such an enterprise, which unites public sentiment in song, would have a great value in our defense program," said R. W. Herrick, President of the Tecumseh Products Co.

"I think it is a fine project and heartily endorse it," was the comment of W. J. Bruce, President of the Rotary Club.

"I am very much in favor of the Community Sing as a community recreational project, and am sure the school will be willing to cooperate in every way," said W. L. Berkhof, Superintendent of Schools.

"There could be no better project for furthering real community fellowship than an hour of singing together. It is certainly a pleasure that can be enjoyed simultaneously by the greatest number, trained or otherwise," declared Mrs. Paul Hoisington, President of the Child's Study Club.

"We need to know and appreciate our neighbors, both those clo se and far away, and I know of no better way to promote a spirit of friendliness and neighborliness than by singing together. I think our Community Sing will be a fine project." said Mrs. Sam Sisson, President of the Tecumseh Monday Club.

Mrs. Christian Herrman, president of the Michigan State Federation of Music Clubs writes, "We who are promoting music are being challenged to prove its spiritualizing force and that it can help in this time of world unrest. I am happy to know you will have such a community chorus to further our program of 'Loyalty Through Music'."

Confucius says: "When music and courtesy are better understood and appreciated, there will be no war."

The slogan of the club is "Sing, Tecumseh, Sing!"

Mrs. A. P. Wyman, 84, Resident of Tipton, Dies

Mrs. A. P. Wyman, aged 84 years, a resident of this community for many years died Monday morning at the home of her son S. L. Wyman in Ann Arbor. Mrs. Wyman, whose home was northwest of Tipton, had been ill for some time and recently was a patient at Tecumseh hospital. She was moved from the hospital to the home of her son in Ann Arbor on August 30.

Mrs. Wyman who was formerly Eliza Holloway, was born in Toledo, O., May 7, 1857 and was the youngest of seven children of David win and Mary Ann Seeber Holloway. Her family came from York State and settled in Raisin township, Lenawee county. Her grandfather, Dr. William Holloway was the first doctor in Raisin township and the village of Holloway was named for him. When Mrs. Wyman was six years of age her father enlisted in the Civil War. He was later taken prisoner and died in a rebel prison in 1864.

On July 4, 1873, Eliza Holloway was married to Alonzo Parker Wyman of Fairfield, youngest son of Sheldon and Lydia Wyman. To this union were born two sons, Seeber Lester and Willard LeRoy. Mr. and Mrs. Wyman spent most of their married life in Fairfield township, buying a portion of the old Wyman homestead and establishing a home for them selves. About 20 years later they sold the farm and lived for two years in Indiana, returning to Lenawee county and purchasing the Webb Love farm north of Tipton, where they spent the remainder of their lives. Mr. Wyman preceded his wife in death, passing away in 1929 at the age of 75 years.

They celebrated their golden wedding anniversary July 4, 1923, at Sand Lake with their sons and their families present. They united with the Methodist church at Weston in 1885 and were faithful workers as long as health permitted.

Survivors are two sons S. L. Wyman of Ann Arbor and W. L. Wyman of Chicago, one sister Mrs. Nettie Knox of Clayon, four grandchildren and five great grand children.

The body was brought to the Belding Funeral Home here where funeral services will be held today at 2 o'clock. Burial will be made in Tipton cemetery.

Mr. Hardy was born in Lenawee county but had been in Andover for some time.

Besides his father he leaves the widow and four children Donald, Anna, Marie and Ruth, and a brother Major Clarence W. Hardy of the U. S. Army.

Major Hardy arrived here last evening from Virginia and with Mrs. Hardy who has been spending seevral days here, accompanied his father to Andover.

Youth Is Killed In Cycle Crash

PARTNER ALSO INJURED; TWO OTHERS HURT IN US-112 MISHAP

Earl R. Rogers, aged 19 years, suffred fatal injuries and his brother, Lawrence, received a broken ankle and other injuries, Saturday shortly after noon, in a motor cycle accident on US-112 west of Clinton. The boys, who were stationed with the 69th Pursuit Squadron at Selfridge Field, Mt. Clemens, were on their way to their home in Connersville, Ind., when Earl lost control of the machine on a curve, it struck loose gravel, went through a guard rail and back to the road.

The boys were brought to Tecumseh hospital where Earl died only a few minutes later being admitted. Lawrence was treated for his injuries and an army ambulance later moved him to Selfridge Field.

The body of his brother was also taken to Selfridge Field and later to Connersville.

Cars driven by Oscar DeSchryver of Chicago and C. D. Rothfuss of Brooklyn collided last Wednesday evening on US-112 west of Clinton. The accident occurred when the Chicago driver attempted to pass a car and skidded when he applied his brakes, striking the Rothfuss car.

Mr. and Mrs. DeSchryver were brought to Tecumseh hospital where she was treated for chest injuries and he for cuts about the head. Neither was sriously injured and left the hospital Thursday night.

Mr. Rothfuss was cut on one knee. He returned to his home where he was treated by a Brooklyn physician.

Charles H. Rothfuss Is Buried In Riga

Charle H. Rothfuss, aged 77 years, a former resident of Holloway and Blissfield, died Monday morning at his farm home near Wamplers Lake where he had lived for 35 years.

Mr. Rothfuss was born in Blissfield where he was in the mercantile business for many years. He was well known in Lenawee county and was active in religious circles.

He leaves his widow Lavina, and seven children Arthur M. of Chicago, William K. of Hinsdale, Ill., Guilford of West Collingswood, N. J., C. Donald of Wamplers Lake, D. H. LaVoy of Oak Park, Ill., Mrs. J. C. Nixon of Brooklyn and Mrs. K. J. Trigger of Champaign, Ill., one sister Mrs. John Ifland of Adrian, one brother Frank of Blissfield and eight grandchildren. Funeral services were held in the home yesterday afternoon, Rev. E. J. Wimer officiated and burial was in Riga cemetery.

Defense Stamp Sale at School

BOARD AUTHORIZES ACTION; SMITH TO SPEAK AT ASSEMBLY, MONDAY

The sale of Defense Savings Stamps in the public schools here, beginning next Monday, was authorized by the board of education, in monthly session, Tuesday evening. The stamp sale will be handled through the office of W. L. Berkhof, superintendent, and the children will be urged to make weekly purchase and fill "stamp albums," that will be furnished to them along with the program.

Frank K. Smith, general chairman of the Defense Bond and Stamp Sale Committee in Tecumseh, will address a general school assembly next Monday morning, at which time the school saving campaign will be launched. A circular, especially prepared for the school children and their parents, reads in part as follows:

The Government of the United States invites you and your parents to use a system of saving which is being sponsored by the Tecumseh Public Schools in cooperation with the local Defense Savings Committee. This system, in brief, is the weekly purchase of United States Government Defense Savings Stamps which will be sold in the schools each Monday morning beginning September 15.

The purposes of this plan are:

1. To encourage systematic saving by students for future needs, particularly during the adjustment period which will follow the close of the present World War.

2. To develop the habit of thrift which is so vital to success and happiness.

3. To encourage all students to recognize their responsibility as junior citizens of our great land by providing an opportunity for them to render valuable help toward national defense in this hour of crisis.

The following questions and answers will help you to understand how each of you may plan for saving.

Q. How can I start a plan of saving with the small amount of money which I have each week?

A. You may purchase each Monday Morning in our schools a United States Defense Savings stamp for as little as 10 cents.

Q. Are there other prices for these stamps?

A. Yes. There are 25c stamps; 50c stamps; $1.00 stamps; and $5.00 stamps.

Q. Are the stamps just like money?

A. You can cash them at the local post office and receive the price you paid for them at any time and in that way they are just like money. If you lose the stamps it is just the same as if you had lost money. You must, therefore, plan to guard your albums against loss, theft, or destruction.

Q. After buying a stamp, does it bear any interest?

A. No. Only United States Defense Savings Bonds bear interest.

Q. How much does a Bond cost?

A. For $18.75 in stamps you will be entitled to obtain a Bond which will be worth $25.00 if you hold it for ten years.

Q. Can I cash a Bond if I hold one for a year or so and then need the money?

A. Yes. There will also be some interest added to the sum which you paid for the Bond if you have held the Bond longer than a year.

Driver Escapes Death When Truck Catches Fire

Marion Alderdyce of Milan, formerly of Tecumseh, narrowly escaped death Friday night when his truck containing 700 gallons of gasoline, plus greases and oils, was destroyed by fire after tipping over in a ditch northwest of Milan.

Mr. Alderdyce was pinned inside the cob, unconscious, and owes his life to his Irish Setter dog which was with him. The dog licked his face and revived him and he managed to kick out the windshield and escape with the animal from the burning truck.

NEW FIRE TRUCK IS IN THE MAKING

Village officials have been advised that manufacturers are at work on the new $3,500 pumper-type fire truck, ordered by the council, and that the apparatus will be delivered here in about three weeks.

The new truck will replace the present 15-year-old truck now being used by the village, and which is badly in need of repair. Mayor J. Floyd Elliott has announced that the old truck will be sold, but will be retained by the village as auxiliary equipment.

PRAY FOR VISION

"Where there is no vision, the people perish."

In this hour of trial and tribulation, when potent forces for evil are unleashed in the world, and the storms of intense conflicting opinions and prejudices are beating around us, let us pray for vision to see.

First, let us pray for vision to see with clarity what lies about us; to face the reality of things, uncolored by any shade of personal bias, whether it be the rose color of undue optimism, the deep green of pessimism, the flaming red of anger, the vivid yellow of pride or the gray of indifference. Pray for vision to see clearly things as they really are here and now.

Second, let us pray for vision to see with discernment; to look beneath the surface; to see what is motivating the actions and the speeches of the highly articulate groups recently banded together in this country; to weigh every statement, considering well its source and its possible effect; to judge carefully and with matured wisdom; not to be taken in by any wave of carefully stimulated mob opinion, not by any of the wild rumors so carefully set afloat by alien elements, and so well calculated to upset the morale and minds of our sincere, peace-loving, God-fearing people. Pray for vision to see through the mists that veil the truth.

Third, let us pray for vision to see with understanding, to view with dispassionate but clear eyes not only what is going on, but also the people whom it affects; to see all of our people with eyes of compassion and sympathy, comprehending their problems and judging them as individuals, without regard to race, creed or color, never indulging in generalities or discrimination against any group. Pray for vision to see kindly.

Fourth, let us pray for vision to see with inspiration—to look ahead toward a distant goal; to keep before us always as individuals, as a community, as a nation, a high ireal towards which we may strive; to palce honor and integrity, courage and forbearance, duty and faith, first in our lives and to seek always what we may give to others rather than what we may get from life. Pray for vision to see ahead.

"Where there is no vision, the people perish; but he that keepeth the law, happy is he."

DISCHARGING A
RESPONSIBILITY
A Statement of Employee Policy by the Central Western Division of the Great Atlantic & Pacific Tea Co.

The privilege of leadership in any industry carries with it heavy responsibilities and obligations. Honest discharge of these duties, we feel, is imperative to the maintenance of an orderly, going business—a business in which management shares with its employees and customers savings effected through efficient operation. Such a business is ours.

The necessity of taking stock is recognized in all business by employee and management alike. In the A&P organization, however, there is considerably more to this routine "must" than counting the number of cans of foodstuffs on the shelves of our stores; the tea, coffee and butter poundage. Stock-taking with us means consideration of all the interests of our customers, suppliers and our employees.

Officers and directors of A&P are confronted by this tremendous responsibility every day. Careers, human personalities and scores of other "intangibles" are in the balance. Shelves are easily re-stocked; not so these other factors.

After a series of "stock-takings," with pardonable pride we announce that, effective this week, all of the some 4,500 full-time store clerks in this area will share with fellow employees from coast to coast what we believe is the first 5-DAY, 48-HOUR WEEK in the history of the retail food industry, labor contracts and other local variables permitting.

To our employees in this division whose untiring efforts and efficiency have made possible the position we enjoy in the food industry, and to hundreds of thousands of satisfied customers whose cooperation we respectively seek in making our new work schedule a success, we take this opportunity to reaffirm a few of the cardinal principles upon which A&P was founded 82 years ago by the late George Huntington Hartford, father of its present day owners.

The new work schedule is in line with a long-standing policy of A&P to give its employees the shortest working hours and the highest wages in the industry. It provides that wages of all employees will be the same as for the 52-hour week which has been in effect for several months.

It was in the cracker-barrel period a quarter-century ago that A&P boldly defied tradition and broke with the dawn-to-dusk hours of the grocery business by reducing the work week from 72 hours to 65.

Regardless of the highly-competitive nature of the food business, A&P has always felt work hours of retail food store employees were too long. It has constantly sought ways and means of reducing them so that A&P employees could enjoy more leisure and, to a greater degree, the warmth and comforts of home life with their families.

Our recent decision to further reduce employee working hours once again has paced the industry in raising the living standards of retail clerks. But the management is confident the continued efficient support of its employees will prove, as it has in the past, that better working conditions, fewer hours at the store and more at home, and higher wages will in no way endanger the savings we have always made available to our customers.

Wage increases and added compensation during the last year, coupled with a recent shortening of working hours, have given A&P employees the best average wages and the shortest general working hours in the industry—dramatic evidence that through efficient operation it is possible to achieve both low prices to consumers and good working conditions for employees. Wages of full-time clerks in the Central Western Division alone have risen approximately 65 per cent since 1934, at which time they exceeded appreciably the average for retail food store employees in all sections of the country.

During the last decade, A&P has effected a considerable reduction in working hours, inaugurated vacations with pay, provided free and additional group insurance, sick benefits, half-days off, hospitalization and compensation to employees joining the nation's armed forces as well as many and frequent increases in the wage scale.

The A&P management has always been keenly conscious of its responsibility to its employees, many of whom have devoted their working lives to its interests.

The company will continue to maintain the same interest in its employees' welfare it has always shown. Additional improvements in working conditions and benefits will continue as rapidly as increased efficiency in operation make them possible.

Stores Will Be Open Six Days A Week As Usual
But No Employee Will Work More Than Five

Labor Day Traffic is Heaviest in History

LANSING, Sept. 11—While soaring to a new Labor Day record, traffic on Michigan's highways over the recent holiday weekend failed to reach the all-time peak chalked up over the Fourth of July, it was revealed this week by State Highway Commissioner G. Donald Kennedy.

From counts taken in various sections of the state, it was shown that traffic over the Labor Day week-end was 20 per cent greater than for the corresponding period last year.

The state's more important highways, including those leading to resort areas, showed increases ranging from 15 to 35 per cent over last year, while the less traveled highways recorded gains of from five to ten per cent, for a state-wide average of twenty per cent.

In commenting on results of the survey, Kennedy stated this was the first time since traffic counts had been taken that Labor Day week-end figures were not greater than those recorded on the Fourth of July.

"Several factors," Kennedy explained, "were no doubt responsible for this unusual condition." Among them he listed heavy pre-holiday travel by motorists attempting to avoid the holiday rush; later opening of many schools which permitted resorters to remain at their cottages until after the holiday period, and increased industrial activity which required workers to remain at home.

Automobiles transported across the Straits of Mackinac, while setting a new Labor Day record, also failed to come up to the all-time high mark recorded on the Fourth of July, when 5,946 cars were ferried across.

The high mark for the Labor Day holiday period was set Saturday, August 30, when 5,046 cars were transported across the Straits. A total of 19,776 cars were transported during the five-day period from August 28 to September 1, an increase of 3,703 vehicles, or 23.03 per cent, over the corresponding period last year.

Another trouble with the country nowadays is that the hand that rocks the cradle often gets cigarette ashes in the baby's eyes.

The meanest man in the world is the one who has it in his power to give someone a chance to grow and succeed, and refuses to give it.

WCTU Launches War on Liquor

TEMPERANCE ORGANIZATION IS ENJOYING AN UNEXPECTED REVIVAL.

LANSING, September 11.—The Women's Christian Temperance Union, crusader for prohibition since 1874, is enjoying an unexpected revival.

Reason: America's undeclared war on Hitler.

Just as World War I afforded congress an opportunity in December, 1917, to launch the noble experiment while several million men were in military camps and industrial plants were striving for utmost efficiency, so the present emergency is being hailed by 600,000 members of the W.C.T.U. as an economic reason for curtailment of drink.

If we must tighten our belts and deprive ourselves of "non-essentials," then the problem of beer, wine and liquor is bound to bob up. Whether these commodities are "non-essentials" depends upon each citizen's ideas about personal liberty, person health, national security and the like.

Dickinson

A situation such as this is made-to-order for ex-Govenor Luren Dickinson.

Since departing from the governor's office, the 82-year-old arch foe of sin and sipping has been doing some lecturing. He went to Florida, stopping over at Possum Poke in Georgia long enough to chat with ex-Governor Chase S. Osborn, and sent back a letter to a Hearst newspaper man containing glowing words about the nice publicity he had been getting.

At the Grand Rapids convention of the W.C.T.U. last Wednesday (Sept. 3), Dickinson reiterated his conviction that the world's problems could be quickly solved by prayer and suggested that maybe what President Roosevelt needed after all was just an old-fashioned prayer meeting at the White House or elsewhere in Washington.

While even Dickinson would probably qualify this statement in a practical way, as it would take a lot more than a prayer meeting to stop the Nazi as Leningrad, the fundamental truth of the epigram is beyond moral dispute. Dickinson has always been right, and even his critics used to whisper in resignation, "You can't argue with God."

Keeping Out of War

The W.C.T.U., like about everybody else in Michigan, finds itself concerned in the present national crisis of whether we can stay out of war.

The white-ribbbned mothers do not want their sons to drink. They also don't want them to go to war.

There is probably no church group in Michigan so devoted to the cause of peace as the W.C.T.U. They hate war with a grim determination that is kindred to their moral zeal for the good life. Likewise, they would be among the first to command President Roosevelt for keeping us out of the holocaust, as he pledged one year ago to do. His opponent was Wendell L. Willkie, but that is beside the point.

At the Grand Rapids convention last week, the temperance ladies heard Charles P. Taft, assistant federal coordinator of health, welfare and related defense activities, declare: "War can be avoided and will be avoided." Then he added postscript: "Surely we don't want to fight, but we have been thinking too much about how unpleasant it is to fight and not enough about the priceless heritage for which our forefathers for 300 years did fight and sometimes died. We ought to choose war only when the alternatives are worse."

Slump in Morale

Whether you are interested in liquor or an automobile or silk stockings or almost any other commodity, you invariably think around the circle until you come back to the central query in America today: "Where are we going from here?"

It is just another way of saying that some of us don't know where we're at and our morale is not what it should be.

Morale is a military word for enthusiasm, and belatedly it has become apparent to a lot of bigwigs in Washington as well as elsewhere that the public is reluctant to accept wartime sacrifices in peacetime.

As the United States News, edited by David Lawrence, puts it, "If the people will not accept the sacrifices without shooting war, then shooting war may become necessary to fulfill the foreign policies laid down by this government. A war, with loss of American life and sinking of American ships and forcing of the issue of victory or defeat, would be expected to provide the necessary emotional stimulus.'

"Not Quite Waked Up"

Michigan-citizen William Knudsen, director-general of the Office of Production Management, recently voiced regret that the United States lacks the spirit to do the job.

"I don't think we have got it," Knudsen is quoted in the press as saying. "I think a good many of us have, but we haven't all got it. I have been all around, and we haven't quite waked up. Nobody has dropped any bombs on us yet."

Frank L. Kluckhorn, Washington correspondent for the New York Times, says that Americans unlike the British who do their best work calmly, "are capable of gigantic efforts only when their emotions and dramatic instincts are aroused. They like a 'cause.'"

This idealistic trait in American character prompted W. E. Woodward, American historian, to remark ironically in his "New American History": "At heart we are a nation of Sir Galahads, hellbent on rescuing the Holy Grail, at whatever cost." Exaggerated as it is, the statement does possess considerable merit.

Reform in Eclipse

The congressional vote on extension of the draft found both Michigan senators and nearly all representatives betting that we would stay at peace. Though division of opinion at Washington was a reflection, according to Walter Lippman, newspaper columnist, of the Russians' amazing stand against the Nazi.

Yet the crisis in morale is not limited to the United States. English journals recently cautioned Britons that the "Yanks are not coming" and that British confidence in victory had become, due to Russia's unexpected resistance, perilous over-confidence and complacency.

Can America make good on the government's promise of all-out aid, as provided in the lend-lease act, without being in a shooting war? Or must we fight first before we sacrifice willingly? Here is the crossroad at which we find ourselves—like it or not.

It rejegates the renewed objective of the W.C.T.U. into temporary eclipse. That reform, like many others, is linked inseparably with coming world events.

Communications

An interesting letter was received last week from Aaron Manwaring who is stationed at Camp Wolters, Texas. The letter was written Labor Day and in part is printed here.

Labor Day, September 1, 1941.
Tecumseh Herald:

Hello everyone, I am writing this in a little spare time. Boys are laying around doing lots of nothing on this holiday. We can't go very far as today is the day just before pay day.

I tried the Texas fishing, but this state is not nearly as good as fishing in good old Michigan.

Our battalion is still in the .30 calibre machine gun tactics of battle. We had three day maneuvers last week.

I see by the paper you are printing the names of boys in camps. I'd like to make a few corrections and also some additions which I am enclosing.

Gordon McKee of Tecumseh R. F. D. is in Co. C., 5th Bn., in fact he is here in the same barrack I am in.

Sincerely,
Pvt. Aaron Manwaring,
Co. C, 56th Inf. Tng. Bn.

CHRISTIAN SCIENCE CHURCH

"Substance" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, September 14.

The Golden Text (II Corinthians 4:18) is: "The things which are seen are temporal; but the things which are not seen are eternal."

Among the Bible citations is this passage (Isaiah 26:4): "Trust ye in the Lord for ever; for in the Lord Jehovah is everlasting strength."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 264): "Mortals must look beyond fading, finite forms, if they would gain the true sense of things. Where shall the gaze rest but in the unsearchable realm of Mind?"

MORTGAGE FORECLOSURE

Whereas, default has been made in the terms and conditions of a certain real estate mortgage, whereby the power of sale therein contained has become operative, dated the 17th day of December A. D. 1934, and executed and delivered on the 28th day of March A. D. 1935, by Kolumbich Happel and Cecelia Happel, husband and wife, to The Union Central Life Insurance Company, a corporation of Ohio, which mortgage was duly recorded in the office of the Register of Deeds for the County of Lenawee and State of Michigan on the 16th day of April A. D. 1935, in Liber 267 of mortgages, on page 534, and the said mortgagee having elected under the terms of said mortgage to declare the entire sum secured by said mortgage to be due and payable, and there being claimed to be due and unpaid of the principal debt secured by said mortgage and interest thereon at the date hereof the sum of Ten Thousand and Five Hundred Sixty-six and 46-100 ($10,566.46) Dollars, and the said mortgagors having failed to pay certain taxes levied against the premises described in said mortgage and the mortgagee having been required to pay the same in the sum of Two Hundred Seventy-two and 06-100 ($272.06) Dollars, together with interest on said sum in the sum of Ten and 36-100 ($10.36) Dollars, making a total of Two Hundred Eighty-two and 42-100 ($282.42) Dollars paid by the mortgagee for taxes and interest thereon, making a total of Ten Thousand Eight Hundred Forty-eight and 88-100 ($10,848.88) Dollars claimed to be due and unpaid of the debt secured by said mortgage at the date hereof, and no proceedings at law or in equity having been instituted for the collection of said indebtedness or enforcement of the lien of said mortgage, or any part thereof;

NOTICE IS THEREFORE HEREBY GIVEN THAT, to realize the debt secured by said mortgage, together with interest thereon to accrue and costs of this proceeding, including a lawful sum as an attorney fee, I will, at the east outer door of the Court House in the City of Adrian, County of Lenawee and State of Michigan, that being the place where the Circuit Court for the said County of Lenawee is holden, on the 18th day of September A. D. 1941, at ten o'clock in the forenoon of said day, sell at public vendue and to the highest bidder the premises described in said mortgage, situate and being in the Township of Madison, County of Lenawee and State of Michigan, and more particularly described as follows:

The south half (1-2) of the north west quarter (1-4) of Section Twenty-two (22), containing eighty (80) acres of land; also, the west thirty-five (35) rods of the north-east quarter (1-4) of the north-west quarter (1-4) of Section Twenty-two (22), containing seventeen and one-half (17 1-2) acres of land; also, the west half (1-2) of the south-west quarter (1-4) of Section Twenty-two (22), except the right-of-way of the Wabash Railroad and all lands south thereof, containing fifty-eight (58) acres of land; also, the east half (1-2) of the south-east quarter (1-4) of Section Twenty-two (21), containing eighty (80) acres of land, except the right-of-way of the Wabash Railroad, all in Township seven (7) south, Range three (3) east, and containing in all two hundred thirty-five and one-half (235 1-2) acres of land, more or less, all of said described lands being used and occupied as one parcel of land and being the same land conveyed to Kolumbach Happel and Cecelia Happel by The Union Central Life Insurance Company by deed dated December 17th, 1934.

Dated: June 16th, 1941.

Onsted Couple Married At Candle-Light Service

Miss June Evans and Malcolm Williams, both of Onsted, were married Sunday evening at a candle light service in the Onsted Baptist church, Rev. F. D. Hague, reading the ring service. Preceding the ceremony, Mrs. Claud Onsted of Battle Creek, an aunt of the bride, sang "O Promise Me" and "Because." The bride, who is a daughter of the late Mr. and Mrs. Eugene Evans, was given in marriage by her uncle G. W. Heuser of Decorah, Iowa, and her attendants were Miss Carolyn Lou Smith of Battle Creek as maid of honor, Miss Mary Glancy of Onsted and Miss Ila May Yeutter of Adrian, as bridesmaids. Julie Anne Goodrich was flower girl and Gary Slater, ring bearer. The groom was attended by his brother, Gordon Williams as best man and the ushes were Wellington Wotring of Tecumseh and Glenn Yeutter of Adrian.

Following the ceremony a reception for 50 guests was held in the church parlors. Later Mr. and Mrs. Williams left on a trip to Niagara Falls and on their return will make their home on the bride's far mnear Onsted.

Both young people are graduates of Onsted high school. The bride also attended Cleary College in Ypsilanti and for some time was employed in the office at Tecumseh hospital. At present she is employed in the office of the Wilcox Hardware Company in Adrian. Mr. Williams is a salesman for the Goodyear Service.

KLINEK-LUKOMSKI

Miss Madaline Lukomski, daughter of Mr. and Mrs. John Lukomski of Onsted, and Kenneth Mitchel Klinek, son of Mr. and Mrs. Stanley Klinek of Detroit, were married Saturday morning at 9 o'clock in St. Joseph's Catholic church in the Irish Hills with the Rev. Frs. Marx, McMillan and Ross performing the ceremony.

The bride was attended by her sister Mrs. William Gregg of Dearborn as matron of honor, and Stanley Klinek of Detoit attended his brother as best man. The bridesmaids were Miss Lorraine Lukomski of Onsted, sister of the bride, Miss Virginia Rytarski of Detroit, Miss Geraldine Lukomski of Belleville and Miss Loretta Klinek, sister of the bridegroom. Harold Stark of Detroit, Edward and Ralph Lukomski served as ushers.

Immediately after the ceremony a recpetion was held at the farm home of Mr. and Mrs. John Lukomski near Prospect Hill. Dancing was enjoyed and refreshments were served to 250 guests.

Mr. and Mrs. Klinek left for a motor trip to Niagara Falls and upon their return will make their home in Detroit.

Relatives and friends from Detroit, Wyandotte, Dearborn, Belleville, Hammtramck, Port Huron, Jackson, Macon, Adrian, Chicago and Toledo attended the wedding.

HARRING FAMILY

The 21st annual reunion of the Harring family was held at the old Harring homestead, now a Ford property, three miles east of Macon. This farm was bought from the government by Garrett G. Harring and wife who moved with their four sons and four daughters from Barnegat, N. J., in 1851. A cooperative dinner was served to 65 relatives from Stewart, Ohio, Bay City, Coldwater, Jackson, Monroe, Maybee, Dundee, Tecumseh, Britton and Macon. Places at an antique table made by Garrett Harring from a black walnut log cut on the homestead were marked for the oldest members, Mrs. Virginia Harring Moody and Mrs. Mary Harring Lee of Jackson, Charles Harring of Tecumseh, Mrs. William Harring of Macon, Mrs. Tina Smith of Britton and Mrs. Minnie Collins of Maybee. The following officers were elected: president, Mrs. Agnes Moody; vice president, Mrs. Mattie Harring; secretary-trasurer, Miss Mary Jane Smith.

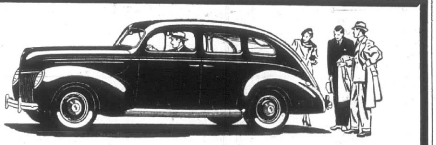
For The Best of Care



Bring Your Ford "Back Home"

We Americans have learned to drive our cars far better than we have learned to care for them. The cars are built so well—will withstand so much abuse and neglect—that we have grown a litte spoiled about the real importance of good service, and how to get it best and most econmically.

We mention this because our own Ford cars especially have always been built to "take it"..... and because Ford owners have good and INEXPENSIVE service open to them the whole country over.

To any car owner who is interested right now in the best possible SERVICE INVESTMENT in his car, and to Ford owners above all, we make these sensible and timely suggestions.

First, bring your car "BACK HOME" for any work it needs. Your Ford dealer knows your Ford best. His men are trained specialists in your car's special mechanical nature. They work with Ford parts, and with the proper tools to do the job both right and quickly, without lost motion or excessive labor costs to you. And also, your car becomes something more than just a "job"—he wants your future business as a new car buyer, and he knows that good service is one of the best ways to win it.

Second, see that your car comes in for service soon enough and regularly. Proper care and adjustments at the right time—instead of repairs made too late through needless neglect—will save your money, save your car, and provide you with better and safer transportation in the bargain.

Now, more than ever, a good car deserves good care—and the best place to get it is "back home!"

THE TECUMSEH HERALD

NINETY-FIRST YEAR— NUMBER FIFTY-ONE. TECUMSEH, MICHIGAN, THURSDAY, SEPTEMBER 18, 1941. FIVE CENTS PER COPY.

Two Are Killed In Car Mishaps

NEARLY A SCORE OF OTHERS INJURED IN ACCIDENTS DURING WEEK

Two persons were killed and nearly a score of others were injured in a series of traffic accidents near Tecumseh and in Lenawee county during the past week.

Miss Inez Lett, 28, of Waldron, was instantly killed Sunday afternoon when she was thrown from a car driven by Miss Juanita Ashbeck, 30, of Prattville. Miss Lett suffered a broken neck. The accident happened three miles south of Waldron.

Stephen L. Adams, 41, of Toledo, died Sunday night in Bixby hospital, Adrian, the result of injuries suffered late Sunday afternoon in an accident just east of Riga on US-223. Mr. Adams was thrown through the top of his car and landed some 40 feet away. The accident happened when Adams lost control of his car and ran off the road.

State police and county officers were kept busy over the week-end reporting to the scene of five other accidents, in which occupants were injured, none seriously.

In accidents near Tecumseh, Mrs. Hubert Van Camp and her sister, Mrs. Bernice Parker, a grade teacher in the local schools, suffered painful bruises and cuts, Tuesday afternoon when the car in which they were riding, driven by Mrs. Van Camp, left the road and overturned on a curve about three and a half miles north of Adrian, on M-52. Mrs. Van Camp suffered two deep cuts in one of her legs, and Miss Parker was bruised and shaken up. Both women were taken to Bixby hospital, and Mrs. Van Camp remained there until yesterday afternoon. Miss Parker returned home late Tuesday afternoon and was at her desk yesterday, in the classroom.

Mrs. Van Camp and her sister were on their way to Adrian, and had five cases of eggs in the car. About half of the eggs, some 75 dozens, were broken. The car was badly wrecked. The cause of the accident, it was said, was a slippery pavement, due to rain.

Robert Lowry who lives in Macon township suffered a broken right leg when he was struck by a car while walking home Monday morning about 1:30 o'clock. The accident occurred near the airport on M-52 and the car was driven by Carl Rickard of Tecumseh, who was arrested by state police of the Clinton post, following the accident. He was arraigned Monday afternoon before Justice L. J. Van Deusen in Clinton on a charge of reckless driving and paid a fine of $25 and costs of $3.35.

Mr. Lowry was taken to Tecumseh hospital.

Six persons were brought to Tecumseh hospital in three ambulances Sunday afternoon, after cars driven by Peter Hoffman of Toledo and Lawrence Welch of Tecumseh collided near Tecumseh corners on the Sand Lake road. The others injured were Mrs. Hoffman, Miss Jean Aper of Britton, Miss Lois Myers of Monroe and Albert Michaels of Inkster, who were in the Welch machine. The women were treated for cuts and bruises and were released from the hospital. The men remained at the hospital for X-ray examination on Tuesday. All suffered chest injuries and bled profusely and Mr. Welch also suffered broken ribs. He is still a patient at the hospital. Mr. Hoffman and Mr. Michael were to be released last evening.

Both cars were wrecked.

Seven persons were brought to Tecumseh hospital Thursday afternoon following a head-on collision on US-112 east of Clinton. The accident occurred when a car driven by Joseph W. Frazen of Detroit was crowded off the road in traffic and when he drove back to the pavement, collided with a car driven by Wm. J. Aitchison of Newcastle, Ind. Mr. Aitchison was treated for minor cuts and bruises and was released from the hospital Friday night. Mrs Aitchison suffered a fractured pelvis and head lacerations. Their son William, 19, has a broken knee cap and scalp wounds and are still at the hospital Maurice Goodwin and wife also passengers in the Aitchison car were treated for minor injuries and released Mrs. J. D Kessell had both legs fractured and suffered bad head cuts. She is still at the hospital.

Mr. Frazen who was riding alone suffered a broken right leg.

State police investigated the accident.

MOTHERS CLUB MEETS

The Seventh Grade Mothers Club met Friday afternoon in Alvin Brazee's room at the high school. Mrs. Harold Hisson presided and new officers were elected as follows: Mrs. Neal Pearson, president; Mrs. Ben Hammack, vice president; Mrs. Russell Garno, secretary and treasurer.

Grid Lights Will Shine Here As Indians Clash With Hudson

Friday evening, September 26, the new flood lights will be turned on for the Tecumseh-Hudson night football game, marking the completion of the construction of the first unit of Tecumseh's $25,000 Recreation Center.

A colorful program is planned for this event. At 7:30 the high school band will march onto the brilliantly lighted, velvety green turf of the gridiron from the deep shadows at the south end of the field. This will be followed by a half hour of warm up practice for the tow teams—kicking, passing and running signals.

The cheering sections of the two schools will be comfortably seated in the new portable grandstands at midfield. Tecumseh will occupy the east stand and the visitors the west. The crisp night air will reverberate to their exhortations of "Yea, Team! Fight! Fight! Fight!"

At eight fifteen o'clock, the referee will blow his whistle for the first kick-off. Coach Neville Hart promises a hard fought game, full of thrills. Hudson is reported to have an alert, hard hitting team and should give Tecumseh a busy evening. However, the Indians have more than a complete team of veterans, most of whom will be in the starting line up. In addition, this year's squad is expectionally large, assuring the coach of lots of reserve strength.

Between halves there will be all of the local color, which contributes so much to the enjoymnt of football. The bands will march in formation — community singing, perhaps some amusing stunts—all will contribute to an evening's entertainment.

Floodlights Nearly Ready

The lighting of the field is being completed this week. Six 60-foot poles are erected one at each end of the 10 yard lines and at each side of the midfield stripe. Each pole will carry five 37-inch reflectors equipped with two 1500 watt lamps in each reflector. The total power required to light the field is 100,000 watts. The installers, The Eastern Contsruction Company, Toledo, Ohio, estimate the light on the field will be at least 20 foot candles. With this modern equipment the field will be nearly as bright as daylight.

The portable grandstands have arrived and will be erected in plenty of time for the game. They provide for the total seating capacity of 1,000 persons. All active seats will be within the 25 yard lines and will be in full view of the playing field. There will not be a poor seat.

It is planned to seat all of the cheering section of both schools, starting at the 50 yard line, on opposite sides of the field. On the other side of the 50 yard line, there will be 160 reserved seats on each side of the field. This total of 320 seats will be numbered and held for the purchaser of the tickets. The general admission section will be beyond the reserved and cheering section at both ends of the field.

Tickets On Sale

Advance sale of tickets, according to Chairman H. H. Hanna of the ticket committee, will start on Monday, September 22, for this game. All classes of tickets will be on sale at the high school, general admission and reserved seats will be sold at Wehr's Pharmacy. There will be four classes of tickets. Reserved seats, 50c; general admission, 35c; student tickets 25c, and grade school children, 15c. Student tickets and children's tickets must be purchased at the school. Only general admission and reserved seats will be sold at Wehr's Pharmacy and at the field just before game time. The great interest shown in this game and numerous requests for tickets indicate a very fine turn-out and perhaps a sell-out, according to Chairman Hanna. Mr. Hanna urges that those desiring reserved seats make application for tickets as soon as they are put on sale. General admission tickets may be exchanged for reserved seats at Wehr's or at the field before the game by paying the difference in price. The sale of reserved seats will be at the east entrance to the field.

Parking space will be at two points. At the east end of the field, in a parking lot, at the end of James street a large number of cars can be accomodated. Also, the parking lot opposite the high school will be available. There will be no parking along Mill street or Ottawa street, on the west side of the field, as this will be kept clear to enable people to get to and from the game.

DIES AT CLINTON

Mrs. Albert Wallpert, aged 49 years, died Tuesday night at her home north of Clinton after a year's illness. Mrs. Wallpert was formerly Ruth Blumhardt of Manchester.

She leaves her husband and one brother Eugene.

The funeral will be held Friday at 2:30 in the home.

GETS MASTERS DEGREE

Paul Johnson of the Tecumseh high school faculty has received a Master of Science degree from the University of Michigan, having completed his course of study during the summer school session.

Indians Ready To Meet Milan

FIRST GRID GAME OF THE SEASON TO BE PLAYED THERE, FRIDAY

With one day to go before the opening game of the 1941 season, the Tecumseh High School Redskin warriors are today putting the finishing touches to their defense which they hope will block the scoring attempts of a light but versatile Milan team. Although Milan lost through graduation much of its seasoned timber, especially from the backfield, they are expected, as usual, to have their bag full of tricks which will keep the localities busy for the full sixty minutes of playing time.

Since the short preparation period starting September 1 has limited the extent of defense development for both teams, the Milan battle should prove an exciting one with plenty of action. However, with experienced men like Mohr, Wilson and Coffey in the backfield and the line stiffened by boys from last year including Brown, Green, Brooks, and Jackson, Tecumseh should have a hard fighting, hard hitting outfit in the field.

With material prospects looking at least fair, Coach Hart has yet the more uncertain hazards of injuries and team morale to consider. However, with prospects of night home games in the new athletic bowl looking brighter every day, a good turnout of Indian boosters is expected to be on hand at Milan Friday, to give their moral support in this first game, often considered a very important one, from a psychological standpoint.

The game will begin at 4 P. M.

Heart Attack Is Fatal To Leroy H. Comfort

Leroy H. Comfort, aged 40 years, a life long resident of Raisin township, died of a heart attack Thursday after suffering for several weeks from asthma and hay fever.

Mr. Comfort was born July 3, 1901, on the farm where his death occurred. He graduated from Adrian high school in 1920 and for the past 10 years has been active in Boy Scout work. He founded and organized the Boy Scout troop at Birdsall and was its scoutmaster for 10 years.

He leaves the widow, Winifred, and three children, Charles, George and Lucy, also a sister Mrs. Lucy Comfort Downs of Troy, N. Y.

Funeral services were held in the home Saturday afternoon, Rev. Howard Moore and Rev Harley Bowerman officiated and bearers were Perry Hayden, Russell and Ralph Comfort, Harold Black, Willis Moore and Horace Crawford. Burial was in Raisin Valley cemetery.

ANNUAL MEETING OF TECUMSEH YOUTH COUNCIL

The board of trustees of the Tecumseh Youth Council will hold a meeting at the auditorium of the high school next Monday evening at 8 o'clock, to which all the contributors to the funds of the Tecumseh Youth Council are invited, and urged to attend. Reports will be received from the present officers of the council, and other matters set forth in the constitution and by-laws of the council will be cared for, including the election of persons to serve as members of the board of trustees.

OIL STOVE EXPLODES

The fire department was called to the John Kopka home in the northeast part of town Friday, to extinguish a fire caused by the explosion of an oil stove. The blaze destroyed the summer kitchen where the stove was located, and spread to the upright which was partially destroyed. A washer, curtains and other articles in the summer kitchen were lost in the blaze and the loss is estimated at over $100.

COUNCIL MEETS

The regular bi-monthly meeting of the village council was held Monday evening. Except for routine reports and the auditing of bills, the only matter before the board was a report from an engineering firm regarding recent pressure tests made at fire hydrants near the Tecumseh Products Company. The council will meet again the first Monday evening in October.

HAPPY CIRCLE P. T. A.

The Happy Circle P. T. A. held its first meeting Friday evening at the Centennial school. Mrs. George Cox was in charge of the program and Mrs. C. C. Richards was chairman of the refreshment committee.

PAVING STARTED

The paving of a half block on South Evans street, south of the fire barn to Pottawatamie street, began yesterday. The paving of the half block immediately north of the present project was completed several weeks ago.

Posts $10 Bond After Leaving Scene of Mishap

Eugene H. Tucker of Toledo, posted a $10 bond for his appearance in Justice Clyde Barber's court, Tuesday, to answer to a charge of leaving the scene of an accident.

Tucker was taken into custody by state police near Sylvania, Tuesday afternoon, following a radio broadcast. Local police say that he backed away from a curb here and struck a car owned by Mrs. Addie Lindbert, causing slight damage.

C. W. Teachout of Jackson and L. A. Denius of Tecumseh, R. F. D., each paid fines and costs of $2 in Justice Barber's court this week for overtime parking.

The trial of Wilbur Rumpf, set for September 16, on a reckless driving charge, has been postponed to September 23, and that of Harry Moore, charged with overtime parking to September 24. Both will be trials by jury, Justice Barber said.

Jurors Chosen For Fall Term

MRS. W. J. PENMAN NAMED FROM TECUMSEH WITH 29 OTHERS

Mrs. W. J. Penman has been drawn from Tecumseh township to serve as juror during the October term of the Lenawee circuit court.

The complete list of 30 jurors is as follows: Wallace D. Atkinson, Zo L. Dersham, Blanche A. Gautz, Bessie E. King, John H. Maynard and Sadie M. Weiss, of Adrian; William Bateson of Morenci; George Vanakin, of Hudson; Rulford Anderson, Raisin; Lester Foglesong, Palmyra; Louis J. Frehauf, Madison; Bert Garrison, Medina; Jesse Hoddinott, Rome; Elmer Miller, Blissfield; W. C. Morris, Cambridge; Lavine Penman, Tecumseh; Edna Pieh, Deerfield; Amanda Price, Ridgeway; Raynor Ramsdell, Rollin Cora Rohrback, Ogden; George Roe, Hudson; Grace Sampson, Seneca; Ella Sanford, Fairfield; Edward Schneiria, Clinton; Mano Seegert, Riga; Arthur Weddle, Macon; Milton Wheaton, Woodstock; Cecil Woodward, Franklin; Bertram Stout, Dover, and Mrs. Howard Emery, Adrian.

Samuel Bailey Dies At Home of Daughter

Samuel Bailey, aged 66 years, a life long resident of Lenawee county, died Thursday morning of a heart attack at the home of his daughter and husband, Mr. and Mrs. Hugh Mitchell in Holloway, where he had made his home the past four years. Mr. Bailey was born in Ogden township and was a son of the late Robert and Eleanor Bailey.

Survivors are two daughters, Mrs. Frances Mitchell and Mrs. Dorothy Mitchell, both of Holloway, one brother Burton Bailey of Palmyra, four sisters, Mrs. Elsie Brown and Mrs. Ella Pantlow of Adrian, Mrs. Fred Snyder of Blissfield and Mrs. Del Pentlow of Manchester, and five grandchildren. His wife, Flora passed away 10 years ago.

Funeral services were held Sunday afternoon at the Tagsold Funeral Home in Blissfield. Rev. Harry Green of the Raisin Center Friends church officiated and burial was made in the Holloway Presbyterian cemetery. The bearers were Edward, Robert, and John Mitchell, Joe Pangburn, Harry Fail, and August Marks. Realtives and friends were present from Toledo and Swanton, O., Hillsdale, Rome Center, Manchester, Tecumseh, Adrian, Ogden, Blissfield, Palmyra, Deerfield, and Holloway.

FUNERAL SERVICE HELD FOR MRS A. P. WYMAN

Funeral services for Mrs. A. P. Wyman were held Thursday afternoon at the Belding Funeral Home, Rev. E. T. Hildebrand officiated and bearers were Arthur Daniels, Ora Jones, Orange Wallace, Newell Wisner, Earl Luce and Devillo Van Valkenburg, all of Tipton and all former neighbors of the deceased. Burial was made in Tipton cemetery and relatives and friends from Chicago, Ann Arbor, Flint, Toledo, Monroe, Clayton, Ogden, Fairfield, Adrian, Tipton and the surrounding community attended the services.

GARDEN CLUB TO MEET

The Tecumseh Garden Club will meet Friday afternoon, September 26, at 2:0 o'clock at the home of Mrs. Ella Brown, 209 North Van Buren street. Mrs. Robert Moore, Jr. will give pointers on poisonous weeds and Mrs. Leon Rosacrans will have a paper on chysanthemums. Mrs. Charles Byrad of Ann Arbor, Miss Mary McWilliams, Mrs. C. C. Rupple and Mrs. A. Helzerman will be assisting hostesses.

MINISTERS ELECT

Rev. Rial E. Simmons of Clinton was elected president of the Methodist Ministerial Association of the Ann Arbor district, held in Blissfield recently. Other officers elected are Rev. Walter Saxman of Hudson, secretary, and Rev. H. Youngs of Howell, treasurer.

Solons Expected To Continue Tug of War With Governor Pat

LANSING, September 18.—When the state legislature convenes Thursday, October 9, following its unprecedented recess in protest against vetoes of Governor Murray D. Van Wagoner, Republican leaders will move for another 90 day extension.

That's the betting among well-informed observers at the state capitol this week.

The arguments run something like this.

1. Legislative adjournment next month would be tantamount to confession that the Republican leadership "pulled a boner", that the Democratic governor was right.

2. Governor Van Wagoner is showing Dutchman traits of standing fast, unyielding to pressure for a bi-partisan compromise. No deal is in prospect.

Home Folks

3. Republican lawmakers who are in daily contact wit the voters back home report cheerfully that the folks on Main Street and the rural routes are not particularly disturbed or critical at the legislature's recess.

"After all, Congress is still in session", so they say. "It isn't going to cost the taxpayers anything to have us available for instant call if an emergency arises.

"Unlike a special session, a legislative recess does not allow payment of mileage for travel to and from Lansing. And anyway, our pay is going to be the same whether we meet for 90 days or 365."

4. Economic problems in Michigan will be greatly lessened by January. We may be shoulder-high in a shooting war. Inability of manufacturing plants to get materials and curtailment of automobile production may result in severe temporary unemployment in the state next winter.

The state defense council is hopeful that mounting defense production will cut down the unemployment lag in industrial centers, making the adjustment period comparatively short—say, 60 to 90 days. Manufacturers are not so optimistic. They expect thousands of workmen to be jobless, blame too much Washington regimentation by priorities.

1942 Campaign

Backgrounding the tug-of-war between the governor and the legislature is the fact that 1942 is approaching fast, and 1942 will bring another political campaign.

At the Democrats' state rally at Mackinac Island, the keynote was "Van Wagoner and Brown" for the 1942 ticket. Leaders have taken it for granted that both the governor and senator will be re-nominated. It simplifies the problem for the Democrats tremendously to know, more than a year in advance, who is going to head their ticket.

Likewise, it puts the Republicans at a disadvantage.

G. Milton Kelly, Associated Press writer at Lansing, reports that Republican leaders have concluded that the time between the September primary and the November election is too brief for Republican opposition to a Democrat who is virtually unopposed in his own primary. Eight or more months prior to the 1940 primary, Van Wagoner was campaigning persistently as the conceded party choice while the Republicans' primary battle is history.

The Associated Press correspondent observes: "When the 1940 campaign ended, it was taken for granted in most circles that 1942 would see the party's organization booming (Harry F.) Kelly for United States senator and (Vernon J.) Brown for governor. A movement is now under way, however, to draft Kelly for governor, although he has made it no secret that he isn't enthusiastic about seeking that job."

Foreign Policy

Because of prevailing sentiment in Michigan for non-intervention or isolationism, call it what you may, it is predicted that issues in the 1942 campaign will center on the war to a large degree.

Michigan public opinion was reflected in the near-unanimous vote of Michigan members in Congress, Republican and Democrat, in favoring enactment of the draft and its 18-month extension.

If shooting war is unpopular with a majority of voters in November, 1942, off-year campaign results may hinge on such non-state issues as national defense, foreign policy, conscription, inflation and farm prices.

Wendell L. Willkie has declared that isolationists will be given all-out opposition at state primaries in 1942. The subject of a legislative recess would be a mere peanut tossing on this turbulent political sea.

INJURED IN FALL

Will Moore of Holloway was brought to Tecumseh hospital Monday for X-ray, to determine the extent of injuries received Saturday when he fell 15 feet from a barn while shingling a building. He suffered a fractured pelvis, a broken wrist and a broken nose.

SHOULDER DISLOCATED

Harold Davidson is laid up with a dislocated shoulder received while trimming trees recently at the Ford Farms in Macon.

Community Singing Party Is Expected To Draw Big Crowd

EVERYBODY, REGARDLESS OF VOICE, URGED TO MEET AT SCHOOL, SEPTEMBER 24

Sing, Tecumseh, Sing!

Under this slogan the Tecumseh Music Club is rallying the people of the community who enjoy singing. In these days of radio and juke boxes the fun of making music is often neglected. Some notice of this lack of community singing was taken by the National and Michigan Federation of Music Clubs of which the local club is a member and a nation wide program was suggested.

Tecumseh "The Biggest Little Town on Earth" is going for this in its usual big way and promises a large turnout for the first of the series of song fests to be held Wednesday evening, September 24, at the high school.

J. Floyd Elliott, Mayor of Tecumseh, says, "I'd like to see Tecumseh be the 'biggest little town on earth' again. Everybody likes to sing, whether they can or not, so it seems as if a get-together like this could revive the community spirit we need."

C. M. Brown, head of the new recreation field, also endorses it as follows. "All community activities have their value especially at a time like this, and I believe we should all get behind this and sing together, whether we can or not."

Mrs. Naomi Sallows says: "As president of the Business and Professional Woman's Club I heartily endorse the community sing. I know it will be greatly appreciated by all who attend. It will give the community one hour in which to relax and enjoy the friendliness of others."

Fay Whelan, president of the Parent Teacher Association states "There is no question about music being the easiest method of getting up enthusiasm and pep. I think it is the best way of gaining a real community spirit."

Mrs. Ruth Keyser, president of the American Legion Auxiliary also endorses the idea with this statement: "I believe that the spirit of song which went with our soldiers through the battles of the first great war would as successfully unite us face to face with the many problems of the present day."

All the groups contacted so far have been enthusiastic over the idea of singing together. "So, if you like close harmony or just like to let your voice out once in a while, or even if you think it is a good idea, you are asked to come to the high school next Wednesday night at 7:15 or as soon thereafter as possible. Maybe you do have troubles, but forget them for an hour and ,

"Sing, Tecumseh, Sing!" declares a member of the interested group.

Mrs. Charles A. Beevers Buried Here, Sunday

Mrs. Charles A. Beevers, aged 44 years, died Friday morning at her home on East Chicago Boulevard after a long illness. Mrs. Beevers was formerly Luella M. Smith and was born August 24, 1897 in Curtice, O.

Besides the husband she leaves two sons Clare and Donald and two daughters Fern and Betty Jane, all of Tecumseh, and three brothers Fred Smith of Adrian, Wesley Smith of Dearborn and Harry Smith of Clinton. Three children preceded her in death.

Funeral services were held Sunday afternoon at the Collin's Funeral Home on North Union street. Rev. Edward Escolme officiated and Mrs. Escolme sang two hymns. The bearers were Guy Beevers, Junior Beevers, Clyde Beevers, Floyd Falk, George Kopka and William Haynes, and burial was in Brookside cemetery. Relatives and friends from Dearborn Ypsilanti, Jackson, Adrian, Ridgeway, Holloway and Britton attended the services.

Mrs. Lewis Lent Burned When Parafin Explodes

Mrs. Lewis Lent suffered painful burns on her arms and the Lent kitchen was damaged by smoke and fire Tuesday noon when parafin Mrs. Lent was using to cover jelly, caught fire and exploded. The blaze set fire to her clothing and her arms were burned while trying to extinguish it. The woodwork was burned and the flames worked through the window to the outer siding. The loss is estimated at least $75.00.

MUSIC CLUB TO MEET

The Tecumseh Music Club will hold a regular meeting Tuesday evening, September 23, at the home of Mrs. Neville Hart on East Kilbuck street. Mrs. P. B. O'Brien is leader and the topic for discussion is "Growth of Patriotic Music."

NOTICE

Dr. R. F. Helzerman will be in his office at the usual hours on Monday, September 22. —Adv.

Young Tells of Life In Belvoir

CAMP IS LOCATED ON LAND ONCE A GRANT FROM THE KING OF ENGLAND

Jon Young, instructor in the high school here and who is serving as a private in the United States Army at Fort Belvoir, Va., has written another letter to The Herald concerning the life of a soldier. Several weeks ago Mr. Young wrote a letter telling of his activities at Camp Custer, and it was received with such interest that The Herald requested him to write again from the Sunny South.

Mr. Young is expected to be released soon from the Army, under the age limitations amendment and to take up his teaching duties at the school, His letter follows:

"Army Life at Fort Belvoir, Va.

"Dear Folks:

"So many of you have written expressing interest about army life that I am writing another article telling you more about the experiences of an army private.

George French and I are the only Tecumseh fellows located at Fort Belvoir, in the Engineering Replacement Center. Here we will probably remain 13 weeks undergoing our basic training. We realize now what a far stretch it is from the easy going ways of civilian life to the regulated way of army life. Here we are learning to build roads, dig trenches, construct bridges, the use of weapons and combat principles. After this basic training we will be assigned to tactical units or to specialized work.

Fort Belvoir is located on the Virginia side of the Potomac River, 18 miles south of Washington, D. C., Originally the land was included in a grant given by James II of England to Lord Culpepper in 1688. The estate descended to the Fairfax family and is the next one below Mount Vernon. On this peninsula of rolling wooded hills, Colonel Fairfax selected a spot for a beautiful mansion which was completed in 1741 and named "Belvoir." Here the young engineer, George Washington, first practiced his profession in the employ of Colonel Fairfax.

"The War Department acquired this peninsula in 1912 and in 1917

Freez-it Lockers Host At Michigan Meeting

Freez-it Lockers, of which Miss Marian Whelan is the owner-manager, was host to the quarterly meeting of locker owners in Michigan, in session Monday and Thursday afternoon. Some 40 representatives of the nearly 100 plants in Michigan were present, and enjoyed an excellent dinner, served under Miss Whelan's direction at the local plant.

During the business session in the afternoon, at which time the problems of locker plants were discussed, Myron Watson of Bad Axe, president, presided. Elwyn Yonkers of Lapeer, secretary, assisted him. The assembly voted to send J. M. Card of the Eaton Rapids plant as its representative to the national association meeting, being held next week in Omaha, Neb.

Although the locker plant business in Michigan is still in its infancy, owners at the meeting declared that everywhere people are realizing the practicability of preserving meats, fruits and vegetables, and that the business is steadily increasing.

The local plant, now a year old, is enjoying an excellent business, not only among farmers, but in Tecumseh as well. This year, thousands of quarts of fruits and vegetables have been frozen and stored in lockers rented at the plant, as well as large quantities of meats, including turkeys, geese and chickens.

STORES AND SCHOOL WILL CLOSE FOR FAIR

A number of Tecumseh stores and offices will close at 10 o'clock this morning for the remainder of the day, to give employers and employees an opportunity to attend the Lenawee County Fair at Adrian. DIFFERING NOT DISUNITY

Strangers to our shores are often confused by the apparent lack of unity, by the vociferous expression of differences of opinion, by the heated arguments over everything and nothing, and by what they thing must be undemocratic tendencies in our social life.

"How can such things happen in a democracy?" they say. "If a democracy makes all men equal then why does everyone criticize everyone else?"

What they fail to realize is that this variance of opinion is democracy. It is a free expression and interchange of ideas.

The difference of opinion is not that of enmity, but rather that of an exchange of views in a large family, diametrically opposed to each other in their choice of desserts or movie stars, but basically in harmony when anything of importance comes up, and ready to act as a family once there is a decision made that affects the good of any or all.

The points of difference in America are far less important than the points of agreement. We may seem to devote more time to them and to grow more articulate over them, but as a people we speak more of non-essentials than of those more serious things to which we give allegiance. We still have the shyness of the idealist.

It should be remembered that the people who settled this country all wanted one thing—freedom to live their own lives and to gain for themselves and their descendants a better life than they had known. One thing that has kept America growing rather than static has been that for every man there has been the hope that his children would go farther and fare better than he had, both economically and socially. Our greatest unifying force is the ideal of religious, social, political and economic opportunity which in the last analysis motivates the majority of our citizens.

Because we have this inheritance of freedom, we can be intelligently a united nation—not in slavish obedience to order, but because in times of emergency we choose to act as one people, never abdicating our rights to differ or to express that difference. We are one because we are free to know the truth and to speak it. We do not have to have it kept from us. In every time of crisis we have proven we can stand together. We will not fall now.

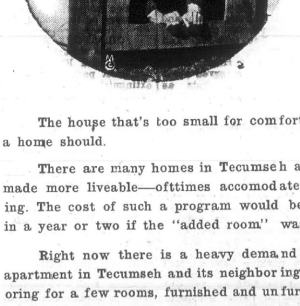
Cramped Quarters?



REMODEL NOW
For a
FULLER LIFE

The house that's too small for comfort, can't afford all of the advantages a home should.

There are many homes in Tecumseh and its trading area that could be made more liveable—ofttimes accomodate two families—with slight remodeling. The cost of such a program would be inexpensive, might be earned back in a year or two if the "added room" was rented as an apartment.

Right now there is a heavy demand for "extra room." Every room and apartment in Tecumseh and its neighboring villages are filled. People are clamoring for a few rooms, furnished and unfurnished apartments.

Why not remodel now, and enjoy the benefits of larger quarters and an income property?

Call us for information. We'll be glad to discuss remodeling plans with you, and give you the benefit of our years of experience in the business. We can, of course, furnish all of the needed materials.

CHRISTIAN SCIENCE CHURCH

"Matter" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, September 21.

The Golden Text (I John 2:15) is: "Love not the world, neither the things that are in the world."

Among the Bible citations is this passage (John 1:1-3): "In the beginning was the Word, and the Word was with God, and the Word was God. The same was in the beginning with God. All things were made by him; and without him was not anything made that was made."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 335): "Spirit, God, has created all in and of Himself. Spirit never created matter. There is nothing in Spirit out of which matter could be made, for, as the Bible declares, without the Logos, the Aeon or Word of God, 'was not anything made that was made.' "

Tells of Early History As Recorded In Herald

The early history of Tecumseh, as recorded in the 1850 issues of The Tecumseh Herald, was the subject of an interesting talk by D. F. Wright, at the regular noonday luncheon meeting of the Rotary Club, Tuesday at the parish house of St. Peter's Episcopal church.

"In my opinion," Mr. Wright told the club, "the most interesting books at the library are the bound files of the early issues of The Herald. They are full of interesting data concerning Tecumseh, telling us facts concerning the people who founded our town."

Mr. Wright declared that some of the papers recorded but little local news—"because there was none"—in 1850, but were filled with interesting stories leading up to the Civil War. He also read several advertisements, some guaranteeing to restore hair to bald heads, others offering good whiskey at 25 cents a gallon. Mr. Wright's talk was very interesting as well as educational.

At a meeting of the board of directors Ralph Comfort was named to the board to succeed the late Karl M. Schneider. Guests at the meeting included, the Rev. E. T. Redda, Emil Ahrens, C. A. Barber of Tecumseh, Charles Vaughn of Saline, Judge G. Arthur Rathbun and James H. Howell of Adrian, and Messrs. Bauman and Chamberlain of Philadelphia.

WILLIAMS FAMILY

The 23rd annual reunion of the Williams family was held at the North Adrian Grange hall with 37 members present from Toledo, Perrysburg, Clinton, Tecumseh, Flint, Onsted and Manitou Beach.

After a potluck dinner a short business session was held and the following officers were elected: president, Gordon Gove; vice president, David McClure; secretary and treasurer, Lucile Gove; entertainment committee, Edith Gove, Garland Gove and Nettie Gove. A program of games and stunts in charge of Mrs. Gordon Gove was enjoyed.

The reunion next year will be held with Mr. and Mrs. Gordon Gove near Clinton.

BOOSTER NIGHT

Tecumseh Grange will celebrate Booster Night, at their meeting September 25. This occasion is celebrated by all Granges in the nation on or about September 30 and is one of the big nights of the year, opening the fall and winter activities.

Pot luck supper at seven o'clock will be followed by a Gay 90's program in charge of Howard Matthews. Each member may bring a guest and all are to come dressed in costumes of the Gay 90's period. All former members of Tecumseh Grange are invited to attend.

NURSEES TO MEET

The Lenawee County Nurses Association will hold its annual banquet tonight at 8 o'clock at Briarwood inn, near Devil's Lake. Mrs. De Voll, a returned missionary will speak on conditions in China.

Hillsdale Fair Opens Sept. 21

RACING, SPORTS, ENTERTAINMENT FEATURES OF 91ST EXPOSITION

Anticipating a record attendance at the ninety-first annual Hillsdale County fair to be held here September 21 to 27, the local fair association has made numerous improvements on its buildings and grounds and has arranged for an outstanding program of racing, sports and entertainment.

The horse and cattle exhibit buildings have been increased in size during the past year and will in a great measure relieve the over flow of livestock that in the past had to be shown in tents, Harry B. Kelly, fair secretary, states. Sheep and swine will be exhibited in the sheep building this year, the swine building having burned. Mr. Kelly states that the restroom facilities on the fairgrounds have been greatly improved for the convenience of fair patrons.

An ambitious fair program, five days of harness racing for purses totaling $4,500, baseball games in which many minor league stars will play, horse pulling contests, free acts and many first class exhibits of livestock, fruits, vegetables and handiwork will be witnessed by fair goers. The Women's Congress has also developed an excellent program for the week.

The fair will be opened Sunday, September 21, with the annual free program sponsored by the Hillsdale Ministerial Association. The association has secured the Rev. Edgar DeWitt Jones, nationally prominent Detroit pastor, as the program speaker. Tuesday will be Children's Day, all school children being admitted free. Thursday will be the annual homecoming day while Saturday as usual will be Soldiers' and Sailors' Day.

Local D. A. R. Opposed To Serving Liquor In Camps

Abi Evans Chapter, Daughters of the American Revolution, held the first meeting of the season Friday at the home of Mrs. W. H. Wehr with 25 members and five guests in attendance. The regent, Mrs. E. D. Brown, presided and the chaplain Mrs. Ida Spencer, led in the pledge of allegiance to the flag.

During the business session announcement was made of the regional meeting in Marshall, September 24, and the Chapter endorsed Bill S-860 which is before the senate and which opposes the serving of liquor in cantonments. The entire organization of 42 members endorsed the bill and requested the secretary to so notify Prentiss M. Brown.

Mrs. Brown read greetings from Mrs. W. H. Pouch of Washington, D. C., president general of the organization; and Mrs. C. R. Dustin read an article on Constitution Day which was September 17.

Mrs. Jennie Gillespie was leader and announced the program which consisted of a piano solo, Brahm's Waltz in A Flat, and an original poem on "Peace" by Mrs. J. L. Calhoun; an address "Lest We Forget" by Mrs. D. S. Carmichael of Holloway; two violin solos "Romance" and "Humoresque" by Herbert Fisher accompanied by his mother Mrs. W. C. Fisher. Tea was served in conclusion from a lace covered table centered with garden flowers

LADIES UNION MEETS

The Ladies Union met Thursday with Mrs. E. H. Van Vleet. Mrs. John Smith conducted devotions and Mrs. Lillian Hoagland presided at the business meeting. Mrs. Floyd Bryan was leader of the program topic "The Christian Imperative."

Miss Geraldine Haviland Weds Leon E. Strahle

Miss Geraldine Haviland, daughter of Mrs. L. W. Johnson and Leon Earl Strahle, son of Mr. and Mrs. Arthur Strahle, were married Saturday evening at the home of Mr. and Mrs. Johnson on West Kilbuck street, Rev. Edward Escolme read the service, using the ring ceremony and the couple was attended by Mr. and Mrs. Rhinehart Radant, sister and brother-in-law of the bride. Only the immediate families and a few friends witnessed the ceremony, which occurred on the birthday anniversary of the bride's mother.

Lighted candelabra and baskets of gladiolus, dahlias, asters, roses and zinnias were used throughout the rooms. The bride wore blue crepe with white accessories and a corsage of red roses and Mrs. Radant wore grey crepe with red accessories and a shoulder bouquet of red gladiolus. Mrs. Johnson wore rose crepe with yellow rosebuds and Mrs. Strahle was in blue crepe with red roses.

Following the ceremony a reception was held and refreshments served from a table centered with roses and snap dragons and a wedding cake. Later Mr. and Mrs. Strahle left on a short trip and on their return will make their home west of town where the groom and his father are engaged in farming.

18 More Lenawee Men Inducted Into Service

Eighteen young men from Lenawee county left Adrian Tuesday afternoon for Detroit to be inducted into the army yesterday. The group included J. D. Cook of Tecumseh, Lyle Oles and Carroll W. VILLAGE OF TECUMSEH
Tecumseh, Michigan.

Gentlemen:

Referring to the reading taken on Saturday afternoon, September 6th, these were taken with a Sandborn Nozzle Piesometer which was tested and recalibated before use with a dead weight gage tester so that there can be no doubt as to the accuracy.

Test on Village hydrant at the street in front of the Tecumseh Products Co. which we shall term as No. 1 showed a capacity of 769 G. P. M. discharging at a velocity pressure of 18 lbs.

With No. 2 Hydrant open it showed a capacity of 793 G. P. M. and a velocity pressure of 19 lbs. while the gage on No. 1 hydrant showed a pressure of 36 lbs, with No. 2 open and 45 lbs. closed a differential of 9 lbs. Both of the hydrants are on a 6 inch line.

We tested two hydrants in the Products Company grounds, the one nearest the city mains we will term No. 1 and the farther one No. 2. No. 1 Products hydrant showed a capacity of 260 G. P. M. and a velocity pressure equal to 4.5 lbs. Pressure at Village hydrant No. 1 was 42½ lbs. with Products No. 1 hydrant open and 47 lbs, closed, a differential of 4½ lbs.

No. 2 Products hydrant showed a capacity of 231 G. P. M. and a velocity pressure equal to 4 lbs.

The Master Mechanic of the Products Co. then turned on the water for their air conditioning compressor and No. 2 hydrant showed a capacity of 173 G. P. M. and a velocity pressure equal to 3 lbs. Pressure at No. 1 Village Hydrant remained the same as when testing Products No. 1 hydrant.

Test on hydrant on 6 inch line into Wire Fence Co. grounds showed a capacity of 745 G. P. M. with a velocity pressure equal to 17 lbs. We are not sure of the accuracy of this test, as the line has not been used in a long time, and if it were allowed to run open for three or four hours it would probably show a higher capacity.

We gave Mr. Henry Smith, President of the Board, bulletins from the National Board of Underwriters which shows the water requirements for factory fire protection.

We do not know the commercial requirements of the Products Co. but this you can secure from your own meters. However, with your present lines you can deliver more water than they can flow through their lines.

When and if they fully comply with the National Board as to size of lines necessary for fire protection, we suggest that you tie a 6 inch line into your present 10 inch line, and give them an 8 inch outlet into their plat. This would give you a 6 inch line from your 12 inch line and a 8 inch line from your 10 inch line.

If you will go through the Underwriters requirements, you will see that when you are able to deliver 750 G. P. M. to the Products Company for both inside and outside fire protection, you have complied with their requirements, for sprinkler system, only 500 G. P. M.

If the Products Company comply with Underwriters requirements they should have a 6 inch belt line with two connections to the Village mains, or one 8 inch dead end line.

For temporary protection we suggest that the Products Co. install a by-pass so that in case of fire you can take a connection from your Village main to your pumper and discharge the pumper into their lines at a high pressure. We believe that in this way you would be able to discharge 350 G. P. M. through their lines at 50 lbs. pressure with 125 lbs. pressure on your pumper.

If there is any further information you require at this time, please do not hesitate to call on us.

Young Tells

(Continued from Page 1)

it was made into an Engineer Officer's training camp. The fort was then known as Camp Humphrey. The fort now comprises about 6,000 acres with miles of river frontage. About 22,000 men are stationed here.

"When we arrived here, we soon found our privacy deeply invaded. Living in a barracks with 53 men, it is hard to find any solitude. We have to adjust ourselves to mass living, pranks, and banter, often far from the best. Sometimes we think the drill sergeants and corporals pretty severe. It almost seems that another battle has yet to be fought to decide the outcome of the Civil War, since most of the non-coms here seem to be southerners.

"There is plenty of gripe in the army and every soldier does his share of it. Officers gripe too. But when one faces an unavoidable situation, he is much healthier mentally if he searches for the brighter spots. The bad will take care of themselves.

"Followng a practice of about 10 years, I have continued to keep a daily journal in the army. Perhaps I can best give you a picture of our daily life by writing down some excerpts taken from my journal. When I return to civilian life no doubt I can render a fuller account.

"July 24th.

"About nine o'clock this morning a hundred of us disembarked looking very tired and dirty after spending 26 hours on a slow moving train. Forming a column of two's, we trudged up a long dusty road, with our barracks bags and suitcases. I felt that the clouds of dust rising behind us were really the closing curtain upon civilian life.

"At the top of the hill we sighted row upon row of barracks squatting under the hot morning sun. Drill squads were spread out, to our right, over a vast drill field, and we could hear the orders barked by a score of sergeants, corporals and lieutenants.

After we had been assigned to barracks, we found ourselves standing in line to receive new equipment. Everything the army gives you is charged to you, even your cot. Among our possessions was a bayonet which spends most of the time dangling at your side.

"At the Recreation Hall the first bad news fell upon our ears. We were to be in quarantine for 15 days. Aside from marching on the drill field, that meant being confined within a couple of acres.

"This is a close to prison as I ever want to be!" said the fellow next to me.

"July 26th.

"George and I have been separated. In fact, I am now a [illegible] of strangers, but I'm sure we shall soon become acquainted.

"Every evening we are permitted one hour at the Post Exchange to buy refreshments and necessities. Every time we line up to march over, I feel like a reform school boy going for an outing.

"The food here could stand improvement. Perhaps it's the southern cooking. However, the cooks are good natured and that adds considerable seasoning. The coffee is better , thank God!

"July 27th.

"At 8:30 this morning a group of us went to the Recreation Hall to church service. There were about 100 men there and how we did sing. As the chaplain talked, I found myself looking out the window past the green pines, far into the blue sky beyond the hills to a white pillared church. For a brief moment I was home again. The church bells were tolling in Tecumseh, Front doors were opening wide enough to permit reaching for the Sunday paper and milk.

"I remember the chaplain saying that just as there was a struggle in the world, so every man had a struggle within himself. On one hand was the appeal offered by early desires, on the other was the ideal expressing the noblest in mankind. How hard it is for us to always follow the ideal.

"July 28th.

"Six of us were selected to go on brick detail. Hard as it was picking up bricks all day, we were glad of the opportunity of a ten mile ride to the brick yard. The brick yard is located inside the District of Columbia Penal Colony. We were told not to talk with the prisoners. As I watched them sitting down while we worked, I began to wonder just who were the prisoners, especially when one bawled at us 'Crime does not pay!'

"July 29th.

"Have advanced to carpenter today. Two of us were to fix screens and doors, but ended up by building wash racks. My partner, a born carpenter, was kind enough to tolerate me all day. As a carpenter I belong in the class of the cook who can only boil water. The only thing I did well was to sort out the long boards from the short ones. The saw was very stubborn, the chisel only a little more cooperative. It went after my thumb several times instead of the board.

"July 30th.

"The rest of the recruits arrived today so now our battalion is complete. Our barracks has 28 Michigan men. The rest are from Massachusetts, Connecticut, New Hampshire and Maine.

"'More damned Yankees!' said the sergeant.

"July 31st.

"At 5 o'clock this evening we marched to the parade ground for retreat. Under the late afternoon sun 5,000 men came marching down roads from every direction to the martial air played by the band already assembled. Suddenly we were called to attention and given present arms. As the first chords of the National Anthem were struck, shivers tingled along my spine I looked at the flag gently waving in the breeze and thought,

"Here we are 5,000 strong, tired, homesick, a little bewildered as to the future. But ahead was the flag waving proudly while about us floated the strong full strains of a song symbolizing the spirit of a great nation.' A lump arose in my throat and I remember we marched back with a firmer step and our eyes were straight ahead.

August 1st.

"The water here is terrible. It has that sickish chlorinated taste and never gets cold.

"The Articles of War were read to us again today. There are about 120 of them. Nearly everything you do wrong seems to carry the penalty of death or subject to court martial.

"Tonight we had a 'sing' at the hall. Cigarettes were passed and everyone had a peach. The fellow behind me tried to bring in a little harmony but generally missed by several notes.

August 5th.

"Began drill with rifles today. I guess we really look terrible. Our sergeant threatened to wrap every rifle around our —— neck. if we didn't do better. Some fellows don't know left from right, but when a corporal, sergeant and lieutenant are barking commands at you, among other things, even your name is apt to fade from memory.

"If any of you have any questions about the army and care to write to me, I shall be glad to try and answer them in my next article or by writing to you. Write to

We wish to thank the friends and neighbors and especially the fire department for their help in fighting the fire at our home Friday.

Mr. and Mrs. John Kopka.

For The Best of Care

Bring Your Ford "Back Home"

We Americans have learned to drive our cars far better than we have learned to care for them. The cars are built so well—will withstand so much abuse and neglect—that we have grown a litte spoiled about the real importance of good service, and how to get it best and most econmically.

We mention this because our own Ford cars especially have always been built to "take it" and because Ford owners have good and INEXPENSIVE service open to them the whole country over.

To any car owner who is interested right now in the best possible SERVICE INVESTMENT in his car, and to Ford owners above all, we make these sensible and timely suggestions.

First, bring your car "BACK HOME" for any work it needs. Your Ford dealer knows your Ford best. His men are trained specialists in your car's special mechanical nature. They work with Ford parts, and with the proper tools to do the job both right and quickly, without lost motion or excessive labor costs to you. And also, your car becomes something more than just a "job"—he wants your future business as a new car buyer, and he knows that good service is one of the best ways to win it.

Second, see that your car comes in for service soon enough and regularly. Proper care and adjustments at the right time—instead of repairs made too late through needless neglect—will save your money, save your car, and provide you with better and safer transportation in the bargain.

Now, more than ever, a good car deserves good care—and the best place to get it is "back home!"

Local Men Enrolled In Defense Classes

Several men from the Tecumseh Products Company are attending or are enrolled for classes in machine shop or welding division at the Burnham shop in Sylvania, where classes are being held 24 hours a day as part of the national defense project.

There are six classes each day. One supplementary machine shop to accomodate 20 to 25 men now working at the machinist trade, from 7:30 p.m. to 10:30 p.m.; three pre-employment machine shops for 20 unemployed men in each class, 3:30 to 7:30 p.m., 8:30 p.m. to 3:30 a.m. and 2:30 a.m. to 8:30 a.m.; two welding shop classes, each for 15 unemployed men, at 4 to 10 p.m., and 11 p.m. to 5 a.m.

Men desiring to enroll may register all day Monday, Sept. 29, at the vocational office, or Burnham high school in Sylvania. W. R. Roberts, vocational co-ordinator, supervises the program.

Fifteen or 20 men from Tecumseh are already enrolled for the next session in addition to those already attending classes.

WIT AND WISDOM CLUB HOLDS OPENING MEET

The Wit and Wisdom club met Monday evening at the home of Mr. and Mrs. J. F. Rector when programs were planned for the coming year and reports of officers were read. H. S. Waring, now in Florida, was made an honorary member of the club.

The next regular meeting will be held Oct. 6 at the home of Mr. and Mrs. A. C. Brazee. Mr. and Mrs. D. W. Beck are the assisting host and hostess and Mr. Brazee will tell of his summer's trip in the West.

Tecumseh Hi Ready to Meet Hudson In First Grid Game Under the Lights

GAME TO BE PLAYED ON NEW RECREATION FIELD TOMORROW AT 8:15 P. M.

The Tecumseh high school Indians will face a dangerous opponent tomorrow evening when they meet a possibly underestimated grid outfit from Hudson High in the first game to be played under the lights on Tecumseh's new $25,000 Recreation Center. The Recreation gate will be opened at 7 o'clock, with a preliminary program including band marching, beginning at 7:30. The kick-off will be at 8:15 p.m.

Although Hudson came out on the short end of a 33 to 0 score against Vandercook Lake last Friday night, the Hudsonites should give Tecumseh a battle royal. With their defense apparently incapable of holding their opponents from Vandercook, offensive play indicated plenty of possibilities, especially in Sturgis, a top-threat man. Add to these possibilities the psychological effects of Hudson's determination to break into the win column, and Tecumseh's possible overconfidence resulting from a not too difficult win over Milan on Friday afternoon and you have a strong case developing for the Indian's rivals before the opening kick-off. The invareds' greater experience under the lights—Hudson has had a lighted field for two years—is still another factor which the localities must reckon with.

On the other side of the ledger, observers find a well-balanced Redskin outfit, resolved to keep Tecumseh's record clean and to dedicate the fine new stamping grounds in the approved manner. If the Mohr to Green or Carlson passing combinations click as expected, with Coffey and Proctor furnishing the running attack, Tecumseh should make a fair bid to keep their resolution. Regardless of final outcomes, the game promises to be a tough one, filled with plenty of top-flight football.

In Tecumseh's opener with Milan, last Friday afternoon, Coach Neville Hart's proteges had their first opportunity to inventory their strength and weakness under actual playing conditions and they won the battle by a score of 9-0.

The first two points were gained on a safety when, after the Redskins had driven to the Milan three-yard line they lost the ball. Milan attempted to kick out of their own end zone. The punt was blocked and a Milan man fell on the ball, giving Tecumseh a safety. The first quarter ended 2-0 in favor of the Redskins.

Early in the second quarter, Mohr got off a beautiful punt, which rolled out of bounds on the Milan 12-yard stripe. Milan returned the ball by punting on the next play to their own 46. Wilson then called a surprise play and Mohr let go another pass to Green who ran for a touchdown. Wilson ran the conversion making the score 9-0 in favor of Tecumseh.

The second half of the game was a continuous shift in possession of the ball and the score did not change throughout the last two quarters.

Tecumseh suffered four injuries in the game, Green, Wills, Coffey and Brown, and these were charged to an over-zealous Milan team. Tecumseh gained 153 yards from scrimmage of which Coffey, a most promimsing back, was credited with 63 yards.

The Redskins, with 12 lettermen on the job, have a strong line with considerable more drive than a year ago. High lghsiat Milan included Mohr's passing, Carlson and Green's receiving, Proctor's running and tackle of a Milan man on a scoring threat, Wills' excellent showing at defense, and Wilson's team generalship.

Marsh Now Junior Pastor of Church in St. Paul

Charles W. Marsh, son of Mr. and Mrs. John Marsh of Tecumseh, this week begins his new job as junior pastor of the Temple Baptist church and director of the Christian Center at St. Paul, Minn.

Charles graduated from Tecumseh high school in 1933. He studied four years at Michigan State Normal school in Ypsilanti and later graduated from the Northern Baptist Theological Seminary of Chicago where he received his Th. B. degree.

He was a baseball star during his school days and turned down a contract with the Detroit Tigers to enter the ministry.

OTTGEN — MARTIN

Miss Mildred Martin, daughter of Mr. and Mrs. Seaman Martin, and Robert Ottgen, son of Mr. and Mrs. Ivan Ottgen of Metamora, O., were married Saturday evening at the home of the bride's parents. They were attended by Mr. and Mrs. Robert Kelley, brother and sister-in-law of the bride, and Justice C. A. Barber performed the ceremony. After a short trip they will make their home with the bride's parents for the present. Mr. Ottgen is employed in Adrian.

ARM FRACTURED

Mrs. Samuel Tripp fell Friday at her home north west of Tipton and broke her right arm. Her daughter, Mrs. Harry Smeigal of Howell, has come to care for her.

Some High Lights on the Hudson Game

The gate will open promptly at 7 p.m., for the sale of general admission tickets. There will be two box offices, one at the entrance to the parking lot on James street, the other near the bridge on Mill street.

Cars may be parked in the school parking lot opposite the high school, or in the parking lot on James street. Both lots are free. The parking of cars on streets leading to the field is prohibited by police, It is estimated that 1,500 persons will see the game and near-by parking for those who are late will be at a premium.

Flood lights will be turned on at 7 o'clock but the program will not begin until 7:30. This will include parading by the Tecumseh high school band and a brief talk by M. W. Wilson, former coach and now personnel director of the Products Company. He will introduce the visiting coach, Ed Engle, of Hudson, and Neville Hart of Tecumseh. A public address system will be used.

Mr. Wilson will preside at the microphone throughout the conflict, giving a running account of the game, etc.

An extra souvenir edition of The Tecumseh Herald, giving numbers, line-ups and other pertinent matter regarding the game, will be sold at the field and the proceeds will go to the Control Board for the benefit of the Recreation Center.

Between halves there will be a band parade and other entertainment.

Growth of Patriotic Music Is Considered

Tecumseh Music club met Tuesday evening at the home of Mrs. N. L. Hart on East Kilbuck street with Mrs. P. B. O'Brien as leader.

"The Growth of Patriotic Music" was the topic of the program and Mrs. O'Brien read an interesting paper on the subject and songs from Yankee Doodle, Hail Columbia, Star Spangled Banner, America, Dixie, and Battle Hymn of the Republic through the World War songs, including probably the most lasting, "A Long, Long Trail," were reviewed and illustrated with flute, violin, piano, recordings and group singing.

In the report of the last club meeting Gottlieb Graupner was given erroneously as composer of "Nearer My God to Thee" and "Faith of Our Fathers," in correction the club wishes to state that "Nearer My God to Thee" was written by Lowell Mason.

The next meeting will be held October 14 at the home of Mrs. Clarence Fisher, and those attending are to meet at 7:15 at the home of Mrs. Duncan Oliphant, 311 West Logan street. Mrs. J. O. Eaton will be leader of the program on "Indian Folk Music."

NURSES HOLD DISTRICT BANQUET ON THURSDAY

Covers were laid for 16 members of the Lenawee District Nurses Association at their annual banquet last Thursday evening in Briarwood Inn near Devils Lake. An attractive arrangement of pink and white snapdragons centered the lace covered table which was lighted with pink and white candles in crystal holders. Tiny pink and white candles marked the places of the guests.

The feature of the evening was a talk by Mrs. DeVol, a graduate nurse, whose husband is a physician now stationed in China. Her subject was "Conditions in China". Mrs. DeVol was sent back to the United States some time ago after Americans were compelled to evacuate. She told of many interesting incidents ocurring during her stay in China.

The October meeting will be held at Bixby hospital staff room, Oct. 15. An announcement of the speaker will be made later. The program committee have prepared a very interesting program for the year.

GARDEN CLUB TO MEET

Tecumseh Garden club will meet Friday afternoon at the home of Mrs. Ella Brown on North Van Buren street. Poisonous weeds and chrysanthemums are the topics for discussion, with papers by Mrs. Robert H. Moore and Mrs. Leon Rosacrans. The assisting hostesses are Mrs. Charles Rynd, Mrs. A. Heiserman, Mrs. C. C. Ruppel, and Miss Mary McWilliams.

MISSION GUILD

The Florence Weld Mission Guild will hold its opening meeting Monday evening at the home of Mrs. E. G. Koernig and daughter Marie. Potluck supper at 6:30 will precede the meeting.

DEPENDABLE CLASS

The Temple Dependable Class of the Methodist church will meet Friday, Sept. 26, at the home of Mrs. Byron Sones.

1942 CHEVROLETS ON DISPLAY HERE FRIDAY

The new 1942 model Chevrolet cars—streamlined for greater efficiency and powered with bigger motors, will go on display here Friday at the showrooms of Schneider Bros Garage, Inc., South Ottawa street, Louis Schneider announced today.

"Chevrolet has spared nothing to make the new 1942 models the prettiest, most powerful motor cars in the field," Mr. Schneider said in making the announcement. "We believe the new cars—we have seen them—to excell anything that Chevrolet has ever built previously, and we will be happy to show them to the public."

Mr. Schneider did not make any announcement as to the price of the new models, it being expected that this will be made at the time of the public showing. The Schneider garage will be open each day and evenings to accomodate interested buyers.

12 New Houses Under Way Here

MOST OF THEM WILL BE COMPLETED IN TIME FOR THANKSGIVING SEASON

Of the 12 new houses now under construction in Tecumseh and its immediate territory, the most of them will be completed in time for the new owners to enjoy Thanksgiving dinners in their own dining rooms, Robert H. Moore of the R. S. Moore & Son Company, builders and lumber dealers, said today.

Tecumseh is rounding out one of its busiest seasons in the building field, a survey shows, and six of the new homes are in the Indian Acres subdivision, at North Union and Bidwell streets.

Workmen are digging a basement this week for the Al Vanderpool home on Brown street, in Indian Acres, and five other houses there are in the progress of building. The Paul Chenda house is in the framing stage. Basement blocks are being laid at the Lyle Powell and Victor Humble houses. The finish trim is being installed on the Ben Tate house, and the Walter Morden house is being lathed and plastered.

The Ernest Topps house on South Pearl street is being sided, and lathing is beginning at the Harry Duncan house at the north end of Logan street. The C. Rome Dustin house on North Democrat street is in the framing stage, and the Clarence Francis house on M-52, between here and Clinton, is rapidly being completed.

Howard Bailey is building his fifth house in the Birdsall subdivision, and the Leslie Hoag house south of Tecumseh is being plastered.

A survey shows that builders are experiencing little difficulty in obtaining lumber and other wood materials, but there is some shortage of steel, for plumbing and sheet metal work. Despite this shortage, however, it is said that Tecumseh this year will enjoy its largest building year in history.

ROTARY CLUB HEARS ABOUT MILK INDUSTRY

C. C. Beach, manager of the Adrian plant of the Michigan Milk Producers Company, was an interesting speaker at the regular luncheon meeting of the Tecumseh Rotary club, Tuesday at the parish house of St. Peter's Episcopal church.

Mr. Beach explained how milk is processed for its several uses the nation over, and displayed a pint bottle of powdered milk, equal to a quart of liquid milk. Powdered milk, he said, is popular in the baking and food industries, and is also much in demand as a part of the nation's defense program.

C. A. Barber, first secretary of the local club, but who for several years has not been an active member, was placed on the active list at Tuesday's meeting. Guests included John Mitchener of Adrian, Rev. Thomas Rodda and the Rev. Edward Escolme of Tecumseh.

PRESBYTERIAN LEAGUE HOLDS OPEN MEET

The opening meeting of the Presbyterian League was held at the home of Mrs. C. W. Boyce and was preceded by a potluck supper. Thirty-five members attended.

During the business meeting nemes of "sunshine sisters" for this year were drawn and the identity of last year was revealed. Mrs. M. R. Blanden was leader of a program of songs and contests.

The next meeting will be held at the home of Mrs. Howard Truesdale and book reviews will be given by an outside speaker.

AT POLICE MEETING

Floyd Wilcox and Edward Wilson, members of the Tecumseh police department, were in Ann Arbor Tuesday afternoon where they attended the FBI Quarterly Police Conference, a meeting with the FBI law enforcement officers mobilization plan for National Defense. John S. Bugas of Detroit, special agent in charge, addressed the meeting, as did Arthur Stace, editor of the Ann Arbor News. A lecturer from the FBI laboratory demonstrated the use of bombs and other explosives, using chemicals and other ingredients.

History Shows Michigan as Home Of Higher Education In Nation

LANSING, Sept. 25—Unknown to many citizens and forgotten by others:

That the first state university in the nation was the University of Michigan whose original charter, under the name of Catholepistemiad, was issued in 1817.

That the first state-wide public school system in the nation was established in Michigan in 1833.

That the first state agricultural college in the nation was Michigan State College, opened in 1857 at East Lansing under the name of Michigan State College of Agriculture.

Michigan's eminence in education is a matter of pride to all citizens. At this time when thousands of young people are going to colleges throughout the state, when a host of boys and girls are finishing their first month of study in public and parochial schools, take a backward glance at education and get a new inspiration for its future.

Cadillac's Landing

Two days after Cadillac founded Detroit in 1701, Ste. Anne's church was established there. The parish is the second oldest continuously maintained parish of the Roman Catholic church in the United States.

In 1798, after the American flag had been raised over Detroit, Father Gabriel Richard arrived as assistant pastor and soon took over parish responsibilities. He was first to advocate a state university.

In 1817, twenty years before Michigan was admitted to the Union, a charter was issued by the governor and judges of the Territory of Michigan for an institution of higher learning then known as the Catholepistemiad. The formal name, University of Michigan, was adopted in 1821, exactly 16 years before Michigan became a recognized state by act of Congress.

In 1837 the legislature created a board of regents of the university with twenty members. Plans were laid for a new institution. Because the Ann Arbor Land company granted a site of 40 acres of cleared land, Ann Arbor was chosen for its location.

100-Year-Old Hall

When you visit the north wing of University Hall at Ann Arbor, you will find the original Mason Hall, built in 1841 to serve not only as the classroom of the new institution but also the students' dormitories and the scientific collections of the school.

NEW FORD MODELS TO BE SHOWN HERE OCTOBER 3

The new Ford cars for 1942, as well as the Mercury models, will be on display at the showrooms of the Butler Motor Sales, local dealers, on Friday, Oct. 3, Charles O. Butler announced today.

"The new models are ready for distribution and will be shipped from Detroit next week," Mr. Butler said. "We were in Detroit this week at a new car showing and believe that the 1942 line—more streamlined than the 1941—will have a greater eye-appeal than any previous models.

"The Ford company has many new features on its car this year that will appeal to motorists, and we will be happy to show the models next week."

MINISTERS OF MUSIC TO GIVE PROGRAM HERE

Capt. B. H. Hull, with Mrs. Hull, will give an interesting and inspiring program at the Tecumseh Methodist church on Tuesday, September 30 at 8 p.m. Besides singing, these two able musicians will make use of the saxophone, violin, trombone, piano, cornet, trumpet, clarinet and xylorinca.

Capt. Hull is much travelled and is an entertainer of vast experience, having been born on the Western Plains, riding the range as a cowboy in his youth; later becoming an expert with firearms, at one time holding the world's championship as an expert rifle shot artist. He also has been sheriff and marshall of bad Western towns, worked and lived in lumber camps, mining camps and army camps. He has presented musical programs on the Lyceum and Chautauqua platforms; has lectured in schools and colleges all over America; taught music in one of our largest Conservatories of Music; has been active in work among boys.

Stay of Sentence Granted to Moore After Jury Verdict

A five-day stay of sentence, pending an appeal to a higher court, was granted to Harry Moore on Tuesday, after a jury in Justice Clyde Barber's court had found him guilty of overtime parking in downtown Tecumseh. Justice Barber's sentence, which was stayed, imposed a fine of $10 and costs of $5.35 or in default of payment, a five-day jail sentence.

The traffic law violation for which Mr. Moore was tried occurred about a month ago, and the case was by a five-man jury made up of Ralph Oliver, Bertram Updyke, Charles Mattis, Frank Poley and L. A. DesErmia. The request for the stay of sentence came from Mr. Moore and he was released without bail.

Justice Barber also passed sentence in four other traffic violation cases during the week. Eugene Tucker of Toledo, drew a fine of $5 and $1 costs after he had pleaded guilty to leaving the scene of an accident, He was arrested by state police after he had backed away from a curb here, striking another car.

William Damon drew a fine of $4 and costs of $1 when he answered to a charge of speeding. Charles Weaver of Detroit, drew a $2 fine and $1 costs on a similar charge, Amiel Pilter of Blissfield, charged with failing to observe a red light, was fined $1 and $1 costs.

Cyclist Struck By Auto Dies

HAROLD ALLISON, 19, RAISIN TOWNSHIP, FATALLY INJURED, SUNDAY

Harold Allison, aged 19 years, son of Mr. and Mrs. John Allison of Raisin township, was injured fatally Sunday morning, about 7 o'clock when his bicycle was struck by an automobile driven by Clarence Kilpatrick of Dearborn as he was leaving the lves filling station on M-52. Mr. Kilpatrick was making a left hand turn into the station when Mr. Allison rode his bicycle directly into the path of the car.

He was removed to Bixby hospital where his death occurred a little over an hour later.

Besides his parents he leaves five brothers, Guy of Macon, Ga., who was recently drafted into army service, Robert, John, William and Thomas, at home.

The funeral will be held this afternoon at 2:30 in the Friends church here. Rev. Edward Escolme will officiate and burial will be made in the Clinton cemetery.

Study Club to Discuss Children and Schools

The Child Study club met Monday evening at the home of Mrs. Robert H. Moore, with Mrs. Frank Smith and Mrs. W. H. Hitz as hostesses. Mrs. Walter Pfaus and Mrs. Roland Mohr were in charge of the meeting and program, which included a talk on "The Young Child Needs Companionship," by Mrs. Bertram Updyke, a paper by Mrs. Roland Mohr on "Child Companionship" and piano solos by Miss Sally Humphrey. Refreshments were served in conclusion.

Mrs. Carl Cederquist will be hostess for the October 13 meeting and will be assisted by Mrs. K. Barron and Mrs. Elmer Burleson. The topic of the program will be "Are Our Children What the Schools Make Them?" with Mrs. Clara DesErmia and Mrs. Percy Bowen as co-chairmen.

The regular meeting of the Friends of Israel, scheduled for this afternoon, has been postponed until next Thursday afternoon, Oct. 2, when it will be held at the home of Mrs. Edward Escohue.

Schools Face Many Problems

BERKHOF PLACES EMPHASIS ON CONSERVATION IN OUTLINE TO BOARD

Declaring that the world is facing a complete breakdown of spiritual, moral, physical and material values, W. L. Berkhof, in an outline to the board of education here, has pointed out that the Tecumseh schools this year will emphasize first the need of conservation to a greater degree than heretofore.

Mr. Berkof's communication to the board, constituting the school's specific aims for the school year, follows:

A critical analysis of present day educational needs reveals the fact that our schools are today facing the task of emphasizing the concept of conservation to a greater degree than heretofore, and with more evident design. This need arises, it is felt, from the complete breakdown of spiritual, moral, physical, and material values so evident in contemporary life. In the spiritual and moral we discover, not only on a National but on an international scale, an apathy toward truths and values which have for centuries been the guiding principles of social conduct. In the physical realm we witness not only the carnage abroad which places small value upon human life and welfare, but we are also brought face to face with the fact that the strenuous pace and careless attitude so typical of American life today cannot help but demand its toll of physical welfare from both our youths and adults. Previous emphasis in the educational program upon the conservation of material things, and a shift in interest among people from spiritual to material values has served to make less vital the problem of stressing conservation in this realm. This does not mean, however, that it should be permitted to escape our attention. It too must continue to receive an even increased emphasis to preserve the material blessings which we today are enjoying.

In summing up our specific aim for the year, we must realize, first of all, the need of emphasizing through our personal conduct and through precept such spiritual and moral value which are the basis of right thought and proper action. Secondly, we must accept the challange presented in the physical realm by utilizing every means within our power to encourage the development of strong bodies and the will to maintain them. The physical education program, the instructional program in health, the maintenance of sanitary and healthful conditions in the school plant, all must be regarded as contributing factor in this endeavor. Finally, every opportunity should be seized to center the attention of our pupils upon the necessity of conserving our material heritage. This task is made extremely difficult in the face of the tremendous waste of material goods which we are witnessing today. This should, however, be our most convincing evidence that there is, as yet, no real appreciation of these material values which are ours and it should spur us on to stress through intructional projects the necessity of conserving our material goods.

The ideals which have been outlined above will parallel the 1941-1942 leadership program of the Depgrtment of Public Instruction which will emphasize particularly the importance of health and conservation as contributing factors to a good citizenship program. A number of bulletins will be released dealing with these problems and it is hoped that these may serve to stimulate our local program.

Your sincere cooperation in achieving this our specific aim for the current school year is hereby invited.

Local Woman's Father Dies in Miami, Fla.

David S. Donaldson, aged 76 years, father of Mrs. Wyman Service of Tecumseh, died Saturday evening in Miami, Fla., where he had been for several months in the hope of regaining his health. He had been ill for a long time, and Mrs. Service only recently returned from a visit with him in Florida.

Only the daughter Lois survives. The body will be brought to Marquette, Mich., for burial and the funeral will be held Friday afternoon. Mr. and Mrs. Service will leave Wednesday evening for Marquette.

TO DISCUSS BOOK

The Missionary study group of the Woman's Society of Christian Service of the Methodist church will meet today at the home of Mrs. H. H. Loveland for a potluck luncheon at one o'clock. The last chapter of the book, "Dangerous Opportunities," will be discussed and plans for future study will be laid. All members of the Society are invited to attend.

YOUR CREDIT

There are in every community people who repudiate moral obligations, who shunt duty aside and actually hope to escape payment of their debts through some sort of technicality. While it is possible that the obligation may not, in every instance, be equitably just, there still remains the duty to meet those that are, or at least to acknowledge them and make an honest endeavor to do so.

Refusal to be bound by a moral obligation can only mean the destruction of credit sooner or later, and in this as in every community, credit and personal character march hand-in-hand. If you destroy one you destroy both.

"Keep your credit good," is the sound advice of every successful business man of today. It was the best advice that was handed to the older generation; it should be still better for the rising generation because its future is before it. But it will not be a very pleasant future for those who deliberately destroy their credit by repudiating their moral obligations.

LITTLE LIVES

More than twenty-two million children are now at their school desks in this country, and upon that part of the population driving motor vehicles there has been placed the responsibility for guarding the lives of these boys and girls as they travel to and from school.

The wise motorist, as every citizen of Tecumseh who operates a car should know, is one who exercises the utmost care not only in the vicinity of school buildings, but along the route taken in school attendance. Immature minds cannot realize the extent of the danger existing on our streets and highways today. The motorist must do the thinking, both for himself and the children. The safety of these little lives should be our first consideration. Always drive as though it were your own child on the road somewhere in front of you.

We trust that some of the crackpot drivers in Tecumseh—and of late there seems to be an increase in the number that might be placed in this classification—will heed the warning. There is no need for excessive speed on Tecumseh streets; there is no need for failing to observe stop signs; there is no need for screeching brakes and burning tires dozens of times daily at most every busy traffic intersection.

We hope that local police and other law enforcement officers will make an example of these speed maniacs. Definitely, the time has arrived when something should be done, some action taken before someone—perhaps a little child who knows no fear—pays with its life for someone's thoughtlessness.

WOOLEN WORKERS FORM UNION

The Clinton Woolen Workers independent union met last week and ratified the contract negotiated by the union officers with the Clinton Woolen Manufacturing Company. This contract provides for an immediate ten per cent increase in pay rates, with quarterly conferences between union officers and the company regarding profit-sharing in the form of bonus payments. Provisions are made for a closed shop, check-off, seniority system, adjustments of grievances and other working conditions.

The new union was organized entirely by employees of the company who believed they could manage their own affairs without help from outside organizers. The company was neutral and recognized the union and negotiated a contract only after evidence was furnished that a majority of the employees were members.

WHY TELL IT?

It was a very wet night when Jones knocked at the door of his friend Watts.

"Hallo!" exclaimed Watts, "I'm glad to see you. Come in!'

"I don't think I dare, Jones protested. "My feet are very dirty."

"That doesn't matter. Just keep your boots on."

ONE TOO MANY

Young Alec was watching a house painter at work. Presently he asked:

"Hoy many coats of paint do you give a door?"

"Two my boy," was the reply.

"Then if you give it three coats," said the lad brightly, "it would be an overcoat!"

"No my lad," retorted the painter grimly, "it would be a waste coat.'

We feel sorry for the man who married just to have someone to tell his troubles to.

(Continued From Page 1)

first class that met in 1841. Their two professors were the Rev. Joseph Whiting, professor of languages, and the Rev. George P. Williams, who taught mathematics.

Thus mathematics, Greek and Latin made up the first curriculum, a modest start for this great state institution.

The department of literature, science and arts later became the college of literature, science and arts—mother of the present college of engineering, graduate school, schools of education, pharmacy, business administration, music, forestry and conservation. The college will celebrate the centennial of its opening with a full day's program on October 15, featuring an address by Dr. James Rowland Angell, president emeritus of Yale university, an alumnus of Michigan, and son of James B. Angell, illustrious president of Michigan from 1871 to 1909.

First in Teaching

Michigan's progressiveness in education is also shown by the fact, also little known, that the first chair of the science and art of teaching in the United States was established at the state university in 1879.

Co-education was introduced in 1870, and again the university pioneered in a custom that is nationwide.

As early as 1837, when the state of Michigan came into official being, Michigan had led the nation in in the establishment of free schools operated at public expense including grade or elementary schools, the academy or high school and the university. This plan was drafted in Marshall by the Rev. John D. Pierce in collaboration with Gen. Isaac. E. Crary, first attorney of Calhoun county and reperesentative to Congress from 1835 to 1840.

Interestingly enough, the plan was nearly wrecked by a controversy over whether or not the Bible should be used in public schools. It was finally decided that a teacher might open sessions by reading the Bible, but could not comment upon the text.

From this small beginning education in Michigan has grown until today there are eighteen colleges and universities, six teachers' colleges, eleven junior colleges, eight professional schools, twelve private schools, about 1,600 high schools, 6,800 public school districts for elementary classes and 465 parochial schools.

Well Known for Writers

Challenging the literary reputation of its sister state, Indiana, Michigan can boast of a large number of literary men and women whose writings are nationally famous.

Rex Beach and James Oliver Curwood, both native Michiganders, wrote tales of early Michigan lumbering history. Stewart Edward White, now living in California, described life in Michigan lumber camps in "The Riverman" and "The Blazed Trail."

Harold Titus, member of the state conservation commission, lives at Traverse City. James B. Hendryx (born in Minnesota), adventure fiction writer, lives near Sutton's Bay, and Karl Detzer, another prolific writer, has a summer home near Leland. At Detroit are Edgar A. Guest and Anne Campbell, bards of the press. Arthur Pond, native of Michigan, wrote many books dealing with the state's growth. Paul de Kruif, born at Zeeland, is the author of numerous books. Other Michigan born writers—and this fact is probably little known to our readers—include Ring Lardner, Edna Ferber, Helen Topping Miller, and Webb Miller, Carl Sandberg, Chicago poet, lives near Benton Harbor, while Ernest Hemingway spends his summers in the Thumb.

Communications

Mr. and Mrs. Forrest Louden have received the following letter from their son, Sgt. Wendell Louden, who is with Co. B, 126th Inf., 32nd Div., at Camp Livingston, La. The "Bill" mentioned is [illegible] Neil DePuy of the same company, and son of Mr. and Mrs. Neil De Puy of Tecumseh.

September 14, 1941.

Dear Mother and Dad:

Here we are sleeping in the rain again, with the water running on both sides of Bill and me. We have our pup tents up but they don't do much good. We are on a little knoll, but it don't do much good, either. You can sure find enough of them in this state and they are all covered with bugs and snakes.

At our last bivouac we killed around a dozen coral snakes, and what we didn't kill we slept with—believe it or not—by Louden and DePuy.

There was supposed to be an awful storm heading our way yesterday. The wind had a speed of 90 miles an hour, but when it struck us we just got cooled off a little bit. It came from off the Gulf of Mexico. They called all their boats in to dock.

We have a drill field out here that has so much water on it that we have to use boots before we can drill. Of course, when we have this kind of drills, the engineers help us out by furnishing the boots. We really don't have any water, though that is simulated, like everything else is, even chow sometimes.

We just got our bath last week; we get one a month whether we need it or not, I don't think we need any in this hot weather.

I read in the paper the 45th Div. was coming home in October, just as soon as maneuvers were over with, so we might be coming home some day next year. They all volunteered for one year, and we all volunteered for three years, some difference, Rumor No. 96—we will be out before Christmas. No. 97—We won't. No. 98—Maneuvers end the 15th of September. We are starting a two weeks problem the 15th. When we go up to capture an enemy now all we have to say is "Chug-chug, I'm a tank, you're overpowered." Simulation works in a case like that, "or does it?"

We are all in fine health in spite of everything, even the rain. I just walked out in front of the tent and Bill got me in the nick of time from a dive-bomber, which is caller a mosquito. When two of them get on you, it is quite for you. They just start digging a hole.

I hope you don't believe everything we told you, but we hope you believe most of it, because it took us a long time to think it up.

We will [illegible]

Love,
Windy and Bill.

O.E.S. Observes Anniversary

At the regular September meeting of the Order of the Eastern Star the 45th anniversary of the chapter was observed and a program was presented under the direction of Mrs. Harold Van Etten.

The six living charter members were honored, four of whom were present. Mrs. Rose Corwin of Sparto and Mrs. Myrtie Evans of Denver were unable to be present. Mrs. Richard Hill presented six of her piano pupils in a recital. Those taking part were Richard Riley, Lucile Huber, Nancy Branch, Elizabeth Fish, Elaine Hawkins and Kathleen Schultz. Dr. G. W. Ross gave an interesting history of the chapter. Mrs. Chauncey Pentecost gave an original poem, Mrs. Richard Hill sang a solo accompanied by Peggy Morris and Mrs. Clara Eldredge of Adrian gave a talk. The four charter members present, Dr. and Mrs. Ross, Mrs. Cora Kane and Mrs. Pearl Muck were then seated at a buffet table and the birthday cake with 45 lighted candles was brought in. Mrs. Ray Turner gave a toast to the charter members, Mrs. Muck and Mrs. Kane cut the cake which was served to the 90 members and guests.

Guests were present from Jackson, Springport, Parma, Pittsburgh, Bloomington, Ind., Adrian, Blissfield, Addison, Monroe and Dundee.

At the October meeting the members of the Masonic lodge are to be honored. Mrs. Harley Roberts will have charge of the program.

Daniel H. Nichols

Funeral services were held at St. Joseph's church in the Irish Hills Friday morning for Daniel H. Nichols, whose death occurred September 16 at Mercy hospital in Jackson. Mr. Nichols, who was 70 years of age, was born and spent his entire life in Cambridge township and vicinity. He had been in poor health for several years and had been a patient in the hospital only a few days.

He is survived by the widow, Mrs. Lena Nichols, two brothers, Benjamin of Toledo and Charles of Tecumseh, and three sisters, Mrs. Katherine Pitts of Detroit, Mrs. Susan Wood of Adrian, and Mrs. Blanche Bartlett of Onsted.

The Rosary was recited Thursday night in the home at Springville. The Rev. Fr. McMillan officiated at the church service and the burial was in the parish cemetery.

The bearers were Dwight Hendrxx, Leland Brighton, Athol Brainard, Fred Jessup, James Wallace and Nathan Currie.

Friends and relatives from Detroit, Toledo, Jackson, Adrian, Tecumseh, Brooklyn, Onsted and many from the vicinity of Springville attended the services.

Mrs. Clara E. Onstead

The funeral of Mrs. Clara E. Onsted, a former resident of Onsted, who died Tuesday at the home of her daughter, Mrs. John Merritt, in Redford, was held in the Ritter Funeral home here Thursday afternoon. Mrs. Onsted, who was 72 years of age, was the widow of the late John Onsted. She had lived with her daughter for 14 years and death followed a long illness.

She is survived by two daughters, Mrs. Meritt of Redford, and Mrs. Myrtle Onsted, two sons, Floyd of Devils Lake and William, five sisters, Mrs. Mary Vandenberg, Mrs. Louise Lambright, and the Misses Adelaide and Mildred Saxton, one brother, William Saxton, and six grandchildren, Ruth and Allen Merritt, John Lynn Onsted, and Mary Ella and James Onsted.

Rev. F. D. Hague officiated and the bearers were W. J. Rudick, Ray G. Turner, E. C. Denslow and E. F. Burcham of this village and George Fishell and Henry Precht of Detroit. Burial was in Maple Shade cemetery.

Besides the many friends and relatives from this vicinity who attended the services there were others from Toledo, Detroit, Blissfield, Mason, Howell, Jackson, Brighton, Litchfield, Grass Lake, Onondaga, Devils Lake and Adrian.

Christian Science Strong in War Relief

One war relief activity which has been little publicized is The Christian Science War Relief Committee, with main offices at 237 Huntington Avenue, Boston, Massachusetts. Two thousand nine hundred and ninety-nine cases—half a million garments—valued at $489,368.23, in the nine months of the Committee's existence, is their record to date.

The work is an activity of The Mother Church, The First Church of Christ, Scientist, in Boston, and branch Christian Science churches throughout America. Only new garments or those comparable to new are accepted by the Committee. These are furnished almost entirely by members of the Christian Science organization. They are shipped to a central Christian Science committee, in Lodon, where they are allocated to different almoners in England and Scotland. The work is in the hands of members of the Christian Science denomination until the garments are distributed. They are gladly given to any person in need, regardless of denomination.

It is the purpose of the Committee in the United States to keep its depots in England supplied with an adequate amount of clothing and blankets for emergencies; so, the London Committee is becoming known as a storehouse from which emergencies can be met. This was evidenced by the fact that it was crates of clothing from this Committee which first reached Coventry; and when the great fire occurred in London, The Christian Science Wartime Committee was able to meet an appeal for blankets. Fortunately, many hundreds of blankets had been shipped and had just arrived.

Not only are garments made by sewing units in about thirteen hundred places throughout the United States, but thousands of new garments are purchased and sent, from a War Relief Fund generously contributed by Christian Scientists. Three motor kitchens have been sent and a motor truck or van is maintained in England for quick deliveries.

The Committee in Boston is grateful for the record of goods sent as well as for the fact that because services are so largely voluntary, its overhead expense is only 4.1 per cent. It also rejoices that less than one per cent of the goods shipped is all that has been lost in sinkings.

The main depot for shipping to England is located in Boston, but shipments are also made from Portland, Oregon; New York City, and Los Angeles.

CHRISTIAN SCIENCE CHURCH

"Reality" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, Sept. 28.

The Golden Text (Isaiah 65:17) is: "Behold, I create new heavens and a new earth: and the former shall not be remembered, nor come into mind."

Among the Bible citations is this passage (Col.3:1,3): "If ye then be risen with Christ, seek those things which are above, where Christ sitteth on the right hand of God. Set your affection on things above, not on things of earth."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.260): "The conceptions of mortal, erring thought must give way to the ideal of all that is perfect and eternal. Through many generations human beliefs will be attaining diviner conceptions, and the immortal and perfect model of God's creation will finally be seen as the only true concept of being."

Smart Styling Keynotes New Chevrolet

Distinguished styling, characterized by a new massiveness, marks the new 1942 Chevrolet, introduced to the motoring public today. Shown above is the Special De Luxe Sport Sedan, a roomy, luxurious, six-passenger model. A new grille treatment, with integral parking lights, and the smart new elongated front fender, which sweeps back into and opens with the front door, are design highlights. Interior appointments are in the modern mode.

who *built* our town?

WE BUILT our town. We built its streets, its bridges, its water supply system, its offices, factories and its homes.

We built it according to our own needs and our own desires. We didn't model it after any other town.

We used our own local Construction Industry to do the building. Our own carpenters, plumbers, mechanics, electricians, architects, builders and bankers.

We're still building our town the way we want to—with our own builders, our own money.

Every family that lives in our town helps to build it. We're all builders. And whatever you build, you're bound to benefit your neighbors.

That's the way Construction has always worked. Individuals build freely for themselves, their business, for their families. And others benefit too.

The life-blood of Construction is the opportunity to build as we choose, when we choose, where we choose. That's the meaning of individual initiative—free enterprise.

That's the American way of building. And we're still building our town the American way.

Invest now—in your own home—in your own community.

Miss Maxine Easton Bride of Ray Krempel

Miss Maxine Easton, daughter of Mrs. Hazel Easton of Tecumseh, and Ray Krempel, son of Mr. and Mrs. A. R. Krempel of Manistee, were married Thursday afternoon Sept. 18, at the Methodist parsonage in Springfield, Ohio.

On their return a reception was held Saturday afternoon at the Methodist church parlors for 40 relatives and friends. Garden flowers were used for decorating and the refreshments featured a four-tiered wedding cake, the gift of the groom's brother-in-law A. L. VanWinkle. Misses Jean Collins, Vivian Abbott and Marjorie Van Winkle, Mrs. Elmer Bryan and Mrs. Charles Schoenholtz assisted in serving. Guests attended from Adrian, Tecumseh, Jackson, Manistee, Dexter and Akron, Ohio.

Mrs. Krempel is a graduate of Tecumseh high school and Cleary College of Ypsilanti and is employed in the office of the Conklin Truck Lines at Adrian. Mr. Krempple is a graduate of Manistee high school and for some time has been employed at Van's pastry shop. They will make their home in Tecumseh.

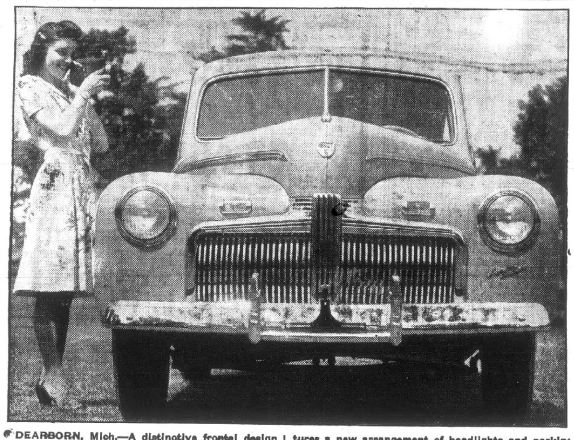
Here's a Preview of 1942 Ford



DEARBORN, Mich.—A distinctive frontal design sets the style for the new Ford passenger car line for 1942, introduced recently at a preview for the nation's automobile editors. The new Fords will be shown to the public soon in all Ford dealers' showrooms. A rustless steel radiator grille blends gracefully with an entirely new front contour which features a new arrangement of headlights and parking lamps. Offered in three lines—the Super DeLuxe, DeLuxe and Special, the 1942 Ford has a distinctive trim for each series of cars. Engineering improvements emphasize comfort and safety. The Super DeLuxe and DeLuxe lines are offered with either the famous V-8 or the new Ford "6" engines.

Hudson Tamed, Indians Seek Swanton Scalp

GRID TEAM TO SWANTON TOMORROW AFTER 33-0 WIN OVER HUDSON

With the Tribe's supporters' howls of victory still echoing in their minds, the result of a 33-0 win over Hudson last Friday, the Tecumseh high school Redskins will invade strange territory tomorrow when they travel to Swanton, O., to seek revenge for a 20 to 6 beating administered a year ago when the two football squads first met in conflict. If the hard hitting, inspired play of the Hudson game is indicative of the type of ball the Indians will take to Swanton, nothing should prevent them from bringing home their third scalp of the season. On the other hand, although Swanton last week suffered d 25 to 0 defeat at the hands of Napoleon, a larger school, it is unlikely that Coach Hart's boys will find them a push-over on their own gridiron.

It has been many moons since Tecumseh rooters have been thrilled by the high spirited, aggressive type of play which was shown by the Redskins last Friday evening against Hudson. The entire team played outstanding football. Proctor and Coffey attracted the attention of the limelight in running plays, while Green, Brown and H. Carpenter led a line that was aggressive in both defensive and offensive play. Wilson, as usual the heady field general, did an excellent job at direction. An indication of the nature of the game is the fact that Tecumseh was not forced to punt once throughout the game.

Although numerous injuries occurred in the Hudson line-up, Tecumseh came through without damage. Perhaps this is another indication of football coaches' admonition, "If you don't want to get hurt, hit harder than the other fellow does." The excellent playing equipment, purchased this year through the cooperation of the Board of Education, the Tecumseh Products Company and its president, Ray W. Herrick, also is doing much to keep the ball players intact in heavy defense battle.

Coach Hart's gridders completely whitewashed the already downtrodden Hudson team in the opening game on the beautiful new Recreation Center field. The Hudson team had been defeated by the same score only one week earlier by Vandercook Lake.

Tecumseh missed a goal in the first three minutes of play when, after driving down to the Hudson 8 yard line, the ball went over to Hudson on downs. The rest of the quarter was an exchange of possession with Tecumseh decidedly on the heavy side of the deal. The quarter ended with Tecumseh in possession of the ball on the Hudson one yard line. The first half ended 19-0 in favor of the Indians.

Late in the third quarter, after a terrific march down the field to the Hudson 2, Coffey bucked the line for the next Indian score. Mohr ran the conversion on a fake kick. The quarter ended 26-0 in favor of the Indians.

The fourth quarter started with Tecumseh in possession of the ball on the Hudson 48. In the middle of the period after another march down the field, Curtiss bucked the line for the last Indian score, and Mohr ran the conversion on the same fake kick play. The game ended with Tecumseh in possession of the ball, third down on the the Hudson one yard line.

The ball being too wet to pass Tecumseh had no chance to open up its well developed aerial attack.

The Tecumseh and Hudson coaches agreed at the half to cut the last two periods by five minutes each. If the game had been regulation length the score would likely have been much more lopsided. Hudson was at no time outside its own 34 yard line.

PAYS $25 FINE

Lawrence Welch, 19, Tecumseh, paid a fine of $25 and costs of $7.65 when he was arraigned in Justice Franklin Russell's court at Adrian Monday, charged with reckless driving. The arrest was made by sheriff's officers following an auto accident on Sand Lake Road north of M-50, two weeks ago in which several persons were injured.

Ford and Studebaker Models go on Display

Two more new 1942 model automobiles will go on display here this week, the Ford and Studebaker.

Butler Motor Sales, local Ford dealers, announced that the new 1942 model cars will be on display at their showrooms on Friday morning. The new models, more streamlined than the 1941, will embody many new features, C. O. Butler said, and will be offered in both six and eight cylinder types. Mr. Butler said he was not certain that the 1942 Mercury would arrive for Friday's showing.

At the Ives Auto Parts south of Billington's corners on M-52 the new Studebaker models for 1942 are being shown. The new line includes three models, also streamlined in appearance and with many added refinements.

County to Have Defense Project

AUTO MECHANIC TRAINING STATION TO BE ESTABLISHED IN ADRIAN

Lenawee county is to have a defense training project sponsored jointly by the National Youth Administration and the Lenawee county road commission. The project will be located at the county highway shop in Adrian.

Twelve youth between the ages of 17 and 24 will be employed in the Adrian shop where they will be permitted the use of the shop's facilities to fit themselves for defense employment.

The youth will engage in auto mechanics.

They will work 50 hours a month in the shop under NYA supervision and have 80 hours of related instruction in shop practice as provided by the State Board of Control for Vocational Education, thru local schools.

The plan has been officially approved and the work of putting the shop in operation will begin immediately.

Similar projects are underway in other parts of Michigan, They are designed, according to Orin M. Kaye, state NYA administrator to provide work experience for youth to enable them to accept jobs in defense industries.

Cooperating in the statewide program will be members of the county defense councils appointed recently by Gov. Murray Dr. Van Wagoner. Members of the Lenawee county council include Dr. C. M. Hoffmire, Adrian chairman; Eugene F. Olsen, Adrian, vice chairmember; and Edward C. Hillman, retary; Dr. L. J. Stafford, Adrian, man; Fred C. Culver, Hudson, secTecumseh member.

Hanna Is Not Guilty On Embezzlement Count

Charged with embezzling funds of the Allison's Men's Store in Tecumseh during the time that he was manager, Charles William Hanna, 26, was found not guilty by Circuit Judge G. Arthur Rathbun on Tuesday afternoon, after testimony by several witnesses. The case was heard by the judge without a jury.

Complaint in the case was made by Hollet C. Allison of Ypsilanti, owner of the store, who said that an inventory last January disclosed a shortage of some $1,700. Hanna was charged with embezzling the money between April 13, 1940, and the time of the January inventory.

Hanna, on the witness stand, testified that he "never took a cent or a thing out of the store." He said that he could reason out small shortages, but not one like $1,700.

Other witnesses included Seymour Barritt, present store manager, Fred Dickinson, Glenn Driscoll, L. Edna Stauber, Floyd Russell, Louis Vageakos, B. W. Hoffman, Chester Beach and Pat Cooke Lillard E. Brown, Perry Satterthwaite, Wade L. Jones, M. W. Wilson and E. C. Hellman.

RALLY DAY HELD FOR BAPTIST WOMEN

A rally day for Baptist women was held Tuesday at the Baptist church here with 82 women attending from Adrian, Monroe, Fairfield, Clinton, Detroit, Rome, Mrs. Ralph Palmer and Mrs. I. A. O. E. Lienau, Mrs. Fred Scott, included five state officers, Mrs. Rollin and Tecumseh. The group Reno of Detroit and Mrs. Glenn Royce of Lansing.

Rev. M. Slocum, a returned missionary from Central Africa was the speaker.

TAKEN TO DETROIT

Curtiss Schillberg, 22, Tecumseh, was taken to Detroit this week to face a charge of automobile theft, according to state police, who caused the arrest. The car was stolen from ouside the state, making it a federal offense, and the youth was turned over to a United States marshal.

FRIENDS OF ISRAEL

The Friends of Israel will meet this afternoon with Mrs. Edward Escolme at the Friends parsonage on South Van Buren street.

Clinton Here For Dedication

RECREATION CENTER GRIDIRON TO BE SCENE OF CEREMONY OCTOBER 10

The daylight gridiron at Tecumseh's new $25,000 Recreation Center will be officially dedicated at ceremonies previous to the Clinton-Tecumseh high school football game at 8 p. m. Friday night, October 10, it was announced today. A prominent Detroit speaker will deliver the principal address.

"The details of the program have not been quite completed," a member of the comittee said today, "but we do know the the high lights. The new 60-foot flag pole, the gift of Mrs. Gertrude Schneider, as a memorial to her husband, the late Karl M. Schneider, will be dedicated with fitting ceremony, in which the American Legion will participate.

"Earlier in the evening there be a snake dance, starting at the high school, and bands from both Clinton and Tecumseh will participate. At the field, between the halves, there will be band marching and a concert."

The field was used for the first time for the Hudson-Tecumseh game last Friday evening, and attracted a crowd estimated at near 1,500. Total gate receipts were $415.60, the largest by far, ever known here for a football game. The new million candle-power flood lights illuminated the gridiron as bright as daylight, and the field was in excellent playing condition.

The new field lights were not completely installed until a few hours before the Hudson game, due to inclement weather the day previous. Extra electricians were called to assist the regular workmen and C. M. Brown, general Center chairman, expressed gratitude to Dick Beasley, Bill Packard and Jay Campbell for special favors.

Driver Is Blameless In Death of Youth, 19

Harold Allison, 19-year-old Raisin township youth, alone was responsible for the accident which caused his death, a coroner's jury inquiring into the mishap, ruled Friday.

Allison was fatally injured Sunday morning on M-52 near the Ives filling station when the bicycle he was riding was struck by a car driven by Clarence Kilpatrick, 41, of Dearborn. At the inquest the driver testified that he did everything in his power to avoid hitting the youth, but declared that the crash was unavoidable.

Coroner Paul Monty's jury returned a verdict that "death was caused by the negligence of Harold Allison," placing the entire blame on the youth, himself.

The jury was made up of Harry Rodgers, J. J. Cooney, George H. Tripp, Charles Mudge, R. L. Barney and Kenneth Brown.

PLEADS GUILTY TO CHARGE OF ASSAULT

Harold Davis, 28, Tipton, pleaded guilty when he was arraigned in Circuit Judge G. Arthur Rathbun's court on Monday to a charge of assaulting with a dangerous weapon. Sentence will be passed later.

Davis was arrested on complaint of Alva Howard, of Bent Oak avenue, Adrian, who charged that Davis threatened him with a revolver after continually bumping into the rear of his car while driving along the highway. Howard said that he took the gun from Davis, who escaped and was later arrested by officers. Theh alleged assault was made last Friday afternoon.

CLINTON WOMAN DIES

Miss Ella F. Bostedor, aged 78 years, died early Tuesday at her home in Clinton after a long illness. She had made her home in Clinton for over 30 years and was a member of the Congregational church.

Survivors are two nieces, Mrs. Laura B. Herman of Clinton and Miss Edna Bostedor of Detroit, and one nephew Frank Bostedor of Grand Rapids.

The funeral services will be held this (Thursday) afternoon at 1:30 in the home, Rev. W. H. Shoesburry will officiate and burial will be in Riverside cemetery in Clinton.

Village Fire Truck Delayed by Priorities

Tecumseh's new pumper-type fire truck, ordered some 60 days ago from a Detroit firm, has been delayed in manufacture, due to the government priority orders, according to information received by village officials.

The equipment is to be mounted on a Mercury chassis, and this was delivered by the Ford Motor company three days after the order was placed. The delay, it was said is due to the company's inability to secure materials going into the building of the body, and equipment. The government's priority required the company to build seven government trucks previous to Tecumseh's.

The company's original contract with the village called for 60-day delivery, but when the truck will arrive, it was said, depends entirely upon when the builders will be able to secure government release.

Funeral Friday For Mrs. Reed

Widow of late Dr. W. D. Reed Dies at Her Home in Dearborn

Mrs. Nelle Reed, widow of the late Dr. W. D. Reed, died Tuesday night in Dearborn after a long illness.

Mrs. Reed, who was 67 years of age, was formerly Nelle Martin, daughter of Mr. and Mrs. Merritt Martin, of Clinton, where she spent her early life until her marriage to Dr. Reed. After their marriage they made their home in Tecumseh for many years. Dr. Reed's death occurred in June, 1923 and a few years ago Mrs. Reed and daughter moved to Dearborn where the latter teaches in the public schools. They spent their summers in Tecumseh and Mrs. Reed was cared for at the Wilson nursing home.

Besides the daughter Eleanor, Mrs. Reed leaves a son David, of Ann Arbor, her father, Merritt Martin, and a sister, Mrs. Clyde Knight, of Clinton.

The body was brought to the Belding Funeral Home where funeral services will be held Friday morning at 10 o'clock. The Rev E. T. Hildebrand will officiate and burial will be in Clinton cemetery.

Monkey Roams Birdsall Farms Feeding on Corn, Climbing Trees

Your attention Mr. P. T. Barnum, Frank Buck, et al.

A monkey is on the loose in the vicinity of Tecumseh—Birdsall, to be exact, and Sheriff Roscoe Scott is desperately in need of the services of a hunter who will "bring 'em back' dead or alive.

The monkey was discovered in a corn field along M-52 just north of Birdsall Tuesday morning by Kenneth Ives, who owns the farm, and Peter Dermeyer, of Tecumseh. The animal was eating corn silk and apparently enjoying himself only a few yards from the concrete highway.

Mr. Dermeyer, anxious to capture the animal, visited the nearby Russell fruit stand and attempted to coax the monk to the highway with fruit and apples. Apparently not hungry the monkey skipped across the road and climbed a tall tree on Gene Thompson's farm. Dermeyer left to call the sheriff's department while Ives watched the monkey disappeared in a ditch along the highway.

Dermeyer and Ives described the monkey as about three feet in height, leading some to believe it might be a baboon. The animal escaped about a week ago from its cage at the Irish Hill's Towers.

In any event, Sheriff Scott is firmly convinced that there is "monkey business" afoot in his county, and he has assigned his deputy, John Lowe, to make a thorough investigation.

Michigan Newspapers Sponsor Defense Information Program

LANSING, October 2.—Another "first" for Michigan:

Michigan newspapers, 345 of them strong, published daily and weekly, have sponsored the first all-media state committee for effective dissemination of national defense information. The Office of Civilian Defense at Washington has declared that the Michigan press program to be a model for general adoption by state councils of defense.

This announcement came today from the Michigan Press Association, newspaper trade organization since 1875, which made public statements of congratulation received from the White House, Secretary of Navy Knox, Secretary of War Henry Stimson, William S. Knudson, Senator Arthur H. Vandenburg and many others, including Michigan congressmen.

In July the newspapers took the initiative in sponsoring a non-partisan advisory group for the newly formed Michigan Council of Defense. All media are represented on an equal basis—motion picture theatres, radio, outdoor advertising, graphic arts, and periodicals. In addition are several advisory agencies representing industry and labor, governmental public relations and advertising.

President's Secretary

Stephen Early, secretary to President Franklin D. Roosevelt, wrote:

"I congratulate the Michigan Press Association on its patriotic determination to put the whole weight of its influence behind the campaign for national defense. Foremost among our cherished freedoms is freedom of the press. Without that guarantee our other freedoms would languish and disappear.

"The example of the Michigan Press Association is one which I hope will be widely emulated."

Secretary of War Henry L. Stimson, in commending Michigan newspapers, said:

"The coordinated efforts of your member publications will do much to assure a full public understanding of the defense program. The importance of Michigan as an industrial center makes your project of special interest at the present time."

"Patriotic Public Service"

Lieut. Colonel E. Ernest Dupuy, chief of the planning of liaison banch of the war department, declared that the Michigan newspaper move was "a patriotic public service of high order."

"You may be interested to know that while there have been no other similar groups which have

A regular meeting of Tecumseh Chapter, Order of the Eastern Star, will be held this evening, October second.

Luxury Taxes Now In Effect

WILL EXTRACT THOUSANDS OF DOLLARS FROM TECUMSEH BUYERS

Tecumseh, yesterday morning, began sharing the payment of the nation's greatest peace-time tax bill, $3,553,000,000, which will be collcted on some 30 taxable items, including motor cars, refrigerators, cosmetics, telephone toll calls and more than a score of others.

The tax on motor cars, it was said, will amount to seven per cent of the manufacturer's selling price, exactly double the rate paid previously. This tax will be in addition to the Michigan three per cent sales tax.

Electric and gas stoves, refrigerators, water heaters, etc., will bear a tax approximately 10 per cent, it was said, and there is a five per cent tax on electric light bulbs.

Telephone toll bills (not rental) will be taxed six per cent under 25 cents and over that amount and to 55 cents a tax will be five cents. Over 55 cents the tax will be 10 cents. Telephone officials said that the tax would not be shown on bills this month, but would appear on billings made November 1.

Phonographs and phonograph records bear 10 per cent tax, as does luggage, sporting goods, furs, jewelry and cosemtics. The tax on whiskey amounts to about $4 a gallon (in a highball), and the tax on playing cards is 13 cents a pack.

The exemption of churches and educational institutions in the entertainment field has been removed, and the new tax on admissions to all amusements and entertainments is one cent on up to 10 cents, two cents to 20 cents, three cents to 30 cents, four cents to 40 cents, and from 41 to 50 cents, 5 cents. Over 50 cents the tax is 15 per cent. Club dues are taxable 10 per cent.

In the amusement and entertainment field, it was explained, there are no exemptions, benefit entertainments sponsored by schools, churches and other organizations being taxed equally.

Local merchants were somewhat confused with the new regulations yesterday, declaring that they had received no official notice of the tax, except what they read in the newspapers. However the tax collection was enforced, in keeping with the law.

ARMY BOYS LAUGH AT BIG RAIN STORM

A card from Sgt. Franklin Shee, is stationed at Camp Livingston, La., says: "Just want to say hello to my friends back home. The big maneuvers are finally over. Nobody seems to know who won. All they know is that it is over. We were out there 51 days. All of the local boys came through with flying colors except for Jigger and other insect bites. You undoubtedly heard about the big rainstorm we had when the kitchens went out and the boys work up in their tents in 10 to 12 inches of water. A few wet clothes and blankets —but we stood it."

SOLDIERS FOR AMERICA

With the first crisp days of fall begins the daily exodus of the children of America. Racing along quiet streets, scuffling through the fallen leaves, chattering together like a group of magpies, they go back to school, with God be thanked, books under their arms, not gas masks. Gongs are no them the signal for recess or the end of the school day—not air raid warnings.

One of the great advantages in the American school system is the habits it inculcates in the children—the teaching of children from all sorts of homes that when they enter the class room, they are on the basis of equality with every other child in the room—Protestant, Catholic or Jew, Negro, White or Mongolian—that there the only superiority is superiority of brains, concentration, of willingness to work.

There they have to learn how to get along with other children, which is the best training for getting along with people when they go out into the world. As in life, if they cannot keep up—no matter what the reason—they drop back into another class. Rain or shine they are expected to be at school in their appointed places at their appointed time. They learn that there are certain things that one cannot get out of—and they learn that alibis do not count.

But one thing that should be done in all the classes in all the schools in this country is to try to make the children realize what a privilege this freely going to school is. What a great advantage they have in a free education in a classroom where opportunity to learn is based on ability and on willingness to study, not on race or creed. We have neglected to stress the importance of school days in our haste to make gala days of the holidays. School has too often been something to be hurried through. We have neglected to teach the children to appreciate school itself.

The children of today must be taught that democracy, equality, freedom are not empty words, to be sung or recited about and then forgotten—but that they are clarion calls to tasks which are theirs as surely as they were the tasks of the pioneers, or of the boys in our armed services. The right to freedom must bearned by each generation. The young men of the country are in camp to fit themselves for the refense of their country if war comes. Their brothers and sisters are in school to fit themselves for life under these freedoms. All are soldiers together in an army for America.

BLIND DRUNK

For a long time the man had been walking with one foot in the gutter, and the other on the pavement. He wore a rather puzzled look as his limp continued and did not seem to be enjoying his stroll.

About a half mile down the road he met the majesty of the law. One whiff and the policeman said, "You're drunk, better go home."

The man breathed a sigh of relief and said, "Oh! is that it? I thought I had gone lame."

Blessed are the kicked around. Their feelings are not hurt every time somebody is impolite to them.

Michigan Newspapers

perfected the formal organization of your association, quite a number of state press associations have been directing combined efforts towards the same end." All this is in the finest tradition of the American press, and is of particular value in this emergency."

Likewise, Senator Arthur R. Vandenburg sent commendations for the "splendid arrangements that have been made by Michigan journalism to coordinate its labors in behalf of effective national defense. This is a real public service, and I congratulate all of you upon this fine enterprise."

Secretary Knox Lauds

Secretary of Navy Frank Knox who served as president of the state newspaper association in 1904 while publisher of the Sault Ste. Marie Evening News, wrote:

"I get the same satisfaction out of hearing about the fine cooperation of the Michigan press in our defense program that anyone gets out of hearing about a good job done by the people back home with whom he has lived and worked. I know from first-hand experience of the fine tradition which Michigan newspapers are carrying on today. And I know, too, that at no time has there been greater need for such cooperative action on the part of the press than there is today."

Another excerpt: "Democracy depends upon the wide dissemination of information about our national problems and free discussion of the best way to meet and master them."

Knudson on Reporting

William S. Knudson, director general of the Office of Emergency Management, put emphasis on "sound, thorough and objective reporting" in congratulating Michigan newspapers for their non-partisan stand. He wrote:

"The public depends in large measure upon the press for its understanding of the defense effort. Sound, thorough and objective reporting is of increasing importance in these days of national and international emergency.

"If the people know the facts, they will, as always in a democratic country, arise promptly to the defense of their liberties.

"I hope that the (newspapers) concerted non-partisan effort to perform a vital public service of keeping American citizens ever better informed of defense activities will serve as an example to its colleague elsewhere."

Michigan Congressmen

Typical of statements received from Michigan representatives to Congress is this comment by Albert J. Engel, Muskegon, congressman from the Michigan ninth district: "The press is on firm ground when it offers to cooperate in the defense program but reserves its constitutional right to print the news compatible with military necessities and to offer constructive criticism of the government's foreign policy and program."

Jesse P. Wolcott, Port Huron congressman, urged Michigan editors to "separate factual matter from the pure propaganda", while Clare E. Hoffman, Allegan congressman, admonished the press to "go 'all out' for national defense and not for intervention."

The newspaper division of the state defense committee, headed by W. S. Gilmore of the Detroit News and Schuyler Marshall of the Clinton County Republican-News at St. Johns, will meet in Lansing Friday night (Oct. 3) to confer with Governor Van Wagoner and officials of the state defense council.

MIGHT RAIN

An inmate of an asylum saw his chance to escape by climbing over the wall on a carelessly left ladder. Jumping from the wall he landed on his feet and promptly went to the front gate. When they opened it up in response to the bell he punched, he said,

"Darn the luck, I forgot my hat."

Financial Independence

THE desire to possess a dependable income, adequate to provide for one's needs and to meet one's human obligations, is indeed legitimate. The difficulties encountered in trying to accumulate and to safeguard material possessions have taught many that security is not to be found in matter, and that the practical way to financial independence is the spiritual way. . . .

In "Miscellaneous Writings" Mary Baker Eddy, the Discoverer and Founder of Christian Science, writes (p. 307), "God gives you His spiritual ideas, and in turn, they give you daily supplies."

"But," one may say, "food and clothing and houses are material, and yet essential to one's comfort and existence. How can spiritual ideas furnish these supplies?" In answer, let us ask another question. Have we not known of cases in which integrity, dependability, gentleness, love, faith, and other similar qualities have brought very tangible returns in the form of position, improved business, or direct monetary income? Such qualities are always in demand, and their exercise often brings unexpected rewards. They indicate the presence of God, divine Love, infinite Mind, the source of true health, strength, wisdom, opportunity. In contrast, a complaining disposition, self-pity, fear, envy, resentment, and worry bring no income of good, but have, rather, a minus value. They must be discarded for Godlike qualities if we are to see God, good, expressed in our daily experience.

As we strive to understand God and to recognize man as made in His image and likeness, manifesting Him, we become conscious of a valuable fund of right thoughts with which to correct every erroneous condition. It is no mere theory which proclaims that one who is expressing divine qualities cannot remain in physical need, for it is a demonstrable fact that the mental state determines the outward circumstances. When one's mental home is clean and pure, filled with Christlike thoughts, one cannot remain in squalid physical surroundings; or, when one's consciousness is overflowing with loving, uncritical thoughts for all who cross his path, he cannot long experience lack; and when one is working diligently at his real business of reflecting God, who is Love, he need have no fear of lack of business opportunities.

To reach a state wherein we felt that we no longer needed to trust God for our daily supplies would be poverty indeed; while the greatest wealth we can gain is the establishment of a fund of absolute faith in our heavenly Father's power and willingness to provide adequately for all His children. Recognizing Him as the only creator, as divine Principle, supporting the universe He has created, we learn to drop the worry and heavy weight of personal responsibility that often lead to sickness and human inefficiency; and we gain a sense of permanent peace and security. We should ask for nothing which might retard our efforts to gain a better understanding of God or lessen our reliance upon Him. The wise writer of the Proverbs said (Proverbs 30:8), "Give me neither poverty nor riches."

Christ Jesus proved on many occasions that temporary needs are supplied through spiritual power. The two instances recorded in the Gospels of the feeding of the multitudes offer valuable lessons for all humanity. The Master having given thanks for what was at hand, dispensed it in a wise and orderly manner; and after demonstrating that more than enough was available, he allowed not even the surplus to be wasted.

Christian Science does not advocate an irresponsible attitude toward our financial obligations; rather does it demand economy, wisdom, and strict adherence to the Biblical command (Romans 13:8), **"Owe no man any thing, but to love one another."** Instead of encouraging idleness, it enables one to accomplish more because of his reliance upon God. . . .

There are needs in the experience of all mankind that no amount of money can supply, and those who are leaning upon God know that these needs, too, are met by divine Love. That which satisfies the deep yearnings of the heart is the understanding of man's inseparability from God, good, a divinely bestowed inheritance not subject to loss or affected by a fluctuating market.

Good is inexhaustible. As God's provision for man's needs is unfolded to us, we gain dominion over the belief that material possessions can either produce or rob us of happiness. We become financially independent when we see that we cannot be governed by the love of money or fear of its lack.

That anything of value can be taken from us is a suggestion of error. If the loss of earthly things has given us a better understanding of God, it is gain, not loss. So let us not grieve over the yesterdays, nor fear the tomorrows, for in divine Mind there is only the eternal now, rich in manifestations of Life, Truth, and Love.—*The Christian Science Monitor.*

THERE'S no hocus pocus about building anything —from a new porch to a new city. It's out in the open where we can see all of the work. What it takes in men and materials can be seen for the looking.

It's easy to see what our local Construction Industry has done for this town! Look around you! And think back a little ways. It's hard to believe this is the same town.

If you look behind the scenes you'll see more happiness, more health and a better future for all of us. That's what our local Construction Industry has done for this town! That's the biggest job it's done.

It's mighty important to realize *how* local Construction has done its big job. The job has been done by individual effort—by *free enterprise*.

That's an open air system, too. Where everybody works on an equal basis. Where nothing is hidden by red tape.

MRS. RECTOR HOSTESS TO MISSIONARY CIRCLE

The Presbyterian Missionary Circle met Friday afternoon at the home of Mrs. J. T. Rector. Mrs. D. W. Beck presided; Mrs. Rector led the devotionals and Mrs. C. A. Slayton was in charge of the program on "Rapid Changes."

Hymns were sung and articles were read by Mrs. Mae Keyser and Miss Rebecca Preston. Mrs. S. W. Boyce read "The World Wide communion" by Daniel Poling.

The October meeting will be held at the home of Mrs. Boyce, East Shawnee street.

ENTERTAIN AT LUNCHEON

Mrs. Arthur Barnes, of Bristol, Con., and daughter, Mrs. Martin Alvord, of Manchester, Conn., who are spending the week in this vicinity, entertained a group of relatives and friends at luncheon Wednesday at the home of Mrs. Margaret Kidgen on West Shawnee street.

The guests included Miss Mabel Phelps and Mr. and Mrs. W. T. Phelps, of Marshall, their daughter, Mrs. Charles Gauss, of Dearborn, Mrs. Ella Pennington and Mrs. Revilo Sage, of Macon; Mrs. Metta Bailey, of Royal Oak; Mr. and Mrs. P. M. Hayden.

The occasion was the birthday of Mrs. W. T. Phelps. Mrs. Barnes and Mrs. Alvord will leave for their homes Friday.

ANNIVERSARY LUNCHEON

The Woman's Society of Christian Service will be entertained at an anniversary luncheon (not pot luck) in the Methodist church parlors today at one o'clock by Mrs. C. C. Ruppel, Mrs. E. D. Brown, Mrs. Jennie Temple, Mrs. William Barnes, and Mrs. P. H. O'Brien. Following the luncheon a business meeting will be conducted by the President, Mrs. Wilfred Waldron; and Mrs. Clarence Beach will present an appropriate program. All members are cordially invited.

GOOD CHEER CLASS

The Good Cheer class of the Baptist church will meet Friday evening at the home of Mrs. Floyd Bryan. Refreshments will consist of rookies and jello.

ANOTHER "SING" PLANNED

About 50 persons attended the "Community Sing" at the high school auditorium last Wednesday evening and it was such a success that instead of holding one each month, as was originally planned, it was decided to hold the next one in two weeks, on Wednesday evening, October 8, from 7:15 to 8:15. It is hoped to double the attendance.

WELCOME CLASS

The Welcome class of the Presbyterian Sunday school will meet Tuesday, October 7, with Mrs. F. E. Davis at their home on South N. Griffeth and daughter Mrs. E. Pearl street. A cooperative dinner will be held at noon and a business meeting with election of officers will follow.

PALMER-GRAY AUXILIARY

The October meeting of Palmer Gray Auxiliary will be held at the home of Mrs. R. R. Van Winkle and Mrs. Naomi Sallows.

LYSTER LEAGUE

The Lyster League members enjoyed a steak roast at Macon last Wednesday evening. The group is sponsoring a rummage sale this week at the Station House back of the parish house at St. Peter's church.

The next meeting will be held at the home of Mrs. Clara Des Ermia.

BAKE SALE

Tecumseh Hospital Auxiliary will hold a Bake Sale at Wright's Drug Store, Saturday, Oct. 4, beginning at 10 o'clock.—Adv.

FIRST IMPRESSION

Teacher—What was the first thing that struck you when you entered our school?

Visitor—A spit-ball, I think.

School Notes

NURSERY SCHOOL

Marjorie Boyce

New additions to our group this fall are Michael Rodda, Carol May John and David Elliott and Chas. Cederquist.

We were happy to have Keith Parker with us for several days before entering kindergarten in Clinton.

Sally Brown was a recent guest while her parents were out of the city.

Robert and Gary Marsh spent last Thursday night at school.

Nicky Touborg, Marcia and Linda McGehee, Judy Sisson, Jane Ellen Smith, Sally Jo Rentschler, Chuckie Des Ermia, Gary Marsh, Nicky and Christopher Nilsen and Tommy Baldwin have been all day visitors at different times.

Alyce Lee Cheetham visits us every day, coming on the Ford bus when kindergarten is over.

Other morning or afternoon visitors have been Sylvia Ann Helzerman, Dickie Tingley, Gary Bruce Underwood, Tommy and Johnny Nazer.

Last Thursday was a busy day at school. Seven boys and three girls were here during the day.

Alyce Lee Cheetham and Gary Marsh were over for visitors last Friday.

NICKLEWDADY

Miss Rachel Clay and Keith Nickloy, both of Manitou Beach, were married recently by Rev. F. D. Hague at the parsonage. They were attended by Miss Freda Mattis, of Clayton, and Richard Anderson, of Sand Creek. They will make their home in Adrian.

JUNIOR RED CROSS

Plans are being made for a Junior Red Cross in Lenawee county and an organization meeting is to be held tonight at 7:30 at the Adrian senior high school. All young people of school age are included in the junior group. A field representative is to be present and talk on junior work.

ONE FOR MOTHER

Effie—Why hasn't Daddy much hair?

Mother—Because he thinks a lot, darling.

Effie (pause)—But why have you got so much, Mummie—?

Mother—Get on with your breakfast.

Yes, We Have Fresh Strawberries--

If you are looking for a tempting dessert for dinner, we might suggest strawberry shortcake, topped with whipped cream.

We have plenty of fresh strawberries in our frosted foods locker — berries that are just as fresh —as sweet and as red as the day they came from the vine.

Try them, serve them tonight. Your family will enjoy them.

Strawberries are only one of the many frozen fruits and vegetables in our food locker.
